* Snack duties: Confer and decide who will bring food and who will bring drinks. On the morning of Colloquium, refreshments may be left on the back table and in the refrigerator of the Department Office. If your snack requires preparation (i.e. fruit that needs washing), please take care of that ahead of time. After colloquium, it is your responsibility to return the snack cart to the main office.  
* Host duties: plan on being available by 2pm (unless otherwise informed) on the day of the Colloquium to meet with the speaker should he/she arrives early.  
* If you are unable to perform duties on your assigned date, please contact Walt, Shane, or Sarah ASAP so adjustments can be made.  
* We will have no colloquium on the following dates due to conferences, holidays, or other events: March 13 (Spring Break), April 24 (AAG National Meeting)
