c. Research and Innovation, Legal and Legislative Affairs Committee (RILLA)

The Research and Innovation, Legal and Legislative Affairs Committee met on August 18, 2022. The committee reviewed two information items, the State Legislative Report, and the Sponsored Programs Administration Quarterly Report. In addition, the committee considered one action item, the Board of Trustees Bylaws Periodic Review. Dr. Gerald C. Blazey, Vice President for Research and Innovation Partnerships reported on personnel changes in the department of Innovation, noting that Karinne Bredberg is now the Director of Innovation. Dr. Blazey provided a NICCS update and said that the July Illinois Capital Development Board procurement bulletin had a request for proposals (RFP) for a consultant to develop documentation for the NICCS Design-Build RFP. Dr. Blazey reported that the NIU Press re-established publication numbers at about 20 per year, which was the standard prior to the movement of operations in FY20. Dr. Blazey provided a Federal Relations update noting that congress recently passed the CHIPS + Science Act, and that Dr. Quider successfully advocated for the legislation to define emerging research institutions and the creation of a program to promote collaboration between flagship universities and ERIs like NIU. Ms. Katie Davison, Director of State Relations provided the State Legislative Report, noting that the general elections will be held on Tuesday, November 8, and that she will have a complete list of the election results at the November meeting. Ms. Dara Little, Assistant Vice President for Research and Sponsored Programs provided the FY22 Q4 Sponsored Funding Report. She reported that in FY22 NIU received $48M in total external funding from 371 awards, which included approximately $6M in COVID-19 relief funds. Ms. Little also reported that since FY18, external funding reported through SPA has grown by 39% and since FY21 funding had grown by 11% exclusive of COVID-19 relief funds. Greg Brady, Deputy General Counsel, and Legal Intern Samantha Malone reported that the Office of General Counsel had reviewed
the Board Bylaws and they were presenting suggested edits that would make the Bylaws more consistent, clear, concise, and effective. The RILLA committee reviewed the edits and approved a motion to accept the edits, as well as additional edits made by the committee. An updated version of the Bylaws will be presented at the September Board meeting.

d. Illinois Board of Higher Education

The IBHE met on March 15, 2022. The board heard a panel discussion on Equity Plans and Practices to Close Equity Gaps. The board also received reports from The Student Advisory Committee and The Faculty Advisory Council.

The IBHE granted Carl Sandburg College authorization to offer the Associate of Applied Science in Agribusiness, Associate of Applied Science in Agricultural Mechanization, Associate of Applied Science in Medical Assisting, and Associate of Applied Science in Welding subject to the institution’s implementation and maintenance of conditions presented in its application.

The IBHE granted Illinois State University authorization to establish the College of Engineering, the Department of Electrical Engineering, and the Department of Mechanical Engineering in the Central Region, subject to the institution’s implementation and maintenance of the conditions that were presented in its application.

e. Universities Civil Service Merit Board

The State Universities Civil Service Merit Board met on August 11, 2022. Several Merit Board members joined the meeting through remote connection between the System Office and campus facilities throughout the state (NIU’s Merit Board representative was located at the NIU Naperville campus, 1120 East Diehl Road, Naperville, IL). At the meeting, most of the Merit Board’s attention concerned two discharges unrelated to NIU. Other matters concerned public comment from a university representative concerning the need for reforms to the State Universities Civil Service Act, a report from the Human Resource Directors Advisory Committee, a report from the Employee Advisory Committee (EAC), the FY24 budget recommendation for the System, a proposal to increase the fee for hearing officers for service on discharge/demotion hearings, the dissolution of something called the “Administrative Advisory Committee,” changes to the Merit Board Bylaws concerning meetings of the Executive Committee, an update on HB 5408 (see June Merit Board Report), a review of recent activities of the System’s Governance, Risk, and Compliance Audit Program, and reports from the Executive Director and Legal Counsel. The Administrative Advisory Committee appears to have been a policy-oriented advisory body that discussed issues of concern among institutional representatives. According to the meeting book, the Committee was formed in 1968 and was reportedly very active until around 2012, when high-level administrators stopped attending, sending instead university HR Directors. The last meeting of the Committee was August 10, 2016. The System office’s recommendation to dissolve the Committee was supported by the Merit Board. The System Office has scheduled the next Merit Board meeting for November 10, 2022.

f. Northern Illinois Research Foundation

The NIRF Board of Directors did not hold their quarterly meeting in June. The next Board of Directors meeting is scheduled for September 14, 2022. A summary of that meeting will be submitted for a future NIU Board of Trustees meeting.

g. Northern Illinois University Alumni Association

Events – Football season is underway, with the home opener against Eastern Illinois on September 1st also including the launch of Mission’s Grove; a new tailgate experience put on
by the NIUAA and NIU Foundation. Mission’s Grove features food trucks, a beer and wine
tent, door prizes, a merchandise tent, appearance by the NIU Huskies Marching Band, and of
course, Mission himself. Mission’s Grove will occur at the next two home games: Sat, September 17th vs. Vanderbilt and Sat, Oct 8th vs. Toledo (Homecoming).

The NIUAA is very proud to announce a partnership with NIU’s Stem Cafés. Stem Cafés provide stem-focused lectures for broad audiences. This new, mutually-beneficial partnership offers resource support to the Stem Café program, and branding recognition to the NIUAA. The alumni association will continue to explore partnership opportunities with successful NIU programs.

**Alumni Awards** - Along with Homecoming will be this year’s NIUAA Alumni Awards, which feature seven outstanding award recipients. The full press release can be seen here: [https://www.myniu.com/article.html?aid=1955](https://www.myniu.com/article.html?aid=1955). The luncheon will take place on Fri, Oct 7th at noon at the Barsema Alumni and Visitors Center.

**Affinity Partnerships** – The NIUAA is happy to partner with two different financial services firms to provide a branded debit and credit card. The debit card is through a partnership with ICM, and features both a branded card and a round-up feature, with proceeds going to the NIU Foundation as unrestricted revenue. The credit card is through a partnership with Commerce Bank and features a branded card and cash back to the NIU Foundation. These revenue-generating partnerships are important to the Foundation as the revenues are used to support programming and operational expenses.

**Alumni Travel** – After thirty years of service, Pat Anderson, director of alumni relations and leader of the NIUAA travel program, announced her retirement at the end of this calendar year. Pat has personally executed over 100 trips for thousands of alumni and friends of NIU. There are exciting trips upcoming, including Ireland, Prague, the Christmas Markets of Bavaria, the Galapagos Islands, Holland, and an Arctic cruise.

Campaign Planning: The comprehensive campaign planning study, led by consultants Marts & Lundy, concluded, and NIUF has received recommendations to:

- Officially launch the initial campaign phase, the focus of which will be principal and lead gift identification and solicitation, on July 1, 2022 (University Goal)
- Develop a collaborative resourcing plan sufficient to implement successfully at the $500M level
- Continue refining the case for support based upon conversations with donors and prospective donors over the next year to 18 months

The Campaign was officially launched in the “leadership,” or “quiet” phase, on June 30, 2022. Counting has begun, and through the end of July, the campaign total stood at $47.3 million.

Meetings with leadership level donors are underway with the initial case for support, and throughout the course of the fall, feedback will continue to inform the case and list of university-level priorities, which should be finalized by the end of the calendar year. Of note, the Campaign case will be inclusive of the proposed and potential activities of the developing West Campus project.
BOWL GAME PARTICIPATION EXPENSES

Summary: The university is requesting that the Board of Trustees delegate to the President, or designee, approval for all necessary and proper expenses related to NIU’s participation in a post-season Bowl Game competition, including (but not limited to) the following: the Bowl agreement(s), expenses relating to ticketing, tickets, travel/transportation, lodging, rentals, insurance, dining, beverages (non-alcoholic), fees, services, broadcast rights, apparel, commodities, equipment, and supplies. Further, such approval is requested to also authorize the President, or designee, to undertake all business transactions necessary in relation to an anticipated upcoming Bowl event, reporting actions taken where required beyond customary authorizations at a subsequent meeting of the Board.

Background: For eleven of the past 14 football seasons, the NIU football team has been invited to participate in a post-season Bowl Game. Through a shared cost model, the Mid-American Conference and respective institutions participating in bowl games account for the costs (amount established each fiscal year). The university is unsure of the bowl scenario at this point in the season, but should the team qualify, there is a quick turn-around for logistics. Bringing this item to the Board in advance allows university leadership and Intercollegiate Athletics to prepare in the most efficient manner.

Funding: Institutional Funds

Recommendation: The Finance, Audit, Compliance, Facilities and Operations Committee recommends Board of Trustees Approval for the request for Bowl Game Participation Expenses.
Summary: The Early Childhood Transformation Team (ECTT) of the Education Systems Center at NIU is requesting approval of a $347,250 purchase order to vendor Illinois Network of Resource and Referral Agencies (INCCRRA). Funds will be administered by INCCRRA and used by Birth to Five Action Councils housed within INCCRRA to support the establishment of a Family Advisory Council (FAC) in each of the 39 regional Birth to Five Action Councils launched in February 2022. Funding has been secured by the ECTT as part of an external, private New Venture Fund to be paid out over FY22 through FY24.

Background: The ECTT was established at the direction of Governor J.B. Pritzker in spring of 2021 with funding from the Illinois State Board of Education (ISBE) and housed at Education Systems Center at NIU based on the long-standing collaboration between ISBE and NIU and the expertise and leadership provided through Education Systems Center in the state’s early childhood education and care system.

The first charge of the ECTT was to establish an infrastructure for regional and community systems to operationalize equity in the state’s early childhood education and care services. Birth to Five Illinois was launched in February 2022 and is housed within INCCRRA, which provides business, financial, technological, and human resources capacity for Birth to Five Illinois. INCCRRA is the state’s designated organization to host and incubate the new Birth to Five Action Councils, a network of 39 regional planning bodies focused on improving services to families with children ages 0-5. The effectiveness of these regional councils will rely on local collaborations with parents, providers and stakeholders so real-time input on current and ever-changing needs can be gathered and assessing whether existing resources can meet these needs can be done.

Work to elevate early childhood education and care across the state has been ongoing at the community level for more than 15 years. Significant funding to support the Birth to Five infrastructure and specifically the participation of parents, families and local early childhood collaborations is a large component of the funding awarded to the ECTT by the New Venture Fund (NVF).

There are two primary components of funding dedicated to INCCRRA in support of the Birth to Five Action Council infrastructure:

- **Family Advisory Councils:** As awarded, INCCRRA will receive $147,250 to establish and support Family Advisory Councils as a mechanism to engage families in Regional Planning Councils, including stipends and meals.

- **Mini Grants:** A total of $200,000 of the larger $1 million three-year NVF award is ‘mini-grants’ to support existing local collaborations, as well as establish new ones where none currently exist.

Funding: Institutional Funds - $347,250

Note: Funding has been secured by the ECTT as part of an external, private New Venture Fund to be paid out over FY22 through FY24.
**Recommendation:** The Finance, Audit, Compliance, Facilities and Operations Committee recommends Board of Trustees approval of the request for Education Systems Center Early Childhood Transformation Team.
EDUCATION SYSTEMS CENTER CHICAGO-BASED LEASE EXTENSION

Summary: The Board of Trustees has previously granted approval for the Education Systems Center (EdSystems), part of the Division of Outreach, Engagement and Regional Development, to occupy leased space with Madison RE, LLC, in downtown Chicago. Prior lease authority was $620,000 for the period of August, 2016 through December, 2022. EdSystems is requesting to extend its lease to July 31, 2025, for an additional $220,000 maximum. Total lease authority would be increased to $840,000 to cover rent, utilities, and costs associated with the leased space as outlined in the agreement.

Background: EdSystems has created a very strong and successful presence in Chicago. The department operates completely on the revenues that it generates (local, foundation and grant funding). The department pays for all telephone systems, IT systems and support, office furniture and the rent requested herein. In FY22, EdSystems generated over $2.25M in revenue with $1.55M in expenses, plus another $350,000 in grants.

Prior to the expiration of this extension, EdSystems will conduct a market review and space needs assessment to determine if the current location remains the best fit for the program or if relocation would be advantageous.

Funding: Institutional Funds - Total lease authority $840,000

Recommendation: The Finance, Audit, Compliance, Facilities and Operations Committee recommends Board of Trustee approval of the request for Education Systems Center Chicago-Based Lease Extension.

May 31, 2022 JP
DEAN OF THE COLLEGE OF ENGINEERING AND ENGINEERING TECHNOLOGY AND CHAIR, SCHOOL OF NURSING SEARCH UPDATE

At the December 10, 2020, Board meeting, the Board authorized the President to select executive search firms for the appointment of executive level positions. It was further recommended that the President periodically report back to the Board regarding selection and status of such searches. Further, provisions of Public Act 97-0814 and the Northern Illinois University policy on the use of external search firms approved by the Board of Trustees on May 23, 2013, allow the use of an external search firm for senior level positions when needed.

Dean Donald R. Peterson, Dean of the College of Engineering and Engineering Technology, will be finishing the last year of his appointment in this position. Dr. Susan Caplan resigned as Chair of the School of Nursing effective August 1, 2022. The Office of the Executive Vice President and Provost will be utilizing an executive search firm for each position per the approval of the Board of Trustees as noted. Due to the critical roles and functions that these positions fulfill at the university, there is a justifiable need to use search firms for such positions, per paragraph (2) of the university’s policy. The executive search firm will enable NIU to recruit a diverse and experienced pool of candidates. In cases where the Illinois Procurement Higher Education Consortium list has prequalified firms with the appropriate expertise, the list will be used to select the firm. In some cases, there may be additional expertise needed and an RFP for services may be done through the Procurement Office, following the appropriate process and procedure.
NORTHERN ILLINOIS UNIVERSITY POLICY
ON THE USE OF EXTERNAL HIRING SEARCH FIRMS

Pursuant to the Northern Illinois University Law, as amended by Illinois Public Act 97-814, it is the policy of Northern Illinois University that charges for the services of an external hiring search firm may not be paid from any source of university funds, except:

(1) In the hiring of the President of the University, or
(2) In the case of when the Board of Trustees and the President demonstrate a justifiable need for guidance from an individual or firm with specific expertise in the field of hiring.

In furtherance of this authority, the President may implement this policy through the development of further guidelines and procedures for determining when the use of an external hiring search firm is justified. The Board and/or the President may delegate their respective responsibilities under this policy to appropriate university officials as deemed necessary.

Any NIU hiring department or entity that wishes to utilize the services of an external hiring search firm must make a request to the Office of the President for appropriate review under this policy before engaging the services of such search firm. In determining whether a request qualifies for the justified use of an external hiring search firm, the President will consider the following applicable criteria:

- The nature and scope of the position being filled (e.g., senior level versus non-senior level);
- The nature and scope of the search (e.g., nationwide versus local or regional);
- The university’s goals and priorities surrounding the search;
- The availability of personnel, monetary resources and other university resources to dedicate to the search;
- An external search firm’s ability to help recruit and screen candidates;
- An external search firm’s ability to enhance the quality of a candidate pool;
- An external search firm’s ability to help conduct and coordinate the logistics of a search;
- The expertise/specialization of an external search firm in conducting searches
- An external search firm’s ability to bring fresh and new perspectives from outside of the university.

Northern Illinois University understands that the determination of whether a search is justified in using the services of an external hiring search firm depends upon the unique circumstances of the search being conducted. The President is not prohibited from considering other factors that may be deemed relevant and important for a search.

Upon completing a review, the President will determine whether justifiable need exists for the selection of an external hiring search firm and shall make a recommendation to the Board of Trustees for final action on the matter at any regular or special meeting of the full Board of Trustees. In its consideration of the matter, the Board will consider the above-referenced applicable criteria, as well as any other factors that may be deemed relevant and important. The Board’s decision will be final.
2021-2022 FACULTY EMERITUS RECOGNITION

Universities have a long tradition of granting emeritus status to faculty who retire in good standing. Northern Illinois University has created a regular process for the identification of retirees for whom the emeritus designation is appropriate. A list of ranked faculty who have announced or finalized retirements during the fiscal year is prepared annually by Human Resource Services and reviewed by the Executive Vice President and Provost for presentation to the Board of Trustees. This list includes retirees whose date of retirement falls in the period 7/2/2021 – 7/1/2022. Faculty granted emeritus status after 7/1/2022 will be recognized in August 2023. The University hereby informs the Board of Trustees of the retired faculty members designated as emeritus for FY23.

The faculty being granted emeritus status, with their departments, ranks, any special status, and dates of retirement are as follows:

NIU Professor Emeritus Status

- Emeritus faculty members are an important asset to NIU, and they contribute in many ways to NIU and the community after retirement.
- When the need arises, emeritus faculty teach, pursue research and sponsored project opportunities, serve on graduate committees, serve temporarily in key administrative positions when necessary, and continue to serve NIU in many ways.
- NIU is one of few state universities where the emeritus status granting process is simple and straightforward. Retired faculty members do not have to fill out any special paperwork and their departments do not have to review any nominations or approve the emeritus status. There is no fee for obtaining the emeritus status either.

**Policy**

The Policy Library states:

“The designation of emeritus status is granted by the University and Board of Trustees to tenured, ranked faculty members who retire from the university in good standing.

A retiring tenured, ranked faculty member is in good standing provided:

a) Any financial obligations to the university have been settled;

b) No termination proceeding has been initiated against the faculty member and remains pending at the time of retirement; and,

c) The faculty member has not been discharged for cause.”

In exceptional cases, Emeritus Status may be granted to other faculty members based on merit and a recommendation to the president.

Faculty who are granted Emeritus Status will retain their professional rank and title at the time of retirement followed by the designation “Emeritus” or “Emerita”. Faculty titles are "Assistant Professor," "Associate Professor," "Professor," "Presidential Engagement Professor," "Presidential Research Professor," "Presidential Teaching Professor," "Distinguished Engagement Professor," "Distinguished Research Professor," and "Distinguished Teaching Professor.”

**Process**

The Policy Library states:

- A list of names of the tenured, ranked faculty who have retired during the fiscal year and the names of those tenured, ranked faculty who plan to retire before the beginning of the next academic year will be prepared by the Office of Human Resource Services each year prior to May 15 and forwarded to the provost.
- The list will consist of all tenured, ranked faculty who have signed formal retirement agreements or filed State Universities Retirement System (SURS) applications through Human Resource Services prior to May 15 of a given year.
- The provost will review the list to determine the standing of the faculty for Emeritus Status. Those tenured, ranked faculty who are in good standing will be recommended to the president who, in turn, will submit the list of faculty as an information item to the Board of Trustees at its next regularly scheduled meeting.
• Once a tenured, ranked faculty member’s name is presented to the Board of Trustees for Emeritus Status, the retired faculty member may officially use the Emeritus designation. The Provost Office sends them a confirmation letter.

Recognition

• Emeritus faculty members are recognized by the President, Provost and Presidents of the shared governance bodies for their service and contributions along with all retired employees at the annual recognition reception organized by the annuitants association and HRS.

• Faculty Senate acknowledges emeritus faculty in its newsletter to all faculty.

Benefits

Below are some of the benefits to faculty that are named “Emeritus” or “Emerita.”

1. Keep their professorial rank in retirement.

2. Continue to have free access to NIU Libraries.

3. Receive research support services and access to research software and databases when pursuing research and scholarly activities through NIU.

4. Teach or serve in interim administrative roles as needs arise.

5. Serve on graduate theses and dissertation committees as needed.

6. Continue to have access to NIU email as allowed by email policies and license agreement.

7. Eligible to take courses at NIU similar to current employees.

8. Receive dependents’ tuition benefits at NIU similar to current employees.

9. Get discounted parking permit (currently $10/year) for parking on NIU campus.

10. Eligible for office space for teaching and research/artistry as allocated by their departments.

11. Participate in recruitment and other events representing their departments and colleges.

12. Represent NIU’s retirees in SUAA and other state-level bodies.

The most significant benefit that cannot be measured is the title that shows the faculty member has finished his or her distinguished career in a good standing and continues to hold the professorial rank at the institution and contribute to the university and their disciplines.

NICCS Update

On July 7, 2022, Governor Pritzker’s office notified NIU that the Capitol Development Board had approved including NICCS in their monthly bulletin of projects seeking requests for proposals (RFP). The RFP signals the first step in project construction, and a proposal could be selected as early as October 2022.

Legislative Audit Commission

On April 27, 2022, President Freeman testified before the Legislative Audit Commission. All universities, at one point, must go before the commission to review repeat audit findings. The conversation with the commission spurred the development of justification for legislative relief around certain repeat audit areas. As a result, the following four repeat audit findings were submitted to the Legislative Audit Commission staff for legislative relief.

- Failure to follow time reporting requirements
- Noncompliance with the University Guidelines on Excess Funds - Eliminate the requirement to remit excess funds to the income fund.
- Noncompliance with the University Guidelines on subsidies - Eliminate the requirement to have accounting entities within local funds.
- Inadequate internal controls over contracts.

Legislative action to modify these, and possibly other audit items may be drafted in spring 2023.

**Commission on Equitable Public University Funding**

Pursuant to Public Act 102-0570, the Commission was created to recommend at a minimum “specific data-driven criteria and approaches to the General Assembly to adequately, equitably, and stably fund public universities in this State and to evaluate existing funding methods.”

Its work is aligned with the state’s new higher education strategic plan, A Thriving Illinois: Higher Education Paths to Equity, Sustainability, and Growth, which outlines the need to invest in higher education in a way that is equitable, stable and sufficient, creating a set of core principles that will be the foundation of any new funding approach. (IBHE, 2022)

By July 1, 2023, the Commission must evaluate the existing funding methods and provide recommendations for specific, data-driven criteria and approaches to adequately, equitably, and stably fund the Illinois public universities.

The Commission has met four times and has established three workgroups: adequacy, resource, and technical modeling. The workgroups will inform the analytical, data, and technical modeling of the Commission’s work.

President Freeman serves on the Commission alongside the other Illinois public university presidents, and she serves on the adequacy workgroup. The charge for the adequacy workgroup is, “evaluating and understanding various issues and concepts of adequacy in postsecondary finance. The workgroup will support the Commission’s work in identifying the components that comprise an adequate and equitable finance structure for universities in context of the legislative charge and definitional concepts developed by the Commission.”

Along with President Freeman, NIU is represented on the Commission by faculty member Simón Weffer.
SPONSORED PROGRAM ADMINISTRATION QUARTERLY REPORT

This report presents sponsored funding information for FY22. Faculty and staff continue to be successful in securing external funding and SPA congratulates them on their achievements. Excluding COVID-19 relief funds, NIU’s sponsored funding portfolio continues to grow. Both the number of sponsored awards and amount of funding are up compared to FY21. Awards are up by 7% (n=367) and total funding by 11% (Figure 1). Including COVID-19 relief funds, total sponsored funding for FY22 is $48.6M (Table 1). Total sponsored funding includes $12.2M for Research, $10.5M for Instruction, and $25.8M for Other Sponsored Activities.

* Relief Funding includes HEERF I, II, III (CARES, CRRSAA, ARP, and SIP) Institutional Funds, GEER and other programs specifically targeting COVID recovery efforts.
Top research funders for FY22 include the National Science Foundation (NSF), Illinois Manufacturing Excellence Center, Argonne National Laboratory, Fermi National Accelerator Laboratory, and National Institutes of Health (NIH). Together, these funders provided more than half of all research funding this year (Figure 2). The NSF continues to be the largest funder of NIU research. This year, NIU faculty competed and secured fifteen new NSF awards totaling $2.9M and obtained continuation funding for six existing awards for $730K. NSF support this year was predominantly in the life and physical sciences for faculty in the departments of Biology and Biological Sciences, Chemistry and Biochemistry, Computer Science, Earth, Atmosphere and Environment, Mathematical Sciences, and Physics. Notably, this year’s NSF awards include funding from two prestigious programs. In Biology and Biological Sciences, funding from the agency’s Graduate Research Fellowship Program is providing tuition and research support to enable training and degree completion for a graduate student. In Chemistry and Biochemistry, faculty secured $341K for research instrumentation through the agency’s Major Research Instrumentation (MRI) program to acquire a new high-field Nuclear Magnetic Resonance spectrometer (NMR).
Agencies providing the most support for Instructional programs were the Illinois Board of Higher Education (IBHE) (33%), Illinois Department of Human Services (IDHS) (12%), and Office of Special Education and Rehabilitative Services/Department of Education (USED) (6%) (Figure 3). The funding composition in this category shifted significantly from FY21. Last year, USED and the Illinois State Board of Education (ISBE) provided over a quarter of the funding in this category (16% and 12%, respectively). This year, $3.4M in funding from the IBHE secured through the College of Education for the Illinois Tutoring Initiative made the agency the largest funder. IDHS funded two new programs this year to faculty in the College of Health and Human Sciences/School of Interdisciplinary Health Professions to train individuals with a lived experience of mental illness and/or substance abuse disorders to become certified mental health professionals. Other funding in this category is comprised of experiential learning projects, MBA contract courses and various internship and other graduate student training placements.

Figure 3

Note: Other category includes agencies contributing 1%-3% of the total. Cumulative information (Q1-Q4) representing the originating fund source.
Major contributors to Other Sponsored Activities were the Illinois Department of Children and Family Services (DCFS) (40%), the Illinois State Board of Education (ISBE) (29%), and the Office of Postsecondary Education/Department of Education (USED) (15%) (Figure 4). This year, NIU received $10M from DCFS to carry out various important family service programs in coordination with the agency. A new agreement this year authorized $660k in funding to stand up the Northern Illinois Simulation and Learning Center within the College of Health and Human Sciences. Funding from ISBE for this category was entirely concentrated in the Division of Outreach, Engagement and Regional Development, namely for programs in the P-20 Center, Illinois Interactive Report Card, and Education Systems Center. Funds from USED provided critical support ($564K) to NIU’s Precollegiate-Upward Bound program to identify, select, and serve 120 low-income, potential first-generation high school students who lack adequate preparation for higher education and who may need additional academic supports.

Table 2 shows increases and decreases of awards secured by colleges and other university units for the different sponsored activities comparing FY22 relative to FY21. The College of Education, College of Health and Human Sciences, and the Division of Outreach, Engagement, and Regional Development had an increase in the awarded amounts when including COVID-19 funding.

FISCAL YEAR 2021 AUDIT AND FINANCIAL RESULTS

Financial Audit Results for the Year Ended June 30, 2021
The university’s financial statement audit for the year ended June 30, 2021 was completed and released by the Office of the Auditor General on Wednesday, May 18, 2022. The university received an unmodified audit opinion, which is the best possible outcome. Financial audit fieldwork was substantially complete as of December 2021. However, the release of the FY21 financial audit was significantly delayed due to statewide census data testing procedures related to the State University Retirement System (SURS) and other post-employment benefit (OPEB) plans. As a result of this testing, all public universities in Illinois received a repeat audit finding related to internal controls over SURS and Central Management Services (CMS) census data. This finding is noted in the auditor’s report on internal control over financial reporting and on compliance and other matters performed in accordance with Government Auditing Standards for the fiscal year ended June 30, 2021. No other findings were noted in this report.

Financial Results for the Year Ended June 30, 2021
The university’s net position decreased from $129.8M in FY20 to $120.8M in FY21, a decrease of $9M.

The university’s working capital, a measure of the university’s ability to meet its short-term obligations, decreased from $19.9M in FY20 to $7.4M in FY21. The resulting working capital ratio decreased from 1.32 in FY20 to 1.12 in FY21. The decrease in working capital and the working capital ratio is primarily due to a decrease in cash and investments as a result of the impacts of COVID-19. The university’s FY21 working capital ratio of 1.12 fell just below the target working capital ratio range of 1.20 to 2.00. The university’s FY22 working capital is expected to fall within the target range as a result of the infusion of cash from federal relief aid and a 5% supplemental state appropriation, coupled with campus efforts to reduce and delay spending to focus on mission-critical work during the fiscal year.

The university’s long-term debt payable decreased from $337.2M in FY20 to $328M in FY21, a decrease of $9.2M. The decrease of $9.2M is due to repayment of principal in FY21 on the refinanced revenue bonds and other long-term debt.

Compliance Examination Results for the Year Ended June 30, 2021
The university’s compliance examination for the year ended June 30, 2021 was completed and released by the Office of the Auditor General on Wednesday, June 29, 2022. The university received an unmodified opinion on its Report on State Compliance, on Internal Control Over Compliance, and on Supplementary Information for State Compliance Purposes. Additionally, the university received an unmodified opinion on its Report on Compliance for Each Major Federal Program, Report on Internal Control Over Compliance, and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance.

The Summary of Findings reported a total of 18 findings for the year ended June 30, 2021 compared to 16 findings for the year ended June 30, 2020. Audit findings are reported and classified into two categories as either a material weakness or significant deficiency. A material weakness is the most severe type of audit finding. A significant deficiency is less severe than a material weakness, yet still considered important enough to merit attention in the report.
Of the 18 findings in the current year, one was classified as a material weakness and the remaining 17 were classified as significant deficiencies. Two of the prior year findings were implemented and not repeated in the current year report. Summary information in support of the 18 findings, as defined by the auditors are included in the following item, Fiscal Year 2021 External Audit Corrective Action Plans Update, Agenda Item 7.b.
FISCAL YEAR 2021 EXTERNAL AUDIT CORRECTIVE ACTION PLANS UPDATE

As a result of FY21 audit findings, the university developed formal corrective action plans intended to strengthen internal controls and address each audit recommendation as described in the FY21 Examination. There were 18 total material audit findings, of which 14 were repeated from the prior year. The total number of findings increased by two compared to the prior year. The average number of findings received for all nine Illinois public institutions was 14. The University’s FY21 compliance report contains a full description of each audit finding’s condition, associated risk, auditor recommendation, and management response. The FY21 compliance report can be found at [http://www.auditor.illinois.gov/Audit-Reports/Compliance-Agency-List/NIU/FY21-NIU-Comp-Full.pdf](http://www.auditor.illinois.gov/Audit-Reports/Compliance-Agency-List/NIU/FY21-NIU-Comp-Full.pdf).

Management has engaged Internal Audit to test the status of corrective action plans, which plays a critical role in tracking progress to date. Testing for FY21 corrective action plans could not be completed prior to this report due to the late release of the FY21 Financial and Compliance Audit reports. However, management has identified those corrective action plans that will be prioritized during this fiscal year for full implementation and will be tested by Internal Audit, as follows:

1. Inadequate Internal Controls over Census Data
2. Inadequate Controls over Employee Terminations
3. Inadequate Controls of Property and Equipment
4. Lack of Annual Employee Trainings
5. Inadequate Controls over Procurement Card Use

Responsible Officers have provided status updates on corrective action steps taken during FY22 to address material audit findings. This information helped inform the status update provided here. As noted in the chart below, corrective action plans have been fully implemented, partially implemented where significant progress has been made towards full implementation, or not implemented where corrective action has not begun. This status update on corrective actions is current as of July 2022.

The FY21 audit findings have been categorized into three primary categories based on common factors:

1. **Review and update policies and procedures:** In several instances, the corrective action to correct the condition requires improved alignment between university policies, practices, workflow, and institutional deadlines in order to support successful corrective action. For these findings, the university will review and update policies and procedures that need to be transformed, simplified, or eliminated to implement appropriate corrective action.

2. **Campus-wide administrative efficiency:** Compliance is being enhanced through actions associated with our campus-wide initiative to automate manual processes and leverage electronic solutions to reduce processing time and data entry errors. These efforts will also help advance the mission and operation of the university, provide a positive impact to students, faculty and staff, and make the best use of university resources.

3. **Legislative Relief:** There are three audit findings where the university seeks legislative change as the corrective action to the audit finding. The University believes the
requirements are not practical. NIU is leading efforts with the other Illinois public institutions to provide a set of recommendations to the Legislative Audit Commission to remove requirements that do not serve the public or common good.

Barriers that limit full implementation include navigating impacts of the global pandemic, limited financial and staff resources, staff turnover during the Great Resignation, increased workloads, limited information technology functionality, and competing priorities. In addition, the FY21 compliance examination report was not final until June 14, 2022, which reduces the amount of lead time available to implement all corrective actions by June 30, 2022.

The university is committed to instituting corrective actions and continuous improvement that will affect positive change, increase accountability, and foster good stewardship over
university resources. The Ethics and Compliance Office assists the university campus in a proactive manner to ensure its activities comply with the laws, regulations, and policies that govern the university and adhere to the highest legal, professional, and ethical standards.

**Prior Year Findings Not Repeated**

**Finding 2020-003 - Inadequate Controls over Awarding of Direct Loans**

**Auditor Comments**: During the current year single audit, we noted the University strengthened its controls over the re-evaluation of student financial need. Similar exceptions were not noted during our current year sample testing.

**Finding 2020-016 – Weaknesses in Cybersecurity Programs and Practices**

**Auditor Comments**: During the current year examination, we noted the University improved controls related to cybersecurity programs and practices. Similar exceptions were not noted during our current year testing.
ANNUAL REPORT OF CASH AND INVESTMENTS
FOR PERIOD ENDING JUNE 30, 2022

In accordance with the University’s Investment and Cash Management policy, this report on cash and investments is submitted at the end of each calendar quarter to the Board of Trustees. This report is required by Board of Trustees Regulations (Section V, Subsection D). The following schedules are included:

- Report of Depositories as of June 30, 2022
- Cash and Investment Holdings Summary as of June 30, 2022
- Investment Earnings for the quarter ended June 30, 2022

The Investment Committee is responsible for monitoring compliance with the university’s Investment and Cash Management Policy. The investment goals, as stated in the policy, are to insure the preservation of principal and maintain compliance with applicable state laws, rules, regulations, debt covenants and Board of Trustees Regulations while meeting cash flow needs and earning a yield acceptable to conservative investment managers.

The Report of Depositories is submitted annually, along with the university’s Investment and Cash Management Policy. The depository summarizes deposits and withdrawals in each bank account during the fiscal year. The ending balances reflect bank statement amounts and may differ from university financial records due to reconciling items. The Report of Depositories does not include the fixed income investment portfolio that contains $40M in Agency and Treasury notes.

The Cash and Investment Holdings Summary at June 30, 2022 shows NIU’s total holdings at just over $142M. Of the total holdings’ balance approximately $90M is available for daily operations providing roughly 90 days cash on hand. The remaining balance is restricted per collateralization requirements and contractual obligations. The total holdings balance is up $6M from the balance at June 30, 2021. This increase is primarily a result of continued receipt of additional pandemic-related Federal relief funding.

The Investment Earnings report shows income of $274K and an overall annualized rate of return of 0.71% for the fourth quarter. This represents an increase in interest earned of approximately $247K when compared to the same quarter of FY21. The increase in interest earned is primarily due to increasing market investment yields. Operating funds are primarily invested in interest-bearing savings accounts, money markets, and fixed-income securities to balance liquidity needs with investment earnings.

Indicators of economic activity strengthened this quarter after a slight decline in the first quarter. Employment numbers have been robust in recent months, with low unemployment rates. Inflation, however, remains elevated, well above the 2% goal set by the Federal Open Market Committee. The Federal Open Market Committee decided to raise the target range for the federal funds interest rate by three quarters of a percentage point at its July meeting, which puts the rate at a range of 2.25% to 2.5%. Management is continuously monitoring market changes that will affect the university’s cash management and investment goals. Management is committed to the fiscal sustainability of NIU and is reviewing all available options for strengthening the university’s cash position.

14. **State Universities Retirement System (SURS)** shall mean the retirement system established by Article 15 of the Illinois Pension Code (40 ILCS 5/15-101 et seq.), or its successor.

Article 1
RECOGNITION

Northern Illinois University, pursuant to authority vested in it by the Board of Trustees, shall be considered the Employer. The University, as Employer, shall recognize the University Professionals of Illinois (UPI), Local #4100, as the exclusive bargaining representative for all persons in the bargaining unit. As defined in the Illinois Education Labor Relations Board certification, the bargaining unit:

Includes: All full-time faculty members in the ranks of Faculty Assistants, Instructors, and Lecturers who currently hold temporary appointments of 50% or more of a normal faculty appointment, including employees who devote 50% or more of their working time to non-instructional duties at Northern Illinois University.

Excludes: Retirees who have been rehired as temporary faculty, faculty who are employed exclusively at off-campus sites, faculty employed at the College of Law, faculty who are employed for less than two calendar quarters, faculty who have been offered regular continuing appointments conditioned on their obtaining a necessary visa or on completion of their work for a degree, persons employed part-time but who are full-time graduate students (nine credit hours or more per semester), employees whose salaries, benefits and other working conditions are specified in governmental grants, all other statutorily excluded persons (supervisors, managerial, confidential and short-term employees, students, and any others excluded by statute).

Nothing contained in this Agreement shall be construed to prevent the Board or the University, or their members, officials, agents, or representatives from meeting with any individual or organization to discuss any matter. The specific and express terms of this Agreement, however, shall not be changed as a result of any such meeting except by mutual agreement of the Board and the Union.
Article 2
CONSULTATION/LABOR MANAGEMENT MEETING

2.1 Both parties recognize the importance of continued discussions on topics pertinent to the administration of this Agreement or any other mutually agreeable matters. Such dialogue is consistent with the intent of establishing a harmonious working relationship that should serve to facilitate the achievement of common objectives, promote high standards of academic excellence, and support an environment conducive to the effective delivery of a high quality education.

2.2 Consultation is a process by which each party is afforded an opportunity to professionally present ideas, create possible solutions, and express opinions on mutually selected topics. Such process carries with it no authority to alter or ignore the terms of this Agreement and shall not constitute or be used for the purposes of negotiation or discussion of grievances.

2.3 During the term of this Agreement, if either party requests a meeting, the two parties shall meet at a mutually agreeable time. When practical, the parties shall agree, in advance, to an agenda for the meeting, and provide the number of its participants to the other party. The Employer shall inform the Union if it plans to have participants at a meeting who are not employees of Northern Illinois University. The Union shall inform the Employer if it plans to have participants at a meeting who are not bargaining unit members. In addition, if the union plans to have an attorney participate in a meeting, it shall inform the Employer.
Article 3
EMPLOYMENT

3.1 Appointment Letters

Prior to employment at the beginning of the University's academic year/term, each bargaining unit member shall receive an individual appointment letter. The appointment letter shall indicate the following:

a. the type and period of appointment, including the beginning date and ending date;
b. the basic monthly salary of the employee for the term of the appointment;
c. the bargaining unit member’s title;
d. that the bargaining unit member’s appointment is subject to the availability of funds, to the laws of the State of Illinois, and the Policies and Regulations of the Board of Trustees and the University, including the terms of any applicable Collective Bargaining Agreement.

Any modification in the bargaining unit member’s terms of appointment will be reflected in a revised letter that will be issued to the employee.

3.2 Bargaining Unit Member Appointments

a. All appointments of bargaining unit members shall be contingent upon program need, funding availability, and professional qualifications. All decisions relevant to program need, funding availability, and professional qualifications will be made by Department Chairs. Decisions regarding the qualifications of current bargaining unit members who seek consideration for possible new assignments shall be made in consultation with the affected bargaining unit member.

b. If a bargaining unit member has previously taught a course and has received an evaluation of satisfactory or above, or if they received an evaluation of needs improvement and successfully completed a remediation plan, they are qualified to teach that course unless a department or program substantially changes course content.

c. If a department or program substantially changes the content of the course, the department or program shall notify bargaining unit members who have previously taught that course of the change. The bargaining unit member and the department chair/director/supervisor shall confer (email is acceptable) regarding the qualifications to teach a newly designed course(s). The department chair/director/supervisor shall notify the bargaining unit member regarding the determination of the bargaining unit member’s qualifications to teach the course. If the department chair/director/supervisor determines that the bargaining unit member is not qualified to teach a course in which the content has changed substantially, the bargaining unit member has the right to a meeting with the department chair/director/supervisor to discuss the decision. When possible, the department chair/director/supervisor shall meet with the bargaining unit member who has requested
this meeting within ten (10) days. Regardless, the department chair/director/supervisor shall not unduly delay this meeting with the bargaining unit member.

d. In determining qualifications to teach specific courses or perform other instructional duties that they have not previously taught or performed at NIU, chairs shall give highest priority consideration to whether a bargaining unit member (i) possesses a graduate degree in the specialty area to be taught, or in the work to be performed if a graduate degree is relevant to that work or (ii) possesses an appropriate professional credential. Chairs shall also consider the experience of a bargaining unit member who has taught similar courses or carried out similar duties at NIU; bargaining unit members must provide some evidence that they have done so successfully. This evidence can include, but is not limited to, student evaluations of their teaching or written comments from the supervisors about their performance of duties.

e. If bargaining unit members want to be considered qualified to teach up to three (3) additional course(s), they may communicate that in the Annual Service Report (ASR) after the execution of this agreement and once a year in subsequent ASRs. The supervisor shall communicate the decision on qualifications to teach additional course(s) in the annual evaluation of the bargaining unit member by March 15. The bargaining unit member has the right to meet with the supervisor about a negative decision on qualifications by April 15. When possible, the supervisor shall honor a request for such a meeting within ten (10) days. Regardless, the supervisor shall not unduly delay this meeting with the bargaining unit member. The supervisor’s decision on qualifications is final.

f. If no member of the bargaining unit has the qualifications to fill a position required by program need, a Department Chair may offer an appointment to a non- bargaining unit member.

g. Appointment Tie-Breaker- If one or more assignments cannot be distributed equally among the affected bargaining unit members, lots will be drawn to determine which bargaining unit member(s) will receive the extra assignments. In the case of identical qualifications to teach an available course and identical seniority, lots will be drawn to determine which bargaining unit member will receive the assignment.

h. Any bargaining unit member who receives an annual evaluation of “unacceptable” shall not be eligible for reappointment. All evaluations of “needs improvement” shall require a Remediation Plan in accordance with Article 7.9.

i. In most instances bargaining unit members offered appointments at the beginning of the fall semester will be issued contracts at 50% FTE or more of not less than nine (9) months’ duration. Nine-month contracts may contain a contingency clause as may be appropriate based on program need and/or presumption of re-hire status. Contracts of a shorter duration (less than 4.5 months which are converted to 9 months) may be utilized to address instances in which a department offer courses that by design are for shorter periods due to program needs.
j. Determinations related to "program need" with respect to the exercise of the contingency clause shall be made by the respective Department Chair.

k. Upon request, a bargaining unit member may have a written, signed notice of contract termination that includes the NIU logo and title of the person signing the notice, which may be sent via NIU email.

3.3 Declaration of Interest/Presumption of Rehire

Upon placement on the primary roster bargaining unit members become eligible for presumption of re-hire status provided they remain at a minimum of 50% FTE.

Exceptions to the presumption of rehire status are:

a. A bargaining unit member who receives an evaluation of “unacceptable”.

b. A bargaining unit member who receives an evaluation of “needs improvement” and has not successfully completed remediation plan.

c. A bargaining unit member who engages in conduct specified in Article 8 that allows the Employer to terminate the employment of the bargaining unit member.

d. Academic Year. As it may become necessary due to program need and/or availability of funding, the Employer may notify the bargaining unit member with presumption of rehire status that they will not be offered an appointment of at least 50% FTE for the next academic year. In such cases the Employer will provide a lump sum to the bargaining unit member according to the following schedule:

- Notification after May 15th - $1,000.00
- Notification after July 15th – 50% of the pay that the bargaining unit member received the previous academic year

e. Fall to Spring. As it may become necessary due to program need and/or availability of funding, the Employer may notify the bargaining unit member with presumption of re-hire status no later than December 15th of each year that they will not be offered an appointment of at least 50% FTE for the Spring term. In such cases the Employer will provide a lump sum payment of $500.00 to the bargaining unit member provided they are not appointed for the Spring term.

f. By December 1 of each academic year, bargaining unit members with presumption of re-hire status shall notify in writing to the chair of the department in which they hold their appointment if they do not wish to be considered during the subsequent academic year for any available appointment for which they are qualified.
g. By December 1 of each academic year, bargaining unit members on the secondary or employment pool rosters shall notify in writing the chair of the department in which they hold their appointment if they wish to be considered for the subsequent academic year for any available appointment for which they are qualified.

h. Department chairs will attempt to keep bargaining unit members apprised of their tentative course schedules throughout the scheduling process and will attempt to make offers of appointment by July 15 or as soon as practicable.

3.4 Academic Year Appointments

a. **Roster Placement.** For purposes of making appointments all bargaining unit members shall be placed on one of the hiring rosters in accordance with the requirements for roster placement as follows:

1. **Primary Roster – Requirements:**
   
   A minimum of five (5) years of bargaining unit service with an evaluation rating of (4) highly satisfactory or above in each of the last three (3) years.

   After placement on the primary roster, a bargaining unit member who receives evaluations of satisfactory (3) or above remains on the primary roster subject to provisions of Article 3.3.b. under which the University may terminate a bargaining unit member under the provision of Article 8. Should a bargaining unit member receive an evaluation of needs improvement (2), they will be placed on the secondary roster. The bargaining unit member must successfully complete a remediation plan in accordance with Article 7.9 and earn a highly satisfactory (4) in a subsequent year in order to regain placement on the primary roster.

2. **Secondary Roster – Requirements:**
   
   A minimum of three (3) years of bargaining unit service with an evaluation rating of satisfactory (3) or above each year.

3. **Employment Pool Roster – Requirements:**
   
   Completion of the first-year annual evaluation with an evaluation of satisfactory (3) or above after 2-3 semesters of bargaining unit service with effective performance each semester in instructional and non-instructional duties.

b. Within each of the identified rosters above, bargaining unit employees with the highest overall evaluation scores shall be hired first subject to conditions of section 3.2 of this article. In case of a tie(s) the bargaining unit employee with the greatest in-department seniority shall be hired first. For each academic year, evaluation scores comprising the evaluation mix shall be derived from the three academic years immediately preceding the academic year in question (two in the case of a bargaining unit member first entering the secondary roster). In cases where a break
in service has occurred, the three most recent evaluation scores shall be considered to comprise the evaluation mix.

c. Probationary Status. Until the bargaining unit member has had an initial annual evaluation, the bargaining unit member will be in a probationary status and evaluated through classroom observation(s) and other available evaluation materials. The Employer may determine at any time during this initial probationary period that additional appointment(s) will not be offered with notification to the bargaining unit member and union. There shall be no appeal to this determination.

d. Should any bargaining unit member not continue to meet the established criteria for inclusion on the primary roster, the secondary roster, or the employment pool the bargaining unit member shall be moved to the appropriate roster or pool for which they are qualified.

e. Use of Rosters and Pool

1. Subject to program need and qualifications, the bargaining unit members shall be appointed from the rosters on a full-time basis (unless otherwise specified by the bargaining unit member) before proceeding to the next qualified bargaining unit member in the order on the roster in accordance with the following:

i. The Employer shall appoint bargaining unit members who are on the primary roster and are qualified to teach courses as ranked on the roster.

ii. Following the appointments above, the Employer shall appoint bargaining unit members who are on the secondary roster and are qualified to teach courses as ranked on the roster. Notification of such rehiring status shall be made no later than June 1 of each year.

iii. Following the appointments above, the Employer shall appoint bargaining unit members who are in the employment pool and are qualified to teach courses as ranked on the roster. Notification of such rehiring status shall be made as soon as practicable.

2. Years of service are determined on the basis of the number of in-department academic years of service within the bargaining unit that will have been completed prior to the start of the next academic year. Rosters are compiled in late spring to govern rehiring decisions for the following academic year.
3. All offers of appointment shall be conveyed in writing by the employer to the bargaining unit member’s NIU email. Bargaining unit members are required to provide an alternate email address should they enter a break in service. Bargaining unit members shall have ten (10) days from the date of the appointment letter to respond unless the offer is made less than twenty (20) days prior to the start date of the semester. Offers made less than twenty (20) days prior to the start of the semester will contain a specific deadline date for response.

4. If a bargaining unit member fails to respond to an offer in the required time, the employer may offer the position to the bargaining unit member next in line for the position. The Employer may, at its sole discretion, extend the response deadline to any bargaining unit member.

3.5 Breaks in Service – Credit for Prior Service

a. A break in service occurs when a bargaining unit member’s continuous employment is interrupted by a period during which the bargaining unit member is not employed as a bargaining unit member (excluding Summer) because the employer does not offer the bargaining unit member an appointment. A bargaining unit member who declines an appointment is not eligible for a break in service.

b. Transfers out of the Bargaining Unit that maintain employment at the University are not considered breaks in service and are governed by Article 9 (Transfer).

c. For purposes of determining years of service, any break in service of four (4) consecutive semesters (excluding Summer) or less shall be ignored, with applicable prior service and seniority maintained as if no break had occurred. When a break in service is more than four (4) consecutive semesters (excluding Summer) a new period of employment begins, with no credit allowed for prior service or seniority.

d. Bargaining unit members who are rehired after having resigned from the University shall not receive credit for their prior service and seniority; their rehire begins a new period of employment.

e. Leaves of absence, as provided in University regulations, policies and/or this Agreement, for which bargaining unit members have applied and received approval, do not cause a break in service under this Agreement section.

3.6 Visiting Faculty Appointments

In accordance with NIU guidelines, individuals who meet NIU Board of Trustees and academic department criteria for appointment at the rank of Assistant Professor, Associate Professor, and Professor may be appointed to a non-tenure track position in a "Visiting"
capacity. Individuals who receive Visiting appointments must possess the appropriate terminal degree for the discipline. Visiting appointments have an anticipated term of two years or less.

Visiting Faculty may be excluded from the Instructors’ bargaining unit under one of the following conditions:

a. Replacement for a specific tenured or tenure-track faculty member temporarily on leave;

b. To fill a tenure-track position pending completion of a search;

c. Hiring a scholar, artist, or professional with special expertise or acclaim;

d. Exclusions cited in IELRB Case #92-RC-0029-C.

To remain excludable from the Instructors’ bargaining unit, a Visiting Faculty appointment exceeding two years in duration must involve duties that include specialized research and service expectations associated with the ranked faculty appointments of Assistant, Associate, or Full Professor. Visiting Faculty appointments (excluded from the bargaining unit) should not exceed two years.

When a Visiting Faculty appointment does not meet the exclusionary conditions described above, the Instructor designation should be used instead. Teaching loads for Visiting Faculty that would result in a 50 percent or greater appointment will be considered to qualify the individual for inclusion in the bargaining unit after the second year of employment as long as these appointments are also consistent with the unit description. The title for individuals in these situations would then change to "Instructor," although the University may allow them to continue to use the nomenclature "Visiting Professor" in correspondence and curriculum vitae.

By September 15 of each year, NIU will inform UPI of any Visiting Faculty appointments of 50% time or more that are excluded from the bargaining unit by the above criteria.
Article 4
PROFESSIONAL RESPONSIBILITIES AND ASSIGNMENT OF DUTIES

4.1 Assignment of Duties

a. The workload obligations of a bargaining unit member may consist of classroom teaching, laboratory support, field supervision, other related duties, or some combination of these. The obligations of a particular bargaining unit member will be specified in her/his letter of employment or job description.

b. A full-time workload shall consist of twelve credit hours, or CUES per semester, plus or minus one. The expectation is that the vast majority of bargaining unit members will typically have full-time workloads of twelve credit hours per semester. Twelve credit hours will also be the standard for determining percent time appointments below eleven credit hours, as well as for determining overloads above thirteen hours.

c. After January 1 and prior to April 15 of each academic year, either party to this Agreement may recommend specific changes to the Credit Unit Equivalency document (Appendix A). Both parties agree to discuss these recommendations with appropriate representatives from the relevant academic departments. Joint approval by both the Union and University shall be required before any change to this Credit Unit Equivalency document is authorized and implemented.

d. The University and Union shall work together to develop guidelines for Credit Unit Equivalencies (CUE). These guidelines are used to equate the work involved in non-instructional duties with that involved in classroom teaching (see current CUE Guidelines in Appendix A).

e. Bargaining unit members shall maintain a schedule of at least one office hour each week per every 3 CUEs of instruction. Office hours shall be scheduled to allow reasonable access for students and shall be posted. For in-person courses, with adequate, prior posting and prior notification to the Department office, one office hour per week may be scheduled on-line in lieu of traditional office time. For exclusively on-line courses, bargaining unit members shall maintain a schedule of at least one on-line office hour per week for every 3 CUES of on-line instruction.

f. As part of their normal workload and consistent with the CUE document, bargaining unit members are required to attend all departmental and organizational meetings that are relevant to their duties as determined by the Department Chair. The Chair should give reasonable advanced notification of mandatory meetings. Bargaining Unit Members are required to meet administrative deadlines for submitting routine documents.

g. In the event that written curricular standards are established by a Department (including courses that are part of a sequence and that include multiple sections), the written departmental curricular standards for each course that is assigned will be provided to the bargaining unit member at least one week prior to the start of the term in which the
bargaining unit member first teaches the course, or at the beginning of the academic term when such standards are changed. If the course requires specific methods of delivery, common course elements or topics, such as centrally developed exams or assigned test dates, specific topics and materials, etc., these materials and this information will also be provided to the bargaining unit member. The Department Chair shall have the ability to ensure that the curricular standards are met and any required specific methods of delivery are used by the bargaining unit member.

h. Ordinarily, there shall be no service or scholarship components of the workload obligations of a bargaining unit member. College or Departmental requirements for professional development shall be consistent with the CUE guidelines.

i. If a bargaining unit member is appointed to perform duties which, after completion of the appointment process, are canceled or otherwise not scheduled, the Chair shall have the right, after consulting with the bargaining unit member, to assign alternative duties consistent with the CUE guidelines and Article 4.

4.2 Professional Meetings/Conferences and Work-Related Travel

a. Bargaining unit members may request to attend conferences or meetings associated with their professional positions at the University. Upon approval and as designated by the appropriate Chair and/or Dean, employees may be provided release time and/or full or partial reimbursement for expenses in connection with these approved professional activities including professional development activities related to college accreditation guidelines. Written authorization and approval of expenses should typically be provided prior to attendance at such conferences or meetings.

b. Employees may be required at times to attend conferences or meetings directly associated with their professional positions at the University including professional development activities related to college accreditation guidelines. The bargaining unit member may request written confirmation of any such requirement. In accordance with other University policies on this topic, bargaining unit members shall be reimbursed for expenses directly related to this required assignment. Such requirement and approval of expenses should typically be provided in writing prior to attendance at such conferences or meetings.

4.3 Release Time

a. The Provost may grant a bargaining unit member release time from workload obligations to perform University service. If release time is granted, the Provost shall determine the value of the University service in terms of credit units. These credit units will count toward the bargaining unit member’s obligations specified above.

b. Bargaining unit member is assigned to work on an externally funded grant or contract as part of the bargaining unit member’s employment, the bargaining unit member may request the Provost to exclude such work from the bargaining unit member’s assigned
obligations specified above. If the work is not excluded, the Provost shall determine the value of such work in terms of credit units. These credit units will count toward the bargaining unit member’s obligations specified above.

4.4 Overload

a. Voluntary Overloads

Assignments of duties in excess of the full-time workloads specified in Section 4.1 of this Article or in excess of six (6) credit hours if appointment is during the summer session shall first be offered on a voluntary basis. Voluntary overloads shall be compensated at or above the minimum rates specified in Article 20. Nothing in Article 4 shall preclude an Instructor from voluntarily assuming, without compensation, the professional responsibilities of another faculty member.

b. Involuntary Overloads

Acceptance to teach an additional course beyond a full workload shall be on a voluntary basis. However, if program need exists or emergencies arise which cannot be met through voluntary acceptance, bargaining unit members may be required to perform duties in excess of the full-time workloads specified in Section 4.1 of this Article or in excess of six credit hours if appointment is during the summer session. Involuntary overloads shall only include those duties which can normally be assigned to the specific bargaining unit member’s position. Involuntary overloads that are performed for an entire semester or entire summer session shall be compensated at or above the minimum rates specified in Article 20. Assignment of involuntary overload shall not exceed twenty-five percent (25%) of the full-time workloads specified in Section 4.1 of this Article.

c. Short-Term Assignments

If a bargaining unit member is voluntarily or involuntarily assigned to perform the duties of another faculty member for part of a semester or the summer session, the bargaining unit member shall receive compensation prorated for the period of assignment as specified in Article 20.

d. To preserve the integrity of academic programs and the quality of education at NIU, bargaining unit members cannot be hired for more than full-time plus 3 CUEs without the express written permission of the Provost’s Office.

e. All overload assignments shall be accompanied by an appointment letter that includes the beginning and ending dates of the appointment as well as the monthly compensation for the period of the appointment.

f. Except for emergency appointments that are made to replace other bargaining unit members or to staff additional courses or sections that are added late to accommodate a
surge in student demand, payments for overload appointments shall be made on the same schedule as a bargaining unit member’s full-time appointment.

4.5 Compliance with Board Policy and Illinois Laws

Bargaining unit members shall comply with the Board of Trustees Regulation concerning Outside Consulting, Research and Outside Employment as it may be amended from time-to-time, the Conflicts of Interest Policy as it may be amended from time-to-time, and related State of Illinois laws such as the University Faculty Research and Consulting Act (110 ILCS 100/0.01 et seq., and the State Officials and Employees Ethics Act, 5 ILCS 430, including the submission of an annual report stating the actual amount of time spent in such activity.

4.6 Summer Session Appointments

a. Summer school contracts shall be separate and distinct from academic year appointments. In other words, employment during the academic year carries no presumption that a bargaining unit member will be offered a contract to teach during the summer session (i.e., the academic year contractual requirement to re-hire bargaining unit members on a full-time basis according to their order on the primary and secondary rosters before re-hiring lower ranking bargaining unit members on those rosters shall not apply to Summer Session Appointments).

b. Summer school contracts will carry contingencies based on minimum enrollment requirements that are set by the University.

c. Tenured and tenure-track faculty members will be given the highest priority in granting summer session appointments. Subject to program need, bargaining unit members who taught during the immediate preceding academic year will be considered for summer session appointments along with Visiting Professors and graduate assistants.

d. Bargaining unit members who are interested in teaching summer school shall notify their Departments Chairs in writing of their interest on or before December 1 of the respective fiscal year in which the summer school appointment would begin.

Subject to the priorities set forth in paragraph 4.6 (c), above, as well as program need, funding availability, and professional qualifications, Department Chairs shall use the roster system to determine the priority order in which interested bargaining unit members may be offered summer school contracts. In following the roster system, however, no bargaining unit member in any department shall be offered a second summer school course until all qualified bargaining unit members in that department who are interested in teaching summer school are offered one summer school course.
4.7 Intellectual Property

The Board of Trustees, in order to facilitate the useful application of knowledge, research, and other creative activity, encourages and supports efforts of bargaining unit members and students to develop products, inventions, and other forms of intellectual property. It is also recognized that the Board, through the University, has certain rights and interests under Federal and State law with regard to intellectual property developed by employees and students. Such intellectual property includes inventions, products, computer software, literary and artistic works. The rights and responsibilities of bargaining unit members regarding intellectual property shall be governed by appropriate regulations and policies adopted by the Board of Trustees and the University as applied to other University employees including Intellectual Property Policy.

4.8 Online Learning

The rights and responsibilities of bargaining unit members regarding online courses, shall be governed by the same policies adopted by the Board and/or the University as may be amended from time to time (see Article 4.7 “Intellectual Property”)

Article 5
ACCREDITATION AND CERTIFICATION

Bargaining unit members shall meet their professional responsibilities to maintain currency in their respective fields, to meet accreditation and/or certification requirements that apply to them, and to provide the highest possible quality of education for NIU students.
Article 6
PERSONNEL FILES

6.1 Personnel Files

The Employer shall maintain official personnel file(s) for each bargaining unit member. Such files are maintained in human resources and may be maintained at the college and department levels in accordance with the Personnel Records Review Act (820 ILCS 40/1, et seq.).

6.2 Written Evaluations

All written evaluations contained in the personnel file shall be signed, except the summaries of students' numerical ratings. Anonymous individual comments shall not be placed in the personnel file. Unsolicited but signed comments from students and solicited evaluations from outside entities (e.g., agencies, schools, hospitals, medical facilities, etc.) may be viewed by the bargaining unit member. Names and other identifying information may be deleted from such documents.

6.3 Employee Access

Personnel files for bargaining unit members held or maintained at the college and/or department level are subject to the same rights to access by bargaining unit members as the personnel file held or maintained by Human Resources Services. A bargaining unit member may request to examine his/her personnel file by appointment via emailing Human Resources at humanresources@niu.edu and/or the College Dean’s office and/or Department Chair. If authorized by the bargaining unit member in writing, the Union may review the file. Employee access to personnel files shall be in accordance with the Personnel Records Review Act (820 ILCS40/1, et seq.)

6.4 Employee Right to Respond

A bargaining unit member shall have the right to add explanatory material to their official personnel file in accordance with the Personnel Records Review Act (820 ILCS 40/1, et seq.). Upon request and payment of the cost of photocopying, a bargaining unit member may obtain copies of any non-confidential materials in the personnel file.
Article 7
EVALUATION AND EVALUATION CRITERIA

The University is responsible for the performance of its bargaining unit members. The purposes of evaluation are to maintain the highest quality of education through input and feedback, to retain the highest quality faculty, to assess the degree of effectiveness of a bargaining unit member’s performance, to identify areas of strength and weakness, to improve a bargaining unit member’s performance, to respond to audit and accreditation requirements and to determine roster placement.

7.1 Annual Meeting

By January 31, Department Chairs will conduct a meeting of all bargaining unit members within their departments to discuss the mandatory and optional materials to be used for the annual evaluation of performance during the calendar year. The procedures to be employed in obtaining optional information and materials shall be determined jointly by the Department Chair and the bargaining unit members within the department. Relative weights given to evaluation materials and expectations of performance shall also be discussed at the meeting.

A written memorandum summarizing procedural matters will be sent by the Department Chair to all bargaining unit members within the department. The Chair shall provide a copy of this memorandum to any new bargaining unit members hired into the department after the annual meeting has been conducted.

7.2 Annual Evaluations

Chairs shall conduct annual evaluations of all bargaining unit members within their departments. Annual evaluations shall include a review of the bargaining unit member’s performance during the previous calendar year (Spring; Summer if applicable; and Fall semesters) while appropriately reflecting the proportions of all assigned duties and responsibilities. Evaluations for new bargaining unit members will be performed in a comparable manner for the semesters that they worked. Annual evaluations shall also include a summary assessment of the bargaining unit member’s performance during the past calendar year. This summary assessment shall be numerically designated as (1) unacceptable, (2) needs improvement/below average, (3) satisfactory/average, (4) highly satisfactory/above average, or (5) outstanding. Fractional values for ratings as described above are not to be used.

Bargaining unit members should receive annual evaluations from their Department Chair no later than March 15 of the year following the evaluation period. A copy of the evaluation shall be signed in paper or electronically by the bargaining unit member and placed in their personnel file. The bargaining unit member will receive a copy of the evaluation. At the bargaining unit member’s request, the Chair will provide time to discuss the annual evaluation.
If a bargaining unit member fails to provide an Annual Service Report and/or other required materials by the contract’s established deadline of February 15, the Chair shall notify the bargaining unit member via NIU email that they have five (5) days to provide the missing materials. If the bargaining unit member does not provide the missing materials within five (5) days following the date of the Chair’s e-mail, the bargaining unit member will receive a final evaluation of 1 (unacceptable) for the prior year.

If a bargaining unit member supplies all of the materials required for an annual evaluation, but the Chair fails to provide an annual evaluation of that bargaining unit member by March 15, a rating of 5 (outstanding) shall be tentatively assigned to that bargaining unit member for hiring purposes until a final evaluation is issued. If the belated issuance of a final evaluation results in the inability of the bargaining unit member to comply with the deadlines described in Section 7.7, the bargaining unit member’s right to reconsideration shall remain intact and the deadlines extended appropriately.

7.3 Split Appointments

In the event that a bargaining unit member is appointed to more than one academic department, then separate evaluations shall be completed by the respective Department Chairs. Only the evaluation specific to a given department shall be applicable to the Instructor’s roster placement or reemployment status for that department under Article 3 of this Agreement.

7.4 Mandatory Evaluation Materials

When conducting annual evaluations of bargaining unit members, Department Chairs shall take into account:

a. Annual Service Reports due to Department Chairs on February 15th (see Appendix B);

b. Course related materials (e.g. syllabi, handouts, reading lists, exams, quizzes) for which the Instructor is responsible;

c. Quantitative and Qualitative Student Evaluations obtained under standardized procedures (referred to below as “student responses”);

1. When referring to any particular student responses in the bargaining unit member’s evaluation, the Chair shall also note how those student responses compare to the total number of student responses received for the course and the total number of students enrolled in the course.

2. The Chair and the department office staff shall maintain the confidentiality of student responses,

3. Copies of the qualitative student comments shall be provided to the Instructor by the conclusion of the second week of classes of the subsequent semester (if the copies are to be returned to the department, a return date shall be specified).
d. Unsolicited, relevant, and signed student comments;

When referring to any particular student comments in the bargaining unit member’s evaluation, the Chair shall also note how those student comments compare to the total number of student comments received for the course and the total number of students enrolled in the course.

e. Additional criteria if applicable to the assigned duties of the bargaining unit member;

1. On-campus supervision in laboratories, graduate interns or student instructors, evaluations obtained in accordance with procedures established by the department;

2. Off-campus evaluations or written comments or supervision that are supplied by outside entities, (e.g., school, hospital etc.) personnel as requested by the Department Chair;

3. Assessment of progress by students in studio classes as determined by juried performances or other methods appropriate to the discipline;

4. Any mixed assignments of classroom instruction with other duties of supervision, laboratory support, studio, or other assignments;

f. Other performance material jointly developed at the annual meeting.

7.5 Optional Evaluation Material

Any of the following optional information/materials may be reviewed by the Department Chair:

a. Observation

1. Observation by a faculty member of NIU selected by the bargaining unit member.

2. Direct observation by the Department Chair or a faculty member of NIU designated by the Chair. The time and date for such observation shall be agreed upon by the bargaining unit member and the observer in advance.

b. Solicited, signed student comments

7.6 Right to Reconsideration

If a bargaining unit member disagrees with his/her annual evaluation, that bargaining unit member should first meet with the Department Chair in an attempt to reconcile their differences. Such meetings shall not extend the deadlines set forth in Section 7.7 of this Article unless the bargaining unit member and Department Chair jointly agree, in writing, to such an extension.
If this attempt at reconciliation should fail and the bargaining unit member still disagrees with the annual evaluation, the bargaining unit member may then initiate a reconsideration process as outlined in Section 7.7 of this Article. The decision of the Reconsideration Committee in this process shall be final. This reconsideration process is afforded as an attempt to provide a third-party professional evaluation of a bargaining unit member’s performance based upon guidelines outlined in this Article.

7.7 Reconsideration Procedures

a. On or before March 15, annual evaluations of all departmental bargaining unit members shall be completed for the previous Spring, Summer (if applicable), and Fall semesters.

b. On or before March 25, a bargaining unit member who disagrees with their annual evaluation and is unable to reconcile the difference with the Department Chair shall file a written request for reconsideration with their respective College Dean. This request shall include:

1. a copy of the Chair’s written assessment,

2. a written summary of the specific aspects of the Chair’s assessment with which the bargaining unit member disagrees,

3. the bargaining unit member’s summary assessment of their own performance on the 5-point scale described in Article 7., and

4. any evidence specified in Section 7.2 as well as any evidence specified in Section 7.6 that was previously approved by both the Chair and bargaining unit members at the annual meeting that set the evaluative criteria for the period under dispute.

c. On or before April 1, a Reconsideration Committee shall be established to hear the case. This committee shall have three members: one member selected by the bargaining unit member, one member selected by the Department Chair, and one member selected by the other two members. If the two designated members cannot agree on a third member by April 8, they shall so inform the respective University and Union grievance administrators. The grievance administrators shall select the third member of the Reconsideration Committee. In making appointments to Reconsideration Committees, all parties should seek to avoid identifiable conflicts of interest and promote an impartial evaluation of performance.

d. The Reconsideration Committee shall make every reasonable effort to meet and render a final decision by April 17. The Committee shall determine the appropriate rating as outlined in Section 7.2 of this Article. The appropriate Departmental Chair, College Dean, and bargaining unit member shall each be provided a copy of the Committee’s decision.
In conducting its evaluation, the Reconsideration Committee shall follow the procedures set forth in this Article and the annual memorandum governing the evaluations of bargaining unit members in the given department, as described in Section 7.1. The Committee shall base its judgment on those materials specified in Section 7.7. The Committee may also consider relevant materials placed in the bargaining unit member’s personnel file by the Chair along with the bargaining unit member’s written response to those materials, as prescribed in Article 6 of this Agreement. When considering qualitative comments from students in a class, the Committee shall note how those comments compare to the total number of comments received for the course and the total number of students enrolled in the course. The Committee may also consider the relevance of the comments. The Committee shall not consider any additional materials which are not in the personnel file or which are not referenced in those materials specified in Section 7.7 of this Article.

The final decision of the Reconsideration Committee shall be determined by majority rule, with each member of the Reconsideration Committee having one vote.

e. If the Reconsideration Committee fails to render a final decision before April 17, the bargaining unit member shall be temporarily placed on the highest roster for which their other evaluations and years of service qualify the bargaining unit member to be placed, using the average of the previous two evaluations as a temporary evaluation in place of the current disputed evaluation. Once the Reconsideration Committee issues a final decision, the bargaining unit member shall be placed on that roster for which their evaluations and years of service entitle them to be placed.

7.8 Grievability

Evaluation and/or reconsideration decisions are not subject to the grievance procedure; however, any and all procedural violations are subject to the grievance procedure as provided for in this Agreement.

7.9 Remediation

All final evaluations of needs improvement shall require remediation. At the completion of the annual evaluation process, the Chair shall, in consultation with the affected bargaining unit member, develop a Remediation Plan to address the specific deficiencies identified in the evaluation. The Plan shall describe actions to be taken to achieve satisfactory performance and shall detail how progress will be measured (student evaluations shall not be the only measurement tool) and shall make clear what constitutes successful completion of the plan. Institutional resources, such as the Center for Innovative Teaching and Learning, may be consulted to assist with the development of the Remediation Plan. The plan shall be in writing, completed by May 15, and signed by both the Chair and the bargaining unit member. Should the bargaining unit member fail to actively participate in the development and completion of the Remediation Plan they may be removed from the Pool and will not be reappointed and are not eligible for rehire.
The bargaining unit member is entitled to Union representation during development of the Plan. The expectations and goals set forth in the Remediation Plan, the bargaining unit member’s participation in the Plan, and other evaluative criteria articulated in this Agreement will be part of the evaluation and reconsideration process for the next applicable evaluation. The Plan may be subject to review by the Union and/or the appropriate College Dean, but is otherwise confidential to the extent possible consistent with the effective implementation of the Plan.

7.10 Missing Evaluation Materials

If the Chair has failed to perform an observation or to obtain evaluation materials as agreed in the annual meeting per Article 7.1, neither the Chair nor a Reconsideration Committee may make an inference unfavorable to the employee regarding such omission by the Chair.

7.11 Investigating Performance Issues

Unannounced visits to the classroom by the Chair or their designee shall be permitted in instances including, but not limited to, allegations of starting late, early dismissal, inappropriate behavior, and lack of organization or preparedness.

Furthermore, if student comments suggest to a Department Chair or their designee that there might be a serious problem with a bargaining unit member’s behavior or performance, the Chair shall submit these concerns to appropriate administrative review, which may result in further action. Details of these procedures are outlined in Section 7.12.

7.12 Continuous Communication

The annual evaluation is the primary tool for personnel decisions. Both parties recognize that continuous feedback and communications are helpful in maintaining optimal performance. Ongoing discussions regarding performance issues and instructional objectives are recommended and encouraged by both parties as it relates to the individual evaluation process. Specifically, Chairs are encouraged to discuss any concerns they may have with a bargaining unit member promptly in order to develop solutions (including possible remediation efforts) to problems that may arise throughout the year.
Article 8
PROGRESSIVE DISCIPLINE

The University subscribes to the tenets of progressive and corrective discipline, and shall only discipline an Instructor prior to the end of his/her appointment term for just cause. Discipline shall not be imposed in a manner intended to publicly embarrass the bargaining unit member and shall be imposed as soon as it is reasonably possible. In the event the University dismisses a bargaining unit member prior to the end of his/her appointment, he/she shall only be entitled to compensation on a pro rata basis for services performed prior to the dismissal.

8.1 Union Representation

Bargaining Unit Members shall have the right to have UPI representation present at all stages of the disciplinary process. If a UPI representative is not available, the bargaining unit member has the right to a reasonable delay in scheduling any disciplinary meeting until a UPI representative is available.

8.2 Informal Steps

The University encourages the maintenance of a positive employee-relations environment that includes effective communication and feedback. Attempts to resolve performance and/or workplace issues informally should occur prior to taking formal disciplinary action.

a. The Chair/Director/Supervisor or designee will meet with the bargaining unit member to discuss relevant issues and/or concerns and provide the bargaining unit member with an opportunity to respond.

b. If the parties agree on a resolution or a process to resolve the matter within ten (10) days of the meeting, the Chair/Director/Supervisor or designee shall document the agreed resolution and provide copies to the parties. If the parties do not agree on a resolution, the University may choose to proceed with formal discipline.

8.3 Types of Discipline

Discipline under this Article shall be for just cause and includes a reprimand (either verbal or written), a suspension without pay, or dismissal. Just cause includes but is not limited to: (1) dishonesty or other unethical conduct, including a violation of the State Ethics Act; (2) insubordination; (3) incompetence; (4) failure to perform assigned duties; (5) neglect of duty; (6) Violation of laws or university policies, such as the prohibitions against unlawful discrimination, sexual harassment, illegal use of controlled substances etc.; (7) abuse of the Instructor’s position; or (8) misuse of University resources. The University will follow the principle of progressive discipline with the understanding, however, that the gravity or seriousness of the involved conduct may justify the immediate imposition of more serious disciplinary consequences, including dismissal, without first having to apply lesser forms of discipline. University representatives will meet with the affected bargaining unit member and his/her UPI representative during any disciplinary investigation that may lead to discipline.
a. **Verbal Reprimand**

If warranted by the conduct and/or behavior of the bargaining unit member, and/or if informal conciliation efforts have been unsuccessful, a verbal reprimand may be issued. The Union will be notified of the time and place of the meeting at which time the verbal reprimand will be communicated. Documentation of the verbal reprimand will be placed in the bargaining unit member’s departmental file. The bargaining unit member may review the written documentation of the verbal reprimand and provide a response to the reprimand prior to placement in the file.

b. **Written Reprimand**

If warranted by the conduct and/or behavior of the bargaining unit member, a written reprimand may be issued. The Union will be notified of the time and place of the meeting at which the written reprimand will be delivered. A copy of the reprimand will be placed in the bargaining unit member’s permanent HRS personnel record and the departmental file.

c. **Suspension Without Pay**

If warranted by the conduct and/or behavior of the bargaining unit member and/or if the problem is not resolved by the implementation of the written reprimand as described above, the Dean of the College or other appropriate University administrator may recommend suspension from work without pay. The bargaining unit member will be provided with an opportunity to respond to the recommendation for a suspension during a pre-suspension hearing to be conducted by Academic Labor Relations (ALR). The University shall immediately inform the bargaining unit member and the Union, in a document sent to the bargaining unit member’s NIU email, of the intent to recommend suspension, the reason(s) for the proposed action and the right of the bargaining unit member to be represented by the Union during any subsequent hearing. A request for a pre-suspension hearing must be submitted in writing by or on behalf of the bargaining unit member to ALR within ten (10) days after notification of the recommended action. A bargaining unit member may be placed on paid administrative leave by the employer during the period in which any investigation is being conducted, action is undertaken to conduct a pre-suspension hearing and generate a post-hearing decision. Such an investigation must be confined to conduct enumerated in Article 8.3.

The Union and the bargaining unit member will be notified of the time and place of the pre-suspension hearing.

The bargaining unit member may be suspended from work without pay if the pre-suspension hearing was not timely requested or, if the pre-suspension hearing was held, as provided in the post-hearing decision issued by ALR.
d. Dismissal

If the undesirable behavior continues following the suspension, and/or if warranted by the conduct and/or behavior of the bargaining unit member, the Dean may elect to initiate dismissal for cause procedures. Bargaining unit members may request a pre-dismissal hearing with a designee of HRS for review of the decision to terminate the bargaining unit member’s appointment. Notification in writing of the intent to dismiss the bargaining unit member for cause shall be provided to the Instructor and the Union and shall include the specific facts and/or reasons for the recommendation and inform the bargaining unit member of the right to request a pre-dismissal hearing conducted by a designee of the Provost. Such request must be submitted in writing to the Director of Academic Labor Relations within ten 10 days from the date of the notification. Pending this requested review, the bargaining unit member may be removed from all University duties and roster placements and suspended with pay pending conclusion of the hearing process. If the bargaining unit member prevails, the bargaining unit member shall be entitled to receive a full restoration of seniority until the date of the reinstatement.

The dismissal shall be fully implemented (1) when a hearing was not timely requested or (2) if the pre-dismissal hearing was held, as provided in the post-hearing decision issued by a designee of the Provost.

8.4 Removal of Discipline from Personnel File

If, after three (3) years following the incident or incidents that gave rise to a written reprimand, there have been no other incidents warranting discipline, the bargaining unit member may request (in accordance with 820 ILCS 40/1, et seq. Personnel Records Review Act) the Employer to remove all documentation related to the written reprimand from the bargaining unit member’s personnel file(s), and the Employer will not utilize the previous written reprimand in determining a penalty for any new situation necessitating disciplinary action.
TRANSFER

9.1 Program-Initiated Transfers

The University may transfer a bargaining unit member from one department to another if program changes or reorganization transfer the position held by the bargaining unit member to the new department. Where applicable, a bargaining unit member’s salary, seniority, and performance evaluations shall not be affected by a transfer resulting from program changes or reorganization.

9.2 Within-Unit Transfers

A bargaining unit member may, through the bargaining unit member’s Department Chair and, as applicable, Dean/Director, submit a request to the Provost for transfer from one department to another within the University, and within the bargaining unit. The Provost shall review the request with the other department. Within ninety days of submission of the bargaining number member’s request to the Department Chair, the bargaining unit member shall receive notification in writing from the Provost of the decision. If the Provost grants the request, the bargaining unit member shall be transferred.

9.3 University-Initiated Outside-Unit Transfers

With the consent of the bargaining unit member, the University may reassign a bargaining unit member from a bargaining unit position to a position outside the bargaining unit. If the bargaining unit member is subsequently reassigned to a position in the bargaining unit, the bargaining unit member’s salary shall be no less than it would have been if the employee had remained in the bargaining unit.

9.4 Instructor-Initiated Outside-Unit Transfers

Bargaining unit members who apply for and accept Civil Service or Supportive Professional Staff positions at NIU shall not be treated as University-initiated transfers and will not, therefore, be covered by the other provisions of Article 9.
10.1 Employee Layoffs

A bargaining unit member may be laid off as a result of declared financial exigency that is university wide.

10.2 Order of Retention

If the Board decides it is necessary to lay off Instructors because of financial exigency, program need will be the primary basis for determining which, if any, bargaining unit members will be retained. Professional qualifications and roster placement are secondary factors to be considered in making decisions on bargaining unit members retention.

10.3 Relocation Efforts

The University and the Board shall make a reasonable effort to locate other employment within the University for a laid-off bargaining unit member prior to the effective date of her/his layoff. The results of such effort shall be made known to the person affected.

10.4 Notification of Reinstatement

The University will maintain a list of bargaining unit members who are laid off for a period of one year after the layoff. If a bargaining unit member’s position at the time the bargaining unit member was given notice of layoff is reinstated during such period, the bargaining unit member shall be sent notice of that fact at the bargaining unit member’s last known address and offered reemployment pursuant to the provisions of Article 3 on employment. It shall be the bargaining unit member’s responsibility to keep the University advised of the bargaining unit member’s current address. An offer made pursuant to this section must be accepted within fourteen (14) calendar days, such acceptance to take effect not later than the beginning of the academic term specified in the offer. If the offer is not accepted, the bargaining unit member’s name may be deleted from the list and, if so deleted, the Board and the University shall have no further obligation to the bargaining unit member.

10.5 Employee Benefits

A bargaining unit member who is laid off may continue to be eligible for the benefits of the state group insurance program and may continue to participate in the State Universities Retirement System subject to the laws, rules, regulations, policies, and procedures governing the administration of such insurance programs or the State Universities Retirement System.
Article 11
GRIEVANCE PROCEDURE

11.1 Purpose

The University and the Union encourage the informal resolution of grievances and agree that problems should be resolved before the filing of a grievance and encourage open communication so that resort to the formal grievance procedure will not normally be necessary. The purpose of this Article is to establish a prompt and efficient procedure for the investigation and resolution of grievances. The procedure set forth herein shall be the sole and exclusive method of resolving grievances for bargaining unit members except as otherwise provided by law.

11.2 Definition – Grievance

A grievance shall be defined as an allegation by a bargaining unit member or the Union that there has been a violation of a specific grievable provision of this Agreement. The receipt or acceptance by the employer of a grievance under this Article is not an expressed or implied agreement by the employer that the allegation is a defined grievance or subject to arbitration under this Article.

11.3 Definition – Grievant

The term “grievant” shall mean the Union or one or more bargaining unit member(s) who may be represented by the Union and allege in a grievance that it/she/he/they has/have been affected by a violation of a specific provision of this Agreement. The Union may file as grievant on behalf of multiple unit members affected by the same policy or action and seek appropriate remedies for these unit members.

11.4 Representation

The Union may represent a bargaining unit member in a grievance filed under this Article or the bargaining unit member may choose to represent herself or himself in a grievance filed under this Article. If a bargaining unit member chooses to represent herself or himself, she/he shall so inform the Union and the University. No resolution of any individually-processed grievance shall be inconsistent with the terms of this Agreement. Only the Union may move a grievance to arbitration.

11.5 Content of Grievance – Grievance Form

A grievance must be signed and dated by the grievant. The grievance must set forth the specific Article(s) of the Agreement alleged to have been violated; contain a specific description of the grounds for the grievance including the names, dates, times, and documents necessary for a complete understanding of the grievance; contain a statement of the alleged contract violation and the remedy sought; and state whether the grievant wishes to have a Union representative at the various steps for the formal grievance process.
A complete statement of grievance and a grievance form shall accompany any notice of intent to proceed to arbitration.

11.6 Compliance with Procedure

All grievances must be filed in accordance with the procedures in this Article. If it is necessary for a bargaining unit member to participate in a grievance or arbitration proceeding during working hours, the bargaining unit member’s salary shall neither be reduced nor increased for time spent in such activities. A bargaining unit member’s professional responsibilities shall be maintained throughout any grievance or arbitration process which may involve bargaining unit personnel. Grievance hearings and arbitration proceedings shall be held on mutually agreeable dates, at mutually agreeable times, and in mutually agreeable places.

11.7 Procedures for Handling Grievances

a. Step 1

A grievance shall be filed with the University Grievance Administrator within fifteen (15) days following the date of the act or omission giving rise to the grievance. Within fifteen (15) days of the filing of the grievance, the Grievance Administrator will arrange an informal conference between the appropriate University representative(s) and the grievant. If the informal conference results in resolution of the grievance, the grievance will not be processed further. The Grievance Administrator will notify the President of the local Union Chapter of any resolution reached as a result of an informal conference.

If the grievance is not resolved by the informal conference described above, the Grievance Administrator will meet with the grievant for the purpose of reviewing the grievance within ten (10) days of the date of the informal conference. The Grievance Administrator shall issue a written decision within eighteen (18) days following the conclusion of the meeting. In the event the decision of the Grievance Administrator refers to documents not requested or provided, copies of such documents shall be attached to the decision. The Grievance Administrator will provide a copy of the decision to the President of the local Union Chapter.

b. Step 2

If the decision or grievance resolution proposed by the University Grievance Administrator is not acceptable to the grievant, the grievant may file a written request for review with the appropriate College Dean. Any such request for review must be filed within seven (7) days following receipt by the grievant of the Step 1 decision and must set forth with specificity the reasons the grievant believes the decision or proposed resolution is unacceptable. The Dean, or her/his designee, will meet with the grievant within fifteen (15) days of receipt of the request for review. The Dean, or designee, may also involve appropriate University administrators, faculty members,
graduate assistants, and staff in this meeting for the purpose of reviewing the facts related to the grievance and/or attempting to resolve the grievance. Within eighteen (18) days of the conclusion of this meeting, the Dean, or designee, will issue to the grievant a written decision either denying the grievance or proposing a grievance resolution. A copy of this decision will be provided to the President of the local Union Chapter.

c. **Step 3**

If the decision or grievance resolution proposed in Step 2 is not acceptable to the Union, the Union may file a written notice of intent to proceed to arbitration with the University Contract Administrator within seven (7) days of receipt of the Step Two response. Any notice of intent to arbitrate must be accompanied by a complete Grievance Form, a copy of which is contained in Appendix. The written notice must be signed by the grievant and must state in detail the issue or issues presented for arbitration. Only the Union may appeal a grievance to arbitration.

A pre-arbitration hearing will be scheduled within fifteen (15) days of the date of receipt of this notification. The purpose of the pre-arbitration hearing shall be to attempt reconciliation of the grievance dispute prior to initiation of the formal arbitration process. If the grievance is not resolved at Step 3, then the Union may proceed with Step 4.

d. **Withdrawal of Grievance**

A grievance may be withdrawn at any time by the grievant(s) or the Union.

e. **Mutual Agreement to Waive Grievance Steps**

If the parties to this Agreement mutually agree, a grievance may be taken directly to arbitration or directly to any other step in the grievance process, thereby bypassing all preliminary step(s) as indicated.

f. **Step 4 – Arbitration**

If the Step Three pre-arbitration hearing is unsuccessful in resolving the dispute, the Union shall notify the University Contract Administrator within seven (7) days of the conclusion of the hearing if it wishes to continue with the formal arbitration process.
11.8 Provisions Applicable to Arbitration Proceedings

a. The parties shall obtain a list of seven (7) arbitrators from the Illinois Educational Labor Relations Board, American Arbitration Association, Federal Mediation and Conciliation Service, or other mutually acceptable source. The parties shall meet in person or by telephone and alternately strike names until a single name remains. A second list of arbitrators may be requested upon the agreement of both parties. The cost of services of the arbitrator, court reporter, and transcripts, as well as all other costs incurred by the arbitration, shall be borne equally by both parties. Neither side shall be responsible for the expense of the other’s witnesses or representatives.

b. The scope of the arbitration is limited to the terms of this Agreement and any supplemental agreements between the parties, except as they may be applicable to this Agreement. Except to the extent that they are applied to bargaining unit members in ways inconsistent with the expressed terms of this agreement, Board of Trustees’ Regulations and By-Laws as well as University Rules and Policies shall not be subject to arbitration. Laws of the United States and State of Illinois Rules and Regulations of administrative agencies are not subject to arbitration. Matters related to any contract provision not subject to the grievance procedure of this Agreement shall not be subject to arbitration. The arbitrator shall have no authority to amend, modify, nullify, ignore, add to, or subtract from the provisions of this Agreement.

The arbitrator shall be without power to make a decision or render an award contrary to or inconsistent with or modifying or varying in any way the application of laws, rules, and regulations having the force and effect of law. The arbitrator shall submit in writing the decision and award within thirty (30) calendar days following the close of the hearing or the submission of briefs by the parties, whichever is later. The decision and award shall be based solely upon the arbitrator’s interpretation of the meaning or application of this Agreement to the facts of the grievance presented.

c. Arbitration Time and Place

The arbitrator shall hold the hearing in DeKalb, Illinois, unless otherwise agreed to by the parties. The hearing shall be commenced within thirty (30) working days of the acceptance of the arbitrator’s selection or as soon thereafter as is practicable.

d. Arbitration Fees and Costs

Where one of the parties to this Agreement requests a postponement or cancellation of a previously scheduled arbitration which results in a postponement charge, the postponing party shall pay such charge unless the postponement results in a settlement of the grievance, in which event the postponement charge shall be divided equally between the parties. A postponement charge resulting from a joint postponement request shall be shared equally by the parties.
11.9 Resort to Other Procedures

If prior to filing a grievance pursuant to this Article, or while a grievance is proceeding in process in accordance with this Article, an employee seeks resolution or appeal of the matter in any other forum (campus, administrative, or judicial), then the Board or University shall have no obligation to consider or proceed further with the matter pursuant to this grievance procedure.

11.10 Miscellaneous Provisions Related to Grievance-Arbitration

Failure of the grievant to comply with the time limitations of this Article shall render the grievance null and void and bar subsequent filing of the grievance.

Failure of the University to respond to a grievance within the specified time periods will permit the grievant to proceed to the next step, provided that the grievant appeals to the next step within five (5) days.

Throughout all aspects of the raising, processing, and settlement of the grievance, as well as the award of the arbitrator, the parties agree to abide by all of the provisions of the No Strike/No Lockout Article of this Agreement for the duration of this Agreement.

Time limits set forth in this Article may be extended only by mutual agreement set forth in writing and signed by the parties.

The parties may jointly agree at Step 1 that a grievance concerning University-wide issues shall be appealed at Step 2 to the University Provost (or Designee) instead of a College Dean.

All informal grievance settlements shall specify a time by which the settlement shall be implemented. The time limit may be extended by mutual agreement between the University and local Union Chapter.

A grievance settled prior to arbitration shall be binding only as to that particular grievance and shall not be precedent setting.

The filing or pendency of a grievance under the provisions of this Article shall not prevent the University from taking the action complained of, subject however to the final decision on the grievance. Throughout the disposition cycle of the grievance, the grievant shall fulfill her/his professional responsibilities as assigned. The decision or award of the arbitrator shall be final and binding upon the University, the Union, and the grievant to the extent permitted by and in accordance with applicable law and this Agreement.
All grievances, requests for review, notices, and decisions shall be transmitted in person or by University email to the grievant(s), respondent(s), and union representative(s).

Grievance hearings and arbitration proceedings shall be held on mutually agreed upon dates, at mutually agreed upon times, and in mutually agreed upon locations.
Article 12
NO STRIKE – NO LOCKOUT

12.1 No Strike

During the life of this Agreement or any extension thereof, there shall be no concerted interruption of services provided to the University by bargaining unit members. There shall be no condoning or participation with respect to a strike, sympathy strike, slow down, work stoppage, or failure to perform fully and faithfully University functions or responsibilities by the Union or by its officers, agents, or members.

12.2 No Lockout

The University Administration agrees that it will not lock out any of the bargaining unit members covered by this Agreement during its term.
Article 13
NON-DISCRIMINATION

13.1 Non-Discrimination/Harassment Policy Statement

In the application of provisions of this Agreement, there shall be no discrimination by the Union or Employer against any member of the bargaining unit on the basis of race, color, national origin, ancestry, sex, pregnancy, religion, age, physical and mental disability, marital status, veteran/military status, sexual orientation, gender identity, gender expression, political affiliation, order of protection status, victim of domestic or sexual violence status, citizenship status, arrest record, genetic information, and/or other protected categories under applicable federal and state statutes, regulations and orders pertaining to nondiscrimination, equal opportunity and affirmative action that violate University policy, or membership or non-membership in, or activity on behalf of, or in opposition to the Union.
Article 14

MANAGEMENT RIGHTS

The Board of Trustees and University administration retain and reserve all rights, powers, privileges, duties, responsibilities and authority conferred upon and vested in it by law, whether exercised or not, including the management of the University and the designation and definition of its mission. The University retains the right to operate, manage, control, organize, and maintain the University and in all respects carry out the ordinary and customary functions of management. The University administration shall retain full authority with respect to decisions involving operational efficiency, the change or elimination of existing methods, equipment or facilities, the determination of locations, methods, means, and personnel by which operations are to be conducted, and the discretion to adopt and implement policies, rules, regulations, and practices in furtherance thereof.

The Board’s exercise of its rights, powers, privileges, duties, responsibilities, and authority, as well as the adoption of policies, rules, regulations, and practices in furtherance thereof, shall be limited only by the specific express terms of this Agreement.
Article 15
UNION RIGHTS

15.1 Intra-Campus Mail Services

The Union shall have access to the intra-campus mail in accordance with University policies and regulations, with utilization limited to the administration of this Agreement and the development of a successor agreement.

15.2 University Facilities and Equipment

a. Union officials may use their University-assigned offices, telephones, and equipment for activities directly related to the administration of this Agreement or the development of a successor agreement, provided that this usage does not interfere with the performance of their regular duties as bargaining unit members of the University. The Union shall be solely responsible for all of its other expenses, including but not limited to such things as secretarial service, office supplies, computer software, printing and duplicating, and long distance telephone usage.

b. Use of other campus facilities by the Union shall be subject to and in accordance with University and Board policies and regulations on the use and scheduling of physical facilities, including payment of customary charges, that are set by the University for the use of such facilities.

15.3 Provision of Materials

Upon receipt of a written request, departmental hiring rosters and pool listings will be transmitted to the Union Chapter President in electronic format. At the beginning of each academic year, the University shall provide the Union Chapter President a list of bargaining unit members represented by this Collective Bargaining Agreement. The Union agrees to assist the University in verifying any roster or list while maintaining confidentiality in terms of the evaluation portion of these documents. Both parties understand that any roster or list so submitted is subject to verification and/or correction.

15.4 Release Time

a. Subject to the provisions outlined below, the University will provide release time to specific bargaining unit members for the sole purpose of administering this Agreement. Specifically and for the duration of this Agreement, the University shall designate (6) CUEs for the Fall Semester and (6) CUEs for the Spring Semester to the designated Union officials representing the bargaining unit. All CUEs associated with release time will be paid at the overload rate (see Article 20).

b. No later than July 31 of each calendar year encompassed by this Agreement, the Union shall specify which members of the bargaining unit shall receive release time during each semester pursuant to these release time provisions. The University may require
certification that release time activities remain limited to the purposes described above in this section.

c. The Union and any individual assigned release time in accordance with this Article shall indemnify and hold harmless the Board of Trustees and Northern Illinois University, its members, officers, agents, and employees from and against any and all claims, demands, actions, complaints, suits, or any forms of liability (monetary or otherwise) that shall arise out of, or by reason of, action taken by the Employer for the purposes of complying with the above provisions of this Article and Section, or in reliance of any list, notice, certification, affidavit, or assignment furnished by the Union under any such provision.

15.5 Nondiscrimination

In accordance with applicable federal and Illinois state law, neither the University nor the Union shall discriminate against any bargaining unit member covered by this Agreement because of lawful Union membership or non-membership activity or status.
Article 16
DUES CHECK OFF

16.1 Dues Deduction

In accordance with the State Salary and Annuity Withholding Act (5 ILCS 365/1, et seq.) the University Administration will deduct union membership dues, in an amount established by the Union and certified in writing by the Union's treasurer to the University Administration from the salary of a bargaining unit member who provides the University with a written authorization to make such deduction.

16.2 Dues Remittance

Each academic year prior to the deadline for the final September semi-monthly payroll entry, the Union shall transmit to the University Administration a list of bargaining unit members for whom dues are to be deducted and the exact amount to be deducted from the salary of each member. These designated amounts shall be deducted from the salaries of bargaining unit members over the next sixteen (16) payroll cycles, beginning with the September 16-30 payroll cycle and ending with the May 1-15 payroll cycle. Any additions or modifications to the list during this nine-month deduction cycle shall be transmitted by the Union to the University Administration. Dues deducted will be remitted to the Union treasurer or other official designated in writing by the Union.

16.3 Termination of Dues Deduction

Any authorization to withhold Union dues from the salary of a bargaining unit member shall terminate and such withholding shall cease at any time upon the occurrence of any of the following events: (a) termination of employment; (b) written notice by the bargaining unit member to the University Administration of her/his desire for cancellation of the authorization; (c) expiration of the time during which such withholding was authorized; or (d) when the total amount authorized to be withheld has been so withheld.

16.4 Direct Collection of Union Dues

The University Administration shall not be under any obligation to make any deductions for dues if any bargaining unit member's pay within any pay period, after deductions for State insurance and deductions required by law, including but not limited to withholding tax and employee contributions to the State Universities Retirement System, is less than the amount of authorized deductions. In such event, it will be the responsibility of the Union to collect dues for that period directly from the bargaining unit member.
16.5 **Fines/Penalties/Special Assessments**

Nothing in this Article shall require the University Administration to deduct Union fines, penalties, or special assessments from the salary of any bargaining unit member. This section shall not prohibit other deductions authorized by individual bargaining unit members.

16.6 **Notification of Change in Union Dues**

The Union shall give written notice to the University Administration of any changes in its Union dues amounts at least forty-five (45) days prior to the effective date of any such change.

16.7 **Limitations**

The University shall not be liable to the Union by reason of the requirements of this Article for the remittance or payment of any sum other than that constituting authorized deductions for Union dues from the salaries of bargaining unit members. The University Administration's obligation under this Article is limited to remitting to the Union the sum or sums actually deducted from wages earned.

If, during the term of this Agreement, the IELRB or a court of competent jurisdiction rules any part of this Article void or not enforceable, the Union and the Employer agree to convene negotiations on this matter for the sole purpose of bringing this Article into compliance with the standards or rulings of said Labor Board or court.

16.9 **Indemnification/Union Responsibility**

The Union shall indemnify, defend, and hold the Board, the University, and its members, officials, agents or its employees or representatives harmless against any claim, demand, action, complaint, suit, or any form of liability (monetary or otherwise), including attorney’s fees and costs arising from the deduction of membership dues established by the Union and communicated to the University Administration in compliance with this Article or in reliance on any list, notice, certification, affidavit, or assignment furnished. The Union assumes full responsibility and liability for the disposition of monies deducted from the salaries of bargaining unit members for Union dues once such monies have been remitted to the officer designated by the Union to receive such remittance. The Union shall promptly refund to the University any funds received pursuant to this Article which are in excess of the amount of Union dues that the University Administration has agreed to deduct.

Appendix A
CREDIT UNIT EQUIVALENCIES

Northern Illinois University
Instructors’ Unit

I. These guidelines for credit unit equivalencies (CUEs) were prepared by the University and the Union to meet the conditions of Article 4 of the BOT-UPI Collective Bargaining Agreement. These guidelines were also formulated in a context where a full-time teaching load is defined as twelve, plus or minus one, credit hours per semester. Assignments of duties under these guidelines are intended to reflect the current practice, as well as the time and effort required of the Instructors.

II. Except as specified below, the credit hours assigned to a course will be the same as those published in the current Undergraduate and Graduate Catalogs of Northern Illinois University found at http://catalog.niu.edu. No credit for any activity shall be granted unless the Department Chair assigns the Instructor to perform that activity.

III. Definitions

1. **Cluster Courses** refer to courses with different catalog numbers that are all offered at the same time in the same room. Example: A Zoology Instructor teaches ZOO 101, ZOO 303, ZOO 404, and ZOO 505 on Mondays, Wednesdays, and Fridays from 1:00 to 1:50 p.m. in Room 1313 of Zulauf.

2. **Course Multipliers** refers to devices that are used to adjust the credit hours for those courses where the workload is greater or lesser than the credit hours would imply. Example: A Zoology internship that carries 15 credit hours but involves about nine to ten hours per week of the bargaining unit member’s time has a multiplier of .2 to make this work assignment equivalent to that of a normal three-hour course (15 x .2 = 3).

   For ease of presentation in the text, some multipliers involving fractions were rounded to the nearest hundredth. In determining actual workloads, however, these multipliers shall be interpreted as follows:
   
   .33 – one-third;
   .66 – two-thirds;
   .86 – six-sevenths;
   .55 – six-elevenths.

3. **Multiple Preparations** refer to teaching assignments that involve courses with different catalog numbers and cover different bodies of substantive knowledge. Example: A bargaining unit member who teaches one section of Introductory Zoology, one section of Vertebrate Zoology, and two sections of Invertebrate Zoology has three course preparations.

SURPLUS REAL ESTATE PROPERTY DETERMINATION
NURSING BUILDING

**Summary:** Although it has served NIU well over its 35 years as university property, the eventual relocation of the School of Nursing (Nursing program) to the new Health IT Center will cause the Nursing Building to be surplus to the university academic requirements. Coincidently, a desire by the DeKalb Community Unit School District 428 (DeKalb CUSD 428) to expand its footprint to accommodate a growing student population creates the potential for this property to continue to serve the community.

In this context, the university is requesting the Board determine the property as surplus to the university’s needs.

**Background:** The existing property located at 1240 Normal Road in DeKalb consists of a single-story, 24,000 square-foot structure on 9.1 acres. The university purchased the property in 1987 to accommodate the Nursing program.

DeKalb CUSD 428’s possible timeline for utilizing the property may require a temporary relocation of the Nursing program until the completion of the Health IT Center. If such action is required, the Nursing program relocation will be a subsequent board approval action.

**Recommendation:** The University recommends Board of Trustee approval of the request for Surplus Real Estate Property Determination Nursing Building. Updates will be provided to the Board as appropriate, and subsequent approval for actual sale of the property will be requested from the Board prior to proceeding with such a transaction.
ESTABLISHMENT OF BOARD OF TRUSTEES STAFF EXCELLENCE AWARD

**Summary:** The following item presents the establishment of a Board of Trustees Staff Excellence Award.

**Background:** NIU staff have been recognized with presidential level excellence awards starting with the Operating Staff Outstanding Service Award that began recognizing staff in 1984 and followed by the Supportive Professional Staff Presidential Award for Excellence that began awarding staff in 1992. Since that time, no additional university level awards have been added to recognize staff and the awards have remained largely the same, although staff classifications and responsibilities have changed greatly.

Over the last few years, the president’s office has received feedback that the current awards do not adequately recognize staff who are instrumental to the success of the university. The president and chief human resource officer agree and to that end, a subgroup of staff who serve on the Operating Staff Council Awards Committee and Supportive Professional Staff Awards Committee/Council has been reviewing changes to the current awards. The goal is to create a more inclusive award structure that will be launched later this fall. As a part of that process, a Board of Trustees Staff Excellence Award was proposed.

Since establishing the award in 2007, the Board of Trustees has recognized the significant contributions of faculty through the Board of Trustees Professorship. The proposed Board of Trustees Staff Excellence Award will allow a similar level of recognition annually for up to two staff members who make significant contributions to NIU. The President requests that the Board approve the establishment of these awards and will report back to the Board when the award process, eligibility and criteria are finalized.

**Funding:** Institutional Funds - $10,000.00

**Recommendation:** The University recommends that the Board of Trustees approve the request to establish the Board of Trustees Staff Excellence Award.
INVESTMENT AND CASH MANAGEMENT POLICY

Summary: The university requests Board of Trustees approval for revisions made to the Investment and Cash Management Policy. The updated policy is attached with noted changes as follows:

- **VI: Risk**: Spelled out FDIC acronym.
- **VII: Roles and Responsibilities, Section C & Section D**: Revised verbiage to clarify the Investment Committee’s advisory role, reporting to the Vice President of Administration & Finance and Chief Financial Officer (VPCFO), and membership structure to require faculty and staff representation. Updating the title of the VPCFO to include Chief Financial Officer role in both Sections C & D.
- **VII: Roles and Responsibilities, Section E**: Updated position titles based on the consolidation of the Department of Treasury Operations and Controller’s Office.
- **XI: Sustainability Factors**: Added a paragraph regarding sustainability factors considered by management when evaluating investment decisions.

No other changes to content have been made. This version will be posted on the university’s website and forwarded to the appropriate financial partners.

Background: The university is required to maintain a written investment policy per 30 ILCS 235/2.5. To ensure compliance with the statute, the university has established and implemented an Investment and Cash Management Policy to address safety of principal, liquidity of funds, return of investment, and other factors as outlined by the statute. On occasion, revisions to the policy are needed based on various internal and external factors, which requires board approval per the Policy. The Investment and Cash Management Policy was last approved by the Board of Trustees on September 14, 2017.

Funding: N/A

Recommendation: The University recommends that the Board of Trustees approve the Investment and Cash Management Policy.

I. Philosophy

The University shall manage its cash and investments in a manner that will preserve principal, meet operating cash flow needs, and produce a yield which would be described in the current marketplace as acceptable by conservative investment managers. Investment strategies will evolve over time as market conditions, interest rates, and operational needs change. Such strategies must comply with applicable State and Federal statutes and bond indentures.

University cash and investments shall be managed with prudent judgment and care. The investment portfolio shall be managed with the intention of obtaining the highest possible net return, balancing reasonable growth and yield with acceptable risk. In addition, the portfolio shall exhibit diversity with respect to instrument type and duration.

II. Guidelines

A. Board of Trustees Regulations

Regulations of the Board of Trustees (Section V.D.) allow the combining of funds of the same category or classification in a single account with an authorized depository as long as the University’s books and records reflect the amount deposited in each fund and the charges against each fund. Any amount of such deposits in excess of the amount reasonably necessary to meet the anticipated expenses of such funds may be invested in any investment permitted by the laws of the State of Illinois for the investment of public funds unless otherwise restricted by a bond or other legal covenant.

B. Bond Funds and Other Debt Instruments

The Resolutions authorizing the issuance of revenue bonds and other debt instruments may place restrictions on the investment of these funds. The maturity of investments purchased should be aligned with drawdown and/or use of funds schedules. The investments are limited to those permitted by resolution or meeting the requirements of this investment policy. In the event of a conflict between the regulations and the requirements of specific bond resolutions, the latter shall govern.

C. Depositories

All funds not required to be paid into the State Treasury shall be deposited in banks authorized by the Board of Trustees to serve as depositories. University depositories must be insured with the Federal Deposit Insurance Corporation. University accounts shall be held in the name of Northern Illinois University. Banking activities will be conducted in a manner that is compliant with State statute and Board of Trustees regulations.

III. Authorized Investments

Funds should be invested in accordance with the State of Illinois Public Funds Investment Act (30 ILCS 235). Acceptable investments include but are not limited to:

- Instruments guaranteed by the full faith and credit of the United States of America
- Bonds, notes, debentures, or other similar obligations of the United States of America or its agencies
- Interest-bearing savings accounts, certificates of deposit or time deposits, or any other investments constituting direct obligations of any bank as defined by the Illinois Banking Act (205 ILCS 5)
- Commercial paper, as outlined in the Public Funds Investment Act
- Money market mutual funds, as outlined in the Public Funds Investment Act
Public Treasurers' Investment Pool, commonly known as the Illinois Funds

Foreign investments are prohibited. Additionally, the Investment Committee may specify criteria more restrictive than those of the Illinois Public Funds Investment Act.

IV. Diversification and Allocation

The investment portfolio should be reasonably diversified among instrument types and maturities. With the exception of US Treasuries, no single instrument type should comprise more than 50% of the portfolio. Maturities should be laddered to coincide with operational needs. The weighted average duration of the portfolio will be determined by the Investment Committee and will be adjusted as appropriate.

The Investment Committee will determine target asset allocation strategies that allow for the maximum rates of return while providing a stable income stream.

V. Collateralization

Funds on deposit which exceed the amount of federal deposit insurance coverage must be collateralized with bonds or pledged securities. The State Finance Act (30 ILCS 105/6a-1a) limits the types of pledged securities to those which the State Treasurer may accept for amounts not insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation. The market value of the bonds or pledged securities shall at all times be equal to or greater than the uninsured portion of the deposit.

VI. Risk

Custodial Credit Risk is the risk of loss due to a financial institution or counterparty failing. This would result in the University not receiving the full value of its deposits held by such party. In accordance with the Illinois Public Funds Investment Act (30 ILCS 235), public funds on deposit not covered by Federal Deposit Insurance Corporation (FDIC) insurance require pledged securities to be placed by financial institutions or counterparty. Collateral agreements are to provide for a third party custodian to hold such pledged securities. To mitigate custodial credit risk, all pledged securities on behalf of the University are held in an account in the name of Northern Illinois University.

Credit Risk represents a loss due to the failure of a security issuer to fulfill its obligation to make interest and/or principal payments in accordance with required dates. By limiting investments to only those authorized by the Illinois Public Funds Investment Act (30 ILCS 235), the University’s exposure to credit risk is mitigated.

Interest Rate Risk is the risk that a change in interest rate will adversely affect the fair value of an investment. The University mitigates interest rate risk by maintaining adequate cash or cash equivalent balances that are consistent with expected cash flows of the University, thus minimizing risk associated with changes in market value and/or interest rate fluctuation.

Concentration of Credit Risk is managed with diversification of investments held at any one time in the University’s portfolio. The risk of loss due to having a significant portion of University resources invested in a single issuer is minimized and controlled by limitations as set forth in this policy.

Foreign Currency Risk or investments exposed to currency rate fluctuations are controlled by adherence to the Illinois Public Funds Investment Act (30 ILCS 235).
VII. Roles and Responsibilities

A. Board of Trustees
Northern Illinois University Board of Trustees shall approve the Investment and Cash Management Policy and revisions, new depository relationships, changes/additions to signatory authority, and the quarterly written reports of investments status and activity.

To ensure shared governance, it shall include faculty and staff, a faculty representative may be appointed by the Vice President of Administration and Finance (VPCFO).

The Investment Committee was established to assist the University in fulfilling its fiduciary investment responsibilities. The Investment Committee shall:

- Recommend new committee members.

D. Board Treasurer and Vice President of Administration and Finance and Chief Financial Officer
The Board Treasurer is authorized to designate depositories at such locations that require local banking services away from the Northern Illinois University main campus. Consistent with Board of Trustees regulations all new depository relationships require specific Board approval.

The Board Treasurer is authorized to delegate signature authority for a single specific purpose, bank, and/or investment account. The delegation involves University departments and/or agency relationships within the University.

The Board Treasurer acts as the Investment Committee Chair.

E. Director of Treasury Operations Deputy Controller
The Director of Treasury Operations Deputy Controller serves as the University’s Chief Investment Officer. The Director of Treasury Operations Deputy Controller shall:
Establish a system of internal controls and written procedures designed to prevent fraud, misrepresentation, and employee error.

Draft and distribute reports as required by Illinois statutes, Board of Trustees Regulations, and University policy.

Execute investment trades.

VIII. Reporting

Investment reports should demonstrate the status and performance of cash and investments.

The Accountability for the Investment of Public Funds Act (30 ILCS 237) requires the University to provide the following information online by the 15th of each month:

- the amount of funds held by that agency on the last day of the preceding month or the average daily balance for the preceding month;
- the total monthly investment income and yield for all funds invested by that agency;
- the asset allocation of the investments made by that agency; and
- a complete listing of all approved depository institutions, commercial paper issuers, and broker-dealers approved to do business with that agency.

The Illinois Public Funds Investment Act (30 ILCS 235) requires quarterly reporting to the Board of Trustees and the University President. At a minimum, the reports shall include securities by class or type, income earned, book value, and market value as of the report date.

Regulations of the Board of Trustees (Section V.D.) require the University to submit an annual Report of Depositories as of June 30th. The report consists of beginning balances, withdrawals, and ending balances for all bank accounts. In addition, a statement of investment policy shall be submitted with the Report of Depositories.

IX. Advisors

The University may utilize the services of external advisors to assist in trade executions and the management of investments. The Investment Committee will develop a selection process to research and analyze prospective vendors for inclusion in the pool of investment advisors.

X. Ethics

All employees are responsible for compliance with this policy and applicable State and federal laws, including the State Officials and Employees Ethics Act (5 ILCS 430).

University employees involved in the investment process shall refrain from any actions and/or activity that would be in conflict with the proper execution of the investment program.

XI. Sustainability Factors

Material, relevant, and decision-useful sustainability factors have been or are regularly considered by the agency, within the bounds of financial and fiduciary prudence, in evaluating investment decisions. Such factors include but are not limited to: (i) corporate governance and leadership factors; (ii) environmental factors; (iii) social capital factors; (iv) human capital factors; and (v) business model and innovation factors, as provided under the Illinois Sustainable Investing Act.
FISCAL YEAR 2022 REPORT TUITION AND FEE WAIVERS

The Illinois Board of Higher Education issued Tuition and Fee Waiver Guidelines for Illinois Public Universities in June 1999, which was amended in February 2000. These guidelines include the requirement that tuition and fee waivers granted during the fiscal year be reported to each university’s Board of Trustees. Pursuant to that requirement, the university has prepared the following report for FY22. The FY21 report, approved in September 2021, is included for reference.

CLOSED SESSION MINUTES REVIEW AND RELEASE

Summary: The Illinois Open Meetings Act requires public bodies to review the minutes of their Closed Session Minutes on a semiannual basis and to determine what parts of the minutes they should make available to the public because they no longer require confidential treatment.

Recommendation: Upon review and advice of the Board’s Parliamentarian, it is recommended that the Board approve no additional release from confidentiality of any of the previously unreleased sections of the Closed Session minutes at this time. Those sections which are still subject to confidentiality, together with sections from subsequent meetings, will be considered again later this year.
BOARD OF TRUSTEES BYLAW PERIODIC REVIEW

Article X of the Board of Trustees Bylaws provides, in part:

The Bylaws shall be reviewed periodically as determined by the Chair or a majority of the Board. Such review, however, shall take place at a minimum of once every three years, and may be assigned by the Chair to a standing committee, ad hoc committee or a Committee of the Whole.

In furtherance of these provisions, Chair Eric Wasowicz asked the Office of General Counsel to conduct an initial, comprehensive review of the Board Bylaws, in conjunction with the Board Regulations and other governing documents of the Board. After approval of the Board to conduct a periodic review, and assignment of that review to committee by the Board Chair, a proposal of suggested changes and updates to the Board Bylaws from the Office of General Counsel was presented to the Research and Innovation, Legal and Legislative Affairs (RILLA) Committee at its meeting on August 18, 2022 for review and consideration. At this meeting, the RILAA Committee approved a Bylaws amendment proposal for presentation and “First Reading” to the full Board.

Article X of the Board of Trustees Bylaws also provides, in part:

Bylaws of the Board of Trustees may be amended at any regular meeting of the Board by six (6) affirmative votes of the Members of the full Board, provided that notice of the intention to amend the Bylaws shall have been presented in writing at the regular or special meeting immediately preceding. Such notice shall provide so far as possible the exact wording of the amendment proposed.

Attached, is a copy of the Bylaws amendment proposal that was passed out of the RILLA Committee, including amendments that were made by the RILLA Committee on August 18, 2022.

At its September 15, 2022 Meeting, the Board of Trustees may review and discuss the presentation of the Bylaws amendment proposal under “First Reading.” If there are any amendments that the Board would like to make to the proposal, those can be done by a proper motion, discussion and vote to approve the amendments. Once reviewed by the Board on September 15, 2022, the Bylaws amendment proposal will be placed on the agenda for the Board’s next regular meeting on December 8, 2022 for “Second Reading” and final approval, as required by the Board of Trustees Bylaws.

RECOMMENDATION: Per the Board of Trustees Bylaws, it is recommended that the Board approve the First Reading of the Bylaws amendment proposal, along with any amendments deemed necessary or suitable by the Board, and forward the final Bylaws amendment proposal for Second Reading and final approval at the December 8, 2022 Regular Meeting of the Board of Trustees.
Board of Trustees Bylaws

Article I. Introduction

Section 1. General Statement
In accordance with the Northern Illinois University Law and related legislation, the State of Illinois charges the Board of Trustees of Northern Illinois University with the responsibility to operate, manage, control and maintain Northern Illinois University and assigns broad authority to the board for discharging this responsibility. The Board of Trustees and Northern Illinois University shall operate in accordance with the laws of the State of Illinois and the United States, these bylaws and the duly approved policies established by the board. If inconsistencies arise, the most current applicable laws shall control the actions of the board and the university. Northern Illinois University shall be referred to in this document and other governance and administrative documents as either "Northern Illinois University," “university,” or “NIU.”

Section 2. General Concepts of the Bylaws
The Board of Trustees herewith establishes bylaws intended to encourage efficiency and facilitate its business. The board is the final institutional authority; therefore, board bylaws, legislation, policies and regulations have precedence over the constitution, legislation and policies of the university. The board's focus is one of oversight and policy determination. The board delegates the conduct of administration and management to the president. It entrusts the conduct of teaching and research through the president to the university faculty. It encourages significant student participation in decision-making processes within the limits of attainable effectiveness.

Article II. Board Operating Procedures

Section 1. General
The Board of Trustees is a public body with statewide jurisdiction that shall execute its responsibilities in conformity with the Northern Illinois University Law, the Open Meetings Act, and all other applicable law.

Section 2. Quorum Matters
Unless otherwise provided by law, the physical presence of five members of the board shall constitute a quorum. In cases of statewide emergency during which the physical presence of members is impractical, the board shall comply with the Illinois Open Meetings Act, as amended. For committee meetings of the board, a majority of the members of the committee shall constitute quorum. A quorum of the board or committee must be physically present at the location of the meeting or simultaneously held videoconferencing at a publicly owned or leased Illinois location given public notice and public access.

The requirement that a quorum be physically present shall not apply to committees without authority to make binding recommendations or determinations or to take any other substantive action.

Special Attendance Circumstances: If a quorum of the board or specially empowered committee is physically present, a majority vote from that body may allow a member to attend the meeting by video or audio conference if the member is prevented from physically attending because of: (i) personal illness or disability; (ii) employment purposes or the business of the public body; (iii) a family or other emergency;
or (iv) other reasons permitted by applicable law. If a member wishes to attend a meeting by such means, they must notify the meeting’s recording secretary or parliamentarian before the meeting, unless advance notice is impractical. A majority of the board or committee may allow a member to attend a meeting by other means only in accordance with this provision of the bylaws.

In a closed meeting without limitation, quorum may be established by physical presence, audio or video conferencing.

The voting eligibility status of the student member shall depend on applicable law. The student member shall not be considered a member for the purpose of determining quorum when they are not entitled to vote on a measure under the law. The student member shall have all privileges of membership, including the right to make and second motions, to attend executive sessions, and to vote on all board matters except those involving faculty tenure or faculty promotion.

The board chair or committee chair may appoint any physically present board member as a temporary member of a committee for the purpose of measuring quorum. In the absence of a quorum, a smaller number of board members may meet and informally discuss business; however, any proposed actions cannot become final until formally approved or ratified at a meeting in which a quorum exists.

Section 3. Rules of Order
Insofar as it is consistent with these bylaws and applicable statutes, the current edition of Robert’s Rules of Order shall guide the consideration of all business and debate in meetings of the board and its committees.

Section 4. Appearances Before the Board
A. Consistent with applicable law, the board shall provide an opportunity for members of the public to address the board at each regular or special meeting of the board or its committees. The opportunity for public comment shall be on the approved agenda of the meeting.

B. For presentations intending to last more than five minutes and use communication means beyond verbal communication, individuals must complete a board-provided request form and provide the completed form to the president or their designee at least 24 hours prior to the scheduled start of the board meeting. Such requests shall be forwarded to the board liaison and the board’s recording secretary but do not guarantee any specifically allotted amount of time.

C. Members of the public who wish to address the board must register on a board-provided request form which must be completed and provided to the board’s recording secretary before the scheduled start of the meeting. To be recognized, the appearance request must include the name of the individual wishing to speak.

D. The chair of the meeting will recognize duly registered individuals at the appropriate point during the meeting. The meeting chair has discretion to set reasonable time, place and manner constraints on any appearance before the board in order to maintain decorum at the public meeting, assure that such meetings are efficiently conducted, or when it is otherwise necessary to further a significant university interest. All appearances before the board must be relevant to the business and operations of the university or pertain to matters within the board’s jurisdiction. Unduly repetitive comments may be restricted by the meeting chair. Appearances that are not relevant or are unduly repetitive will be ceased, so as not to inappropriately disrupt the business and operations of the board.

E. The time references mentioned in this section are for informational and planning purposes only. When feasible, the meeting chair will provide at least five minutes for each requester to address the board.
However, the scheduling of appearances in relation to the meeting agenda, the number of requests and other relevant university interests is at the discretion of the meeting chair, who may defer presenters when appropriate.

F. All participants in board meetings should cooperate with the meeting chair and show due respect to other meeting participants. Meeting participants should adhere to Robert’s Rules of Order and all applicable board protocols. A copy of these bylaws and any other board protocols, if applicable, will be reasonably available from the board’s recording secretary upon request.

Section 5. Minutes and Proceedings
The recording secretary of the board or designee shall be responsible for recording and preparing the meeting minutes of the board and its committees. Such minutes shall provide a reasonably detailed record of the meeting but shall not be verbatim, except a verbatim record of closed meetings in the form of an audio or video recording which shall be made and maintained until destroyed, according to applicable law. Minutes shall include but need not be limited to: (1) the date, time and place of the meeting; (2) the members of the board recorded as either present or absent and whether the members were physically present or present by means of video or audio conference; and (3) a summary of any discussions on all matters proposed, deliberated or decided and a record of any votes taken.

Once approved, the minutes shall become the official corporate record of board meetings. Minutes of open meetings shall be available for public inspection and posted on the board’s website within seven days of the approval of such minutes by the board or its committees. Minutes shall remain posted on the website for at least 60 days after their initial posting.

The president is authorized to make appropriate releases of information regarding board actions or proposed actions prior to the approval of board minutes.

Section 6. Accreditation
The board acknowledges and authorizes the university’s affiliation with the Higher Learning Commission. The Higher Learning Commission shall serve as the exclusive accrediting entity of the university as a whole. Nothing in this provision shall affect individual components of the university from affiliating with and being accredited by other accrediting entities.

Section 7. Removal from the Board and Replacement of Student Trustee
Pursuant to the Illinois Governmental Ethics Act, once a trustee’s appointed term has expired, the member shall not continue in office longer than 60 calendar days after the expiration of that term of office.

With a vote of six voting members, the board may recommend the removal of any of its members to the governor. Causes justifying recommendation for removal include but are not limited to neglect or abandonment of duty and failure to attend three or more consecutive regular board meetings without cause. A motion to recommend removal of a member can only be made at a regular or special meeting of the board and must be preceded by the conveyance of notice to each board member, including the member subject to the removal vote, prior to the meeting. Such notice shall clearly set forth the proposed action.

Failure to maintain residency constitutes resignation from the board and is grounds for removal by operation of law.

Should the student member of the board fail to maintain residency, minimum grade point average or enrollment requirements established by the Northern Illinois University Law, their membership on the
board shall have terminated by operation of law. If a student trustee should fail to meet the requirements for service as a trustee (as outlined in the NIU Law or NIU Board Regulations), voluntarily resign or otherwise become incapacitated from serving, the president of the NIU Student Government Association, with the advice and consent of the Student Government Association Senate, shall appoint an eligible student to serve for the remainder of the term. Such student shall have all the rights, responsibilities, privileges and obligations as any other members of the board, subject to any statutory limitations.

Article III. Meetings

Section 1. Regular Session Meetings
A. The board shall convene in regular session at least once each quarter on the DeKalb, Illinois campus of NIU or any other university-owned property in Illinois. Additional regular session meetings may be scheduled by the board.

B. Written notice of all regular meetings and of the proposed agenda shall be given to each member of the board by the president, preferably at least 10 days prior to the meeting.

C. The President's Report and other meeting materials shall be distributed on a timely basis to board members, campus officers and other interested parties at the president's discretion.

Section 2. Special Meetings
Special meetings of the board may be called by the board chair, the vice chair if there is a vacancy in the office of board chair, or by any three voting members of the board.

Section 3. Closed Meetings
The board may hold closed meetings in accordance with the Illinois Open Meetings Act. Closed meetings will be held upon a majority vote, taken by roll call, of a quorum present at an open meeting for which notice has been given, with a citation to the specific exemption provided. The roll call shall be publicly disclosed at the time of the vote and recorded in the meeting minutes.

Minutes of closed meetings will be kept by the recording secretary of the board or designee and will be available for inspection only after the board determines, by periodic assessment, that confidentiality of such minutes is no longer required.

Article IV. Officers and Other Leadership Positions of the Board of Trustees

Section 1. Elected Officers and Terms of Office
The officers of the board shall consist of a board chair, vice chair and secretary. The board chair, vice chair and secretary shall be elected annually; however, as long as they continue to serve as a member of the board, they shall retain their office until a successor is elected. In addition to the officers of the board, the board shall elect a board delegate to the State Universities Civil Service Merit Board, as well as electing a fifth board member to serve on the Executive Committee.

The chair is authorized to fill vacancies that may arise in any of the elected offices by appointment. Such appointment shall be for the remainder of the term of the particular office. When there is a vacancy in the position of board chair, the vice chair automatically becomes the chair for the remainder of the term and shall have all the chair powers, duties and responsibilities as prescribed by these bylaws. Such action is not
subject to review or challenge. The positions of board chair, vice chair and secretary may be held by the
same board member for no more than two consecutive terms.

Section 2. Appointed Officers, Fiduciary Roles and Terms of Office
The appointed officers of the board shall consist of a treasurer, assistant secretary/assistant treasurer,
second assistant secretary and general counsel/parliamentarian. The appointed officers shall be university
staff members appointed by the board on the recommendation of the president to serve as ex-officio
corporate officers and not as members of the board. These officers shall have a fiduciary duty to faithfully
discharge their responsibilities to the Board of Trustees. Where the board determines it is necessary or
appropriate, the appointed officers may be directed to serve the Board of Trustees in special roles and may
have occasional responsibilities or duties that relate exclusively to the Board of Trustees and are separate
from their roles and reporting relationships as employees of the university.

Once appointed, these officers shall hold office until removal, resignation or termination of employment
with the university.

Section 3. Removal from Office
Any elected or appointed officer may be removed from office by operation of law or a vote of six of the
voting members of the board. A motion to remove an officer can only be made at a regular or special
meeting of the board and must be preceded by the conveyance of notice to each board member, and to the
officer, 10 days prior to the meeting.

Section 4. Other Board Leadership Positions
In addition to the above officers, other board leadership positions shall be: the elected delegate to the State
Universities Civil Service Merit Board, appointed chairs of the board standing committees, and appointed
representatives to various public and private entities, as needed. The chair is authorized to appoint, after
consultation with members of the board, the committee chairs and members of each of the standing
committees of the board, any Ad Hoc Committees of the board, or the chair of a Committee of the Whole
of the board. Such appointments shall be for the remainder of the term of the particular committee or as
prescribed by the chair. When there is a vacancy in the position of committee chair, or a committee
member is absent or has vacated their committee position, the board chair may appoint a replacement to
automatically assume the position with all the powers, duties and responsibilities as prescribed by these
bylaws.

Section 5. Election of Officers
The board shall elect officers and other elected positions at the meeting preceding July 1 of each year. A
super majority vote is needed to postpone the election for established good reason to either the next
regularly scheduled meeting after July 1 or a special meeting prior to the next regularly scheduled meeting
of the board.

The board shall conduct its election of chair and secretary by secret ballot. Ballots submitted for all other
executive officer positions shall not be secret. The recording secretary, in conjunction with the General
Counsel, shall tally the results of each election attempt, advise the chair and board of the results, and
maintain the ballots as required by law or board rule.

A. Procedure

1. The chair shall provide an opportunity for members to make public expressions of interest, vision or
acknowledgement of willingness to serve as an elected officer. The General Counsel shall, for each office,
provide ballots listing all eligible members for that office.
2. The votes of a majority of the board shall be required to be elected, even if fewer than all eligible board members choose to vote. In an existing or impending emergency which prevents the votes of a majority of the fixed membership from being achieved due to vacancies, a board chair pro tem and secretary pro tem may be elected under a simple majority of the present and voting membership.

3. If a vote of a majority of the board is not achieved by one member for the office in the first balloting, a second balloting of all eligible members for that office shall occur. The same process shall occur if the necessary majority is not achieved by one member for the office in the second balloting. At no time during such successive ballots shall the General Counsel indicate the number of votes achieved by any member, except if a majority of votes cast is achieved by one member. If no member achieves the necessary majority during the third balloting, only the names of the two members who received the most votes shall be on the succeeding final ballot. A tie in the number of votes achieved may result in more than two members remaining eligible on the final ballot. If at the conclusion of the final round of voting no member achieves a majority vote of the full board, the board chair shall declare the election at an impasse. In the event of an impasse, expressions of interest, vision and willingness to serve are reopened and the next election will be conducted at the next regular or special meeting.

4. Board members shall be entitled to vote by written absentee ballot for good reason with written notification given to the board chair, vice chair or General Counsel prior to the elections. Absentee ballots must be filed in writing with the General Counsel prior to the meeting at which the elections are to occur. If a majority of votes cast is not achieved by one member for the office in the first balloting, the absentee ballot shall not be counted beyond the first balloting, unless the absentee voter, at the time of submitting their ballot, has indicated they wish for the ballot to be considered in all subsequent balloting of the present election.

Section 6. Duties of Officers

A. Board Chair

The board chair shall:

1. Preside at all board meetings with full power to discuss all matters before the board and to vote in roll calls, secret ballots and, when necessary, to break a tie if no vote has otherwise been cast by the chair.

Such appointment authority shall include the appointment of members to serve for purposes of quorum as a member of any standing or ad hoc committee. Such quorum appointments shall be for the duration of that specific committee meeting. F. Second Assistant Secretary

When the board secretary or assistant secretary-assistant treasurer are not practically available to perform one of their ministerial duties, the second assistant secretary may provide an authorized signature on necessary certificates or contracts and other documents approved by the board on behalf of the board chair or secretary and shall provide other assistance to the secretary requested and carry out other functions as the board may assign.

The board liaison is responsible for coordinating board committee functions, including but not limited to, operational matters and scheduling. At the direction of the president, the board liaison shall be responsible for informing the board of significant university matters. In addition, the board liaison shall be responsible for any other duties or initiatives assigned by the president, provided, however, that the board liaison and other staff provided shall be sufficient to service the needs of the board.

The president shall designate a staff liaison to the committee and shall provide the committee such additional staff assistance as needed.

Committee meetings will be scheduled so as to facilitate the timely review of matters under consideration by the board.

The committees may, at any time, schedule or move into closed session to discuss matters allowed under the Illinois Open Meetings Act or other applicable law. All such meetings shall be confidential and closed to the public.

**Section 2. Executive Committee**

**A. Purpose**

The purpose of the Executive Committee shall be to act on behalf of the board, to discuss and offer counsel on university operations as needed, and to provide the full board with advice and counsel pertaining to board governance matters or any other matters determined by the full board.

**B. Membership**

The Executive Committee shall be comprised of the board chair, board vice chair, board secretary, the elected board delegate to the State Universities Civil Service Merit Board and a member of the board elected by the board. If there is a vacancy on the committee (for example, the board delegate to the State Universities Civil Service Merit Board also serves as the board chair, the board vice chair or the board secretary), the board chair shall appoint other members of the board to fill the vacancy in order to maintain a membership of five on the committee. The president shall be a non-voting member of the committee. The board chair shall preside over meetings of the committee.

**C. Meetings**

The Executive Committee shall meet upon the request of the board chair, the president or any three members of the committee. Quorum is established by the physical presence of three members. The affirmative vote of three members is necessary to adopt any motion, resolution or ordinance, unless a greater number is otherwise required by law, board legislation or applicable university policy.

**D. Powers and Duties**
The Executive Committee shall only act on matters expressly designated for final determination by the committee, routine matters requiring board action between regular board meetings, in an existing or impending emergency, or when specifically requested to by the full board. At any time, the full board has the authority to take up any matter expressly designated for consideration by the committee.

The committee's acts shall not conflict with actions of the board. Regardless of any public notice, the board chair shall provide the board with written notice no less than three business days prior to the meeting date of any proposed actions that, if adopted, will constitute a final determination. The notice shall provide a description of all items being considered for final determination. If circumstances dictate that notice cannot be provided within three business days, notice shall be provided as soon as practicable.

If, following the board chair's notice, two or more members of the board object to a matter being considered by the committee for final determination, any action on the matter shall be postponed until it can be added to the agenda of a meeting of the full board. Members of the board issuing such objections must do so in writing, addressed to the board chair and the board liaison, no later than 24 hours prior to the planned start of the meeting. An objection may be retracted in writing any time prior to the start of the meeting. If objections render the meeting of the committee unnecessary, the board chair shall notify the board that the meeting has been cancelled. The board chair shall notify the board of any decision of the committee within 24 hours of its making. Actions of the committee normally shall also be reported to the full board at its next meeting and entered in the minutes of that meeting.

Concerning governance matters, the committee shall assist the board in the exercise of its responsibilities under Article IX of these bylaws and its consideration of proposals from board members, the university and other stakeholders. The committee shall also give due consideration to participants in the shared governance process as appropriate and inform the full board of major issues, actions and needs of the university pertaining to such matters. Recommendations of new provisions or amendments to these bylaws and related board and university regulations and policies shall be forwarded to the full board for consideration and/or action.

The committee may, at any time, schedule or move into a closed session to discuss matters allowed under the Illinois Open Meetings Act and other applicable law.

Section 5. Finance, Audit, Compliance, Facilities and Operations Committee

A. Purpose

The Finance, Audit, Compliance, Facilities and Operations Committee shall have as its purpose to review board-level policy concerns and transactions and to provide the full board its advice and counsel related to financial affairs, physical facilities and operations, compliance, risk management and audit functions of the university. Such matters shall include the university’s information technology and public safety functions.

Concerning compliance, risk management and audit specifically, the committee shall oversee university programs, mechanisms and entities responsible for adherence to laws, regulations and policies that pertain to university operations and approve compliance related goals, priorities and benchmarks; consider, report or recommend to the board on matters pertaining to compliance, risk management oversight and internal controls and procedures intended to deter and prevent wrongful conduct; facilitate communication with the Internal Audit Director to assist in the effective discharge of audit functions; and engage, as appropriate, the University Ethics Officer. The committee shall also serve as a repository for complaints registered directly with the board chair under the provisions of the Board of Trustee’s Whistleblower Policy or through other direct communication with members of the board. The committee shall coordinate with other board committees as appropriate; monitor university activity related to goals, priorities and benchmarks; and inform the full board of major issues, actions and needs of the university pertaining to such matters.

Section 6. Ad Hoc Committees

Special purpose or ad hoc committees may be established by the board either at the discretion of the board chair or on motion properly put and approved by the board. Such committees shall remain in existence only so long as warranted by their assigned purpose or charge. Their operations shall be consistent with state laws on open meetings and applicable Board Bylaws, policies and Board Regulations.

Article VI. President of the University

Section 1. Duties and Responsibilities of the President

The president is the chief executive officer of the university. The president shall be appointed by the board and shall be directly responsible to the board. The board prescribes the duties of the president, contracts with the president and, for good cause, can remove the president. The president shall have the authority and responsibility, within the framework of policies established by the board for the organization, management, direction and general supervision of the university and shall be held accountable by the board for the effective administration and management of the institution.

The president’s responsibilities and duties are derived from powers granted by statute to the Board of Trustees under Northern Illinois University Law. The board authorizes the president to develop institutional policies, implement procedures and engage the university community in activities which fulfill the purpose and mission of the university.

It is the duty and responsibility of the president to exercise sound management of the operational, financial, academic and reputational aspects of the university in accordance with federal and state laws.

The president has the overall responsibility for the provision of staff services to members of the board of trustees and shall maintain a staff adequate for the performance of the board's governance responsibilities and the president's duties as chief executive officer. The president shall make all recommendations for appointments to university positions under the Board of Trustees and shall implement such information systems and reporting requirements as are necessary for the board to perform its responsibilities.

All communications related to official university business from any faculty member, officer or other employee of the university, addressed to the Board of Trustees of the University or to any committee thereof, shall be transmitted through the president of the university.

It is the duty and responsibility of the president to work in collaboration with university stakeholders and constituents, including but not limited to, the Board of Trustees, faculty, faculty organization representatives, staff and staff organization representatives.

The president, or their designee, is also responsible for the university's relationships with other state and federal agencies, including but not limited to, the United States Department of Education, other institutions of higher education, including but not limited to, the Illinois Board of Higher Education, the Office of the Attorney General, the Office of the Auditor General, the State Universities Retirement System, the Department of Labor, the Universities Civil Service Merit Board, the Illinois State Labor Relations Board and the Illinois Educational Labor Relations Board. Furthermore, the president shall serve as the university's primary representative to the United States Congress, the Executive Branch of the Federal Government, the Illinois General Assembly and the Governor of the State of Illinois.
Section 2. Presidential Selection
The Board of Trustees shall be solely responsible for the actual selection of the president of the university, the final determination of presidential goals and priorities and the final assessment of board and presidential performance and progress indicators.

The board shall establish and be responsible for directing the presidential search. Such searches shall be executed with due respect for the principles of fairness, equity, inclusiveness and diversity. In addition, a presidential search shall be conducted giving due consideration to university faculty and other participants in the shared governance process, including but not limited to, students, professional staff and civil servants. The board, with appropriate consultation, may make adjustments to the search process to assure meaningful and broad participation.

Section 3. Board and Presidential Assessment
The board and the president shall establish short and long-term goals for the benefit of the board and the university, and the board and president shall periodically review the board and presidential goals and their respective performance related thereto. These goals shall cover a period of between three and five years, and the board and the president shall conduct a review of the progress periodically but not less than every three years.

The review of the president shall include assessment of the president’s compliance with board and university policies and procedures, as well as compliance with federal and state statutes and regulations.

The board and the president may, as part of their goals assessment, consult with representatives of the various constituents of the university, including but not limited to, University Council, the NIU Foundation, the NIU Alumni Association, representatives of student and community organizations and any other persons or entities which the board deems appropriate.

Section 4. Mandate of Presidential Housing
The board shall determine, on a case-by-case basis, whether to require the primary place of residency for the president be provided by the university. Such determination shall be reviewed periodically but not less than every three years. Failure of the board to review the president’s primary place of residency on a timely basis shall not invalidate or change this policy.

Article VII. Disclosure of Interest
Officers and members of the Board of Trustees, the president, members of the Senior Cabinet and attorneys in the Office of General Counsel (“Affected Persons”) of NIU must conduct their personal and professional affairs in such a manner as to maintain and enhance the credibility and reputation of the university. Affected Persons must discharge their duties in good faith, with the degree of care that an ordinarily prudent person in a like position would exercise under similar circumstances and take all reasonable steps to avoid the appearance of impropriety in the conduct of all affairs of the university.

A conflict of interest is present whenever a trustee or an Affected Person has a material personal or professional interest in a proposed contract, including but not limited to procurement contracts, or a decision or transaction to which the university is a party. This interest can occur either directly or indirectly; the trustee or Affected Person may be personally involved with the transaction or may have an employment or investment relationship with an entity with which the university is dealing; or it may arise from a family relationship, including but not limited to, a spouse, domestic partner, parent, sibling, child, mother-in-law, father-in-law or grandparent. In this regard, there is an obligation to disclose
interest that might reasonably be interpreted as conflicting with the mission of the Northern Illinois University and fiduciary responsibility of the trustee or any other Affected Person. A conflict of interest may also exist when there is a material divergence or inconsistency between the interest of the university and outside commitment(s) of the trustee or Affected Person.

A trustee or Affected Person who has an actual or potential conflict of interest must take the following actions:

- Advise the chair, vice chair, president, General Counsel and/or Ethics Officer of the matter requiring action or decision and the nature of the potential conflict of interest. In the event the conflict involves the board chair, the vice chair should be advised.
- Seek appropriate legal and/or ethical advice and determine whether to voluntarily abstain from that portion of the meeting where there is any discussion, presentation or vote involving the matter.
- In the event a trustee or Affected Person does not voluntarily disclose or recuse themselves, the Executive Committee or any other committee established or authorized by the board to hear such matters is authorized to determine whether a material conflict exists which requires recusal. Such decisions shall be final and non-appealable.

Any board member who has reasonable cause to believe an Affected Person has failed to disclose a material interest shall inform the trustee or Affected Person of the basis for such belief and afford the trustee or Affected Person an opportunity to explain the alleged failure to disclose. If, after hearing the response of such individual and making further investigation as may be warranted by the circumstances, the Executive Committee of the Board (or other appropriately authorized committee) determines the trustee or Affected Person has, in fact, failed to disclose a conflict of interest, it shall take appropriate corrective action. When the board member believes such a discussion would not be productive, the board member shall advise the chair, and the chair shall instruct the General Counsel or the Ethics Officer to review and conduct a conflicts review and make a recommendation to the Executive Committee or any other committee established or authorized by the board. Pursuant to applicable statutes, including the Open Meetings Act, the committee shall provide an opportunity to the board member or Affected Person to provide their rationale for their belief that the circumstances do not require disclosure or recusal. This committee’s determination shall be final.

Article VIII. Indemnification

Section 1.
Subject to applicable federal and state law, the availability of funds and the terms and conditions of the board’s Self-Insurance Plan, the Board of Trustees shall indemnify each present or former trustee, officer, employee, student-employee and duly authorized volunteer, where such volunteer relationship is reduced to writing (“Covered Person”) of the Board, except independent contractors, against all reasonable expenses which may be incurred or paid in connection with any claim, or actual or threatened action, suit, proceeding or investigation (civil, administrative, or other non-criminal proceedings) and appeals in which the Covered Person may be involved by reason of being or having been a trustee, officer, employee, student or duly authorized volunteer.
In those matters where a court of competent jurisdiction or state or federal law requires indemnification, the chair, after consultation with the vice president and General Counsel, may make the determination of whether to indemnify and the scope of such indemnification. The chair shall notify the board of the decision within 24 hours of its making.

In those matters where a former or current board member, or former or current president, is the subject of threatened or imminent litigation, the Executive Committee, after consultation with the vice president and General Counsel, shall determine whether the board member or president is eligible for indemnification and the scope of such indemnification. The chair shall notify the board of the decision of the Executive Committee within 24 hours of its making.

The board may, by either the action of the chair, vice chair or three members of the board, call for a special meeting to determine indemnification for former or current board members, presidents or employees, of the university. The board, as provided under the Open Meetings Act, may have substantive discussions in a closed session.

For all other employees of the university, other than the president, the question of whether an employee is eligible for indemnification and the scope of such indemnification shall be determined by the vice president and General Counsel in consultation with the president. The vice president and General Counsel shall notify the board of any such decision within 24 hours of its making.

In matters concerning criminal investigations or proceedings, the board shall not be responsible for the payment of expenses where there is a criminal conviction. In the event a conviction is later successfully appealed, the board shall be responsible for the payment of expenses up to the point of the resolution of the successful appeal. A conviction or the entry of any plea in a criminal case shall in and of itself be deemed an adjudication that the Covered Person engaged in misconduct in the performance of his or her duties to the board. In those matters wherein there is a criminal investigation which might result in a criminal charge and conviction, the vice president and General Counsel is authorized to offer indemnification where there is a good faith belief that a criminal conviction is not likely. Such indemnification shall be subject to reimbursement of expenses in the event there is a conviction. In such cases, the university shall seek reimbursement for any expenses related to the matter.

The vice president and General Counsel may establish guidelines for the implementation of these provisions which include, but are not limited to, determining the scope of indemnification, the budget for representation and the criteria for selection of counsel and other experts.

Section 2.
The Executive Committee of the board shall determine eligibility for, and the scope of coverage for, indemnification for any current or former members of the board or president of the university. In the event a member of the Executive Committee of the board is the subject of a request for indemnification, such member shall recuse themself from any discussion or decision related to the indemnification. Upon recusal, the chair (or vice chair, if the chair recuses themself) shall appoint another member of the board to fill the open spot on the Executive Committee. The vice president and General Counsel shall be responsible for determining whether and to what extent indemnification shall be provided to any employees.

Section 3.
In cases where an action, suit or proceeding advances to final adjudication and there is a finding that the Covered Person acted outside of the scope of their employment, indemnification shall not be provided.
Section 4. For those settlement matters that are in the exclusive purview of the board, the determination whether a settlement is reasonable and in the interest of the board, or whether the Covered Person acted in good faith for a purpose which the Covered Person reasonably believed to be in the best interests of the board and was not aware that the conduct was unlawful, may be made by a majority of the disinterested trustees acting on the proposal.

Section 5. As used in this article of the bylaws, the term "expenses" includes, without limitation, attorneys' fees, costs, judgments, fines, penalties and other liabilities, subject to the determination in Section 1 of this article.

Section 6. The rights of indemnification provided for are severable, are not exclusive of other rights to which any trustee or officer may now or hereafter be entitled and continue in effect, notwithstanding the fact that the individual ceases to be a trustee, officer or employee at the time the action is instituted, while it is pending or after the judgment is rendered.

Section 7. The indemnification referred to above covers the conduct of the trustee, officer or employee which occurred both before and after the adoption of this article of the bylaws and shall inure to the benefit of their estate.

Section 8. If any part of these bylaws or any payment made pursuant to it is for any reason held invalid, the provisions of this article of the bylaws are not otherwise affected but remain in full force and effect and are deemed amended to the extent necessary to comply with law and consistent with the intent of this provision.

Article IX. Adoption, Review and Amendment of Bylaws

Bylaws may be adopted at any regular or special meeting by majority vote of the total voting membership of the board. The bylaws shall be reviewed periodically, as determined by the chair or a majority of the board. Such review, however, shall take place at a minimum of once every three years and may be assigned by the chair to a standing committee, ad hoc committee or a Committee of the Whole.

Any provision of the bylaws may be suspended in an existing or impending emergency, in the event of a natural catastrophe or if a situation arises which impairs or impedes the public mission of the university. The suspension of the bylaws requires an affirmative vote of six members of the full board.

Bylaws of the Board of Trustees may be amended at any regular or special meeting of the board by six affirmative votes of the members of the full board, provided notice of the intention to amend the bylaws shall have been presented in writing at the regular or special meeting immediately preceding. Such notice shall provide, so far as possible, the exact wording of the amendment proposed.

Originally approved by the Board of Trustees of Northern Illinois University at its Organizational Meeting on January 3, 1996. Amendments were approved by the Board of Trustees at its March 1, 2012 regular meeting. Any subsequent amendments will be approved as needed.
