Education and Assessment Services:

**Child & Family Connections (Sycamore, IL)**
Child & Family Connections will help families with children between birth and age three to obtain evaluations and assessments. They will help determine eligibility for early intervention services. If eligible, an Individualized Family Services Plan (IFSP) will be developed to help a child learn, grow and receive needed services. See flyer/copy of brochure for more information and other locations.

**DeKalb Pre-K Program**
The Pre-kindergarten Program is a part-time program for preschool children ages three to five who would benefit from developmentally appropriate learning experiences before they reach Kindergarten age. The program also provides services to area day care and nursery centers. Pre-kindergarten has a well established Parent/Child Resource Center with materials and information for parents of preschool children. Preschool screening is available through this program by contacting them for an appointment.

**All Kids**
The All Kids program offers Illinois’ uninsured children comprehensive health care that includes doctor’s visits, hospital stays, prescription drugs, vision care, dental care and medical devices like eyeglasses and asthma inhalers. Parents pay monthly premiums for the coverage, but rates for middle-income families are significantly lower than they are on the private market. For instance, a family of four that earns between $45,000 and $67,000 a year pays a $40 monthly premium per child, and a $10 co-pay per physician visit.

Family Therapy Clinic of NIU
Offers unique therapy services for families, couples, and individuals in Northern Illinois. The primary therapists are graduate student therapists in their second year of study and training in the specialization of Marriage and Family Therapy (SMFT) in the School of Family, Consumer, and Nutrition Sciences. The graduate student therapists receive ongoing supervision from the clinical faculty in the SMFT program. The cost of Family Center services is determined by a sliding fee scale. No client is turned away due to the inability to pay.

Website:  http://www.chhs.niu.edu/familytherapyclinic/about/index.shtml

NIU Psychological Services Center
The Center provides mental health services to citizens of northern Illinois. Clients range in age from young children to older adults. A sliding fee scale allows us to provide services regardless of ability to pay. Individuals seeking our services are typically experiencing such problems as anxiety, depression, low self-esteem, low achievement at school or work, interpersonal or family conflict, eating disorders, and physical pain. Children and adolescents may also be having behavior problems at home or school, learning problems, excessive fears, bedwetting, developmental delays, or difficulties coping with changes in their families.
