NIU at Oxford, Oriel College

Topics:
Biological Sciences,
English and Political Science

June 29–August 1, 2014

This will be the 45th annual summer program offered by Northern Illinois University and Oriel College featuring courses on the undergraduate and graduate levels that are designed to take advantage of the unique resources of the British setting, including the Oxford libraries, theaters of London and Stratford-upon-Avon, and selected cultural, historical and scientific field trip sites. Faculty are accommodated close to students and dine in the same halls so that formal class meetings can be supplemented by individual tutorials and informal conversations. Enrollment in all courses is deliberately kept low in order to permit maximum interaction between students and faculty.

Program Dates
Sunday, June 29 - Friday, August 1, 2014.

Oriel College
The program will take place in Oriel College, founded in 1326 and considered to be one of the most beautiful of the 34 colleges that make-up Oxford University. Oxford is less than 60 miles from London and Stratford-upon-Avon, with frequent and inexpensive bus service to both cities. Cambridge, Canterbury, and other places with literary and historical connections are within 100 miles, and there is virtually no place in Britain or, indeed, Europe that cannot be visited on a weekend trip.
INSTRUCTION
The courses will be taught by NIU faculty with Dr. L. G. Black, a Fellow of Oriel College, providing lectures for the Shakespeare courses.

PROGRAM AUDIENCE
Although this is an academic program, it has been designed with a variety of audiences in mind. Non-traditional students (i.e., professionals, individuals with an interest in this subject matter, etc.) as well as currently enrolled students are encouraged to participate in this program. All participants will receive academic credit, and students who are not currently enrolled in an academic program at NIU will be enrolled as visiting students (at the undergraduate level) or Students-at-Large (at the graduate level).

ACADEMIC CREDIT
Each subject is offered on four levels—general undergraduate, undergraduate major, graduate, and advanced graduate—with reading lists and assignments appropriate to each course level. Students should register for the course number appropriate for their situation or needs. All courses carry 3 semester hours of credit, with the exception of BIOS 305 and BIOS 411/511 which carry 4 semester hours of credit. Students may register for one or two courses. Exceptions regarding the number of courses allowed must be reviewed and approved by Professor Holbrook, College Coordinator.

CLASS SCHEDULES
Classes will meet at hours to be announced (typically, two 2-hour sessions a week for undergraduates with additional conferences for graduate students) Mondays through Thursdays, leaving three-day weekends for study or travel.

ACCOMMODATION AND MEALS
Students will reside in modern single rooms in Oriel College’s James Mellon Hall. Breakfast will be served daily and dinner will be served each Sunday through Wednesday in the 17th-century Hall. Students will be responsible for the purchase of all lunches, as well as dinners on Thursday, Friday and Saturday. Students will have access to the College Library and other Oxford libraries. The college has a laundry room, and dry cleaning is available nearby.

FIELD TRIPS
The program cost includes one trip to Stratford-upon-Avon with tickets to a Royal Shakespeare Company performance, and other trips to sites of academic interest, to be announced. Optional trips, at the students’ expense, will also be offered, and students will be encouraged to travel on their own.
Dr. Gabriel Holbrook (Biological Sciences, NIU) serves as the College of Liberal Arts and Sciences Coordinator for the Program. He has a primary research interest in plant physiology and has published numerous research articles on photosynthesis by plants, algae, bacteria and biofuel.

**EXPLORATION OF PLANT SCIENCE**

These courses will be taught by Professor Holbrook of NIU. BIOS 101 is an introductory plant biology course suitable for students majoring in subjects other than biological sciences. All courses take advantage of the University of Oxford Botanic Gardens, which are a short distance from Oriel College. BIOS 305 will explore the basic anatomy, morphology and physiology of plants. These will be related to an evolutionary sequence, considering the selective advantage of structures and functions unique to each group of plants in adapting to their habitats. In BIOS 411/511, which can be taken for undergraduate or graduate credit, detailed attention will be given to the physical and chemical aspects of the “inner workings” of terrestrial and aquatic plants. The courses may also feature guest lectures on selected topics by members of the Oxford University Plant Science Department. Related field trips may include visits to the Royal Botanical Gardens at Kew, to the marine environments of the southwest coast of England, and to one of the oldest agricultural research institutions in the world, Rothamsted Research located to the north of London.

Dr. L. G. Black (English, D. Phil. Oxford University) is a Fellow of Oriel College. His special research interests are Shakespeare and the English Renaissance. He is the Editor of Notes & Queries (founded 1849). Dr. Black will participate in classroom discussions and tutorials with NIU students attending the Oxford program.

Dr. William C. Johnson is NIU Distinguished Professor Emeritus in the Department of English, where he taught Renaissance drama, poetry, and prose for over four decades. He has published extensively in the field of English and Continental Renaissance literature and history, has led many academic study trips to Oxford, other parts of England, and the Continent. He also is Executive Director of Sigma Tau Delta, International English Honor Society.

### SHAKESPEARE

For students of English literature, Shakespeare’s name will head any list of major authors. And what better place to study this writer—both as the author of texts and of scripts—than in England? Our goal in the summer 2014 Shakespeare classes will be to explore the range of literary, cultural, historical and textual contexts that inform Shakespeare’s plays. We’ll do this by reading, and especially by seeing, selected plays, taking advantage of the rich theatrical interpretations available in performances in Stratford-on-Avon, London, and Oxford. We’ll focus our attention on the tension between passion and reason, the individual and the community, and the ways in which those tensions defined and helped to refine Shakespeare’s England. The plays will be selected on the basis of what actually is being performed and available to us for viewing; thus students will have the opportunity to experience the plays they are studying. Individual programs of study will be set in consultation with individual students, depending on the course levels selected.

Dr. Nicole Clifton (English, NIU) teaches courses on Chaucer and other Middle English literature and language. Her scholarly research focuses on medieval romances and their manuscripts.

### The Medieval English City

**The Medieval English City:** What was it like to live in the Middle Ages? How did the physical environment affect people’s ideas about where they belonged? Medieval Oxford and London are important settings for our readings, which focus on ideas about community in medieval English cities. Brief selections cover a wide variety of medieval genres; works will include excerpts from Langland’s *Piers Plowman* and Chaucer’s *Canterbury Tales*, as well as *Saint Erkenwald* and *Sir Lanval*. Most texts date to the late fourteenth century, around the time of the 1381 Rebellion, when farmers, craftsmen, artisans, and minor gentry violently protested rising taxes. In these conditions, city-dwellers had to weigh their loyalties very carefully, and consider their ties to different communities, whether personal, professional, or geographical, as we will see in our readings.

**Dr. Artemus Ward (Political Science, NIU)** teaches courses at the intersection of politics and popular culture, public law, and American government. He has published a number of articles and books on the U.S. Supreme Court. Contact Professor Ward at aeward@niu.edu for information.

### THE BEATLES: A STUDY IN POLITICS AND POPULAR MUSIC

This course focuses on how the music of the Beatles affected, and continues to affect, the political and cultural landscape. Broadly, we will examine how music and musicians confront political and social issues such as war, race relations, and gender discrimination. The Beatles provide an important case study in this phenomenon. John Lennon’s political activism—as demonstrated by such songs as “Revolution,” “War is Over (If you Want It),” “Give Peace a Chance,” and “Imagine”—continue to have influence over policy makers and the public at large. President Nixon’s secret investigation of Lennon and his attempts to deport Lennon from the U.S. during the 1972 presidential campaign show how musicians can affect the highest levels of government. Paul McCartney’s “Blackbird” and Lennon’s “Woman is the Nigger of the World” exemplify how musicians can affect civil rights. George Harrison’s Concert for Bangladesh was the first benefit concert to aid disadvantaged populations, paving the way for Live Aid, USA for Africa, and other mass fundraising efforts led by musicians. Accordingly, we will supplement Oxford seminars with field trips to Beatles sites in London, Liverpool, and Hamburg Germany where students will give presentations on research topics related to the course.

**HONORS CREDIT**
Qualified students may also elect to receive Honors credit for any course(s). For more information please contact the University Honors Office.

**ADMISSION REQUIREMENTS**
The program is open to individuals who have an interest in the areas of Biology, English, and Political Science. Currently enrolled students must meet NIU Office of Admissions, Graduate School and College of Liberal Arts and Sciences GPA requirements. Students on academic probation during the semester prior to the program are not eligible for participation in this program. **Applicants must participate in the entire length of the program and satisfy NIU undergraduate or graduate admission and course requirements.**

**APPLICATION AND ADMISSION PROCEDURES**
For undergraduate students to be admitted to the program, an applicant's official transcript must be on file in the NIU Study Abroad Office (SAO). Students who are currently enrolled at NIU, or who have previously enrolled at NIU, do not need to request an official transcript - the SAO will make this request on behalf of the applicant. Students who want to participate in the program and earn academic credit from NIU who have not previously enrolled at NIU, or who are not currently enrolled at NIU, should ask the registrar at their home institution to forward an official transcript as soon as possible to the SAO. (Student-issued transcripts and photocopies are not acceptable.) Students who desire to obtain graduate credit must either be admitted to a graduate program within the NIU Graduate School, or be admitted to the status of a "student-at-large" (SAL) within NIU's Graduate School. For students to be admitted to the program for graduate credit, the applicant's official transcript must be on file in the NIU SAO. Students who are currently enrolled at NIU, or who have previously enrolled at NIU, do not need to request an official transcript. However, students who will participate in the program in order to earn academic credit as an SAL (students who have not currently enrolled nor previously enrolled at NIU) must provide a copy of transcript or diploma from the baccalaureate institution and from any institution at which graduate credit has been earned. This document must be provided to NIU before a
student can be admitted as an SAL to the program. (Student-issued transcripts and photocopies are not acceptable.)

ENCUMBRANCES
Students cannot have any encumbrances against their NIU records. Any encumbrances placed on a student’s records by NIU: i.e., the Graduate School, Undergraduate Admissions, Bursar’s Office, Accounts Receivable, Registration and Records, Health Services, Parking Services, etc., must be cleared before a student is granted admission to a study abroad program.

APPLICATION
Click NIU at Oxford or visit the NIU Study Abroad Office website at https://niu.studioabroad.com (and search for “Oxford” or the NIU at Oxford program) to begin the online application process for this program. The online process provides guidance on requesting information, advising, or applying for the program. Please note that at the time of application, applicants will be expected to submit a signature verification form and copy of their ID to the Study Abroad Office. $200 APPLICATION FEE/DEPOSIT
A $200 application fee/deposit is required of all applicants. The $200 is broken down into $100 for the non-refundable application fee and $100 for a program deposit. Both the application fee and the deposit will be applied to the total balance of the program cost. The $100 deposit is refundable only if the participant withdraws prior to the withdrawal deadline indicated on the program materials or for medical reasons verified by a physician if the withdrawal takes place after the withdrawal deadline.

The $200 application fee/deposit will be charged to NIU students’ NIU Bursar's account. (Checks and money orders cannot be accepted from NIU students.) Non-NIU students must submit a check or money order in the amount of $200. More detailed instructions can be found on the website.

IMPORTANT – All applications will be categorized as “Pending – No Deposit” until the $200 application fee/deposit has been received (or, in the case of non-NIU students, once a check has been received). The Study Abroad Office will not consider or process applications without the $200 application fee/deposit. In order to reserve your place in the program you must submit the $200 deposit within 14 days of application. After 14 days applications without a deposit will be inactivated.

Final Date for Applying for Admission to the Program: April 15, 2014.
