Introduction

The [mission](#) of Northern Illinois University (NIU) is to empower students through educational excellence and experiential learning. The NIU community is committed to fostering a campus environment that is conducive to academic success, a productive and enjoyable campus life, and thoughtful study and discourse. The Office of Student Conduct within the Division of Student Affairs is charged with administering an educational and developmental student conduct process that is based upon the mission, vision, goals, and values of NIU. The Office of Student Conduct is committed to a fair and responsive resolution for each student conduct case, consistent and equitable treatment of all participants in the process, full consideration of the unique circumstances of each individual case, and the use of restorative practices as appropriate to the situation.

The Northern Pact outlines the expectations we have for student members of our community. It is an expectation that everyone makes a commitment to uphold and practice these principles, we will have the collective benefit of a culture of care, accountability, pride, and connectedness.

Overview

The student conduct process is intended to hold students accountable through educational interventions and restorative practices. It is designed to serve our students through utilizing educational programming, conflict mediation, and restorative conferencing.

Students should be advised that the student conduct process is separate from criminal and civil court processes. While a student may have a criminal or civil matter that is concurrent with a relevant student conduct matter, the conduct and a court process are not dependent. Procedures and rights in the student conduct process do not include the same standard of proof or due process.

Any student who is subjected to the student conduct process has the following rights of due process:

- Written notice of the charges and allegations
- A fair and impartial hearing.
- To be accompanied by an advisor and or observer of their choice
- The opportunity to review all non-FERPA protected information supporting the charges of violations of the Code prior to a resolution.
- The opportunity to present relevant information and witnesses at the preliminary review meeting and/or hearing.
- The opportunity to question and challenge information presented, witnesses and in specific cases, complainants.
- To receive written notice of the outcome of the preliminary review or hearing decision.
- To submit a written appeal. (See Section M. Grounds for Appeal Procedures)

Authority and Oversight

The Vice President for Student Affairs is vested with primary oversight and review of all student conduct matters by the President and the Board of Trustees. The Vice President for Student Affairs has designated the Office of Student Conduct and Housing and Residential Services to adjudicate student conduct incidents. The Director of Student Conduct is responsible for final oversight of all conduct and incident adjudication. The Vice President of Student Affairs or designee may appoint administrative hearing officers and student conduct

board members to facilitate the hearing process. The Director of Student Conduct will also assume responsibility for the investigation of allegations of misconduct to determine if the complaint has merit.

NIU Students are provided a link to the NIU Student Code of Conduct on the NIU website annually. Hard copies are available upon request from the Office of Student Conduct. All students are responsible for abiding by the provisions of the *Student Code of Conduct*.

Jurisdiction

The *Student Code of Conduct* and the student conduct process applies to the behavior of enrolled incoming students, undergraduate, graduate, or professional law students, student groups including recognized or unrecognized student organizations.

NIU retains jurisdiction under the Student Code of Conduct over enrolled incoming students and also students who choose to, discontinue classes, take a leave of absence, withdraw, or have graduated for any misconduct that occurred prior to the leave, withdrawal, or graduation. If sanctioned, a hold may be placed on the student's ability to reenroll, obtain official transcripts and/or graduate. All sanctions must be satisfied prior to reenrollment eligibility, reinstatement of the degree or a student must be approved to do so at the discretion of the Vice President for Student Affairs or designee.

In the event of a charge of serious misconduct allegedly committed while still enrolled but reported after the respondent has discontinued classes at the University and or graduated, NIU may invoke these procedures and, should the former student be found responsible, the Vice President may revoke that student's degree and block the release of transcripts.

The *Student Code of Conduct* applies to behaviors that take place on the campus, and or at university sponsored events or programs. The Student Code of Conduct may also apply off-campus when the Director of Student Conduct or designee determines that the off-campus conduct impacts and or substantially affects the interest of NIU as a University. A substantial NIU interest is defined to include but is not limited to:

- Any situation where a student's behavior or actions present a danger or threat to the physical or emotional health and or safety of themselves, students, faculty, staff and or other individuals related to the university community; and/or
- Any situation that significantly impacts the rights, property, or educational processes of the university community or causes significant disruption to any university activities, includes but not limited to events, campus community spaces, or classroom activities and professional partnerships associated with the university; and/or
- Any situation that is detrimental to the educational mission and/or interests of the university.

Students may be charged under this Student Code of Conduct for engaging in behavior that violates federal, state, or local laws or ordinances whether such behavior takes place on campus or off-campus or whether civil or criminal penalties may also be imposed for such conduct. A violation of this policy is not predicated upon a final determination by a court of law. Therefore, it is not necessary for a student to have been found to have violated a federal, state, or local law by a court of law to be held accountable under the Student Code of Conduct.

All allegations of Sexual Misconduct are adjudicated under the NIU [Sexual Misconduct Policy](#). Likewise, other distinct policies that address specific issues are adjudicated as it is stated in that policy. Such policies are available for your review in the Undergraduate and Graduate catalogs, the Residence Hall handbook, or other handbooks that are officially adopted and promulgated by the university or any of its entities and are also available in the NIU Policy Library at <https://www.niu.edu/policies/>. Other policies may be adopted by the university or the Board of Trustees from time to time and are effective at the time of adoption and thereafter incorporated by reference into this document.

The university fully recognizes the right of all students to debate, seek knowledge, peacefully protest, and freely express their ideas. Discourse and disagreement are fundamental components of any academic endeavor and students will not be subject to disciplinary action for their lawful expression of ideas. NIU is committed to freedom of expression and open discussion in all matters of public interest and is further committed to assuring all members of the university community have the privilege to speak, write, listen, challenge, and learn.

NIU values all individuals and their rights. NIU encourages meaningful dialogue and a respectful exchange of ideas and opinions so that the voices of every student, faculty, staff, and visitor to our campus can be acknowledged.

A student retains the rights, protection, guarantees, and responsibilities which are held by all citizens. The university's student conduct system does not interfere with, in intention or application, the constitutional rights and guarantees of students. However, students are not permitted to express themselves in a manner that may be deemed as harassment, retaliatory, abusive, bullying, cyberbullying, or in other ways that violates the Student Code of Conduct or interfere with another's pursuit of their own rights and/or the normal operations of the university.

Students should also be aware that online postings such as blogs, web postings, chats, social networking sites, as well as media yet to be developed, are in the public sphere and are not private. The *Student Code of Conduct* may be applied to conduct that occurs online, via email, or any other electronic medium. Postings can subject a student to allegations of standards violations if evidence of policy violations is posted online. NIU does not normally seek out this information but may act if and when such information is brought to the attention of NIU officials.

Guests of community members whose hosts may be held accountable for the misconduct of their guests may also be subject to the Student Code of Conduct if their behavior poses a

concern for the campus community. Visitors and guests of NIU may seek resolution of violations of the *Student Code of Conduct* committed against them by student members of the NIU community.

There is no time limit on reporting violations of the *Student Code of Conduct*; however, the longer someone waits to report an offense, the more difficult it becomes for NIU officials to obtain information and witness statements to make determinations regarding alleged violations.

NIU email is the university's primary and official means of communication with students. Students are responsible for reading and responding to all communication delivered to their NIU email address. Students are responsible for updating their contact information in [MyNIU](#). All communication related to the Student Code of Conduct will be disseminated through the NIU student email address assigned to the student.

The Student Code of Conduct does not normally apply to the following university relationships with students:

1. **Employment Regulations:** Obligations regarding student employment are specified in the Student Employment Handbook distributed by the Student Financial Aid Office. Disputes regarding employment are resolved through student employment grievance procedures.
2. **Academic Regulations:** Student grievances over grades are resolved through the Grade Appeals System established by the University Council. However, academic misconduct as a violation of the Student Code of Conduct may be adjudicated through Student Conduct.
3. **Financial Regulations:** Disputes over alleged violation of university policies regarding the payment of bills and loans resolved through the Bursar's Office.
4. **Traffic Regulations:** The Department of Police and Public Safety handles violations of the university traffic policy, as outlined in the Illinois Rules of the Road.
5. **Parking Regulations:** The Campus Parking Services handles violations of the university parking policy, outlined in the Motor Vehicle and Parking Regulations Handbook.
6. **Contractual Obligations:** Questions, disputes, and alleged violations of contracts between various university offices and students are handled between the student and the contractual office, such as the Bursar's Office, Housing and Residential Services, Student Financial Aid, etc.
7. **Freedom of expression, bias-related incidents, affirmative action incidents and incidents falling under the auspices of the NIU Sexual Misconduct Policy** are investigated and resolved via the appropriate university policies. (See the NIU [Freedom of Expression Policy](#) and [Bias Response Reporting](#) for further explanation).

Student Accommodations

Any student with an accommodation through the Disability Resource Center involved in the student conduct process has the right to [request a reasonable accommodation](#) to promote their full and equitable participation. Accommodations are inclusive and not limited to closed captioning for video conference meetings, bilingual and sign language interpretation. The Office of Student Conduct will coordinate appropriate services through the Disability Resource

Center (DRC). Accommodations are determined on an individual basis by DRC staff based upon appropriate documentation and consultation with the student. Please see more information about types of accommodations on the [Disability Resource Center website](#).

Academic Misconduct Jurisdiction

A faculty member has original jurisdiction over any instance(s) of academic misconduct that occurs in a course that the faculty member teaches.

Departmental Resolution of Academic Misconduct

The accused student shall be given the opportunity to resolve the alleged incident in a meeting with the faculty member, and if requested by the department chair. If the facts of the incident are not disputed by the accused student, the faculty member may elect to resolve the matter at the departmental level by issuing a sanction no greater than an F for that course. If resolution of the incident is achieved at the departmental level, the faculty member shall notify the accused student in writing or via email of the resolution, and the Office of Student Conduct shall receive a copy of the academic misconduct incident report and all supporting material indicating the final disposition of the case. This report shall be placed into the respondent’s student conduct record. The accused student shall be given an opportunity to view the completed academic misconduct incident report. Regardless of resolution between a faculty member and a student about an allegation of academic misconduct, if a student is found responsible or accepts responsibility for more than one instance of academic misconduct during their time as a student at NIU, the Office of Student Conduct reserves the right to issue a charge of academic misconduct against the student. A responsible finding for this charge may carry additional nonacademic sanctions against the student. The respondent has the right to utilize the academic

The Office of Student Conduct may institute new charges if additional information is brought forward after the resolution of the academic misconduct preliminary conference.

Additional Sanctions

Sanctions, in addition to an F in the course, may be issued only by the Office of Student Conduct for cases involving academic misconduct.

Academic Misconduct Hearings

Any student accused of academic misconduct who does not accept responsibility shall have their case heard by an Academic Misconduct Board.

Composition of an Academic Misconduct Board

Academic Misconduct Boards will be used for all academic misconduct cases and shall be comprised according to the following guidelines:

- One student and two faculty members will participate on the academic conduct hearing board.
- One faculty member will be a professor.

Notice of Hearings

The student respondent and faculty complainant shall receive notice in writing and/or electronic form no less than three business days prior to the date and time of the Student Conduct board hearing.

Privacy of Hearings

All conduct hearings shall be closed hearings and not open to the public. The following people will be allowed to attend the entire hearing: the university presenter, faculty complainant, accused student, their advisor (if any) and conduct board members. Witnesses will be allowed to be present only when they are providing testimony. Admission of any other person to the conduct board hearing shall be at the discretion of the hearing facilitator. Only the members of the Academic Misconduct Board will be present during deliberations.

Hearings Involving Multiple Respondents

If an academic misconduct incident alleges to have more than one accused student, a joint hearing will be at the discretion of the Director of Student Conduct.

Evidence

Information, pertinent records, exhibits, and written statements may be accepted as information for consideration by the board at the discretion of the hearing facilitator.

Hearing Procedure

All questions must be relevant to the incident. The hearing facilitator will determine if the question is relevant and should be answered. All procedural questions are subject to the final decision of the hearing facilitator. Formal rules of process, procedure, and technical rules of evidence, such as those applied in criminal or civil court are not used in Student Conduct board hearings for academic misconduct.

Deliberations

After all information and evidence is presented in the hearing, the board shall determine whether the accused student is deemed responsible or not responsible for each alleged violation. The determination shall be made by majority vote of the board. The determination shall be made based on the preponderance of the evidence.

Notification of Decision

The Office of Student Conduct shall notify the accused student and the faculty complainant of the hearing decision in writing within two business days after the decision is reached. The decision is binding. The Academic Misconduct Board does not have authority to modify or recommend a grade and may only impose sanctions outlined in the Student Code of Conduct. The decision shall include the finding(s) and the sanction(s).

Records of Academic Conduct Board Hearings

There shall be a single verbatim record, such as an audio recording, of all hearings. Only the Office of Student Conduct may audio-record a hearing. Deliberations shall not be recorded. The record is the property of NIU and will be maintained by the Office of Student Conduct.

Non-attendance of an Accused Student: It is the responsibility of the respondent student and faculty complainant to attend the scheduled hearing. Nonattendance of the respondent student will not impact the hearing process.

Grade Appeal for Academic Misconduct: Any accused student who wishes to appeal the grade in a course may do so by following the rules outlined in the Policy Library.

Overview of the Student Conduct Process

This overview gives a general idea of how the NIU Student Conduct proceedings work, but it should be noted that not all situations are of the same severity or complexity. The procedures are flexible and are not the same in every situation, though consistency in similar situations is a priority. The student conduct process and all applicable timelines commence with written notice from the Office of Student Conduct of an alleged violation of the Student Code of Conduct. This notice shall be sent to the student's official NIU (ZID) email. Student organizations will be

notified through the email address filed with the university and the student organization president. Organizational advisor(s) will be copied on such notifications.

Notice

Once an allegation is received from any source, the Office of Student Conduct may proceed with an investigation and/or may schedule an initial Preliminary Review meeting, with the respondent to explain the student conduct process and gather information.

Evidence

Different types of information may be collected during an investigation or presented during a hearing. This information may include direct evidence, which is based on personal observation or experience. Evidence may be circumstantial, which is information that does not include an eyewitness to the actual event but does include enough information to lead a reasonable person to the conclusion that the individual did what they are alleged to have done. Evidence may include documents, which include supportive writings or statements, reports, etc., that support or deny the allegation. Evidence may also be secondhand or “hearsay” evidence. Evidence may be demonstrative, which is information such as video footage, photographs, and voice recordings collected in the investigation.

The university is not bound by formal rules of evidence; however, evidence shall be reliable. Evidence or information that may not be admissible in a court of law may be admissible in the conduct process. It is up to the adjudicator to decide what information is relevant and admissible as part of a hearing. It is also up to the adjudicator to decide the credibility and relevance of information and the weight that they will assign to that information.

Standard of Proof

The standard of proof describes the level of proof that must be met to find a respondent responsible for a violation. The university uses the preponderance of the evidence as a standard for proof of whether a violation occurred.

University resolution proceedings are conducted to consider the totality of all evidence available and from all relevant sources. There may be strong, definitive evidence presented to persuade the adjudicator that the respondent did or did not violate the Student Code of Conduct. There may also be ambiguities and contradictions which require the adjudicator to decide credibility of the information. An individual is not considered to be “responsible” for any allegations until the completion of the process determines that it is more likely than not that the alleged violation occurred.

Burden of Proof

The burden of proof refers to who has the responsibility of showing a violation has occurred. It is always the responsibility of the university to satisfy the burden of proof. The respondent does not have the burden to prove that a violation did not occur. A respondent may decide not to share their side of the story or may decide not to participate in the hearing or an investigation. None of these decisions shift the burden of proof away from the university and does not indicate responsibility nor will it result in increased sanctions if the respondent is found responsible for the accusations.

Preliminary Review

NIU conducts a preliminary inquiry into the nature of the incident, complaint, or notice, the evidence available, and the parties and witnesses involved. The respondent is granted three calendar days' notice before the scheduled preliminary review.

The preferred method to document meetings and hearings is by audio recording. The audio recording provides a verbatim record of the conversation. The recording file is uploaded into the case file, and the student is entitled to a copy of the recording. The audio recording will only be used to identify discrepancies which present themselves during the course of the conduct process. The Conduct Administrator will seek permission from the student before audio recording any meeting. A student has the right to decline permission to audio record the meeting without penalty. If a student does not give permission to record the meeting, another staff member will be asked to witness the conversation. No other party may audio record the meeting.

When a Preliminary Review is held, the possible outcomes are but not limited to:

- A decision not to pursue the allegation based on a lack of insufficient evidence or because the alleged behavior, even if proven, would not violate the Student Code of Conduct. The matter will be closed.
- An admission of or an uncontested decision of the allegation by the respondent.
- Upon the request of both parties and/or with agreement of the Conduct Administrator, the parties may be referred to a Restorative Conference for resolution.
- A finding of responsible and acceptance of responsibility and sanctioning by the student.
- A decision to proceed with a formal hearing.

Failure to attend the preliminary review meeting may result in a decision being made by the reviewer absent any explanation by the Respondent and only on the evidence available to the adjudicator of the case.

The adjudicator may also decide to move a case to a board hearing when the circumstances of an incident are found to be best adjudicated by a student conduct board.

If a decision on the allegation is made and the finding is that the respondent is not responsible for violating the *Student Code of Conduct*, the case will be dismissed, and the process will end. An official dismissal notification letter will be sent to the student via their student email.

If the Conduct Administrator determines that it is more likely than not that the respondent is in violation, and the respondent accepts the decision, it is considered a resolution and the finding and sanctions will be issued in writing. If the respondent rejects the finding and/or sanctions, it is considered a contested allegation by the respondent and the process will move to a formal hearing.

The Conduct Administrator will complete a case resolution form. The case resolution form will contain a list of the alleged violation(s), finding(s) and sanctions. The case resolution form will contain one or more of the following resolution options:

- I accept responsibility for violating the Student Code of Conduct and accept the recommended sanction(s).
- I request a hearing before either a Student Conduct board or administrative hearing officer.
- I accept responsibility for violating the Student Code of Conduct and I agree to participate in a Restorative conference to resolve my case. I understand that if I do not participate in the conference or if I do not complete the sanctions agreed to in the conference, this case will revert back to the formal conduct process for sanctioning. I understand that if I resolve my case through the restorative conference that this case does not count as a student conduct violation.
- No contest regarding responsibility and acceptance of recommended sanctions. (The option for “no contest” is only available to respondents who are facing concurrent criminal charge(s) at the time of their preliminary incident review.)

The Conduct Administrator will provide the respondent with a summary notice to complete the imposed sanctions and will follow up at the appropriate time to ensure completion of the imposed sanctions.

A respondent will have up to five business days to change their decision on the resolution initially agreed to on the case resolution form. After five business days from the date on the case resolution form, the decision is final and no change may be made.

If the student is present, they may request an administrative hearing officer hearing or student conduct board hearing. The final decision is at the discretion of the conduct administrator.

If the respondent fails to appear for the Preliminary Review after being notified of the alleged violation, the Conduct Administrator will assess the information and make a decision based on the preponderance of evidence of the case. The respondent will be notified of a decision and given five (5) business days to appeal the decision. After five business days, the decision is final, and no change may be made.

Formal Hearing

When resolution does not occur during the Preliminary Review, a hearing will be held before a hearing officer or student conduct board.

Sanctioning

If the student is found in violation of the Student Code of Conduct, sanctions will be determined by the hearing officer or Student Conduct board. The findings and sanctions will be communicated to the respondent within two business days of the hearing officer or board reaching a decision.

Restorative Conference

In cases where the respondent acknowledges a violation and where the involved parties have expressed a desire to jointly bring resolution to the incident, the case may be referred to a restorative conference. The Director of Student Conduct has the discretion to refer a complaint for a restorative conference when appropriate. The following process will be used for the

restorative conference process:

1. A facilitator will coordinate and facilitate the restorative conference with all appropriate parties.
2. If an agreement between the parties is reached, final correspondence will be sent by the facilitator to both parties, and the case file will be updated appropriately. There is no appeal of this decision.
3. If an agreement is not reached between the parties, additional correspondence will be sent by the facilitator and the case will revert back through the formal student conduct process. The case file will be appropriately updated.
4. If a case is resolved through a Restorative conference, the case will not count as a Student Conduct violation.

Administrative Hearing Officers

Administrative Hearing Officers are chosen from a pool of annually trained administrators, staff members, and graduate students, appointed and selected by the Vice President for Student Affairs or designee.

Composition of Student Conduct Boards

The Director of Student Conduct will be responsible for assembling a conduct board according to the following guidelines:

- Within the student conduct process, there are three different types of conduct boards: a Student Conduct Board, an Academic Misconduct Board, and an Appeal Review Board. The membership of a board is selected from a pool of students, faculty, and staff appointed by the Vice President for Student Affairs or designee and trained annually through the Office of Student Conduct.
- Student Conduct Board and Academic Misconduct Board will be comprised of at least one student, one faculty member, and one staff member or administrator. The Appeal Review Board are comprised of two trained student conduct board members.
- To serve on a student conduct board, students must be in good standing with the university and the Office of Student Conduct. Good standing with the Office of Student Conduct is defined as not currently being on any sanctions or having any incomplete sanctions or unresolved allegations with the Office of Student Conduct. A serious history of misconduct will also disqualify a student for service.
- Student conduct boards may be organized as a standing board with established membership, standing meeting days and times, and will meet when the case load dictates the need for the board to meet. This process will be detailed in the Office of Student Conduct operating procedures.
- The facilitator of the board is a trained hearing officer designated to lead a conduct board hearing.
- Decisions and sanctions imposed by the board will be implemented pending the normal appeal process.

Appeal Review Boards are drawn from the student conduct board pool with the only requirement being that they did not serve on the board for the initial hearing. Appeal Review Board members are trained annually through the Office of Student Conduct. Appeal Review Boards will review appeal requests assigned by the Vice President for Student Affairs or

designee.

Formal Student Conduct Process

Notice of Alleged Violation

Any member of the NIU community, visitor, or guest may report an alleged policy violation for any student by submitting a written report via the NIU Web Site at [Report an Incident NIU Student Conduct](#), phone, email, or in person at the Office of Student Conduct.

Once an alleged violation has been determined, the respondent will be given no less than three calendar day notice for the scheduled preliminary review. The notice will be in writing and delivered via the university-issued email address. Other means of delivery may include delivery in person by the staff of the Office of Student Conduct (or designee), delivery by mail to the local or permanent address of the student or organization as indicated in official NIU records, or delivery by email to a non-university email address confirmed by the student as their personal email account. Once delivered, such notice will be presumed delivered. The letter of notice will include:

- The related incident and or police report;
- The alleged violation summary;
- The Student Code of Conduct; and
- Other supporting documentation related to the case.

Additionally, administrators may act on notice of a potential violation on behalf of the university at large, regardless of whether a formal allegation is made. All allegations of misconduct should be submitted as soon as possible. NIU as an entity has the right to pursue an allegation of a student conduct violation on behalf of the university, student, faculty, staff, or campus partner.

Notice of Hearing

Once it is determined that a complaint will go to a hearing, formal notice will be given to the respondent. Notice will be in writing and delivered via the university-issued email address. Other means of delivery may include delivery in person by the staff of the Office of Student Conduct (or designee), delivery by mail to the local or permanent address of the student or organization as indicated in official NIU records, or delivery by email to a non- university email address confirmed by the student as their personal email account. Once delivered, such notice will be presumed delivered. The letter of notice will include an explanation of the alleged violations, hearing date, time, and location of the meeting.

Hearing Procedures

A hearing will be scheduled for any allegation which is not resolved during the Preliminary Review. It is at the discretion of the conduct administrator to have the matter resolved with a hearing officer or a student conduct board hearing, this will depend on the type of incident and availability of conduct board members within the semester. The respondent will be given a minimum of three calendar days' notice of the scheduled hearing.

General Guidelines for Student Conduct Hearings

- The respondent shall be provided with specific advance written notice of the alleged violations, the dates (if known), times (if known), and locations (if known) of the alleged violations, and a summary of the actions which led to the charges. Notification of charges against the respondent shall also include, but not be limited to, the following information:
 - Date, time, and location of the hearing
 - Whether the case will be adjudicated by a hearing officer or a student conduct board.
- The respondent shall have their case heard by an impartial body.
- In situations where the original complainant is no longer available or cannot attend the hearing for unavoidable reasons, the university maintains the burden of proof and may serve as the complainant by proxy and may appoint an individual to present the complaint during the Student Conduct proceedings.
- In the event a respondent, complainant, and/or witness is not able to be physically present at the hearing, they may participate via acceptable technological means including, but not limited to, telephone or video call.
- The hearing officer or facilitator will present the charges and relevant information and may ask questions of all hearing participants.
- The university presenter will present information, reports, and other documentation related to the case to the hearing officer or student conduct board. They will also present recommended sanctions.
- The respondent shall have a fair opportunity to question the complainant and/or witness related to the case, to answer questions thoroughly, present information and/or witnesses and provide explanation as they so choose at the hearing. If the respondent intends to have witnesses present at the hearing, they must notify the Office of Student Conduct at least one business day prior to the hearing. It is the responsibility of the respondent to arrange for the presence of witnesses at any hearing.
- If the respondent does not appear for the hearing, their case will be resolved in their absence based upon the information related to specific charges presented at the scheduled hearing.
- Witnesses will be asked to provide relevant information related to specific charges and to respond to questions from the complainant, university presenter, respondent, hearing officer, and board members. Witnesses are not permitted to ask questions of hearing participants except to clarify a question asked of them. The hearing officer or Board may limit witnesses to the university community or witnesses who offer only character testimony.
- All hearings are closed except to designated and approved participants such as the hearing officer, facilitator, or conduct board members, respondent, complainant, university presenter, witnesses, advisors, and observers.
- The respondent and complainant may select an advisor to assist them during the student conduct proceeding. The advisor may consult and interact privately with the respondent or the complainant during proceedings. However, the advisor is not permitted to have a

verbal role in the proceedings or to represent or speak on behalf of the respondent or complainant. An advisor can be excused from meetings if they interfere with the student conduct process in any capacity.

- The respondent and complainant may select an observer to be present during the Student Conduct proceedings. The observer is there to provide support for the respondent or complainant. They cannot actively participate in the student conduct process at any point.
- At the hearing, if a respondent chooses not to testify or respond to questions, no inference may be drawn from the lack of testimony. A respondent's lack of testimony does not waive their right to ask questions of witnesses or call witnesses.
- The hearing officer or the facilitator is responsible for leading and maintaining a respectful hearing. The hearing officer or facilitator is expected to address and resolve inappropriate behavior and irrelevant questioning during the hearing process.
- The respondent shall receive a written account of the hearing decision with reasonable specificity of the facts and reasons for the decision within two business days of the decision being reached.
- Hearings will be led with a scripted guide, recorded, and made available to the respondent as needed for appeals of the decision. No one else is allowed to record the hearing. The recording will be available for review only in the Office of Student Conduct and may not be duplicated.

Procedures for Cases Adjudicated by a Hearing Officer

- A respondent may challenge the assignment of a specific hearing officer to their case. This challenge must be presented in writing to the Office of Student Conduct at least two business days prior to the scheduled date and time of the hearing. Upon reviewing the details of the challenge, the Director of Student Conduct or designee will either uphold the challenge and appoint an alternate hearing officer or student conduct board, and arrange a new hearing time, or deny the challenge.
- A hearing officer will withdraw from any case when there is a conflict of interest, or they cannot be impartial and reach a fair and objective decision.
- The hearing officer will review all material, hear all information relevant to specific charges pertinent to the case from the complainant, the respondent, and all witnesses, clarify issues raised and render a decision based on the information presented at the hearing.
- Following the hearing, the respondent will be made aware of the hearing decision in writing within two business days of a decision being reached.
- If the respondent is found to be in violation of any university policy or regulation, all materials within the student's past and present student record will be reviewed for relevance and considering in determining appropriate sanctioning.

Procedures for Cases Adjudicated by a Student Conduct Board

- Any respondent appearing before a student conduct board may challenge the presence of any member of the board for impartiality. Upon reviewing the details of the challenge, the Director of Student Conduct or designee will either uphold the challenge and appoint an alternate student conduct board member, and arrange a new hearing time, or deny the challenge.
- A board member will withdraw from participating in any case in which the member is unable to be impartial and reach a fair and objective decision or for a conflict of interest.
- The board will review all materials and hear all information relevant to the specific charges pertinent to the case from the complainant, respondent, and all witnesses.
- Members of the Board shall be free to ask relevant questions to clarify the information presented.
- All hearings will be digitally recorded by the university and the recording will be retained at the university in accordance with the records and recordkeeping policy. Under no circumstances are other individuals permitted to record hearings.
- After hearing all the information relevant to specific charges, the board will privately deliberate and make its decision and, if necessary, determine appropriate sanctions.
- If the respondent is found to be in violation of a university policy or regulation, all materials within the student's past and present student record will be reviewed for relevance and considering in determining appropriate sanctioning.

In cases where the Student Conduct Board or hearing officer recommends suspension or expulsion as the appropriate sanction, the Director of Student Conduct or designee will present the sanction in writing to the Vice President for Student Affairs or their designee within two business days. The recommended sanction will be reviewed by the Vice President for Student Affairs or their designee before being finalized. The Vice President may accept or reject the recommendation. If rejected, the Vice President for Student Affairs may assign alternative sanctions.

Interim Action

The Vice President or a designee has the authority to issue interim actions. In a situation where it is determined that a student presents as an imminent danger to the health, safety, and or welfare to self, other students, or the university community, represents a threat of serious physical, psychological, or emotional harm to others, is facing allegations of serious criminal activity, to preserve the integrity of an investigation, to preserve university property and/or to prevent disruption of, or interference with, the normal operations of the university, the Vice President for Student Affairs or their designee may implement an interim action. The interim action will remain in effect pending final disposition of the case. Interim actions may include, but are not limited to, a no contact order between students, temporary removal from the university community, temporary suspension of the right to access specific areas of campus or NIU related activities, and other interim actions as deemed necessary. Interim measures for Title IX matters will be processed through the Ethics and Compliance Office.

Students or recognized student organizations receiving an interim action may request an appeal of the interim action by submitting their request in writing to the office of the Vice President for Student Affairs or designee. Requests for an appeal of interim actions must be submitted within two business days of receipt of the interim action, in writing. The student or recognized student organization will be given the opportunity to present and justify their grounds for appeal of an interim action.

The Vice President for Student Affairs students or designee will issue a decision in writing, normally within five business days of completion of the appeal review. The decision will be to sustain, lessen, increase, or remove the interim action(s), and it will be based on the material from the review and other relevant information (e.g., the student's recognized student organization's conduct file). There is no appeal of this decision. This time frame may be reasonably extended by the Vice President for Student Affairs or a designee when appropriate.

Once issued, interim actions issued by Student Conduct may only be modified or removed by the Vice President for Student Affairs or designee. Any interim action that is either upheld or modified by the Vice President for Student Affairs or designee will remain in effect until the final resolution of the student conduct process. Student Conduct has the authority to remove any interim action upon final resolution of a case in which any interim action(s) was issued.

After the interim action is implemented, the following process will proceed:

1. To expedite the process, the case may go to an administrative hearing or a board hearing within ten business days of issuing an interim action. The conduct hearing will be decided based upon the availability of participant's and the ability to schedule within a timely manner. If circumstances do not allow for a hearing within 10 days, the student, organization, or group will be notified in writing. For cases involving an interim action, a preliminary review meeting may be held if the student, organization, or group requests. If the determination of the hearing is not responsible, the interim action will no longer be in effect.
2. With the approval of the respective faculty member(s) or instructor, the student will be allowed a reasonable opportunity to make up academic work missed during the time of the interim action. It is the responsibility of the respondent to contact the faculty member or instructor to make arrangements for completing assignments and missed work.
3. When an interim action has been implemented, upheld by a hearing, and appealed by the student, the interim action will remain in effect until an appeal outcome has been reached.
4. When circumstances outside the control of the university make it impossible to complete the prompt adjudication of a case involving an interim action, the Vice President for Student Affairs or designee may initiate an administrative withdrawal with concurrence of the Provost, and require the student to complete the readmission, reentrance, or reinstatement process through the Office of Admissions to attend in subsequent semesters.

NIU reserves the right to exercise its authority of interim action, even upon notification that a

student is facing criminal investigation and/or complaint.

Amnesty

Amnesty aims to remove the barriers that may prevent an individual from seeking help for themselves or other individuals in need of medical attention or facing a safety risk, reporting a student conduct incident, or participating as a witness in an investigation with the university. If an individual reports a student conduct related incident, in good faith, or participates in an investigation as a witness, the Office of Student Conduct will not pursue disciplinary action for that individual for a separate university policy violation (such as underage drinking) that is revealed in the course of the report or formal student conduct process. However, if the separate violation was egregious, including, but not limited to an action that places the health or safety of any other person at risk, amnesty may not be afforded by the Director of Student Conduct. The Director of Student Conduct or designee shall determine if a student or recognized student organization is eligible for amnesty under this provision.

Sanctions

Sanctions are designed, including any pursuant to an interim action, with the intent of holding students accountable through educational accountability. To encourage student development, understanding and the impact of their behavior. To protect individuals, property, normal operations, and the integrity of the university.

Any sanction should be proportionate to the severity of the violation of the Student Code of Conduct and the cumulative behavioral history of the student.

Any assigned sanction may be implemented for a specified period as in the student conduct process. Any subsequent violation of university policy, rule, regulation, or law may show cause for a sanction to be implemented or extended. The sanction will not be lifted until the assigned deadline and the student successfully completes all assigned sanctions. A Conduct Administrator, Hearing Officer or Conduct Board may impose but are not limited to one or more sanctions from the list below:

1. **Class Removal or Reassignment:** A sanction that removes a student from a class or requires a student to move into a different class or section.
2. **Community Service:** A sanction that requires a student or recognized student organization to complete hours of service to NIU or the DeKalb community.
3. **Counseling Education Program Referral:** A sanction that includes but is not limited to the requirement of the completion of an educational program or assessment available through Counseling and Consultation Services counseling. (e.g., referral to Counseling and Consultation Services for Substance Use Assessment, Anger Intervention Assessment, etc.).
4. **Deferred Sanction:** A sanction that is deferred and may become effective if the student is found responsible or accepts responsibility for a future violation of the Student Code of Conduct or other institutional policy. Any sanction may be deferred; the deferred sanction will include the length of deferment and the expiration date of the deferred sanction.
5. **Educational Sanction:** A sanction that includes but is not limited to the

requirement of the completion of an educational assignment. Examples of educational assignments include, but are not limited to, essays, educational workshops provided by the university or outside entities, participating with staff in community development initiatives, a written apology, etc. The student will be required to submit proof of completion of the educational assignment from a source deemed appropriate by the University.

6. **Formal Warning:** A written warning may be given to the student indicating they have been found to be in violation of the *Student Code of Conduct*, a university policy, or regulation. Failure to comply with a university policy or regulation in the future may result in referral to the Office of Student Conduct to be handled as a second offense. A notation is made on the student's record.
7. **Probation:** Probation is when there is an indication that a student is at risk of further student conduct action such as removal, suspension, dismissal, or other sanctioning. During the probationary period, if the student is found to be in violation of the *Student Code of Conduct*, more serious sanctioning may be issued. The Probation period is in effect for no less than a 6-month period.
8. **Community Reparations:** Community Reparations are tasks which benefit the individual, campus, or community.
9. **Disciplinary Removal from University Owned/Operated Housing:** This condition removes a student from university owned/operated housing facilities on either a temporary or a permanent basis.
10. **Loss of Eligibility for University Owned/Operated Housing:** The student, whether currently living in university owned/operated housing facilities or not, is denied current or future eligibility for university owned/operated housing on a temporary or permanent basis.
11. **Fines:** Monetary amounts, determined by the hearing board or hearing officer, which must be paid before further registration or graduation is permitted. Fines may also be issued as a sanction or for an incomplete sanction.
12. **Loss of Eligibility for University privileges, participation in University Intercollegiate competitions or other social activities:** The student or student organization may not participate in university activities and events, hold elective office in any university governance organization, serve on university committees, or representing the university as a member of an intercollegiate team for a specified period of time. The student may be classified as "not in good standing" with the university.
13. **Loss of Visitation Privileges in University Owned/Operated Housing/Facilities:** This condition prohibits a student from being present within university owned/operated housing or other designated facilities for any purpose for a specific time period.
14. **No Contact Order:** A formal directive issued by the Office of Student Conduct requiring the parties involved to have no contact, direct or indirect, including but not limited to written or electronic communication (i.e. letters, social media, text messages, etc.), telephone, recordings, or third party contact (i.e. friends, family members, acquaintances, etc.). A No Contact Order remains in effect until it is officially removed in writing by the Office of Student Conduct.
15. **Restitution:** A student may be required to pay for damages to property, including

but not limited to, personal and university/Co-op property, and/or for personal injury. Payment will be made under guidelines determined by the Office of Student Conduct.

- 16. Suspension:** A student may be suspended from the university upon an accepted recommendation to the Vice President for Student Affairs or their designee, for a specific period. A suspension requires that the student remove themselves from the university and any university owned or operated entities, buildings, or properties. They are not permitted to attend classes in person or online, social activities, or be present on university property during the period of suspension. Any terms of the suspension must be completed satisfactorily, and the student or organization must not have been found responsible for further violations of the Student Code of Conduct throughout the suspension period. A student organization which has been suspended through this process is banned from any activity, including recruiting or membership activity, using the university name in any way, using any university facilities, and must comply with all university rules and this Code throughout the suspension to be considered for reinstatement at the conclusion of the period of suspension. The student will be in a probationary period for one calendar year upon return to the university.
- 17. Loss of Recognition of a Student Organization:** University recognition of a student organization is withdrawn. If the organization wishes to apply for recognition thereafter, they must begin the recognition process as would a new organization, but no sooner than 2 years after the effective date of this sanction. In some circumstances, when it was determined during the hearing that the actions were especially egregious, at the discretion of the hearing officer or Hearing Board and with the concurrence of the Vice President for Student Affairs, the loss of recognition may be declared permanent, and the organization will not be eligible for reinstatement at NIU in the future.
- 18. Expulsion:** A recommendation may be made to the Vice President for Student Affairs or their designee that a student is expelled from the institution. Expulsion from the university is permanent dismissal. If approved, the Vice President for Student Affairs or designee shall notify the respondent in writing regarding the determination of the recommendation of expulsion within five business days of receiving it.
- 19. Withholding Degree:** A withholding of the awarding of a degree otherwise earned until the completion of the process set forth in the Student Code of Conduct.

Notification of Outcomes

The outcome of a hearing is part of the educational record of the respondent and is protected under the Federal Education Rights and Privacy Act (FERPA), except under certain conditions.

Pursuant to the Family Educational Rights and Privacy Act and the Drug Free Schools and Communities Act, the Office of Student Conduct may send written notice to the parents and/or legal guardians of a student under twenty-one years of age who is found to be responsible for violating any state or local laws pertaining to possession, consumption, or inappropriate sale of any alcoholic beverages or controlled substances.

Parents and/or legal guardians may be notified in cases where NIU determines through the Student Conduct process that a student violated a policy that would constitute a “crime of violence.” FERPA defines “crimes of violence” to include arson, assault offenses burglary, criminal homicide, manslaughter by negligence, murder, non-negligent manslaughter, destruction/damage/vandalism of property, kidnapping/abduction, robbery, forcible sex offenses, and non-forcible sex offenses.

For conduct cases involving physical abuse where an individual experienced bodily harm, if requested, the victim/survivor may request a written notice of the finding in the investigation as it relates to the respondent.

Failure to Complete Sanctions

All students, student organizations and groups, as members of the NIU community, are expected to comply with sanctions within the time frame specified by the board or hearing officer. Failure to follow through on sanctions by the date specified, whether by refusal, neglect, or any other reason, may result in additional charges, and/or reinstatement of lifted sanctions as a result of any appeal or other reason. Provision of incomplete or fraudulent information upon which sanctions were lifted or rescinded will result in those sanctions being automatically reinstated, pending a hearing on charges resulting from the provision of such incomplete or fraudulent information.

Appeal Review

Grounds for Appeal

Upon receiving the hearing decision notice, the respondent will have five (5) business days to submit an appeal. The respondent submitting the appeal must present a formal written appeal that specifically articulates one or more of the grounds for appeal. Missing a scheduled preliminary review or hearing does not constitute grounds for an appeal. Appeals cannot be submitted by a third party on behalf of the respondent. An appeal will not have merit simply because the person submitting the appeal disagrees with the original outcome. Once an appeal is submitted, it is reviewed by the Appeal Reviewer. A hearing decision is considered final if an appeal is not submitted within the specified time. While an appeal is pending, the Respondent must comply with all sanctions and restrictions from the hearing decision, unless otherwise specified by the Vice President. Appeals of suspension or expulsion must be approved and reviewed by the Vice President or a designee.

An appeal is limited to a review of the supporting information and record of the hearing that was evaluated in the decision-making process of the hearing. New information will only be considered if the Appeal Reviewer determines that the information was not available at the time of the hearing. The appeal will only be granted on one or more of the following grounds for an appeal:

- Procedural error that likely impacted the hearing outcome. This may include a demonstrated bias or conflict of interest against the respondent or the complainant which impacted the outcome. The respondent is responsible for demonstrating the bias or conflict of interest.
- Newly discovered information for which there is a legitimate reason this information

could not have been presented at the original hearing.

- An allegation that the sanction(s) issued are unreasonable or severe. The respondent must demonstrate in the appeal that there had been a clear error of judgment. The petitioner must show the decision was not based upon consideration of relevant factors, reason, or judgment and was an abuse of discretion or otherwise not in accordance with the Student Code of Conduct.

The Appeal Reviewer will examine the appeal and the record of the hearing to determine one of the following actions:

- Revise the sanctions.
- Recommend the case for a new hearing before a new administrative hearing officer or conduct board. The decision of the hearing will be final. The respondent will receive written notice within two business days of the decision being reached.
- Grant the appeal and refer it to the Appeal Review board to examine the record of the case, make any necessary modifications and render a final decision.
- Deny the appeal.

Appeal Review Board

- The Appeal Review Board members are drawn from the Hearing Board members with the following requirements to serve:
- They did not serve on the Board for the initial hearing,
- They were not involved in the investigation in any way,
- They have been properly trained in appeal procedures.

Cases referred to an Appeal Review board will be limited to the examination of the record and supporting information of the case. The Appeal review board will be responsible for assessing the case for procedural errors that should be corrected, review and consider new evidence, make any necessary modifications and render a decision, sanctions should be proportionate to the severity of the violation and cumulative record. The decision of the Appeal Review Board should be made within ten (10) business days of submission to the Board. If this timeline is not obtainable, it may be further delayed with the approval of the Vice President for Student Affairs. Decisions of the Appeal Review Board are final. Once a decision has been reached, the student will receive written notice to the respondent within two business days of a decision being reached. The Vice President for Student Affairs or designee will have final authority to approve all those serving on the appeal review board.

Student Conduct Records

The Office of Student Conduct will maintain student records which contain all necessary and appropriate documents related to Student Conduct matters. Material deemed unnecessary may be discarded at any time.

Other circumstances outside the Student Conduct process may require retention of the record for a longer period including a directive to retain records issued by the Office of General Counsel. Cases resulting in expulsion may be retained for a longer period.

NIU requires written consent from the student in order to release any conduct related records. The only exceptions to this guideline are those outlined in the Family Educational Rights and Privacy Act of 1974.

Student Conduct Advisory Board

Role of the Student Conduct Advisory Board

The role of the Student Conduct advisory board shall be to assist with review and recommendations for changes to the Student Code of Conduct

Membership

- The membership of the Student Conduct Advisory board shall include the following: The director and associate/assistant director(s) of Student Conduct.
