

# When Google™ Doesn't Find It:

## Web Search Strategies for the Classroom

Presented by: Jason Rhode  
Presentation & materials online at:  
[www.niu.edu/facdev/technology/handouts/html/evaluatingsources.htm](http://www.niu.edu/facdev/technology/handouts/html/evaluatingsources.htm)

## Google™ Tips & Tricks:

### Advanced Search Tricks:

Google Help: <http://www.google.com/help/cheatsheet.html>

#### Search only one website

site:[www.ala.org](http://www.ala.org) or site:.gov

#### Search within a range of numbers

fashion 1920..1929 or iPod \$100..\$300

#### Exclude adult-content

safersearch: sex education

#### Linked pages

link:[www.martinlutherking.org](http://www.martinlutherking.org)

#### Wild cards

“William \* Clinton” or  
“top \* causes of mortality”

#### Info about a page

info:[www.wla.org](http://www.wla.org)

### Special Searches:

#### Google Web Search Features:

<http://www.google.com/help/features.htm>

#### Reference Tools:

calculator (e.g. 5+2\*2)  
definitions (e.g. **define**: conference)  
number searching  
Google Zeitgeist (current top searches)

#### Special Searches:

- Sets
- Suggest

#### Subset Searches:

- Uncle Sam
- Scholar
- Univ. Search
- Images
- Local
- Froogle
