Applying Slide Transitions

- Click the Transitions tab of the ribbon in the ‘Transition to This Slide’ grouping.
- Select the desired transition; click the down arrow to view additional choices.
- A preview of the effects is automatically demonstrated when a transition is selected.

Set Transition Speed

- Click Transitions tab.
- Within the Transition to This slide grouping, click down arrow next to Duration.
- Select the desired duration speed.

Note: Selected effects apply to specified slide unless Apply To All is chosen. Click to choose.

Slide Advancement

- Click Transitions tab.
- Select On Mouse Click, if the desired advancement is based on mouse click.
- Select Automatically After, if the desired advancement is based on time.
  - Use arrows to adjust time.
