Set the Duration of the Transition

- Click the **Transitions** tab.

- In the **Timing** group, select the desired **Duration** of the transition.

  - Click **Transitions** tab.
  - In the **Timing** group, select the desired **Duration** of the transition.

  - **Note:** Selected transition applies to the selected slide unless **Apply to All** is chosen.

Slide Advancement

- Click **Transitions** tab.

- Select **On Mouse Click**, if the desired advancement is based on mouse click.

  - Select **After**, if the desired advancement is based on time.
    - Use arrows to adjust time
