- **Enrollment Requirements:**
  - Students must be enrolled in courses for credit. Coursework taken on an audit basis does not qualify for Title IV financial aid.
  - Unless otherwise approved, undergraduate students taking a combination of undergraduate and graduate coursework will only be eligible for financial aid based on undergraduate coursework.
  - Unless otherwise approved, graduate students taking a combination of undergraduate and graduate coursework will only be eligible for financial aid based on graduate coursework.
  - Visiting students are not eligible for financial aid at NIU. Visiting students may consider pursuing a consortium agreement with their home institution, or applying for private student loans.

- **Financial Aid Award Notification and Disbursement** When financial aid eligibility is determined, a financial aid award notification is posted to the student’s MyNIU account. Initial financial aid awards for all first time undergraduates are also mailed to their permanent home address. Students will receive notification if changes in financial aid eligibility results in a change to an award. It is your responsibility to review your award notification. Financial aid awards that are prepared prior to the start of a semester are based on an assumption of full-time enrollment (at least 12 credit hours per semester or in the case of the State of Illinois Monetary Award Program (MAP) Grant, 15 credit hours per semester). Financial aid will be recalculated based on actual enrollment prior to the first billing statement for a semester and periodically through the end of the add/drop period. You must access MyNIU to accept, reduce, or decline student loans and Federal Work-Study. More information about award notification and disbursement can be found at [http://www.niu.edu/fa/apply/disbursement.shtml](http://www.niu.edu/fa/apply/disbursement.shtml).

  At the beginning of each semester the Student Financial Aid Office posts the date that disbursements will first be available on the Financial Aid homepage. Financial aid funds are disbursed to your Bursar’s Office student account on a semester-by-semester basis after the add/drop period. If your student account has a credit balance, after all financial aid funds have been disbursed, you will be refunded the excess balance. You are eligible to receive those excess funds within 14 days from the date the credit balance occurs.

- **Return of Federal Financial Aid Funds When a Student Withdraws From the University** All students who withdraw from NIU are subject to the Title IV Return of Funds policy. During the first 60% of the enrollment period, a student earns Title IV funds in direct proportion to the length of time he/she is enrolled. The percentage of aid earned is determined by the date the student officially withdraws, the total number of calendar days in the enrollment period, and the calendar days the student completed during the period of enrollment.

- **University Refund Policy** can be found at [http://catalog.niu.edu/content.php?catoid=11&navoid=298#refu_poli](http://catalog.niu.edu/content.php?catoid=11&navoid=298#refu_poli)

- **Veterans Benefits** NIU processes educational benefits for veterans who are enrolled in a degree or certificate-seeking program. Veterans can access the forms on the Military Student Services web site at [www.niu.edu/mptss](http://www.niu.edu/mptss).
  - Once you have your letter of eligibility, you will need to submit a photocopy of the form. After you have enrolled for your courses each semester, you must complete and submit the Enrollment Certification Request Form to Military and Post-Traditional Student Services.
  - If you are transferring from a different school or you change your academic plan or degree goal you will also need to complete and submit a Change of Program or Place of Training available at [www.niu.edu/mptss/military-student-resources/financial/current.shtml](http://www.niu.edu/mptss/military-student-resources/financial/current.shtml)
