ARTICLE V

ADDITIONAL FUNDING SOURCES

Section 1

Supplemental Funding

A. Supplemental Funding is defined as funding made available to SA-funded organizations for unexpected or emergency circumstances, as well as for conferences. Unexpected circumstances shall be defined as any item not in the organization’s Annual Funding request, and emergency circumstances shall be defined as those in which the cost of a particular item exceed the amount approved in Annual Funding. Organizations may not ask for Supplemental Funding for items requested though Annual Funding but not approved by the SA Senate. Only organizations currently receiving SA funding are eligible to receive supplemental funding.

B. The total Supplemental Funding budget each year will be divided evenly between each semester, with the funds remaining from the fall semester rolling over to the spring semester. Any remaining money in the Supplemental Funding budget at the end of the Fiscal Year shall remain in the General Reserve.

C. Organizations requesting supplemental funding must follow the following process:

1. An application form, including reasoning for funding request and breakdown of anticipated budget, must be submitted to the SA Main Office.

2. The application form will be forwarded to the SA Speaker of the Senate and Treasurer, both of whom will then review the form and schedule a date with the organization to present the request to the SA Senate for full approval, partial approval, or rejection. This meeting must take place within two (2) weeks of the submission of the application to the SA office.

3. If a committee review of the Supplemental Funding request is deemed necessary by the Speaker of the Senate or the SA Senate, the SA Finance Committee may hear the request prior to SA Senate
approval. The Supplemental Funding request must be heard by the SA Finance Committee within (2) weeks of the decision of referral.

D. Organizations receiving Supplemental Funding shall use such funding only for the purposes approved by the SA Senate. It is the responsibility of the Senate to ensure that Supplemental Funding legislation contains provisions for how the money is to be spent. The regular expenditure process is to be followed to ensure that such funding is being used in accordance with the specific Senate legislation, as well as all other SA and University guidelines.

This act is ordered to take immediate effect.
