Progressive Disclosure: Revealing One Bulleted Item at a Time Using Mouse Click

1. Select placeholder that contains the bulleted text that needs to be animated.

2. Click on the animations tab.

3. Click on desired animation effect. Example:

4. To see detail, click on Animation Pane.

5. Make adjustments to effect, duration of effect, etc. as desired.

6. To view effect, play slide in slide show mode.
   
   • Preview or Play (in animation pane) will not show the progressive disclosure effect correctly.

• Reveals new topics step by step
• Focus audience attention on each step
• Keeps audience from reading ahead
