Birth Control Pills

The following oral contraceptives are currently available at the Health Service Pharmacy. You must provide us with a new prescription either written, faxed (815-753-5906), or phoned (815-753-9706) to our pharmacy.

There are many different names for the same Birth Control Pill. If you would like to fill your oral contraceptive prescription at Health Services and do not see the name of the pill you are looking for, please call the Pharmacy at 815-753-9706 to see if we have a therapeutically equivalent product to the one you are looking for. You may want to discuss this with your practitioner.
