**Review Segments**

*Reading Comprehension*
This section of the test measures your ability to understand what you read. The LSAT Review instructor will guide you with certain techniques to enhance your knowledge and insight.

*Logical Reasoning*
This review of logical reasoning will help you identify conclusions, discover hidden assumptions, and critically evaluate the strengths or weaknesses of an argument.

*Analytical Reasoning*
If you don’t have a strategy, this section of the test will be difficult—if not impossible. In this part of the review, you will learn strategies for diagramming and coding conditions to solve problems and draw correct conclusions.

*Writing Sample*
You will be given a system for generating ideas on a surprise topic, so you can skillfully express and support the position you take.
