CAMPUS SECURITY AND ENVIRONMENTAL QUALITY COMMITTEE
MINUTES
September 15, 2010

Present: Deb Bryant, Gay Campbell, Linda Derschied, Carlos Granados, Mary Grosch, Earl Hansen, Roger Maas, Kristin Mommsen, Laurie Elish-Piper, and Donna Schoenfeld.

- Chair Bryant welcomed everyone and had all members introduce themselves. Discussion followed on role and mission of the committee.

Bryant gave an update to committee of summer events.

- Bush trimming around the Davis water fountain was completed. The Grounds Department reports reduced trash in the area since the trimming.
- Campus Life Building emergency exits have been looked at and the Exterior Environmental Quality sub-committee will bring recommendation(s) to next meeting.
- Traffic enforcement in parking structure is an ongoing issue because student safety is always a concern and speed seems to be an on-going problem there. Additional areas of concern are Anderson Drive, Gilbert Drive, and the east side of the Field house. Security Chair Alan Smith will give his presentation to the full committee at next month’s meeting.
- Committee members had been asked to read the Security Report over the summer. Linda Derschied reported some consistencies she noticed in the report. Recommendations tabled until October meeting.
- It was also reported that the National Panhellic Plot, authorized by the CSEQ Committee, has now been completed near the West Lagoon, also known as Lorusso Lagoon.

Lists were distributed and members were asked to sign up for at least one sub-committee.

a. Interior Environmental Quality – Scott Mooberry, chair
   - Linda Derschied
   - Mary Grosch
   - Laurie Elish-Piper
b. Safety and Security – Alan Smith, Chair
   - Carlos Granados
   - Earl Hansen
   - Kristin Mommsen
c. Exterior Environmental Quality – Jim Murphy, Chair
   - Roger Maas
   - Cheryl Ross
   - Donna Schoenfeld

It is asked that the sub-committee Chairs schedule meetings quickly so they can report back to the whole group at October’s meeting.

There was also discussion about the roof collapse in Still Gym. Earl Hansen gave the history of the incident and the timeline. It should be noted that at the Board of Trustees’ meeting the day following the CSEQ Committee meeting, NIU received approval to proceed with the replacement of this roof.

Meeting adjourned 10:45 a.m.
