Notes/Comments: This path is an example of what a four year plan could look like for a typical student based on the above catalog year. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester to discuss course scheduling. Additional State testing is required for licensure, including the LBSI Content Test (#155) and Special Education Curriculum Test (#163). All requirements are subject to change by NIU and the Illinois State Board of Education. Retention GPA: Semester 5 through Semester 8 requires a minimum 2.5 cumulative GPA.
