Northern Illinois University PACT

The Northern PACT encompasses six principles that outline the expectations we have for members of our community. With each individual making a commitment to uphold these principles, we will have the collective benefit of a culture of care and a sense of connectedness. As a student in the NIU community, each individual is expected to support and contribute to a community that that honors the Northern PACT principles.

**Purposeful**: Where academic goals are shared, and faculty and students work together to strengthen teaching and learning across campus.

**Just**: Where all people are valued and supported while they learn from the diversity of our community.

**Caring**: Where the well-being of all is supported, and service to others is encouraged.

**Open**: Where freedom of expression is welcomed, and others are respected.

**Disciplined**: Where group members accept their responsibility, and expectations guide behavior for the common good.

**Celebrative**: Where traditions are honored, and both past and new rituals are embraced.

As members of the NIU staff, we hold a shared commitment to responsibility and accountability and pledge to our students that we will act in ways that honor the Northern PACT principles.

**Purposeful** – Where responsibility and accountability foster community, support ethical leadership and create a safe and secure teaching and learning environment across the campus.

**Just** – Where responsibility and accountability are free from bias, respectful of the individual, and embraces the spirit of fairness and equity.

**Caring** – Where policies and accountability are used to promote social-consciousness, civility, and respect for the well-being of all.

**Open** – Where responsibility and accountability are proactive and empowering to the community while protecting the dignity of its members.
**Disciplined** – Where policies and accountability set expectations that guide behavior for the common good while promoting safety, security, responsibility, ownership, and accountability.

**Celebrative** – Where responsibility and accountability honor inclusion, diversity, and accessibility.

These principles were created in alliance with the educational mission of Northern Illinois University, and reflect the values and vision of individual departments and partners that play a fundamental role in the creation and upholding of University policies.
Article I: Rights of Students and Recognized Student Organizations

Every student and recognized student organization is entitled to certain procedural rights and guarantees in the student conduct process. The procedural rights outlined below are not exhaustive, but serve as guidelines to ensure that all students and recognized student organizations are treated fairly.

A. An accused student or recognized student organization is entitled to be notified of an alleged Student Code of Conduct violation as soon as reasonably possible. An incident report for each alleged violation shall be completed in a timely manner.

B. In accordance with the Family Educational Rights and Privacy Act of 1974, as amended, a Student may inspect and review his/her student conduct file upon request to Student Conduct.

C. An advisor may accompany the accused student, recognized student organization, complainant, and victim/survivor of an incident at any time during the student conduct process. Any person may serve as an advisor. The advisor need not be affiliated with the Northern Illinois University community. If an accused student, recognized student organization, complainant, or victim/survivor elects to have an advisor, it is highly recommended that the party choose an advisor trained by Student Conduct. Student Conduct shall maintain a list of advisors who received training in the Northern Illinois University student conduct system. Advisors are not required to attend or participate in hearings. The purpose of an advisor is to assist a student in preparing for the student conduct process. During a hearing, advisors will only be allowed to confer with their advisees (accused student, recognized student organization, complainant, or victim/survivor). The advisor may not directly participate in the student conduct process on behalf of any party or as a spokesperson or advocate.

D. The accused student and the recognized student organization have the right to meet with a student conduct administrator about their incident and be informed of the entire student conduct process.

E. A student conduct administrator will not coerce the accused student or recognized student organization into accepting either responsibility for an alleged violation of University policy or a recommended sanction.

F. The accused student or recognized student organization has the right to be informed of the identity of known witnesses to the incident and to examine all documents, statements, or other evidence that will be presented at the hearing, if this information is known to the student conduct administrator. The university may act as complainant for incidents including, but not limited to those in which a complainant or victim wishes to remain anonymous for fear of retaliation.

G. The accused student, recognized student organization, complainant, and victim/survivor are entitled to a fair and impartial hearing. The accused student or recognized student
organization is presumed “not responsible” until proven “responsible.” The burden of proof rests with the complainant, and the standard of proof is preponderance of the evidence. This means that, based on all of the evidence and testimony presented in the case, it is determined that, more likely than not (50.1% of the information presented), the accused student or recognized student organization committed the alleged violation of the Student Code of Conduct.

H. The Student Conduct Administrator shall give written notice of a hearing to the accused student, recognized student organization, complainant, or victim/survivor. The notice shall include the date, time, and location of the hearing before the administrative hearing officer or conduct board, and it shall be given at least three (3) business days prior to the hearing. If, after such notification, the accused student, recognized student organization, or complainant does not appear at the hearing, the case may be heard and a decision rendered despite the absence (Victims/survivors are not required to attend any hearings). Students are responsible for notifying the Office of Registration and Records of any address change. Notices mailed to the local address provided by the student and listed in MyNIU will constitute valid notification to the accused student. Additionally, any e-mail notification with correspondence will be considered delivered when the University has proof that the electronic correspondence has been delivered to the accused student's NIU e-mail account.

I. Hearings before any administrative hearing officer or conduct board shall be closed. The accused student, recognized student organization, complainant, and victim/survivor may each have one (1) person serve as an observer of the hearing, in addition to their adviser and any witnesses. The observer will not be permitted to participate in any way in the hearing.

J. The accused student, recognized student organization, complainant, and victim/survivor shall each have the right to request that any particular conduct board member(s) not be allowed to serve on the conduct board if there is reasonable cause to believe that the conduct board member(s) may be biased either for or against a particular party involved in the incident. The student conduct facilitator, or conduct board advisor shall make the final determination regarding which board members shall be qualified to hear the case.

K. In any administrative hearing or conduct board hearing, the accused student, recognized student organization, complainant, or victim/survivor shall have the right to present his/her respective position by introducing information and a witness(es), making statements, and asking questions. No one shall be required to provide information that may be self-incriminating.

L. The student conduct board facilitator shall notify the accused student and the victim/survivor (in student conduct incidents of sexual misconduct), of the decision of the hearing, in writing, within two (2) business days after the deliberation. This notification shall be sent in a way to certify receipt of the notification. For any incident involving violent crime or non-forcible sexual offense, as described in the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1990, 20 U.S.C.
§1092(f), as amended, both the accused student and the victim/survivor will be notified by the student conduct board facilitator, in writing, within two (2) business days after the deliberation. The notification shall be sent in a way to certify receipt of the notification. If the victim is deceased, the student conduct board facilitator shall notify the victim’s next of kin, upon written request by the next of kin.

M. The accused student or recognized student organization and the victim/survivor (in student conduct incidents of sexual misconduct) that receives an adverse decision shall have the right to file a written appeal of the decision and/or sanctions of an administrative hearing or conduct board hearing.

N. No penalty may be levied by the student conduct system—with the exception of a temporary sanction—without the acceptance of responsibility by the accused student or recognized student organization before a student conduct administrator, or the finding of responsibility before an administrative hearing officer or a conduct board.

O. Students in possession of a valid State of Illinois Compassionate Use of Medical Cannabis, issued by an appropriately licensed physician, may seek accommodation through the University Disability Resource Center.

P. Students wishing to file grievances against Northern Illinois University faculty or staff members should speak with a member of NIU Human Resource Services, 815-753-6000.

Q. The university expects that students and recognized student organizations will fully cooperate with institutional investigations into alleged violation of the Student Code of Conduct and other applicable university policies. Students and recognized student organizations who fully cooperate with an investigation may be eligible for amnesty as defined later in this code.

4. In each case for which an Administrative Hearing Officer, a Student Conduct Board, Residence Hall Conduct Board, or Organizational Conduct Board determines that a Student or Recognized Student Organization has violated the *Student Code of Conduct*,
the sanction(s) shall be determined and imposed by the appropriate Administrative Hearing Officer or Conduct Board.

5. Any sanction not completed by the deadline set by the Student Conduct Administrator or the Conduct Board may result in additional sanction. Student Conduct shall monitor the deadlines for sanction completion.

6. Sanctions imposed are in effect as determined by the Student Conduct Administrator, Conduct Board or Administrative Hearing Officer. Sanctions are in effect throughout any appeal process undertaken by the student.

7. In determining organizational sanctions, the Student Conduct Administrator shall only consider offenses in which the Recognized Student Organization has been found responsible, no more than four (4) years from the calendar date of the current Preliminary Conference.

8. Recognized Student Organizations regaining their recognition, after a period of suspension, as a student conduct sanction, shall automatically be placed on a period of organizational disciplinary probation for one (1) calendar year upon their re-recognition.

D. Alcohol, Drug, & Violence Sanctions

Northern Illinois University students are expected to comply with state, and federal laws, as well as local ordinances, relating to the use of drugs and alcohol, and crimes of violence. With this in mind, NIU has established clear and specific sanctions that result from violations of the policies. The sanctions, ranging from probation and substance abuse awareness programs for minor offenses to dismissal and/or referral to civil authorities for major and/or multiple offenses, are applied consistently and fairly. The University recognizes that, while the sanctioning process is educational in nature, students must understand that they will be held accountable for their actions in both the university setting and the external world.

In some instances, education must defer to community standards and community safety. In cases of a serious nature or in instances of multiple recidivism, it sometimes is necessary to impose sanctions that extend beyond the educational realm. In those situations, NIU is committed, when necessary, to imposing stern and swift sanctions up to and including dismissal from the University and referral of the matter to the local authorities for prosecution, as necessary. The NIU Community will not tolerate violations of this nature and will not shield its students from just and appropriate consequences for their illegal actions. **The sanctions enumerated below are the minimum sanctions that will be imposed if a student accepts responsibility, is found responsible, or, in applicable cases, enters an option of “No Contest” to one of these NIU Student Code of Conduct violations.**

E. Non Compliance with Sanctions

Sanctions imposed against students and recognized student organizations are to be completed by the assigned deadline. The following chart outlines the penalty for non-completion of sanctions imposed under this code. In addition to these penalties, the Director of Student Conduct or
designee reserves the right to initiate additional student conduct action against a student or recognized student organization who does not comply with sanctions imposed under this code. Such additional sanctions may include a hold on registration preventing registration for classes.

OFF CAMPUS SOCIAL POLICY VIOLATION LEVEL

* In determining organizational sanctions, the Student Conduct Administrator shall only consider offenses in which the Recognized Student Organization has been found responsible, no more than four (4) years from the calendar date of the current Preliminary Conference.

F. Temporary Sanctions

In certain circumstances, the Associate Vice President for Student Affairs and Dean of Students or designee may impose a temporary sanction prior to the start of the Student Conduct Process. The temporary sanction issued will be no more restrictive than necessary to minimize the impact on a student's academic success while still maintaining the safety of the University Community.

1. Temporary sanctions may be imposed only:
   a. To ensure the safety and well-being of members of the Northern Illinois University Community or preservation of Northern Illinois University property;
   b. To ensure the student’s own physical or emotional safety and well-being;
   c. If the student poses an ongoing threat of disruption of or interference with the normal operations of Northern Illinois University;
   d. Interim measure as provided for under the NIU Title IX/Sexual Misconduct Policy

2. Under the temporary sanction, a student or recognized student organization may be denied access to the residence halls and/or to the campus (including classes) and/or all other Northern Illinois University activities or privileges for which the student or recognized student organization might otherwise be eligible. The student or recognized student organization may be banned from contact with another person or group of people.

3. The temporary sanction does not replace the regular process, which shall proceed on the normal schedule. A meeting shall be scheduled within five (5) business days of the temporary sanction being issued for the student. The preliminary conference may be continued by the Student Conduct Administrator, if necessary to gather more information, or to follow up on information presented by the Accused Student.

4. Students or recognized student organizations receiving a Temporary Sanction will also receive simultaneously a copy of the Student Code of Conduct. As soon as possible after receiving notice of temporary sanction, the student or recognized student organization shall receive a Notice of Alleged Violation, notice of any incident report(s), and notice of any other pertinent case information.

5. Students or recognized student organizations receiving a Temporary Sanction may request an administrative review of the temporary sanction by submitting their request
in writing to the Office of the Vice-President for Student Affairs & Enrollment Management or designee.

a. Requests for administrative review of temporary sanctions must be submitted within two (2) business days of receipt of the Temporary Sanction, in writing.

b. The student or recognized student organization will be given the opportunity to present and justify his/her grounds for appeal. The Associate Vice President for Student Affairs and Dean of Students or designee may then ask questions regarding the situation.

c. The Associate Vice President for Student Affairs and Dean of Students or designee will issue a decision in writing, normally within five (5) business days of completion of the administrative review. The decision will be to sustain, lessen, increase, or remove the temporary sanction(s), and it will be based on the material from the review and other germane information (e.g., the student's or recognized student organization’s Conduct file). There is no appeal of this decision. This time frame may be reasonably extended by the Associate Vice President for Student Affairs and Dean of Students or designee when appropriate.

d. Any temporary sanction that is either upheld or modified by the Associate Vice President for Student Affairs and Dean of Students or designee will remain in effect until the final resolution of the Student Conduct process and/or NIU Title IX/Sexual Misconduct process.

e. Once issued, temporary sanctions issued by Student Conduct may only be modified or removed by the Associate Vice President for Student Affairs and Dean of Students or designee.

f. Student Conduct has the authority to remove any temporary sanction upon final resolution of a case in which any temporary sanction(s) was issued.
ARTICLE IV: STUDENT CONDUCT PROCEDURE (INDIVIDUAL STUDENT &
RECOGNIZED STUDENT ORGANIZATION)

NOTE: This section of the Student Code of Conduct applies to both individual students and
recognized student organizations. Any reference to “student” or “accused student” in this
section may also mean recognized student organization when applicable. Any reference to
student conduct board may also mean organizational conduct board when appropriate.

A. Incident Reporting, Notice, and Preliminary Conference

1. Incident Reporting
   Any member of the Northern Illinois University Community may file an incident report
   against a student for alleged violation(s) of the Student Code of Conduct or other
   applicable University policy. An incident report shall be submitted as soon as possible
   after the incident has taken place, but normally no more than thirty (30) calendar days
   from the date of the incident. The Director of Student Conduct or designee shall have
   the authority, for reasonable cause, to extend the deadline for submission of an incident
   report.

2. Notice of Alleged Violation
   A Notice of Alleged Violation shall be presented to the accused student in written
   and/or electronic form. A time and date shall be set for a preliminary conference,
   normally not less than three (3) nor more than ten (10) business days after the accused
   student has been notified. Maximum time limits for the scheduling of a preliminary
   conference may be extended, for cause, at the discretion of the Student Conduct
   Administrator. For cause includes, but is not limited to gathering further information
   and/or following up on information provided by the Accused Student. Electronic
   notification for delivery of the Notice of Alleged Violation is the preferred method of
   communication. An e-mail shall be sent to the accused student's Z-ID e-mail notifying
   him/her of the alleged violation(s) and setting up a preliminary conference. When an
   electronic system is unavailable, a paper copy shall be substituted for electronic
   notification. With either form of communication, proof of delivery is required. The
   student conduct process will proceed with or without participation from any or all
   parties involved.

3. Meeting with Victim/Survivor
   The victim/survivor will be provided with an opportunity to meet with the student
   conduct administrator in order to share his or her information about the incident, and for
   the student conduct administrator to provide information and resources to the
   victim/survivor. Contact between the parties will be limited to necessity.

4. Preliminary Conference
   At the preliminary conference, the student conduct administrator will perform the
   following tasks with the accused student:

   a. Ensure that the accused student has received all of the proper documentation
      regarding the alleged violation(s) (e.g., Notice of Alleged Violation(s), NIU Student
Code of Conduct, and a copy of the narrative section of the incident report, redacted when required).

b. Explain the Northern Illinois University Student Conduct Process to the accused student.

c. Answer any questions of the accused student about the student conduct process.

d. Listen to an accused student's version of the incident, although the accused student shall not be required to discuss the incident.

e. Engage in a candid discussion of the incident with the accused student.

f. Upon completion of a preliminary conference, the Student Conduct Administration shall determine if the alleged conduct violation(s) against the accused student are to remain in place, are to be modified, or are to be dismissed after listening to the accused student's version of events. If alleged conduct violation(s) remains in an accused student's case, the student conduct administrator will offer the accused student a Case Resolution Form. The Case Resolution Form will contain a list of any remaining alleged conduct violation(s) and recommendations for sanctions.

The Case Resolution Form will contain the following three options (and may contain a third option, if applicable):

1) Option I: I ACCEPT responsibility for violating the Student Code of Conduct and ACCEPT the recommended sanction(s);

2) Option II: I request a hearing before either a Student Conduct Board or Administrative Hearing Officer;

3) Option III: No Contest regarding Responsibility and ACCEPTANCE of recommended sanctions. (The option for No Contest is only available to Accused students who are facing concurrent criminal charge(s) at the time of their Preliminary conference.)

If an accused student selects Option I or Option III on the Case Resolution Form, the case shall be considered resolved, and the student conduct administrator will provide the accused student with all paperwork necessary to complete the imposed sanctions, and will follow up at the appropriate time to ensure completion of the imposed sanctions.

If the accused student selects Option II on the Case Resolution Form, the student conduct administrator shall notify the student before which entity (Hearing Board or Administrative Hearing Officer) the hearing will occur.
g. Signing the Case Resolution Form

1) When an accused student is presented with a Case Resolution Form, the accused student may select an option to resolve the incident or proceed with a student conduct board hearing or an administrative hearing officer hearing.

   i. An accused student will have up to five (5) business days to change the resolution initially agreed to on the Case Resolution Form. After five (5) business days from the dated signature on the Case Resolution Form, the decision is final and no change may be made.

   ii. Accused students who fail to sign case resolution forms after being notified of the violation and preliminary conference will have their case heard before a Conduct Board or Administrative Hearing Officer.

5. Non-Attendance at a Preliminary Conference
   If an accused student does not attend a preliminary conference after being notified of such and makes no documented effort to contact the student conduct administrator, requesting a rescheduling of the preliminary conference, the student conduct administrator shall complete a Case Resolution Form and enter a choice of Option II (Request for a hearing) on behalf of the accused student. The incident will then be scheduled for a hearing and notify all applicable parties. The preliminary conference may be rescheduled at the discretion of the Student Conduct Administrator.

6. Northern Illinois University reserves the right to initiate additional student conduct action if new information is presented to the university.

B. Student Conduct Board Hearings

1. Selection of Individuals to Serve in the Pool as Student Conduct Board Members and Administrative Hearing Officers
   a. Five (5) supportive professional staff and operating staff members recommended by the Associate Vice President for Student Affairs and Dean of Students and appointed by the Faculty Senate;

   b. Students (Graduate and Undergraduate) who apply for, are accepted for service, and are in good standing with the institution;

   c. Faculty as appointed by the process outlined by the NIU University Council or as appointed by the Associate Vice President for Student Affairs and Dean of Students;

   d. Staff members appointed by the Associate Vice President for Student Affairs and Dean of Students or designee.

2. Composition of a Student Conduct Board Hearing
   Student Conduct Boards shall be composed according to the following guidelines:
Three (3) students and two (2) faculty or staff drawn from the faculty, supportive professional or operating staff members shall comprise the student conduct board to hear non-academic misconduct incidents

a. The Quorum at all Student Conduct Board Hearings shall be at least four (4) members;

b. If only four (4) members are present, in the case of a tie, the accused student shall be found “not responsible” for the alleged violation currently being voted on by the student conduct board.

3. Notice of Hearings
An accused student, complainant, victim/survivor, and witness(es) shall be given notice in writing and/or electronic form not less than three (3) business days prior to the date and time of the conduct hearing. The notice of the hearing shall be delivered in such a manner that can be certified to guarantee receipt by the appropriate party. Electronic notification for delivery of the Notice of Hearing is the preferred method of communication. An e-mail shall be sent to the accused student's Z-ID e-mail notifying him/her of the alleged violation(s) and setting up a student conduct board hearing. When an electronic system is unavailable, a paper copy shall be substituted for electronic notification. With either form of communication, proof of delivery is required.

4. Privacy of Hearings
All conduct hearings shall be closed.

5. Attendance at Student Conduct Board Hearings
The following people will be allowed to attend the entire hearing: the accused student, complainant, victim/survivor, advisors (if any), observer, university presenter, student conduct board facilitator, and student conduct board members. Witnesses will be allowed to be present only when they are providing testimony. Admission of any other person to the student conduct board hearing shall be at the discretion of the student conduct board facilitator. Only the members of the student conduct board will be present during deliberations. If resolution of the incident is achieved at the faculty level, the faculty member shall notify the accused student in writing or via e-mail of the resolution, and Student Conduct shall receive a copy of the academic misconduct incident report and all supporting material indicating the final disposition of the case. This report shall be placed into the accused student's Student Conduct file. The accused student shall be given an opportunity to view the completed Academic Misconduct Incident Report.    When the academic incident is referred to Student Conduct, a student conduct administrator will handle the incident according to the notice and preliminary conference procedure outlined above. The student conduct administrator will meet with the accused student for a preliminary conference.

   a. Student Conduct may institute new charges if additional information is brought forward after the resolution of the academic misconduct preliminary conference.

   b. Student Conduct may institute a charge of academic misconduct against any student who receives or agrees to a finding of “Responsible” in more than one academic misconduct matter, regardless of student-faculty resolution.

The appeal must be in writing and be delivered to Student Conduct. The written appeal request must include what is being appealed (decision and/or sanctions). Additionally, the written appeal request must include the reasons for the appeal.
b. A decision reached by the residence hall conduct board or an administrative hearing officer (for an incident adjudicated through Housing & Residential Services) may be appealed by the accused student/appellant to an administrative review within five (5) business days of the date the decision notice is delivered to the student's mailbox or e-mail account (documentation for proof of delivery is required). The appeal must be in writing and be delivered to the Director of Housing & Residential Services or designee. The written appeal request must include what is being appealed (decision and/or sanctions). Additionally, the written appeal request must include the reasons for the appeal.

c. Was the sanction(s) imposed appropriate for the violation of the *Student Code of Conduct*?

3. **Preliminary Determination of Sufficiency of Merit of Appeal**
   Once Student Conduct receives a written appeal request, the following process occurs:

   The Director of Student Conduct or designee will consider all information related to the appeal request and make a determination about whether or not the appeal request contains sufficient merit for an appeal hearing. Merit is determined by examining if the appeal request raises an appealable issue and if the information provided by the accused student demonstrates clear error in the decision or a compelling justification to alter the finding or sanction(s). If the Director or designee does not find sufficient merit to grant the appeal, the Director or designee shall notify all parties of that decision.

   If the Director or designee determines the appeal request has sufficient merit, the Director or designee shall forward the appeal request to an appropriate appeal agent for determination of the appeal. The appeal agent shall have the authority to order the case be reheard, the finding be reversed, and/or the sanction(s) be modified.
For a sanction of University Suspension, University Expulsion, or Loss of Recognized Student Organization Status, where merit for appeal is found/granted, the appeal agent will be the Associate Vice President for Student Affairs and Dean of Students or designee. In all other instances, the appeal agent will be the Director of Student Conduct or designee.

Title IX/Sexual Misconduct Procedure

H. Amnesty: Northern Illinois University maintains a policy of amnesty for students who attempt to seek help for themselves and/or other students or non-students in need of medical attention due to alcohol or drug use. The Director of Student Conduct or designee shall determine if a student or Recognized Student Organization is eligible for amnesty under this provision. A student or the President or designee, from a recognized student organization must attend the preliminary conference in order to request amnesty. If a
student’s or recognized student organization’s actions furthered or facilitated the situation, no amnesty will be granted.

Amnesty aims to remove the barriers that may prevent an individual from reporting an incident of sexual misconduct. If an individual reports an incident of sexual misconduct, in good faith, the reporting party will not receive disciplinary action for a separate University policy violation, such as underage drinking, that is revealed in the course of the report. However, if the separate violation was egregious, including, but not limited to an action that places the health or safety of any other person at risk, amnesty may be not afforded.

The advisor need not be affiliated with the Northern Illinois University Community. A list of advisors who have received training in the Northern Illinois University Student Conduct System shall be available from Student Conduct. An advisor will only be allowed to confer with his/her advisee. The advisor will not be allowed to participate in the Student Conduct Process on behalf of his/her advisee.

**Business Day**: Any day the university is in operation. This is not intended to cover Saturday, Sunday, university observed holidays and administrative closures.

**Complainant**: A Northern Illinois University Community member who completes an Incident Report about a particular incident or set of incidents and alleges that a current Student or Recognized Student Organization violated Northern Illinois University policy.

**Consent**: A clear, unambiguous, informed and voluntary agreement between all participants to knowingly engage in sexual activity. Consent must be mutually understandable by words or actions (i.e. a reasonable person would consider the words or actions to indicate mutual agreement to engage in the sexual activity). Consent is active, and cannot be based on the absence of an affirmative statement or act of denial. Silence or lack of resistance does not constitute consent.

Seeking and receiving consent is the responsibility of the person(s) initiating the sexual act or acts regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.

Consent to any sexual act or prior consensual sexual activity between or with any party does not in and of itself constitute consent to any other sexual act.

Consent may be initially given, but withdrawn at any time. Consent cannot be given when a person is incapacitated (including, but not limited to, a person or someone with a physical or mental disability that causes impairment resulting in incapacitation) or a person who is intoxicated. Consent cannot be given when it is the result of coercion, intimidation, force or threat of harm. The University prohibits any sexual activity that does not involve the consent of each individual.
Consent must be given to engage in the act of sexual activity, and consent should also be given to any person who records or photographs any aspect of the sexual encounter as well as third parties who wish to view the sexual activity either in person or via any electronic equipment, methods or devices. Any of these acts will be deemed to be sexual exploitation. Sexual exploitation includes, but is not limited to, the following acts:

- Sexual voyeurism or allowing others to witness or observe the sexual or intimate activity of another person without that person’s full knowledge and consent;
- Indecent or lewd exposure or inducing another person to expose themselves when consent is not present;
- Recording any person engaged in sexual or intimate activity in a private space without that person’s full knowledge and consent, even if the person recording the sexual or intimate activity is also engaged in the consented to sexual activity;
- Distributing sexual or intimate information, images or recordings about another person without that person’s full knowledge and consent;
- Recruiting, harboring, transporting, providing, or obtaining another person for the purpose of sexual exploitation;
- Inducing incapacitation in another person with the intent to engage in sexual conduct, regardless of whether prohibited sexual conduct actually occurs.

The definition of consent does not vary based upon a participant’s sex, sexual orientation, gender identity or gender expression.

**Constructive Possession:** Occurs where a person has knowledge of an object, plus the ability to control the object, even if the person has no physical contact with it (United States v. Delrose, 74 F.3d 1177 [11th Cir. 1996])
