

Adding Vectors PreLab

Name: _____ Lab Section: _____

Date: _____

PreLab Activity (10 points) – Complete prior to your lab session & hand in at the START of lab.

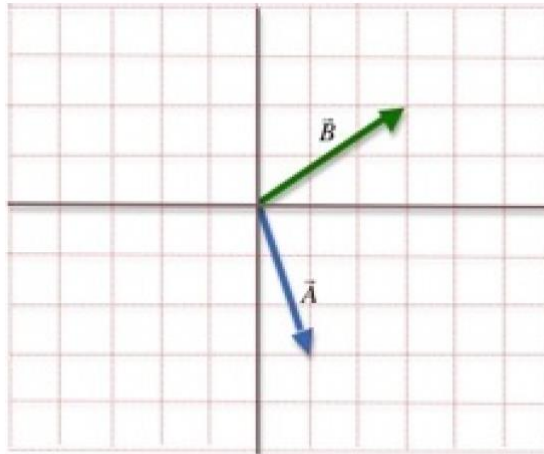

Figure 7: Two vectors

1. Read pages 1-6 in the *Adding Vectors* lab handout. Add and subtract the two vectors above both graphically (show on the figure above) and analytically (do analytical calculation below).

End of PreLab – Hand in at the BEGINNING of the lab period to get points
