MyNIU Training Web-Based Tutorial
Pop-up Blocker Help

These Web-based tutorials use pop-up windows as part of its normal functionality. Since websites often open windows to display advertising or capture email addresses, a majority of Web browsers block pop-up windows by default, as do popular toolbar applications. To allow pop-up windows for the MyNIU Web-Based tutorials, you must turn the blockers off and allow pop-ups from the MyNIU site. Please note that the web-based tutorials operate on Internet Explorer only.

Follow the steps below to allow the Web-Based tutorial to begin. You may only need to allow pop-ups once on your local machine.

After clicking the Web-Based link from the MyNIU Training website you may see the following messages.

1. Information Bar, click Close

2. Notice the Information Bar at the top of the page “Pop-up blocked message in the. To see this pop-up or additional options click here…” Click on the bar.

3. Select “Always Allow Pop-ups from This Site…” from the options given.

4. Click Yes to the “Would you like to allow pop-ups from ‘niu.edu’?”
5. A See-It! Tutorial option will appear.
   Click “No” from the bottom of the page, to begin the topic selected from the
   MyNIU Training website.
   **Note:** If you would like to learn more about the “See It!” mode player, select one
   of the tutorial options and click “Yes”.

6. You may need to click on the “Resume” link depending on the options chosen
   above to begin the web-based tutorial.
Alternative Method to Allow Pop-ups

Internet Explorer (Versions 6 and 7):
1. Click on the **Tools menu**, select **Pop-up Blocker**, and then **Pop-up Blocker Settings**.
2. In the **Address of website** to allow: field, enter *niu.edu* and click the **Add** button. Click **Close**.
