ADPOTION OF AGENDA

Agenda was sent to CUC members via e-mail.

ANNOUNCEMENTS

None.

CONSENT AGENDA

There were no curricular items on the consent agenda.

COLLEGE MINUTES AND OTHER CURRICULAR ITEMS FOR DISCUSSION

There were no curricular items for discussion.

OLD BUSINESS

1. **EET #10**
   The CUC tabled these minutes at the September 16, 2010 meeting. Regarding course revision ELE 429, it was suggested that “as well as” be changed to “and must” (3rd line). Regarding new electives for the B.S. in Industrial and Systems Engineering, documentation is still needed from affected departments regarding the capacity of the courses being added and courses listed under the “technical” heading need to be reconsidered. Regarding the Minor in Sustainable Engineering, this has already received all the necessary approvals, so the college was asked if it could be withdrawn from these minutes so they can go through. There is nothing more to consider at this time.

2. **EDU #14**
   The CUC tabled these minutes pending clarification of APASC’s concerns from their meeting on 10/13/10. Nothing more has been received at this time.

3. **CEET #4**
   These minutes were tabled for several reasons. Several CUC members wondered if there weren’t already existing courses to meet requirements instead of MEE 454 and MEE 455 including TECH and ENVS courses. Also, although Dr. Mirman stated in an e-mail that these MEE courses do not duplicate anything in Technology, he suggested that the descriptions be revised to specify that these are indeed engineering courses and not technology courses so as not to confuse students. The college also needs to provide evidence that Computer Science and
ENVIRONMENTAL STUDIES approve of the addition of their courses to Emph. 6 for the degree in technology.

Regarding the MEE courses, a memo from Dr. Coller was provided to the CUC. It was also communicated that ENVS is OK with their courses being added, but there still is nothing from CSCI regarding adding their courses to the program.

Aase made a motion, seconded by Wallace, to APPROVE THE UNDERGRADUATE CURRICULAR ITEMS IN COLLEGE OF ENGINEERING AND ENGINEERING TECHNOLOGY #4 (10/28/10). A point was made that several recent matters brought to the CUC could have been easily resolved if the interested parties communicated earlier in the process. Motion passed with a majority vote in favor.

4. CLAS #5
The revisions to the minor in International Studies were tabled due to concerns from the College of Business, see below. The CUC would like to see CLAS address Business’s concerns and see the two colleges come to an agreement on a title, with evidence that all parties involved (e.g., Economics) approve.

After much deliberation today, the College Curriculum Committee strongly recommends a change to the name of the track currently labeled “Global Studies in Commerce” in the revised International Studies and Engagement minor. As you know, we have had long standing concern with the title “International Business Studies” track as students could pursue this track and take no business courses. The use of the alternate but somewhat equivalent term “commerce” does not change our concern. We suggest “Global Studies in Economics” as this is just as descriptive of options in the track. Please talk to me or Brian Mackie if you need more background.

Thanks, Beth

Elizabeth Towell, Ph.D.
Associate Dean for Undergraduate Academic Affairs
College of Business
Barsema Hall 139C
DeKalb, IL 60115
815-753-1246

After some discussion between the two colleges, an updated proposal was provided to the CUC as well as a communication from the College of Business that they approved the latest version of revisions to this minor. Wallace made a motion, seconded by Aase, to APPROVE THE LATEST REVISIONS TO THE MINOR IN INTERNATIONAL STUDIES. Motion passed with a majority vote in favor.

5. Adding courses from another college/checking on course capacity. To next be addressed at the February 10, 2011 meeting.

6. Double major; major/minor/certificate requirements. To next be addressed at the February 10, 2011 meeting.
NEW BUSINESS

None.

The next meeting will be February 10, 2011, 12:30, Altgeld 225.

Respectfully submitted,

Donna M. Smith
