Major \_\_\_\_\_

Courses taken to meet the requirements of any certificate offered in the College of Engineering and Engineering Technology may be applied toward an M.S. degree in Industrial and Systems Engineering as long as all the other requirements of the degree are met. Only courses taken at NIU for graduate credit may be applied toward a certificate, and a GPA of at least 3.00 must be earned in the course work used toward the certificate.

This certificate equips graduate students with advanced skills required to effectively manage a supply chain and its constituents. Effective management of supply chain and its constituents is important to effectively and efficiently compete in a global economy.

Interested students may apply during the beginning of the semester in which they will complete the last of the four (4) courses they have chosen for the certificate. Application should be submitted to the ISYE office. Please contact the Department of Industrial and Systems Engineering (815)753-1282 with any questions.

**Complete 4 of the following:**

<u>COURSES</u>	<u>COURSE TITLES</u>	<u>SEMESTER COMPLETED/GRADE</u>
ISYE 540	Production Planning and Control (3)	
ISYE 550	Lean Manufacturing Systems (3)	
ISYE 560	Facilities Planning and Design (3)	
ISYE 561	Warehousing and Distribution Systems (3)	
ISYE 566	Analysis and Design of Supply Chain Systems (3)	
ISYE 574	Scheduling and Logistics (3)	
ISYE 660	Facilities Layout and Location Analysis (3)
