

College of Liberal Arts and Sciences

Northern Illinois University

2010 Distinguished Faculty and Staff Awards Nomination Form

You are invited to nominate outstanding CLAS faculty and staff. These awards will honor faculty and staff who have made a strong, positive impact on the College, having done so by making outstanding contributions to the past development, present stature, and future potential of the College. The “impact” may be in any area or combination of areas that contribute to the mission of the College—in teaching, research, service, administration, program development, etc.

All CLAS faculty (at ranks of instructor through professor) and all CLAS supportive professional staff and Civil Service/operating staff throughout the history of the College, those who currently serve the College, those who have retired from the College, those who served the College but are now deceased, and those who served the College but have left for positions elsewhere, are eligible for nomination.

Nominations must include (1) a completed nomination form, (2) a nomination letter (no more than 250 words), and (3) supplemental support materials (no more than five pages – including, for example, additional letters of support, evidence of professional awards and/or recognitions, a summary of the nominee’s professional resume, etc.). These materials should speak to the accomplishments of the nominee, particularly the ways in which the nominee made a difference for students, a department, the College, and/or Northern Illinois University.

The nomination form may be found at www.niu.edu/clas. Electronic submissions are preferred.

I/we nominate the following individual for a CLAS Distinguished Faculty and Staff Award:

Nominee’s Name: _____

Postal Address (as applicable) _____

E-Mail: _____ Telephone Number(s): _____

Nominated by: _____

Postal Address _____
