Check if you are requesting an exemption from a  
College of Health and Human Sciences Clinical Requirement

Students requesting a religious exemption from the State of Illinois College Immunization admission requirement and/or a clinical immunization requirement within the College of Health and Human Sciences, must submit a statement in your own words regarding the grounds for religious exemption. \*

- Objection must set forth the specific religious belief that conflicts with the immunization.
- The religious objection may be personal and need not be directed by the tenets of an established religious organization.
- General philosophical or moral reluctance to allow immunizations will not provide enough basis for an exception to the requirements.
