Silica sand
Plaster of Paris
Sand paper
Sponges
Fabric dyes
Tin punch materials
Beading materials
Basket weaving materials
Butterflies kit

Note: There is no sink in the craft shop. Small amounts of water can be brought in with buckets for painting. However, if you need large amounts of water (ex. tie dying or silk-screening t-shirts), you must use the Science Lab.

The supplies can be brought to other areas on campus. Let your Taft coordinator know if this is something that you need.
