

## Kishwaukee College and NIU CEET Transfer Guidelines for B.S. Degree in Electrical Engineering

### The 2+2 Plan for Community College Students

The [Department of Electrical Engineering](#) welcomes transfer students from Illinois community colleges. Students find it easy to continue their studies at NIU if they plan well. Therefore, following the course guidelines in this brochure while completing an Associate in Engineering Science (AES) Degree is highly recommended [1]. Students should always work closely with their community college advisor.
