Introduction

This Northern Illinois University (NIU) Annual Safety and Security Report is published in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (“Clery Act”), the State of Illinois Campus Security Enhancement Act, the Higher Education Opportunity Act of 2008 and Violence Against Women Act (VAWA). This report includes statistics for the previous three calendar years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by Northern Illinois University; and on public property within, or immediately adjacent to and accessible from university property. The report also includes institutional and campus security policies concerning alcohol and drug use, crime prevention, the reporting of crimes and other matters.

This report is prepared in cooperation with the NIU Department of Police and Public Safety; local law enforcement agencies; Ethics and Compliance Office; Housing and Residential Services; Human Resource Services; the Division of Student Affairs; Academic Diversity, Equity and Inclusion; Student Conduct; Athletics; Counseling and Consultation Services; Study Abroad Office; the Office of the General Counsel as well as other Campus Security Authorities (CSAs) on campus. These entities provide updated information on their educational efforts and programs or other information as necessary in order to comply with the Clery Act.

Campus crime, arrest and referral statistics include those reported to the NIU Department of Police and Public Safety, designated Campus Security Authorities as defined under the Clery Act and local law enforcement agencies. Each year, notification of the Annual Security Report is sent to all enrolled students, faculty and staff. The notification provides information on how to access the Annual Security Report online. Copies of this report may also be obtained at the Department of Police and Public Safety at 395 Wirtz Drive in DeKalb. The policies in the report apply to all six locations (DeKalb, Hoffman Estates, Lorado Taft, Naperville, Rockford and Chicago) unless otherwise stated in a particular section of the report. The crime statistics in this report are presented in separate crime statistics charts for each campus, as required by law.
Letter from the President

The well-being, safety and even health of our Huskie community requires involvement from the entire Huskie pack. This is especially true throughout the COVID-19 pandemic. Together we are stronger when we work corroboratively to maintain a safe and respectful community in which to live, work and study.

NIU’s Office of Police and Public Safety plays an important role in supporting NIU’s mission, vision and values. This dedicated and diverse police force works 24 hours a day, seven days a week, interacting with the campus community and patrolling the surrounding neighborhoods. They also provide a broad range of self-defense training, education and outreach programs that can help all of us better protect ourselves and those around us.

Our Office of Prevention Education and Outreach, a department within Academic Diversity, Equity and Inclusion, also works to keep campus safe by coordinating training devoted to prevention of sexual violence, dating violence, domestic violence and stalking. Our Title IX office also participates in working with those who fall victim to such crimes, providing resources and individualized support to help them through the difficult aftermath of such events.

This Annual Safety Report summarizes useful statistics, safety-related services and resources, and key policies and procedures. For more information on how we strive to keep campus safe, I encourage you to visit our website at niu.edu/publicsafety where you will find a comprehensive collection of safety information and resources.

Thank you for taking the time to review this information and helping us create a campus environment that is safe, respectful, civil and supportive for all students, faculty, staff and guests.

Dr. Lisa C. Freeman
President, Northern Illinois University
Prompt Reporting of an Emergency or Crime

Community members, students, faculty, staff and visitors are encouraged to promptly and accurately report all crimes and public safety-related incidents, including when the victim elects to, or is unable to, make such a report to NIU Department of Police and Public Safety or the appropriate local police agency. Any suspicious activity or person(s) seen in the parking lots loitering around vehicles, inside buildings or around residence halls should be reported to police. Crimes should be reported for the purpose of making timely warning reports to the community and for inclusion in the annual statistical disclosure.

Response to a Reported Crime

The NIU Department of Police and Public Safety personnel are trained to receive, document and investigate all crimes reported. An officer will work with individuals reporting a crime to obtain information and evidence, identify potential witnesses and conduct a thorough investigation in an effort to identify the responsible party. When appropriate, crime suspects may be adjudicated through the criminal justice system and/or university system.

The daily crime log is available electronically on the NIU Department of Police and Public Safety website at niu.edu/publicsafety under Resources or at the Records Unit located at the NIU Department of Police and Public Safety, 395 Wirtz Drive, DeKalb, Illinois. The crime log contains information concerning reported crimes and includes case numbers, classification of the crime, date reported, date and time occurred, general location and disposition of the crime.

Campus Police Authority and Jurisdiction

Northern Illinois University’s main campus is located in DeKalb, Illinois, and is home to 16,769 students and 3,291 faculty and staff. With a large campus population including undergraduate students, graduate and professional students, faculty, academic professionals and staff, as well as our many visitors, occasional criminal activity and emergencies may occur on campus.

The NIU Department of Police and Public Safety officers have full law enforcement authority, including the authority to effect arrests, granted by the Illinois General Assembly under 110 ILCS 685/30-45(11) in any county wherein the university and any of its branches or properties are located. Their primary jurisdiction includes all property owned or controlled by the university, as well as streets adjacent to and running through campus. The NIU Department of Police and Public Safety has 35 sworn police officers that are certified as peace officers in accordance with state law and receive basic and advance law enforcement training and education governed by the Illinois Law Enforcement Training and Standards Board. All sworn officers are certified, or will be certified as Emergency Medical Technicians. Several officers are also certified paramedics.

The NIU Department of Police and Public Safety maintains intergovernmental agreements and working relationships with the City of DeKalb Police Department, DeKalb County Sheriff’s Office, Illinois State Police, as well as other local, state, and federal law enforcement agencies.

Collaborative Policing: By mutual agreement with the City of DeKalb, university police assist DeKalb Police by patrolling specific neighborhoods surrounding the main campus. The agreement formalizes the city’s request for university police officers to prevent and respond to crimes in progress and take proactive law enforcement action to support community safety.

DeKalb County Special Operations Team: By mutual agreement with the DeKalb County Sheriff’s Office, the NIU PD provides personnel, equipment, and other resources to respond and mitigate dangerous incidents that present significant risk to the public and law enforcement.

DeKalb County Major Case Squad: By mutual agreement with the DeKalb County Sheriff’s Office, the NIU PD provides personnel, equipment, and other resources to investigate serious or explosive incidents of crime that occur within DeKalb County.

Illinois Law Enforcement Alarm (ILEAS) System: By mutual agreement with the Illinois Law Enforcement Alarm System, the NIU PD provides local law enforcement across Illinois with assistance for emergency response to natural disasters, civil unrest, and terrorism prevention.

Sex Offender Registration

The Federal Campus Sex Crimes Prevention Act requires Northern Illinois University to inform the campus community where to find information on registered sex offenders. It also requires sex offenders already required to register in a state to provide notice, as required under state law, of each institution of higher education in that state at which the person is employed, carries on a vocation, volunteers services or is a student. Illinois law requires sex offenders to register with their local police or sheriff, which places their names in a statewide database. The State of Illinois Registered Sex Offenders database can be accessed at isp.state.il.us/sor.

Effective Jan. 1, 2012, the Sex Offender Registration Act (Public Act 97-0155) mandated any sex offender or sexual predator employed at or attending an institution of higher education register (within three days of beginning school or employment) with respective campus police department.

If you have questions about sex offender registration, please contact the NIU Department of Police and Public Safety at 815-753-1212.
NIU operates nonresidential education centers in Naperville, Hoffman Estates, Rockford and Chicago. While the NIU Department of Police and Public Safety maintains primary law enforcement jurisdiction at these centers, the local municipal police departments where each center is located will in all likelihood be the first responders should an emergency occur. The NIU Lorado Taft Outdoor Education Center in Oregon, Illinois, is a popular field trip destination for many local school districts and supplements the biology and outdoor ecology science curriculum at the elementary and middle school levels. Lorado Taft Outdoor Education Center operates as our other facility with a residential facility. The Ogle County Sheriff’s Office will in all likelihood be the first responders at this location as well should an emergency occur.

Access to and Security of Campus Facilities and Residence Halls
The NIU campus is located within the City of DeKalb and is generally open to the public. Except as restricted in individual cases, the academic and administrative buildings are open to the public, at a minimum, during normal business hours. Most facilities have individual hours, and the hours may vary at different times of the year. Access to some of these buildings is controlled by proximity card access after normal business hours, and all of these buildings have varied levels of access.

Officers patrol the academic and administrative buildings on a regular basis. For information about the access protocol for a specific building, contact the NIU Department of Police and Public Safety at 815-753-1212.

NIU Department of Police and Public Safety Officers patrol the residence halls on a regular basis. Access to residence halls is restricted to residents, their approved guests and other approved members of the university community. Residents gain entry by presenting their proximity cards (NIU OneCard) to the proximity card readers and using their university-issued residence hall key. Residents are cautioned against permitting strangers to enter the buildings and are urged to require individuals seeking entry to use their own personal access cards. Community advisors and hall directors also maintain security measures in the halls and work with residents to achieve a community respectful of individual and group rights and responsibilities.

Maintenance of Campus Facilities
Facilities and landscaping are maintained in a manner designed to minimize the potential for hazardous conditions. The NIU Department of Police and Public Safety Officers regularly patrol the campus and report malfunctioning lights and other unsafe physical conditions to the Facilities Management and Campus Services for correction. Campus lighting typically meets or exceeds the industry standard for pedestrian walkways, and parking lots are well-lit and routinely patrolled by the NIU Department of Police and Public Safety officers. It is helpful when other members of the university community report equipment problems to the NIU Department of Police and Public Safety or Facilities Management and Campus Services. Safety concerns for lighting, locks, shrubbery blocking clear sight lines can be reported by contacting Facilities Management and Campus Services at workorder@niu.edu or calling 815-753-1741. More information is available at go.niu.edu/report-concerns.
Crime Prevention and Security Awareness Programs

The NIU Department of Police and Public Safety takes a proactive approach to preventing crimes. The goal of crime prevention and security awareness programs is to minimize or eliminate criminal opportunities whenever possible. Typically during new student Summer Orientation, students and their families are informed about the types of crimes that occur on campus and prevention resources offered by the NIU Department of Police and Public Safety.

Programs are offered year-round. During the 2020 calendar year, the NIU PD conducted 24 programs. Programs typically include general crime prevention and security awareness programs such as safety education forums, programs and discussions about topics such as alcohol abuse and domestic violence, Rape Aggression Defense (RAD) training, ALICE (Alert, Lockdown, Inform, Counter, Evacuate) training, S.A.F.E (Self-Defense, Awareness, Familiarization, Exchange) Training, fire safety, emergency response and evacuation procedures, sexual assault prevention and theft prevention. Also included are classes in CPR. In these programs, students and employees are encouraged to be responsible for their own security and the security of others.

For a list of Safety Services and Training see niu.edu/publicsafety.
Emergency Assistance Call Boxes, DeKalb Campus

NIU has an extensive network of emergency assistance call boxes located throughout campus in well-lit areas including the Campus Parking Deck and all elevators.

The call boxes are connected directly to the NIU Department of Police and Public Safety and are monitored 24 hours a day, seven days a week, including all holidays.

The call boxes can be used to:
- Request help.
- Report a crime.
- Report suspicious activities.
- Request an escort.
- Report any other type of emergency you may encounter.

If you need help, simply press the red button on the call box. The call will be answered by a certified police dispatcher in the NIU Department of Police and Public Safety who will ask you to explain your situation and will send the appropriate help to your location.

As part of safety preparedness, individuals are encouraged to be aware of the locations of the nearest emergency call boxes around campus.

Locations of the exterior emergency call boxes are located on the map to the right.

NIU Safe App

The NIU Safe app provides another layer of security for the students, faculty, and staff in the DeKalb campus area. Among the app’s many features are:

- An Emergency Contacts button to dial 911 or the NIU and DeKalb police departments.
- Friend Walk to send your location to a friend to follow along as you walk and make sure you get where you’re going.
- Virtual Walk to send NIU Department of Police and Public Safety Dispatch Center your location. The dispatcher will be notified if you don’t reach your destination.
- A Mobile Blue Light button that behaves like an Emergency Call Box to have NIU Police dispatched immediately.
- Ability to report a tip anonymously to NIU Police.

NIU Safe also has the ability to display campus maps showing the user’s location; access instructions on what to do in various emergencies; to contact Huskie Safe Walk; and a link to the Huskie Line bus tracker. It also provides phone numbers for campus support services such as sexual misconduct prevention, health services and campus mental health resources.

Safety In Residence Halls and Campus Buildings

The university has implemented a structure with the protection of students in residence halls being a top priority. The elements of this system include:

- Security personnel.
- Door peepholes.
- Locked entrance doors.
- Proximity Card/Key access 24 hours a day for floor doors and elevators in high-rise residence halls.
- Information about steps students can take to maintain their safety is discussed at floor meetings and outlined in the Housing Handbook.
- Requirement that residents show identification and use their proximity card (NIU OneCard) for entry between 10 p.m. and 5 a.m.
- Due to COVID-19, guests are limited to only other NIU students who are currently registered for class. All guests are registered at the front desks of the residence halls.
The university places restrictions on guests, building access and actions that may have a detrimental effect on student security. Such restrictions include:

- Building entrance only through designated areas.
- Prohibition on assisting others to gain unauthorized entry.
- Prohibition on propping doors open.
- Guest registration procedures when guests are permitted.
- Prohibitions on duplicating or giving a room key to another person.
- Prohibition on any activity that would endanger the safety of others.

If a student is found in violation of any of the above restrictions, the university may impose sanctions or fines on the student. Additional information can be found in the Safety and Security section of the Housing Handbook. It is available online at niu.edu/housing/halls/handbook.

Community Oriented Policing Strategies (COPS) Unit

The NIU Community Oriented Policing Strategies Unit (COPS) is a specialized team that uses proactive and hands-on measures to maintain and ensure the safety of our students. We use the latest innovations and insights to mitigate criminal activity around the NIU campus and surrounding areas.

Members of the COPS Unit also work to create collaborative partnerships with key members of the university community and provide crime prevention education and safety awareness presentations to the community. The presentations develop a transparent understanding of the police role in the community and how to meet safety goals with the community’s help. These efforts help us to remain proactive about the safety of our students, staff and faculty while also helping to develop relationships with the surrounding community members.
Off-Campus Crime

The DeKalb Police Department has primary jurisdiction for law enforcement services to off-campus residences—including noncampus sorority and fraternity houses. NIU Department of Police and Public Safety officers routinely respond and assist the DeKalb Police Department at these off-campus locations. Off-campus student violations of the law or student code may be addressed by Student Conduct.

Criminal Activity at Noncampus Locations of Student Organizations Officially Recognized by NIU

NIU Department of Police and Public Safety Officers have primary jurisdiction over university-owned or leased properties within the city limits of DeKalb. DeKalb Police Department routinely responds to calls for service as they may be closer to the incident. The DeKalb Police Department also monitors and records criminal activity at noncampus locations of student organizations officially recognized by NIU. They work cooperatively with the NIU Department of Police and Public Safety, Student Conduct, Title IX and the Division of Student Affairs to address problems as they arise. An NIU Department of Police and Public Safety Supervisor attends a roll-call meeting at the DeKalb Police Department regularly, and NIU Department of Police and Public Safety Detectives meet with detectives from area police agencies frequently to exchange information.

NIU may pursue disciplinary action for noncampus violations of university rules, regardless if the activity was criminal in nature.

Emergency Preparedness

As required by state and federal law, Northern Illinois University has a comprehensive Emergency Operations Plan that details immediate response and evacuation procedures. The NIU Department of Police and Public Safety has the responsibility of responding to and summoning the necessary resources to mitigate, investigate and document any situation that may constitute an emergency or dangerous situation. In addition, the NIU Department of Police and Public Safety has a responsibility to respond to such incidents to determine if the situation does in fact pose a threat to the health and safety of the campus community.

NIU Department of Police and Public Safety Officers and Supervisors have received training in Incident Command and the National Incident Management System. When a serious incident occurs on campus that causes an immediate threat to campus community, the first responders to the scene will typically be members of the NIU Department of Police and Public Safety with assistance as needed from the DeKalb Police Department, Sycamore Police Department, DeKalb Fire Department, Sycamore Fire Department, Illinois State Police and DeKalb County Sheriff’s Office. These departments will typically respond and work together to manage the incident. Depending on the size, scale and seriousness of the incident, other university departments and other local, state or federal agencies could be involved in confirming and responding to the incident.
NIU Safety Notifications

The purpose of NIU Safety Notifications is to notify the campus community of important information to enhance personal safety.

NIU students have the ability to register up to two additional contacts to receive Safety Notifications. These contacts can be parents, spouses, family members or anyone else the student chooses. There are three types of NIU Safety Notifications that may be issued: NIU Alerts, Safety Warnings and Community Awareness Messages.

NIU Alerts

First responders will confirm with their supervisors that there is, in fact, an emergency or dangerous situation that poses an immediate threat to the health or safety to the campus community.

If the threat occurs within the primary jurisdiction of another law enforcement agency, the Chief of Police or designee will contact the respective department’s designee to confirm the threat and draft the content of the notice in order to provide appropriate information; provided that the process does not impede the timeliness of the alert being issued as required by the Clery Act.

Upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees, an NIU Alert will be issued to expedite emergency response and/or evacuation procedures. The goal of an NIU Alert is to notify as many people as possible, as rapidly as possible, through a variety of channels with adequate follow-up information as needed. The NIU Department of Police and Public Safety has the ability to distribute information through a variety of methods as shown in the table below. Most buildings on campus are equipped with weather radios to warn campus officials of dangerous weather. Emergency sirens are located on and around campus. Some or all of these methods of communication will be used to provide follow-up information to the NIU community. Face-to-face communication may also be used in some circumstances. Updates and follow-up information will also be posted on niu.edu/publicsafety/emergency/safetybulletin. All NIU email addresses are automatically enrolled in the university’s emergency notification system. In order to receive text messages (when that method of delivery is appropriate), you need to provide your mobile phone number through MyNIU. You can also download the NIU Safe App to receive NIU Alerts on your mobile device.

The local news media may be utilized to disseminate emergency information to members of the larger community, including neighbors, parents and other interested parties. The larger community can also access emergency information via the NIU homepage and/or social media.

NIU will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the emergency notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim, or to contain, respond to or otherwise mitigate the emergency. The entire campus community will be notified anytime an NIU Alert is disseminated. There will be a continuing assessment of the situation and follow-up information will be provided to the entire campus community as needed. NIU Alerts are issued for incidents such as an active threat/shooter, major hazardous materials release, major fire, infectious disease outbreak or a tornado that would directly impact campus.

NIU has implemented a formal process that gives the Chief of Police or designee the authority to confirm a significant emergency or dangerous situation, to develop the content, to determine the appropriate segment(s) of the campus community to receive the notification and to initiate the Emergency Notification System to send a

message to the campus community. NIU Police Officers and local first responders on the scene of a critical incident or dangerous situation that poses an immediate threat to the health or safety of the campus community will assist those preparing the emergency notification with determining the content and what segment or segments of the campus community should receive the NIU Alert.

Safety Warnings
In the event that a Clery Act crime is reported to a Campus Security Authority or local police agency or NIU Department of Police and Public Safety that has occurred within the NIU Clery Geography or extended patrol area and is considered by NIU to represent a serious or continuing threat to students and employees, a Safety Warning will be issued to the entire campus community in a manner that is timely, that withholds the names of victims as confidential, and that will aid in the prevention of similar occurrences. The Patrol Sergeant and Commander will work with the Deputy Chief to develop the content. SafetyWarnings will be issued to the campus community via email blast to all NIU assigned email accounts. Safety Warnings may also be issued using some or all of the systems listed below. For a list of Clery Act crimes, see Definitions of Reportable Crimes and Other Associated Terms on page 27 of this publication.

All incidents are considered on a case-by-case basis by the Chief of Police or designee after reviewing the facts, the amount of information known by the NIU Department of Police and Public Safety and deciding whether there is a serious or continuing threat to the campus community. For example, if an assault occurs between two students who have a disagreement, there may be no ongoing threat to other NIU community members, and a Safety Warning would not be distributed. Cases involving sexual assault are often reported long after the incident occurred, thus there is no ability to distribute a “timely” warning notice to the community.

Community Awareness Messages
The Chief of Police or designee may issue Community Awareness Messages to the NIU campus community, for other incidents that may impact the NIU campuses. A Community Awareness Message is a notification that is initiated to disseminate information about important topics that are in the interest of the well-being of the community. The intent of a Community Awareness Message is to advise the campus community about health and safety issues (crime prevention, traffic and weather info) so people can make informed decisions. This information is shared with the NIU community to promote public safety. Community Awareness Messages are not required by law. The decision to issue a Community Awareness Message is at the discretion of the Chief of Police or designee.

Emergency Response Planning
Planned fire drills are conducted at least once per year in each residence hall at the DeKalb campus, and participation is mandatory. Students learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of an emergency. Evacuation drills are used as a way to educate and train occupants on issues specific to their building. During the drill, occupants “practice” drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. In addition, the process provides the university an opportunity to test the operation of fire alarm system components.

Evacuation drills are monitored by the NIU Department of Police and Public Safety, Environmental Health and Safety, and Housing and Residential Services to evaluate egress and behavioral patterns. If any deficient

equipment is identified, a report will be prepared so that repairs can be made immediately. Recommendations for improvements are also submitted to the appropriate departments for consideration.

Residential students receive information about evacuation and shelter-in-place procedures during their first floor meetings and during other educational sessions that they can participate in throughout the year. Housing staff members are trained in evacuation procedures as well as emergency response procedures.

As a part of the comprehensive emergency operation plan for the university, announced and unannounced drills, exercises and follow-through activities (i.e. tests of the emergency response plans) are conducted annually. Minimally, tabletop exercises are conducted for various campus units identified as having emergency response responsibilities in order to test response and evacuation procedures. All exercises are documented to include: a description of the exercise, the date, time and whether it was announced or unannounced and appropriate after action reports are completed pursuant to the Illinois Campus Security Enhancement Act. After action reports are completed detailing lessons learned, and follow-up items are identified with responsibilities assigned to appropriate campus entities.

The campus publicizes an Emergency Response Guide which provides a summary of the emergency response and evacuation procedures via NIU Today and the Department of Police and Public Safety website at least once each year in conjunction with a test (exercise and drill) that meets all of the requirements of the Higher Education Opportunity Act. Housing staff reviews such procedures with students at floor meetings throughout the year. This guide is reviewed each year by the NIU Department of Police and Public Safety.

Notification of a Missing Student

If a member of the university community has reason to believe that a student is missing, he or she should immediately notify the NIU Department of Police and Public Safety at 815-753-1212. The NIU Department of Police and Public Safety will investigate, generate a missing person report, enter relevant student data into an appropriate database and involve other law enforcement agencies as necessary.

Should the NIU Department of Police and Public Safety confirm that the student is missing, the university will notify the student’s missing person emergency contact no later than 24 hours after the student is determined to be missing by the NIU Department of Police and Public Safety or the local law enforcement agency. If the missing student is under the age of 18 and is not an emancipated individual, the university must notify the student’s parent or legal guardian in addition to any other designated contact person within 24 hours of the determination that the student is missing. Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, the NIU Department of Police and Public Safety will notify the appropriate local law enforcement agency with jurisdiction in the area the student went missing within 24 hours of the determination that the student is missing unless the local law enforcement agency was the entity that made the determination that the student is missing.

In addition to registering an emergency contact, students have the option to confidentially identify individuals to be contacted by the university in the event the student is determined to be missing. If one wishes to identify a missing person contact(s), do so via MyNIU (https://myniu.niu.edu).
A student’s missing person contact information will be registered confidentially and will be accessible only by authorized campus officials and law enforcement in the event of a missing person investigation. It may not be disclosed outside of a missing person investigation.

Each fall semester, students residing in on-campus housing will receive an email from the Dean of Students and verbal notification at their first floor meeting regarding missing student protocol. This information will explain the related law (with special emphasis on nuances related to students’ age and reporting requirements) and encourage students to frequently update emergency contact information, including a confidential missing person’s contact, with the university via MyNIU. Similar information is again shared during midsemester meetings hosted by community advisor(s) on each residential housing floor. Students residing off campus will also be able to create and update missing person’s contact information in the emergency contact section of MyNIU.

### Shelter-in-Place Procedures

**What it Means to “Shelter-in-Place”**

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger. Thus, to “shelter-in-place” means to make a shelter of the building that you are in, and with a few adjustments this location can be made even safer and more comfortable until it is safe to go outside.

**Basic “Shelter-in-Place” Guidance**

If an incident occurs and the building you are in is not damaged, stay inside in an interior room until you are told it is safe to come out. If your building is damaged, follow the evacuation procedures for your building (close your door, proceed to the nearest exit and use the stairs instead of the elevators). Once you have evacuated, seek shelter at the nearest university building quickly. If police or fire department personnel are on the scene, follow their directions.

**How You Will Know to “Shelter-in-Place”**

A shelter-in-place notification may come from several sources: NIU Department of Police and Public Safety, Housing Staff members, other university employees or other authorities utilizing the university’s emergency communications tools.

**How to “Shelter-in-Place”**

No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:

1. If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.
2. Locate a room to shelter inside. It should be:
   - An interior room.
   - Above ground level.
   - Without windows or with the least number of windows. If there is a large group of people inside a particular building, several rooms may be necessary.
3. Shut and lock all windows (for a tighter seal) and close exterior doors.
4. Turn off air conditioners, heaters and fans.
5. Close vents to ventilation systems as you are able. (University staff will turn off the ventilation as quickly as possible.)
6. Make a list of the people with you and ask someone (hall staff, faculty or other staff) to call the list in to NIU Department of Police and Public Safety so they know where you are sheltering. If only students are present, one of the students should call in the list.
7. Turn on a radio or TV and listen for further instructions.

At the sound of a fire alarm or if you are instructed to evacuate, leave the area immediately and proceed to the nearest exit and leave the building. If you are the first to recognize a fire situation, activate the alarm, evacuate to a safe location using the nearest exit and notify NIU Department of Police and Public Safety at 815-753-1212 or dial 911.

1. Remain Calm.
2. Do NOT use Elevators. Use the Stairs.
3. Assist the physically impaired. If they are unable to exit without using an elevator, secure a safe location near a stairwell and immediately inform NIU Department of Police and Public Safety or the responding Fire Department of the individual’s location.
4. Proceed to a clear area at least 150 feet from the building. Keep all walkways clear for emergency vehicles.
5. Make sure all personnel are out of the building.
6. Do not re-enter the building.
Alcohol, Illegal Drugs and Substance Abuse Education

The information in this section is in accordance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989.

Abuse of alcohol and controlled substances can seriously impair health and the ability to work and study. It can pose a threat to the safety and well-being of others. The university promotes an environment that rejects substance abuse as an acceptable lifestyle, informs about resources for preventing or treating substance abuse and helps people to make healthy decisions about alcohol and other drugs. It is important to be aware of NIU’s standard of conduct and disciplinary actions taken against students or employees who violate that standard (see page 24).

Prevention of substance abuse is sought in several ways by:

- Promoting accurate information on drug use.
- Encouraging healthy use of leisure time through recreation and other activities.
- Enhancing skills for dealing with stress.
- Working through campus leaders and influencers to establish a healthy environment.

Counseling and Consultation Services: Alcohol and Drug Education and Prevention Initiatives

Counseling and Consultation Services provides informational programs and prevention services for students. These services include:

- Alcohol and Other Drug Education Work Group—a committee of NIU students and staff tasked with ensuring that prevention education initiatives regarding alcohol and other drug education initiatives across campus are evidence-informed, consistent, educational and empowering.
- A yearlong social norms media campaign containing a variety of harm-reduction messages appear in a variety of print, digital and social media platforms.
- Staff provides presentations and consultations to classes, student groups and residence hall floor groups. The department also partners with Student Involvement and Leadership Development to offer alcohol misuse education and risk reduction training to fraternities and sororities along with Social Policy Training.
- Bystander intervention education regarding alcohol and other drug use is offered to residence hall students, student organizations and classes.
- Mission Wellness, an electronic newsletter sent to all NIU students, publishes articles regarding alcohol and other drugs.

If You Need Help

The university encourages students and employees who may have a problem with the use of drugs or alcohol to seek professional advice and treatment. The university provides or can assist in arranging education, assessment, counseling, intervention, treatment, rehabilitation and aftercare. Some of these services may be without charge or the cost of others may be partially paid by student or employee health insurance programs.

1 DRINK EQUALS

A guideline for ensuring that your concentration of alcohol remains within legal limits is to consume no more than one drink per hour.

Other NIU Alcohol and Drug Education and Prevention Initiatives

- Option to live on an alcohol-free residence hall floor.
- Appropriate assessment, treatment and aftercare services are provided by NIU’s Counseling and Consultation Center and Health Services, as well as referral to off-campus agencies.
- The Division of Student Affairs partners with Human Resource Services to disseminate the Drug Free Schools and Communities Act policy to all students, faculty and staff on an annual basis.

How Drug Use Affects Your Health

Adverse health effects related to drug use can range from nausea and anxiety to coma and death. There are risks associated with the chronic use of all psychoactive drugs, including alcohol. A pregnant woman who uses alcohol, cigarettes or other drugs exposes her fetus to serious risks, including miscarriage, low birth weight and brain damage.

Substance abuse may involve controlled substances, illegal drugs and alcohol—all of which pose a health risk. When drugs are used in combination with each other, their negative effects on the mind and body are often multiplied beyond the effects of the same drugs taken on their own.

Alcohol is the drug most frequently abused on college campuses and in our society. Even a small amount of alcohol significantly impairs the judgment and coordination required to drive a car, increasing the chances of having an accident. Consumption of alcohol may be a factor in the incidence of aggressive crimes, including rape and domestic abuse. Moderate to large amounts of alcohol severely impair your ability to learn and remember information. Because alcohol is a depressant, very large amounts can cause respiratory and cardiac failure, resulting in death.

Marijuana impairs short-term memory and comprehension. It can cause confusion, anxiety, lung damage and abnormalities of the hormonal and reproductive system. Hours after the feeling of getting high fades, the effects of the drug on coordination and judgment remain, heightening the risk of driving or performing other complex tasks. Cannabis, a fat-soluble substance, may remain in the body for weeks, and an overdose can cause paranoia, panic attacks or psychiatric problems.

Club Drugs refers to a wide variety of drugs including MDMA (Ecstasy), GHB, rohypnol, ketamine, methamphetamine and LSD and are often used at raves, dance clubs and bars. No club drug is safe due to variations in purity, potency and concentration, and they can cause serious health problems or death. They have even more serious consequences when mixed with alcohol.

Depressants such as barbiturates, Valium and other benzodiazepines, Quaaludes and other depressants cause disorientation, slurred speech and other behaviors associated with drunkenness. The effects of an overdose of depressants range from shallow breathing, clammy skin, dilated pupils and weak and rapid pulse to coma and death.

Hallucinogens such as LSD, MDA, PCP (angel dust), mescaline and peyote can cause powerful distortions in perception and thinking. Intense and unpredictable emotional reactions can trigger panic attacks or psychotic reaction. An overdose of hallucinogens can cause heart failure, lung failure, coma and death.

Narcotics like heroin, codeine, morphine, methadone and opium cause such negative effects as anxiety, mood swings, nausea, confusion, constipation and respiratory depression. Overdose may lead to convulsions, coma and death. The risk of being infected with HIV/AIDS or other diseases increases significantly if you inject drugs and share needles, and there is a high likelihood of developing a physical and psychological dependence on these drugs.
Stimulants—cocaine, amphetamines and others—can cause agitation, loss of appetite, irregular heartbeat, chronic sleeplessness and hallucinations. Cocaine and crack cocaine are extremely dangerous and psychologically and physically addictive. An overdose can result in seizures and death.

Tobacco, with its active ingredient nicotine, increases heart rate and raises blood pressure. The tar in cigarette smoke is a major cause of cancer and other respiratory problems. Carbon monoxide in cigarette smoke can promote arteriosclerosis, and long-term effects of smoking include emphysema, chronic bronchitis, heart disease and lung cancer.

Alcohol and Drug Use Policy

The Drug-Free Workplace Act of 1988, the Drug-Free Schools and Communities Act of 1989 (see go.niu.edu/drugfree for the DFSCA Policy), and the policies of Northern Illinois University prohibit unlawful manufacture, dispensation, possession, use, sale and/or distribution of controlled substances and alcohol on property owned, operated or controlled by Northern Illinois University, or in association with any university-related duties or activities. The NIU Department of Police and Public Safety enforces all state and federal drinking and drug laws including underage drinking.

The illegal use of controlled substances and abuse of alcohol may cause serious health problems, impair performance and endanger the safety and well-being of students, faculty, staff and members of the general public. Because it is readily available and its use is not necessarily illegal, the drug which tends to have the greatest potential for harm to the most people is alcohol. Negative health and social consequences which may occur as a result of the use of alcohol include accidents, assaults (physical or verbal) and other problems related to health and productivity. The use of alcohol by pregnant women, alcoholics and people who are ill or on medication is especially dangerous. In all instances, the university observes relevant state of Illinois laws and regulations pertaining to alcohol.

Local, state and federal laws prohibit the unlawful possession, use, sale or distribution of drugs and alcohol. The courts may impose strict legal sanctions upon an individual who is found to have violated these legal prohibitions. When applicable, available legal sanctions include, but are not limited to: the imposition of fines, imprisonment, forfeiture of property, nonvoluntary community service, probation, required medical or psychiatric treatment, rehabilitation, treatment as approved by the Illinois Department of Human Services Office of Alcoholism and Substance Abuse and restitution. An individual’s status as a university student or employee in no way prevents a court from imposing any of these sanctions. It is also a violation of NIU’s policies for anyone to consume or possess alcohol in any public or private area of campus without prior university approval. Groups or organizations violating alcohol/substance policies or laws may be subject to sanctions by the university. Certain locations on campus are approved to serve alcohol, for example at athletic or catered events. Prohibitions on underage drinking still apply at all such events.

Drug or Alcohol Convictions in the Workplace

In addition to the measures outlined above, as a condition of employment, an employee directly engaged in work pursuant to a federal grant or contract must abide by the terms of this policy, and must notify the university no later than five days after any criminal drug statute conviction if the criminal act upon which the conviction is based occurred upon property owned, operated or controlled by the university. Each employee engaged in the performance of a federal grant or contract shall be given a copy of this policy notification. The university will notify the granting or contracting agency within ten days after receiving notice from a covered employee or otherwise receiving actual notice of such convictions.

The university encourages any students and employees who have a problem with the use of drugs or alcohol to seek professional advice and treatment. The university provides or can assist in arranging education, assessment, counseling, intervention, treatment, rehabilitation and aftercare. Some of these services may be without charge, and the cost of others may be partially paid by student or employee health insurance programs. Students may obtain further information on any of these support services from Counseling and Consultation Services (815-753-1206). Faculty and staff should contact the Employee Assistance Program (815-753-9191) for information and assistance. In addition, there are numerous community agencies including Alcoholics Anonymous (800-452-7990), the Northwestern Medicine Ben Gordon Center (815-756-4875) and various private clinics and counselors.

Drug and Alcohol Use: Illinois Law

In Illinois, it is against the law to sell or deliver alcohol to anyone under 21, or to any intoxicated person [235 ILCS 5/6-16]. Violations can result in fines of up to $2,500 for a misdemeanor offense and one year in jail. Felony offense can result in a prison sentence of a year or more and fines up to $25,000. It is also illegal to assist in obtaining or to fraudulently obtain, distribute, use, or possess a fraudulent state ID card/driver’s license. As a result, driving privileges can be suspended for up to one year or revoked for a minimum of one year. On-campus violations are strictly enforced by the NIU Department of Police and Public Safety.

Local liquor commissioners have the duty to report to
the Secretary of State any conviction for a violation of the Liquor Control Act, or a similar provision of a local ordinance, prohibiting a person under 21 from purchasing, accepting, possessing or consuming alcohol and prohibiting the transfer or alteration of identification cards, the use of the identification card of another or a false or forged identification card or the use of false information to obtain an identification card.

Substantial penalties exist in Illinois for the operation of a motor vehicle by a driver with a blood or breath alcohol concentration of .08 or greater. Arrests are also possible at lower alcohol levels if driving is impaired. Driving under the influence is generally a Class A misdemeanor; minimum revocation of driving privileges for one year (two years if driver is under age 21); suspension of vehicle registration. If committed with a BAC of .16 or more — in addition to any penalties or fines, mandatory minimum fine of $500 and mandatory minimum 100 hours of community service. Subsequent offenses entail penalties of significantly greater severity. Transporting open alcohol containers in a motor vehicle is also punishable under Illinois law.

Possession and delivery of illicit drugs are prohibited in Illinois through the Cannabis Control Act [740 ILCS 40/0.01 et seq.] and the Controlled Substances Act [720 ILCS 570/100 et seq. and 720 ILCS 570/401 et seq.]. Penalties vary with the amount of the drug confiscated; the type of drug found; the number of previous offenses by the individual; and whether the individual intended to manufacture, sell, or use the drug. A first-time conviction of possession of a controlled substance can result in a one to three year prison sentence, the fine can be $25,000 and charges permit the court to sentence the defendant to probation and substance abuse treatment. More severe penalties may be imposed for conviction of class 2, 3 or 4 felonies involving manufacture or delivery to a minor. Vehicles used with knowledge of the owner in the commission of any offense prohibited by the Cannabis Control Act or Controlled Substances Act can be seized by the government, and all ownership rights are forfeited.

Under federal sentencing guidelines, federal courts can sentence simple-possession first offenders to one year in prison and a $100,000 fine. Penalties for subsequent convictions are significantly greater [21 U.S.C. 844(a)].

**Disciplinary Actions**

Northern Illinois University may impose disciplinary sanctions upon any student or employee who is found to be in violation of laws or policies relating to the unlawful possession, use, sale or distribution of drugs and alcohol. For employees, such sanctions may include, without limitation, the following:

- Referral to an educational or rehabilitation program (employees who are convicted of drug or alcohol-
related offenses can be required to demonstrate satisfactory completion of such a program).
• Referral for fitness for duty evaluation.
• Employee discipline (including suspension or dismissal) pursuant to provisions of the NIU Board of Trustees Regulations, NIU Constitution and By-Laws, NIU personnel policies, or those of the State Universities Civil Service System.
• Referral for criminal prosecution.
• Additional procedures pertain to employees in designated positions subject to the Federal Department of Transportation Alcohol and Drug Testing Program regulations.

Students are subject to referral for action under the Student Code of Conduct (including the possibility of expulsion or suspension) and, without limitation, may include the following:
• Student referral for action under the Student Code of Conduct (including the possibility of expulsion or suspension).
• Referral for action under policies relating to residence halls.
• Referral to Counseling and Consultation Services for a Substance Use Assessment and/or Substance Use Education and Intervention Program.
• Student Conduct Fine.
• Probation.
• Parental Notification.

Abuse and Neglect Reporting

Illinois Public Act 097-0711 was signed into law with an immediate effective date on June 27, 2012. The Abused and Neglected Child Reporting Act was amended to include institutions of higher education personnel, athletic program or facility personnel requiring a duty to report when they have “reasonable cause to believe a child known to them in their professional or official capacity may be an abused or neglected child...” The DCFS Hotline is 1-800-25ABUSE (22873). If you have questions regarding these requirements you can contact the NIU Department of Police and Public Safety at 815-753-1212 for assistance. New hires and rehires at NIU complete the Abuse and Neglect Reporting training as part of the online onboarding process. The information is communicated to employees and posted on the Department of Police and Public Safety’s website at niu.edu/publicsafety/resources/DCFS.shtml.

Student Conduct

Any member of the university community may document a situation which may be a violation of institutional policy. The documentation method involves completion of an incident report,
located online at [niu.edu/conduct/incident-reporting](http://niu.edu/conduct/incident-reporting).

Completion of an incident report notifies the Student Conduct office of a potential incident with copies provided to other appropriate university offices, including, but not limited to: NIU Department of Police and Public Safety, Housing and Residential Services, and Environmental Health and Safety. Filing an incident report does not constitute filing a police report or making an official report to another office on campus. The incident report serves as a mechanism for notifying appropriate institutional offices of an incident.

The completion of an incident report to document a situation in Student Conduct does not constitute a Student Conduct referral for Clery purposes. A referral for Clery reporting occurs, if the incident reported meets the definition of a crime reportable under the Clery Act and a disciplinary action which may result in the imposition of a sanction is initiated.

The Student Code of Conduct outlines the process under which all student conduct incidents are investigated and adjudicated as appropriate. Refer to the Student Code of Conduct ([niu.edu/conduct/student-code-of-conduct/index.shtml](http://niu.edu/conduct/student-code-of-conduct/index.shtml)) for further information on the process.

Letter from the Chief of Police

Dear Campus Community:

Thank you for taking the time to review the 2021 Annual Security Report (ASR). At Northern Illinois University Police and Public Safety, we understand that it is important for our students, faculty, and staff to be aware of campus safety and the services that we provide so they can make well-informed decisions about their personal safety.

The ASR, provided to you in accordance with the Jeanne Cleary Disclosure of Campus Security Policy and Campus Crime Statistics Act, is full of useful information about safety and security at Northern Illinois University.

Together, we continue to endure the impact of COVID-19 on our lives, on our family and friends, and on our campus. While much of our campus community finished out the spring semester through online learning, our police officers, guards, and dispatchers, continued to protect and serve our students on campus while ensuring that NIU remained opened during the pandemic. I am proud of the dedication and resiliency of our staff during this public health crisis. While face masks and social distancing have become a part of our daily lives, I am confident that our campus community will continue to navigate through this global pandemic. As we face these ongoing challenges together, we ask for patience, tolerance, and understanding with each other during this difficult time.

Our collaboration with the Housing and Residential Services to improve security technology where our students live, study, and thrive is ongoing. Stevenson Hall has a new and improved security camera system, and we are working diligently on making improvements to the remaining living spaces on campus.

I would be remiss if I didn’t speak to the challenges facing law enforcement today. While this has been a difficult year for policing, I want our students, faculty, and staff to know that we at Northern Illinois University Police and Public Safety are committed to the fair and impartial treatment of our community and treating all people with dignity and respect. We strive to build trust and legitimacy with the community that we serve through policy, training, transparency, and accountability. All of our police officers receive Crisis Intervention Training (CIT) and Racial Intelligence Training and Engagement (RITE) to recognize and reduce implicit bias and enhance our skills to de-escalate encounters with law enforcement. Also, in collaboration with the Office of Academic Diversity, Equity and Inclusion, many of police officers have been trained as facilitators for Conversations on Diversity and Equity (CODE) to help our staff learn about cultural differences that shape society and build an inclusive campus. Our officers are equipped with body-worn cameras to record police interactions with the public in order to increase transparency with the community that we serve.

We all have an important role to play in keeping ourselves, our fellow Huskies and our campus community safe. Our work continues, but we need all of you, in partnership, to be successful in creating and maintaining a thriving living and learning environment. Communication, participation, and collaboration is key to our success, and I encourage you to learn more about campus safety and our ongoing commitment to you in this report. From all of us at NIUPD, we hope you have a safe and successful school year.

Go Huskies!

Darren Mitchell
Acting Chief of Police
Northern Illinois University
Clery Act Reporting

Publication of this annual report is required by federal law. The annual crime statistics were compiled by the NIU Department of Police and Public Safety with information from the NIU Department of Police and Public Safety, Student Conduct, Title IX, Human Resource Services, Campus Security Authorities and relevant local and state police agencies. The university’s yearly crime statistics are compiled on a calendar-year basis. The report includes statistics for the previous three years concerning crimes that occurred within the geography outlined by the Clery Act for each campus and were reported to the NIU Department of Police and Public Safety or designated campus officials. Additionally, these statistics include people referred for campus disciplinary action for categories required under the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Referrals occur when a person is not arrested for Weapons, Drug Abuse or Liquor Law Violations, but is instead referred for campus disciplinary action. Statistical information for certain off-campus locations or property owned or controlled by the university, as well as public property within or immediately adjacent to and accessible from campus, are collected or requested from local police departments. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year in which the crime was reported.

The crime statistics tables are reflective of the requirements mandated by federal law for compiling this report. NIU reports the crimes required by the Clery Act that occurred on or within the institution’s Clery Geography that were reported to a Campus Security Authority or local police agency.

The daily crime log is available for public review at the Department of Police and Public Safety building at 395 Wirtz Drive, DeKalb, Illinois or online at niu.edu/publicsafety listed under Resources.

Classifying Crime Statistics

The statistics on the following pages are published in accordance with the standards and guidelines used by the FBI Uniform Crime Reporting Handbook and the Clery Act.

The number of victims involved in a particular incident is indicated for the following crime classifications: murder/ non-negligent manslaughter, manslaughter by negligence, sex offenses (rape, fondling, incest, statutory rape) and aggravated assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics.

The number of incidents involving a particular offense is indicated for the following crime categories (includes one offense per distinct operation): robbery, burglary and arson. For example, if five students are walking across campus together and they are robbed, this would count as one instance of robbery in the crime statistics chart.

In cases of motor vehicle theft, each vehicle stolen is counted.

In cases involving Weapons, Drug Abuse or Liquor Law Violations, each person who was arrested is indicated in the arrest statistics. The statistics captured under the “Judicial Referrals” section for Weapons, Drug Abuse and Liquor Law Violations indicate the number of people who were referred to Student Conduct for violating those specific laws.

Statistics for hate crimes are counted in each specific Clery-reportable crime category and therefore are part of the overall statistics reported for each year. The only exception to this is the addition of a bias-motivated larceny, simple assault, intimidation and destruction/damage/vandalism of property; the law requires that this statistic be reported as a hate crime even though there is no requirement to report the crime in any other area of the compliance document.
Definitions of Reportable Crimes and Other Associated Terms

Murder and Manslaughter by Negligence: The willful (non-negligent) killing of one human being by another.

Negligent Manslaughter: The killing of another person through gross negligence.

Sex Offenses: Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

- **Rape:** The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- **Fondling:** The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental incapacity.
- **Incest:** Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- **Statutory Rape:** Sexual intercourse with a person who is under the statutory age of consent.

Robbery: The taking or attempting to take anything of value from the care, custody or control of a person or persons by force or threat of force, violence and/or causing the victim fear.

Aggravated Assault: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. It is not necessary that injury result from an aggravated assault when a gun, knife or other weapon is used which could or probably would result in a serious potential injury if the crime were successfully completed.

Burglary: The unlawful entry of a structure to commit a felony or a theft. For reporting purposes this definition includes: unlawful entry with intent to commit a larceny or a felony, breaking and entering with intent to commit a larceny, housebreaking, safecracking and all attempts to commit any of the aforementioned.

Motor Vehicle Theft: The theft or attempted theft of a motor vehicle. (All cases are classified as motor vehicle theft where automobiles are taken by persons not having lawful access even though the vehicles are later abandoned, including joy riding.)

Arson: Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling, house, public building, motor vehicle or aircraft, personal property, etc.

Domestic Violence: A felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim; by a person with whom the victim shares a child in common; by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. For the purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence. The existence of a dating relationship shall be determined based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship and the frequency of interaction between the persons involved in the relationship.

Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to (A) fear for the person’s safety or the safety of others; or (B) suffer substantial emotional distress. For the purposes of this definition: (i) Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device or means, follows, monitors, observes, surveils, threatens or communicates to or about a person, or interferes with a person’s property; (ii) Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim; (iii) Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Hate Crimes: A criminal offense committed against a person or property which is motivated, in whole or in part, by the offender’s bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their race, gender, religion, disability, gender identity, ethnicity, or national origin. This includes all of the crimes listed above, plus larceny/theft, simple assault, intimidation and destruction/damage/vandalism of property. The law requires that the statistic be reported as a hate crime for these additional categories even though there is no requirement to report the crime classification in any other area of the compliance document.

Larceny-Theft (when motivated by bias): The unlawful taking, carrying, leading or riding away of property from the possession or constructive possession of another. Constructive possession is the condition in which a person does not have physical custody or possession, but is in a position to exercise dominion or control over a thing.

Simple Assault (when motivated by bias): An unlawful
physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration or loss of consciousness.

**Intimidation (when motivated by bias):** To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

**Destruction/Damage/Vandalism of Property (when motivated by bias):** To willfully or maliciously destroy, damage, deface or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

**Liquor Law Violations:** The violation of laws or ordinances prohibiting: the manufacture, sale, transporting, furnishing, possessing of intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating a still; furnishing liquor to a minor or intemperate person; using a vehicle for illegal transportation of liquor; drinking on a train or public conveyance; all attempts to commit any of the aforementioned. (Drunkenness and driving under the influence are not included in this definition.)

**Drug Abuse Violations:** Violations of state and local laws relating to the unlawful possession, sale, use, growing, manufacturing and making of narcotic drugs. The relevant substances include: opium or cocaine and their derivatives (morphine, heroin, codeine), marijuana, synthetic narcotics (Demerol, methadone) and dangerous non-narcotic drugs (barbiturates, Benzedrine).

**Illegal Weapons Law Possession:** The violation of laws or ordinances dealing with weapon offenses, regulatory in nature, such as: manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; furnishing deadly weapons to minors; aliens possessing deadly weapons; all attempts to commit any of the aforementioned.

**Unfounded Crimes:** An institution may withhold, or subsequently remove, a reported crime from its crime statistics in the rare situations where sworn or commissioned law enforcement personnel have fully investigated the reported crime and, based on the results of this full investigation and evidence, have made a formal determination that the crime report is false or baseless and therefore “unfounded.” Only sworn or commissioned law enforcement personnel may “unfound” a crime report for purposes of reporting under this section. The recovery of stolen property, the low value of stolen property, the refusal of the victim to cooperate with the prosecution and the failure to make an arrest do not “unfound” a crime report.

**On-Campus:** All property, including on-campus housing facilities, owned or controlled by an institution within the same reasonably contiguous geographical area used by the institution in direct support of, or in a manner related to, institutional educational purposes, including residence halls; and any building or property within the same reasonably contiguous geographic area of the institution that is owned by the institution but controlled by another person, and is used by students and supports institutional purposes (such as a food or other retail vendor).

**On-Campus Student Housing Facilities:** Property owned or controlled by the institution used to provide housing for the institution’s students.

**Non-Campus:** Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is being used in direct support of, or in relation to, the institution’s educational purposes, is frequented by students and is not within the same reasonably contiguous geographic area of the institution.

**Note:** Greek houses are considered non-campus, however, for reporting purposes the statistics are provided by the City of DeKalb and the NIU Department of Police and Public Safety.

**Public Property:** All public property, including thoroughfares, streets, sidewalks and parking facilities, that is within the campus or immediately adjacent to and accessible from the campus. The Clery Act does not require disclosure of crime statistics for public property that surrounds non-campus buildings or property.

Violence Against Women Act (VAWA) Response to Domestic Violence, Dating Violence, Sexual Assault and Stalking*

Sexual misconduct, including sexual harassment, sexual assault, domestic violence, dating violence, stalking and gender harassment, is conduct/behavior that is prohibited by NIU policy. Those terms are defined within this report in accordance with Title IX of the Education Amendments of 1972 (“Title IX”).

The University’s Sexual Misconduct Policy and Complaint Procedures (“Sexual Misconduct Policy”) addresses incidents of sexual misconduct. The university does not discriminate on the basis of sex or gender in any phase of its educational or employment programs; the university is required by Title IX and other laws to not discriminate. For more information about the Sexual Misconduct Policy, please visit go.niu.edu/sexual-misconduct-policy.

This section of the Report is intended to inform the campus community of university procedures designed to respond to reports of alleged dating violence, domestic violence, sexual assault or stalking, and advise our campus on the programs designed to prevent the occurrence of sexual misconduct.

University Definitions of Prohibited Sexual Misconduct and Other Terms

Anonymous Complaint: One where the identity of the complainant is not known.

Complainant: Refers to the victim; a person who has been subjected to any of the conduct prohibited by this policy and/or person who files a formal complaint.

Coercion: The use of an unreasonable amount of pressure to gain sexual access. Coercion is more than an effort to persuade, entice or attract another person to have sex. When a person makes a decision not to participate in a particular sexual act, a decision to stop or a decision to not go beyond a certain sexual interaction, continued pressure can be coercive. In evaluating whether coercion was used, the following factors will be considered: the frequency of the application of the pressure, the intensity of the pressure, the degree of isolation of the person being pressured and the duration of the pressure.

Consent: Clear, unambiguous, informed, voluntary and freely given agreement between all participants to knowingly engage in sexual activity. Consent must demonstrate that all individuals understand, are aware of and agree to the “who” (same partners), “what” (same acts), “where” (same location), “when” (same time), and “how” (the same way and under the same conditions) of the sexual activity.

Consent must be mutually understandable by words or actions (i.e., a reasonable person would consider the words or actions to indicate mutual agreement to engage in the sexual activity). Consent is active and cannot be based on the absence of an affirmative statement or act of denial. Silence or lack of resistance does not constitute consent.

Consent cannot be given when a person is incapacitated (including but not limited to a person or someone with a physical or mental disability and/or level of intoxication that causes impairment resulting in incapacitation), asleep, or unconscious; and the respondent knew or should have known that the person was incapacitated, asleep, or unconscious.

Consent cannot be the result of force (violence, physical restraint or the presence of a weapon); threats (indications of intent to harm, whether direct or indirect); intimidation (extortion, menacing behavior, bullying); coercion (undue pressure); or fraud (misrepresentation or material omission about oneself or the situation in order to gain permission for sexual or intimate activity).

Seeking and receiving consent is the responsibility of the person(s) initiating the sexual act(s) regardless of whether the person initiating the act(s) is under the influence of drugs and/or alcohol.

Consent to any sexual act or prior consensual sexual activity between or with any party does not in and of itself constitute consent to any other sexual act. Consent to engage in sexual activity with one person does not constitute consent to engage in sexual activity with another.

Consent may be initially given but withdrawn at any time. Consent cannot be inferred by an individual’s manner of dress, the giving or acceptance of gifts, the extension or acceptance of an invitation to go to a private room or location, or going on a date.

Consent must be given to engage in the act of sexual activity, and consent must also be given to any person who records or photographs any aspect of the sexual activity as well as third parties who wish to view the sexual activity either in person or via any electronic equipment, methods or devices.

The definition of consent does not vary based upon a participant’s sex, sexual orientation, gender identity or gender expression.

Day: Calendar day between the hours of midnight and 11:59 p.m., inclusive of weekends and holidays.

Employee: Person that receives compensation from the university for services performed. This includes civil service staff, supportive professional staff, faculty, instructors, graduate/teaching/research assistants, extra help, and student employees.

Formal complaint: Document filed by the complainant that contains the complainant’s physical or digital
signature or otherwise indicates that the complainant is the person filing the complaint, or document signed by the Title IX Coordinator.

**Force:** The use of physical violence and/or otherwise physically imposing on another person to gain sexual access. Also includes threats, intimidation, implied threats and coercion that overcome resistance or produce consent.

**Incapacitation:** Level of intoxication due to drugs or alcohol (whether such use is voluntary or involuntary) that causes a physical or mental impairment; the lack of consciousness or being asleep; being involuntarily restrained; if any of the parties are under the age of 17; or if an individual otherwise cannot consent. If a person is known or reasonably should be known to be incapacitated, then any sexual activity with that person is without consent.

Generally, an incapacitated individual is incapable of recognizing what is occurring and is not able to recognize the nature of sexual activity or the extent of a sexual situation. Some ways in which a person can be incapacitated as a result of alcohol use may include, but is not limited to, lack of control over physical movements, lack of awareness of circumstances or surroundings or the inability to communicate for any reason. The individual may experience a blackout state in which they appear to be giving consent but does not actually have conscious awareness or the ability to consent.

**Physical and Mental Disability:** “A physical or mental impairment that substantially limits one or more life activities of an individual such as caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating and working. This also includes the operation of a major bodily function, including but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine and reproductive functions.” (Americans with Disabilities Act.)

**Proceeding:** All activities related to a noncriminal resolution of an institutional disciplinary complaint, including, but not limited to, fact-finding investigations, formal or informal meetings and hearings. The proceeding does not include communications and meetings between officials and parties concerning supportive measures to be provided to a complainant or respondent.

**Reasonable Person:** Person under similar circumstances with similar identities.

**Reporting party:** Individual that has submitted a report of sexual misconduct, if they are not the individual that has been subjected to the sexual misconduct.

---

**Results of Disciplinary Proceedings**

Appropriate legal, disciplinary or remedial recourse may be taken against any persons or groups alleged or found to be responsible for engaging in crimes of violence or sex offenses.

The institution will, upon written request, disclose to the alleged victim of a crime of violence or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased, the next of kin shall be treated as the alleged victim for purposes of this paragraph.

**Respondent:** The alleged offender/accused; a person alleged to have engaged in any of the conduct prohibited by this policy.

**Responsible Employee:** Any employee who is required to report sexual misconduct to the Title IX Coordinator.

**Result:** Any initial, interim or final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanctions imposed by the institution.

**Sexual Misconduct:** Umbrella term for one or more acts as defined as a violation of this policy. Sexual misconduct can occur among, between or to heterosexual, lesbian, gay, bisexual and transgender individuals.

**Student:** Person admitted to the university and/or enrolled in any course (for credit or not for credit), or who is on campus for the purpose of enrolling in any course at the time of the alleged incident.

**Title IX Coordinator:** Manages, implements, and administers NIU’s procedures which prohibit discrimination, including enforcement of sexual misconduct complaint procedures, sexual misconduct training programs and ensuring the prompt and appropriate resolution of sexual misconduct complaints.

NIU’s Title IX Coordinator is Sarah Garner, Ethics and Compliance Office, Health Services 230, 815-753-5560, titleixcoordinator@niu.edu.

Procedures to Follow if Sexual Assault, Domestic Violence, Dating Violence or Stalking has Occurred

If a crime of domestic violence, dating violence, sexual assault or stalking has occurred, the below procedures are encouraged for victims to follow.

1. Go to a Safe Place
   - Call 9-1-1 to connect with local law enforcement agencies or medical professionals.

2. Talk to Someone you Trust

3. Seek Medical Attention and Evidence Preservation
   - It is recommended that you seek medical attention as soon as you are able to do so. Seeking medical attention allows for the treatment of injuries and allows evidence to be preserved. For immediate medical attention and evidence preservation, go to the Northwestern Medicine Kishwaukee Hospital at 1 Kish Hospital Drive, DeKalb, IL, 815-756-1521. Completing evidence preservation/forensic examination does not require you to file a police report. Rather, completing evidence preservation/forensic examination will help preserve evidence in case you decide at a later date to file a police report or obtain an Order of Protection through the criminal or civil legal system should you choose to do so.
   - To best preserve evidence, it is advisable not to bathe, wash your hands, use the restroom, drink, smoke, change clothing or brush your teeth after a crime occurs. If you do change clothes, you may bring them unwashed to the hospital in a paper bag. Under Illinois law, the cost of a forensic examination for a sexual violence survivor that is not covered by private insurance or public aid will be covered by the Illinois Department of Healthcare and Family Services, and should not be billed to the patient. Therefore, you will not have to pay out-of-pocket for the exam.
   - You are also encouraged to preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if you have any, that would be useful to police or university adjudicators/investigators.

4. Report the Incident: You have options to address what you have been subjected to. You may directly notify one of the following law enforcement agencies:
   - NIU Department of Police and Public Safety (for on-campus crimes), 395 Wirtz Drive, DeKalb, IL, 815-753-1212.
   - DeKalb Police Department (for off-campus crimes), 700 W. Lincoln Highway, DeKalb, IL, 815-748-8400

In addition to contacting local law enforcement, you may also file a complaint with the university. A university complaint (Sexual Misconduct Complaint) may be submitted electronically at go.niu.edu/file-misconduct or by contacting the Title IX Coordinator at 815-753-5560 or TitleIXCoordinator@niu.edu. More information about the university’s procedures for investigating and resolving a Sexual Misconduct Complaint are found further in this Report.

The following resources can receive a confidential complaint wherein disclosure of a crime does not trigger an official investigation and communications are considered privileged, i.e. not disclosed to others including law enforcement or the Title IX Coordinator, unless you consent to a disclosure. The following are entities designated to assist you in making reports to law enforcement or university offices:
   - Safe Passage (off campus, free and for all), 815-756-5228, 24-hour hotline.
   - Counseling Services on-campus, free and for students Counseling and Consultation Services, Campus Life 200, 815-753-1206, niu.edu/counseling
   - Employee Assistance Program On-campus, free and for employees Holmes Student Center 7th Floor 815-753-9191 go.niu.edu/eap

Ultimately, it is your choice whether or not to make a report and to decline to notify any of the above-described entities.

5. Obtain Supportive Measures: Upon receipt of a report of domestic violence, dating violence, sexual assault or stalking, the university will provide written notification to a student or employee about the availability of
supportive measures and how to request a supportive measure. The university will maintain as confidential any supportive measures provided to a student or employee, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

At your request, and to the extent of your cooperation and consent, university offices will work cooperatively to assist you in obtaining supportive measures. If reasonably available, you may be offered changes to academic, living, working or transportation situations regardless of whether you choose to report the crime to campus police or local law enforcement. Examples of options for a potential change to the academic situation may be to transfer to a different section of a class, withdraw and take a class at another time if there is no option for moving to a different section, etc. Potential changes to living situations may include moving to a different room or residence hall. Possible changes to work situations may include changing working hours. Possible changes in transportation may include having the student or employee park in a different location, assisting the student or employee with a safety escort, etc.

To request changes to academic, living, transportation and/or working situations or other supportive measures, contact the Title IX Coordinator at 815-753-5560 or TitleIXCoordinator@niu.edu. If you wish to receive assistance in requesting a supportive measure, please call the Center for Student Assistance at 815-753-8300 to be referred to the NIU Confidential Advisor, Safe Passage at 815-756-5228 or the Employee Assistance Program at 815-753-9191.

University Procedures for Investigating and Resolving a Sexual Misconduct Complaint

Below is a summary of the process if a student or employee chooses to file a formal complaint of domestic violence, dating violence, sexual assault, or stalking to the university’s Title IX Coordinator. The full Sexual Misconduct Policy and Complaint Procedures is found online at go.niu.edu/sexual-misconduct-policy. All individuals who submit a Sexual Misconduct report or complaint via the online system at go.niu.edu/file-misconduct, regardless of whether the alleged incident occurred on or off campus, will receive a written explanation of their rights and options in addition to information about the formal grievance process.

Upon submission of a formal complaint, the university’s formal grievance process is initiated. The complainant (victim) and respondent (accused individual) will separately and simultaneously receive notice of the Sexual Misconduct complaint and investigation. The notice will include specific information, including but not limited to, the date and location of incident, availability of supportive measures, identities of parties involved, conduct allegedly constituting a policy violation, ability to have advisor of choice, and statement that the determination regarding responsibility is made at the conclusion of a hearing.

The Title IX Coordinator, or designee, reviews the complaint to determine jurisdiction and if the complaint requires a dismissal or referral to an alternative university process. If no jurisdiction is determined, the complaint is dismissed or referred. The complainant and respondent will receive notice of this decision and will have an opportunity to appeal the decision. Absent a dismissal or referral or if an appeal is granted, the investigation will proceed.

At any time before, during or after the investigation, the complainant and respondent may elect to resolve the complaint by means of informal resolution. Resolving the complaint through informal resolution does not require a full investigation or hearing.

If an investigation proceeds, it will be conducted in as timely of a manner as possible. The complainant and respondent will have the opportunity to provide a statement as to what occurred and may also suggest questions to the investigator to be asked of the other party, at the discretion of the investigator. Witnesses may then be contacted and a collection of inculpatory and exculpatory evidence, to include text messages, photos, emails, etc., will be occur. Periodic updates about the grievance process will be provided to the complainant and respondent.

After gathering all reasonably available evidence, the investigator will prepare an Evidentiary Report to be distributed to the complainant and respondent. This report will contain all statements and evidence obtained during the investigation. The complainant and respondent will have the opportunity to provide a written response to the report. After a review of submitted written responses, the investigator will incorporate the additional information into a final Investigative Report, which is provided to both parties, their advisors, and the hearing officer prior to the hearing. The final Investigative Report serves as a basis to the hearing. Before the hearing takes places, both parties and their advisors will separately meet with the Title IX Coordinator, or designee, to discuss the rules and procedures of the hearing. The party’s advisor must attend this meeting and failure to attend may result in their disqualification from participating in the hearing.

The hearing will be conducted by a neutral hearing officer to determine by a preponderance of evidence (“more likely than not”) whether the respondent violated the Sexual Misconduct Policy and, if so, appropriate sanctions. The respondent is presumed not responsible until this decision is made. During the hearing, both parties are required to have an advisor present and if they do not have one, a university-advisor will be appointed. The party’s advisor will have the opportunity to cross-examine, at no cost, all participants. The hearing
officer will also have the ability to ask questions of all of the participants. At the conclusion of the hearing, the hearing officer will separately and simultaneously issue a written determination to the complainant and respondent regarding responsibility and sanctions, if appropriate. The complainant and respondent have the right to appeal the decision regarding responsibility and/or sanctions. The determination regarding responsibility becomes final either on the date that the appeal response is provided (if an appeal has been filed), or the date on which an appeal would no longer be considered timely. Sanctions will be in effect after the determination is final. The following is a list of possible sanctions:

- Anger intervention assessment.
- Abuse intervention program.
- Banishment from part or all NIU property, functions, etc.
- Community service to NIU or the DeKalb community.
- Discretionary sanction-required work assignments, written assignments, service to NIU or other related discretionary assignments.
- Educational sanctions including, but not limited to, the completion of an educational assignment.
- Fines.
- Formal written warning.
- Loss of privileges (e.g., inability to have visitors/guests, etc.).
- No contact (direct or indirect) with the complainant or involved party.
- Parental notification.
- Probation.
- Termination of residence hall contract.
- Relocation of residence hall assignment.
- Restrictive measures.
- Restorative justice participation.
- Revocation of admission.
- Revocation of degree.
- Substance use intervention and education program.
- Training on sexual misconduct.
- University expulsion.
- University suspension.
- Withholding degree.
- Letter of warning.
- Official reprimand.
- Referral to a required counseling program.
- Referral to university disciplinary process, to include tenure revocation.
- Suspension from employment with or without pay.
- Termination from employment.

Any third-party (visitor, guest, contractor, subcontractor, vendor, partner or business affiliate) who violates the Sexual Misconduct Policy will receive a sanction ranging from a written warning to banishment from any university property, activities and/or programs, including the termination of any business contract with the university.

Rights of Parties during University Investigation and Resolution
During the investigation and resolution of a Sexual Misconduct Complaint by a student or employee, both the complainant and respondent are provided the following rights:

- The proceeding will include a prompt, fair, and impartial process from the initial investigation to the final result, to include completion within reasonably prompt timeframes, including a process that allows for the extension of timeframes for good cause with written notice to the complainant and the respondent of the delay and the reason for the delay.
- The proceeding will be consistent with the institution’s policies and transparent to the complainant and respondent, to include timely notice for meetings at which the complainant or respondent, or both, may be present; and timely and equal access to the complainant, the respondent and appropriate officials to any information that will be used during informal and formal disciplinary meetings and hearings.
- The proceeding will be conducted by administrators who, at minimum, received annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.
- The administrators conducting the proceeding will not have a conflict of interest or bias for or against the complainant or respondent.
- The proceeding with provide the complainant and the respondent with the same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by an advisor of their choice, absent a conflict of interest.
- University administrators will not limit the choice of advisor present for either the complainant or respondent in any meeting or institutional disciplinary proceeding, however, the university may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.
- Upon completion of the investigation, the complainant and respondent will be simultaneously notified in writing about the result of the proceeding, the procedures to appeal of the report, any change to the result, and when such results become final.

Confidentiality Statement
The university protects the identity of individuals who report having been victims of sexual assault, domestic
violence, dating violence or stalking to the best of its ability. All reports and information concerning conduct related to the Sexual Misconduct Policy will be handled with privacy and shared when there is a need-to-know basis within the university, or investigation or adjudication of a report/complaint.

If you choose to remain completely anonymous and utilize Confidential Resources, no complaint will be filed. If you choose to notify the university about what occurred by submitting a report, but elect not to participate in an investigation, the Title IX Coordinator may file a Sexual Misconduct Complaint.

When confidentiality is maintained, the identity of the complainant is unknown (anonymous), or when the complainant elects not to participate in an investigation, the university's ability to respond and take appropriate disciplinary action may be impeded. Nevertheless, the university will attempt to provide resources as provided herein, to take steps to remedy the effects of the alleged sexual misconduct and to prevent its recurrence.

The university does not publish the name of crime victims or other identifiable information regarding victims on the Daily Crime Log or in the annual crime statistics that are disclosed in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Furthermore, if a Timely Warning Notice is issued on the basis of a report of domestic violence, dating violence, sexual assault or stalking, the name of the victim and other personally identifiable information about the victim will be withheld.

Any student that does not want directory information publicly disclosed should access their MyNIU account. From the Student Center under Personal Information select “Privacy Settings.” Then click the “Edit FERPA/Directory Restrictions” bar to restrict release of your information. Regardless of whether a student has opted-out of allowing the university to share “directory information,” personally identifiable information about the student and other necessary parties will be treated as confidential and only shared with persons who have a specific need-to-know, i.e., those who are investigating/adjudicating the report or those involved in providing supportive measures to the involved parties. By only sharing personally identifiable information with individuals on a need-to-know basis, the institution will maintain as confidential, any supportive measures provided to the involved party to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the supportive measure.

Rights of Victims and the Institutions,
Responsibilities for Orders of Protection,
“No Contact” Orders, Restraining Orders or
Similar Lawful Orders Issued by a Criminal,
Civil or Tribal Court or by the Institution

Northern Illinois University complies with Illinois law in recognizing orders of protection by providing the resources to comply with protective orders and assist victims of sexual assault, domestic violence, dating violence and stalking. Any person who obtains a protective order from Illinois or any reciprocal state should contact the Center for Student Assistance at 815-753-8300 for more information or to be referred to an advocate, who can work with police and the Title IX Coordinator to coordinate services and additional assistance to the victim. This information will be shared with additional persons only at the request of the victim. Victims may choose to meet with the advocate and/or police to develop a Safety Action Plan, which is a plan for campus police and the victim to have in place to provide the victim options and resources to travel to and from campus safely. This plan may include, but is not limited to: escorts, special parking arrangements, providing a temporary cellphone, changing classroom location or allowing a student to complete assignments from home,
etc. The university cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s).

Victim/Survivors can begin the process of applying for a protective order by choosing one of the following ways:

1. Contact the Center for Student Assistance to be referred to an advocate who can explain all the survivor’s rights and options and who can help the student decide if filing an order would be helpful in their circumstances. The advocate will also ask the student questions to help them to determine if the student’s situation would qualify to apply for a protective order based upon what information they disclose. The advocate helps the student to discuss potential barriers for obtaining the order and can talk with the student about next steps in doing so. The NIU Confidential Advisor can also support the student in obtaining university-wide no contact orders if deemed appropriate when at times the student’s situation may not qualify for a protective order issued by the court.

2. Contact Safe Passage and an advocate can discuss with the survivor if they qualify to file for an order, how they can go about obtaining the order, and talk about additional resources and support that the agency offers.

3. Go online and petition for a protective order. (It is advised that the individual work with the NIU Confidential Advisor or Safe Passage for assistance with filing the order. Contacting an advocate is not mandatory to obtain an order, but is strongly advised.)

4. Go to the DeKalb County State’s Attorney’s Office and an advocate in their office will provide options for filing the order and information regarding local community resources.

NIU may issue an institutional no contact order as a supportive measure before or after the filing of a Sexual Misconduct Complaint, or if no complaint has been filed. If the university receives a report that such an institutional no contact order has been violated, the university will initiate disciplinary proceedings appropriate to the status of the accused (student, employee, etc.) and will impose sanctions if the accused is found responsible for violating the no contact order.

Retaliation Prohibited

Retaliation against any individual who reports or opposes what they believe to be sexual misconduct (including acts of domestic violence, dating violence, sexual assault and stalking) is prohibited by the Sexual Misconduct Policy. Any person who is found to have retaliated against another for making a complaint, being a witness for purposes of any such investigation, or being otherwise involved or refusing to participate in the complaint and/or investigative process (including the complainant and the respondent), will be subject to discipline, up to and including termination or expulsion, depending on the circumstances, even if no responsibility is found for the alleged sexual misconduct. Retaliation should be reported immediately to the Title IX Coordinator at 815-753-5560 or TitleIXCoordinator@niu.edu.
Violence Against Women Act (VAWA) Prevention of Domestic Violence, Dating Violence, Sexual Assault and Stalking

Objectives of NIU’s Education on Sexual Assault, Domestic Violence, Dating Violence and Stalking

The university engages in comprehensive, intentional and integrated programming, initiatives, strategies and campaigns intended to prevent or end dating violence, domestic violence, sexual assault and stalking that:

A. Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and,

B. Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

Many educational programs are provided by Prevention Education and Outreach (PEO), and they consist of primary prevention and awareness activities and requirements for students and employees as well as ongoing awareness and prevention campaigns for students and employees that:

A. Identify domestic violence, dating violence, sexual assault and stalking as prohibited conduct;

B. Define what behavior constitutes domestic violence, dating violence, sexual assault, and stalking;

C. Define what behavior and actions constitute consent to sexual activity under NIU policy and in the State of Illinois;

D. Describe safe and positive options for active bystander intervention. Active bystander intervention means safe and positive options that may be carried out by an individual or group to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Active bystander intervention uses the three D’s including Distract, Direct, and Delegate when a negative situation is recognized. Active bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options;

E. Include risk reduction options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims/survivors in order to promote safety and to help individuals and communities address conditions that facilitate violence.

F. Information regarding:

- Procedures victims should follow if a crime of domestic violence, dating violence, sexual assault and stalking occurs.
- How the institution will protect the confidentiality of victims and other necessary parties.
- Existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration support, student financial aid assistance, order of protection support, counseling and mental health services, whether or not the incident is reported to campus, criminal and/or civil authorities.
- Receive, when required, the full prompt cooperation of campus personnel when obtaining, securing and preserving evidence.
- Be informed of options for, available assistance in, and how to request changes to academic, living, dining, transportation and working situations as well as protective measures offered by NIU.

Know Your Rights

- Be informed of all reporting options.
- Be free from pressure to make a criminal report.
- Have any allegations of sexual misconduct, including sexual assault, harassment, domestic violence, dating violence and stalking, investigated and adjudicated by the appropriate campus, criminal and/or civil authorities.
- Be notified of existing campus and community medical services, victim advocacy, legal assistance, visa and immigration support, student financial aid assistance, order of protection support, counseling and mental health services, whether or not the incident is reported to campus, criminal and/or civil authorities.
- Receive, when required, the full prompt cooperation of campus personnel when obtaining, securing and preserving evidence.
- Be informed of options for, available assistance in, and how to request changes to academic, living, dining, transportation and working situations as well as protective measures offered by NIU.

Primary Prevention and Awareness Programs

Prevention Education and Outreach (PEO) seeks to educate and support efforts to empower the campus and community to prevent violence and discrimination. Through this role of educating and supporting campus efforts PEO encourages awareness and adherence to policies, procedures and laws prohibiting sexual misconduct, discrimination, and harassment. While
providing prevention programming, PEO also promotes safety and inclusivity in campus and community settings.

PEO is a campus resource providing a variety of programs and avenues for students, staff and faculty to increase awareness of dating violence, domestic violence, sexual assault, stalking and non-discrimination as well as, to intervene, prevent violence, limit risk and report concerns. Activities are provided throughout the year with opportunity for student and employee participation.

For employees, Sexual Misconduct Awareness and Prevention training begins in the Human Resources Onboarding process. Each new employee receives a brief description of the required sexual misconduct training. New employees are then added to the university Blackboard system to take the training online before or very soon after they arrive on campus. In the Sexual Misconduct and Non-Discrimination training new employees receive training which includes all forms of sexual misconduct, policies and procedures, penalties for violations and how to be an active bystander. After the training is completed new employees take a ten question test and must pass with at least an 80%. Once they pass the test they will be able to print out a certificate which they present to their department. All new employees are to complete the online Sexual Misconduct Non-discrimination training within 30 days of hire.

At the end of each month, PEO receives a list of all new university employees. The list is reviewed and if any employee on the list did not attend orientation and is not signed up for a full Sexual Misconduct Non-Discrimination training they are sent an email welcoming them to the NIU family and explaining the requirement and a link to the online registration system. If they do not respond to this email, a follow-up email is sent. If the second email is not responded to in a timely manner, the supervisor is informed of the requirement and asked to assist in ensuring employee availability, sign up and completion. Thirty-day follow-up survey is sent to trainees to determine what information and material has been retained.

The Illinois Preventing Sexual Violence in Higher Education Act, 110 ILCS 155 et seq, requires all institutions of higher education in Illinois to provide sexual violence primary prevention and awareness programming for students, staff and faculty. New students are required to complete an e-learning module including Sexual Misconduct Awareness and Prevention-training facilitated by PEO.

Returning students are encouraged to complete the Sexual Misconduct online module each year. The module focuses on definitions of domestic violence, dating violence, sexual assault and stalking as well as active bystander training, healthy and unhealthy relationships, sexual harassment, reporting sexual misconduct and retaliation. Employees are required to complete the annual online Sexual Misconduct Awareness and Prevention training through Prevention Education and Outreach (PEO) during the spring, typically beginning in February. The online program is produced by NIU and includes all forms of sexual misconduct, reporting procedures, active bystander interventions, available resources and specific NIU expectations of students, staff and faculty.

PEO provides a wide range of trainings and presentations all over campus, all year long, to a variety of groups. Some groups request a presentation to improve their awareness, other groups are invited for various reasons and other departments require specific training. The National Collegiate Athletic Association (NCAA) requires all athletes and sports administration to complete additional sexual misconduct awareness trainings which are conducted by PEO.

In addition to the above trainings specific to Sexual Misconduct and nondiscrimination, PEO provides campus awareness activities for students and employees. Due to COVID-19 restrictions, in 2020-2021, PEO increased virtual workshops and awareness activities. During Domestic Violence and Awareness month in October, PEO collaborated with Safe Passage (DeKalb County’s Rape Crisis Center) to provide virtual, hour long workshops focused on positive relationships and active bystander intervention techniques.

April is Sexual Assault Awareness Month. In April PEO provided many virtual workshops in collaboration with other entities. Safe Passage provided two “Start by Believing Presentations” and NIU co-sponsored the in-person “Walk a Mile” event. Due to COVID-19 restrictions, “Walk a Mile” was the only in-person event. A guest speaker from Tennessee Tech conducted two virtual workshops on sexual assault, one for students and the other for employees. Slides on sexual assault prevention were placed in the online student orientation module. PEO continues to provide students with information on resources and reporting through monthly emails, other newsletter inserts, and social media.

Typically, in April, many on-campus activities are facilitated involving various student groups. Due to Covid-19, those things could not happen this year. However, we did have one socially distanced, outdoor activity and that was “Walk A Mile” in her shoes. Students, employees, and community members attended as well as NIU President Dr. Lisa Freeman.

Advertising trainings, presentations and awareness activities is conducted in a variety of ways. Each event, has its own specific audience with the need for a targeted, multifaceted approach to marketing. One or more of the following marketing strategies are utilized depending on the event/activity: Academic Diversity, Equity and Inclusion website, sexual misconduct website,
partner websites, fliers/posters, social media including Facebook and the main NIU page, digital signage via monitors displayed throughout campus, e-mail invitations to previous attendees and specific groups, NIU Today, Northern Star, and the NIU Calendar.

Prevention Education and Outreach (PEO) continues to seek new and different ways to ensure all campus and community constituents are aware of the devastating effects of sexual assault/misconduct and provide ways to intervene safely, prevent violence and lower the rate of sexual assaults on campus. For more information about Prevention Education and Outreach (PEO) projects see https://niu.edu/diversity/index.shtml.

Risk Reduction
Risk reduction means options designed to decrease perpetuation and to increase empowerment for victims and active bystanders in order to promote safety and to help individuals and communities address conditions where there is the potential for violence for potential escalation of violence. With no intent of victim blaming and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one's risk of sexual assault or harassment (taken from Rape, Abuse & Incest National Network, www.rainn.org):

1. Be aware of your surroundings. Especially if you are new to campus it is important to know where you are and who is around you. This may help you to find a way to get out of a bad situation.
2. Avoid giving out your contact information too soon. Take time to get to know people before giving out private information.
3. Try to avoid isolated areas. It is more difficult to get help if no one is around.
4. Walk with purpose. Even if you don't know where you are going, act like you do.
5. Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be. If you see something suspicious, call 911 immediately.
6. Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
7. Make sure your cell phone is with you and charged. It is a good idea to program emergency numbers into your phone, so you can contact help quickly if necessary.
8. Don't allow yourself to be isolated with someone you don't trust or someone you don't know.
9. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
10. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
11. Don't leave your drink unattended while talking, dancing, using the restroom or making a phone call. If you've left your drink alone, just get a new one.
12. Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
13. Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they’ve had or is acting out of character, get them to a safe place immediately.
14. If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
   a. Remember that being in this situation is not your fault. You are not to blame; it is the person who is making you uncomfortable who is to blame.
   b. Be true to yourself. Don’t feel obligated to do anything you don’t want to do. “I don’t want to” or “no” is always a good enough reason. Do what feels right to you and what you are comfortable with.
   c. Have a code word with your friends or family so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
   d. Lie. If you don’t want to hurt the person’s feelings it is better to make up a reason to leave than to stay and be uncomfortable, scared or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
16. Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
17. If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

How to be an Active Bystander

Prevention Education and Outreach (PEO) conducts Active Bystander training to teach individuals violence prevention and intervention strategies when they are faced with a potential situation involving dating violence, domestic violence, sexual assault or stalking. Active Bystander training includes recognizing situations of potential harm, overcoming barriers to prevention and intervention, identifying safe and effective prevention and intervention strategies and techniques, and taking action before a situation escalates.

Active bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to prevent, intervene, speak up or do something about it.” NIU promotes a culture of community accountability where students and employees alike, take action to prevent and intervene in safe ways. We may not always know what to do when a situation occurs but, there are options to help. Below is a list of some ways to be an active bystander. If you or someone else is in immediate danger, dial 911. This could be when a person is being physically or emotionally abusive toward another, and it is not safe for you to intervene or interrupt. There are many ways you can help by safely taking a stance. Don’t do anything that will put you in danger of harm however, these may be ways you can intervene safely.

- **The Director**: directly intervene or directly address the inappropriate behavior; “Hey, that is not okay to say.”
- **The Distractor**: draw attention away from the situation; fake being sick, tell a joke, ask if they completed the homework assignment.
- **The Delegator**: get help from friends, classmates, coworkers, or call 911.

Students and staff can always refer to on- or off-campus resources listed in the chart below for support in health, counseling or with legal assistance.
On and Off Campus Resources

Upon receipt of a report of domestic violence, dating violence, sexual assault or stalking, NIU will provide written notification to students and employees about their rights, options and resources related to supportive measures, counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid and other services available for victims, both within the university and in the community.

Safety Tips

• Always keep your doors and windows locked. Never leave personal property unattended.
• If possible, let a friend or roommate know where and with whom you’ll be and when you’ll return.
• Trust your instincts! If you feel uncomfortable about someone near you on the street, in an elevator or getting off a bus, head for a populated place or yell for help.
• Use well-lit and busy sidewalks.
• Avoid walking alone or walking near vacant lots, alleys, construction sites and wooded areas. Use the Huskie Safe Line or Huskie Patrol escorts.
• Learn the locations of all call boxes on campus.
• Carry a cell phone, whistle or a personal alarm to alert people that you need help.
• Download the NIU Safe App in the Apple Store or Google Play.
• Attend an educational course and learn what can be done to avoid vulnerability to crimes like sexual assault, relationship violence and stalking.
• Try to park in an area that will be well-lit and heavily traveled when you return.
• Lock your car doors and roll up the windows completely, even if you’re only running a quick errand. Do not leave valuables in plain view.
• If you choose to drink, drink legally and responsibly. Remember that your ability to respond is diminished by over-consumption of alcohol.
• Stay alert at all times and call the police immediately to report suspicious activity.
• Follow all rules of the road when driving a car, riding a bike or using other forms of personal transportation such as rollerblades, skateboards or scooters.
• Put ICE (In Case of Emergency) in your cell phone, along with a name and telephone number of a loved one, to enable emergency services personnel to contact your family in the event of an emergency.
• Listening to loud music, wearing headphones or using your cell phone distracts you from being alert to potential safety issues. Unplug yourself and tune in to your immediate environment.
• Utilize crosswalks at all times and obey the signals at intersections when walking. Under Illinois law, as a pedestrian, you DO NOT have the right of way until you establish yourself in the crosswalk. If you are crossing at any location other than a crosswalk, you MUST yield to vehicular traffic.
• When driving, be aware of pedestrians and bicyclists and yield to them when required by law.
