The Southern Society for Philosophy and Psychology was founded in 1904. Its stated purpose is to promote philosophy and psychology in the southern section of the United States by facilitating the exchange of ideas among those engaged in these fields of inquiry, by encouraging investigation, by fostering the educational function of philosophy and psychology, and by improving the academic status of these subjects. The office of President of the society alternates each year between a philosopher and a psychologist. The first SSPP President in psychology was James Mark Baldwin, whose term of office ran from 1904-1908. The first SSPP President in philosophy was J. MacBride Sterrett, who served in 1909. The current President is philosopher Nicolas Georgalis of the East Carolina University. Psychologist Hajime Otani of Central Michigan University is President-elect.

There are two classes of SSPP membership: full members and associate members. Normally, the applicant for full membership will be expected to have the Ph.D. degree and be engaged in professional research or teaching. Persons without a Ph.D. degree may be eligible for associate membership with the expectation that they can be advanced to full membership after three years of continued and active teaching or research in philosophy or psychology. Full members who reach retirement are eligible for emeritus dues privileges. If you are attending the 2007 SSPP meetings and are not a member of the Society, we would welcome your application. Application forms and other information on the Southern Society for Philosophy and Psychology are also available from the SSPP website:

Griffith and Junior Award Recipients

Each year the Southern Society for Philosophy and Psychology presents the Richard M. Griffith Memorial Award for papers of greatest excellence, one in philosophy and one in psychology, presented at the annual meeting. Those who have received the Ph.D. during the past five years or who are Ph.D. candidates are eligible to compete for these awards. Prior to 1970, the Society presented Junior Awards. In 1970, the award was referred to as the Richard M. Griffith Memorial Junior Award, because the Richard M. Griffith Foundation provided funds for the award. Since 1971, the award has been called the Richard M. Griffith Memorial Award. The award winners since 1966 have been identified.
