Introduction

In alignment with the educational mission of Northern Illinois University, the work of the Student Conduct Office is deeply rooted in the personal growth and development of our students. The office also plays an integral part in preserving the health and safety of the University community while also working to protect the integrity of the institution.

Article I: Rights of Students and Recognized Student Organizations

Every student and recognized student organization is entitled to certain procedural rights and guarantees in the student conduct process. The procedural rights outlined below are not exhaustive, but serve as guidelines to ensure that all students and recognized student organizations are treated fairly.

A. An accused student or recognized student organization is entitled to be notified of an alleged Student Code of Conduct violation as soon as reasonably possible.

B. In accordance with the Family Educational Rights and Privacy Act of 1974, as amended, a student may inspect and review their student conduct file upon request to Student Conduct. The process and appropriate forms are available on the Student Conduct website.

C. An advisor may accompany any involved party of an incident at any time during the student conduct process. The purpose of an advisor is to assist a student in preparing for the student conduct process. Any person may serve as an advisor. The advisor need not be affiliated with the Northern Illinois University community. If any involved party elects to have an advisor, it is highly recommended that the party choose an advisor trained by the Office of Student Conduct (referenced as “Student Conduct” in this document). Student Conduct maintains a list of advisors who received training in the Northern Illinois University student conduct system. Advisors are not required to attend or participate in hearings. During a hearing, advisors will only be allowed to confer with their advisees. The advisor may not directly participate in the student conduct process on behalf of any party or as a spokesperson or advocate. A person who is involved in a particular incident may not serve as an advisor nor observer to another involved party in the same incident.

D. The accused student and the recognized student organization have the right to meet with a Student Conduct administrator about their incident and be informed of the entire student conduct process.

E. A Student Conduct administrator will not coerce the accused student or recognized student organization into accepting either responsibility for an alleged violation of university policy or a recommended sanction.
F. The accused student or recognized student organization has the right to be informed of the identity of known witnesses to the incident as permitted by FERPA, and to examine all documents, statements or other evidence that will be presented at the hearing if this information is known to the Student Conduct administrator. The identity of confidential witnesses may be redacted as required by law or as deemed appropriate by the hearing officer or Conduct Board chair. The university may act as complainant for incidents including but not limited to those in which a complainant or victim wishes to remain anonymous for fear of retaliation.

G. All parties are entitled to a fair and impartial hearing. The accused student or recognized student organization is presumed “not responsible” until proven “responsible.” The burden of proof rests with the complainant, and the standard of proof is a preponderance of the evidence. This means that, based on all the evidence and testimony presented in the case, it is determined that, more likely than not (50.1% of the information presented), the accused student or recognized student organization committed the alleged violation of the Student Code of Conduct.

H. The Student Conduct administrator shall give written notice of a hearing to all appropriate parties. The notice shall include the date, time and location of the hearing before the administrative hearing officer or conduct board, and it shall be given at least three business days prior to the hearing. If after such notification any involved party does not appear at the hearing, the case may be heard and a decision rendered despite the absence. Students are responsible for notifying the Office of Registration and Records of any address change. Notices mailed to the local address provided by the student and listed in MyNIU will constitute valid notification to the accused student. Additionally, any email notification with correspondence will be considered delivered when the university has proof that the electronic correspondence has been delivered to the accused student’s NIU email account.

I. The accused student or recognized student organization, complainant and victim/survivor shall each have the right to request that any particular conduct board member(s) not be allowed to serve on the conduct board if there is reasonable cause to believe that the conduct board member(s) may be biased either for or against a particular party involved
in the incident. The Student Conduct board chair shall make the final determination regarding which, if any board members shall be qualified to hear the case.

J. In any administrative hearing or conduct board hearing, the accused student, recognized student organization, complainant or victim/survivor shall have the right to present their respective position by introducing information and any witness(es), making statements and asking questions. No one shall be required to provide information that may be self-incriminating.

K. Student Conduct shall notify the accused student and the victim/survivor (in student conduct incidents of sexual misconduct) of the decision of the hearing, in writing, within two business days after a decision is reached. This notification shall be sent in a way to certify receipt of the notification. For any incident involving violent crime or non-forcible sexual offense, as described in the Jeane Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1990, 20 U.S.C. §1092(f), as amended, both the accused student and the victim/survivor will be notified by the Student Conduct Office in writing within two business days after a decision is reached. The notification shall be sent in a way to certify receipt of the notification. If the victim is deceased, the Student Conduct Office shall notify the victim’s next of kin upon their written request.

L. The accused student or recognized student organization and the victim/survivor (in student conduct incidents of sexual misconduct) who receives an adverse decision shall have the right to file a written appeal of the decision and/or sanctions of an administrative hearing or conduct board hearing.

M. No penalty may be levied by the student conduct system — with the exception of a temporary sanction — without acceptance of responsibility by the accused student or recognized student organization before a Student Conduct administrator, or the finding of responsibility before an administrative hearing officer or a Student Conduct board.

N. Students in possession of a valid State of Illinois Compassionate Use of Medical Cannabis, issued by an appropriately licensed physician, may seek accommodation through the NIU Disability Resource Center.

O. Students wishing to file grievances against Northern Illinois University faculty or staff members should speak with a member of NIU Human Resource Services, 815-753-6000. Students have the right to be treated respectfully throughout the process.
P. The university expects that students and recognized student organizations will fully cooperate with institutional investigations into alleged violation(s) of the *Student Code of Conduct* and other applicable university policies. Students and recognized student organizations who fully cooperate with an investigation may be eligible for amnesty as defined later in this Code.

Q. Students receive a copy of correspondence and related materials pertaining to a student conduct case at the time that Student Conduct issues a notice of an alleged violation. Students are provided a copy of appropriate case-related correspondence throughout the time period that the case is subject to resolution during the Student Conduct process. The records will be redacted as provided for by law. For recognized student organization records, correspondence is sent to the organization president. The records will be redacted as provided for by law.

Final authority for incident adjudication rests with Student Conduct, unless otherwise delegated. All student and organizational conduct incidents are reported to and overseen by Student Conduct.

1. Employment Regulations: Obligations regarding student employment are specified in the Student Employment Handbook distributed by the Student Financial Aid Office. Disputes regarding employment are resolved through student employment grievance procedures.

6. Sanctions imposed are in effect as determined by the student conduct administrator, conduct board or administrative hearing officer. Sanctions are in effect throughout any appeal process undertaken by the student.

7. In determining organizational sanctions, the student conduct board or administrative hearing officer shall only consider offenses in which the recognized student organization has been found responsible, no more than four years from the calendar date of the current preliminary conference.

8. Recognized student organizations regaining their recognition, after a period of suspension as a student conduct sanction, shall automatically be placed on a period of organizational disciplinary probation for one calendar year upon their rerecognition.

9. Student Conduct has the final authority to review and approve all submitted sanctions, and to verify appropriate completion.

10. Student Conduct has the final authority to return recognized student organizations to good standing, pending the completion of all sanctions.
D. Suspension and Expulsion
In some instances, the university must defer to community standards and community safety. In cases of a serious nature or in instances of multiple recidivism, it sometimes is necessary to impose sanctions that extend beyond the educational realm. In those situations, NIU is committed, when necessary, to imposing stern and swift sanctions up to and including dismissal from the university and referral of the matter to the local authorities for prosecution, as necessary. The NIU community will not tolerate violations of this nature and will not shield its students from just and appropriate consequences for their illegal actions.

E. Fines
A fine or fee requires a student to pay a sum of money (not to exceed $200). Fines and fees assist with costs associated with educational workshops and programs as well as the daily operations of Student Conduct. The conduct body shall determine the amount of the fine. Fines may be imposed separately or in addition to any other sanction(s). The fines or fees listed below may be assessed.

Fine and Fee Amounts

$50-$125 fine for noncompletion of an educational sanction.

$75 fee to cover costs associated with an educational workshop (Ethics Workshop, etc.).

$75 fee to cover costs for Substance Use Intervention and Education Program.

$50 fine due to first alcohol or drug violation.

$100 fine due to second alcohol or drug violation.

$150 fine due to third (and each subsequent) alcohol or drug violation.

F. Noncompliance with Sanctions
Sanctions imposed against students and recognized student organizations are to be completed by the assigned deadline. The following chart outlines the penalty for noncompletion of sanctions imposed under this Code. In addition to these penalties, the director of Student Conduct or designee reserves the right to initiate additional student conduct action against a student or recognized student organization who does not comply with sanctions imposed under this Code.
Such additional sanctions may include a hold on registration, or preventing registration for classes.

G. Temporary Sanctions

In certain circumstances, the associate vice president for Student Affairs and dean of students or designee may impose a temporary sanction prior to the start of the student conduct process. The temporary sanction issued will be no more restrictive than necessary to minimize the impact on a student’s academic success while still maintaining the safety of the university community.

1. Temporary sanctions may be imposed only:
   a. To ensure the safety and well-being of members of the Northern Illinois University community or preservation of Northern Illinois University property.
   b. To ensure the student’s own physical or emotional safety and well-being.
   c. If the student poses an ongoing threat of disruption of or interference with the normal operations of Northern Illinois University.
   d. Interim measure as provided for under the NIU Title IX/Sexual Misconduct Policy.

2. Under the temporary sanction, a student or recognized student organization may be denied access to the residence halls and/or to the campus (including classes) and/or all other Northern Illinois University activities or privileges for which the student or
recognized student organization might otherwise be eligible. The student or recognized
student organization may be banned from contact with another person or group of people.

3. The temporary sanction does not replace the regular process, which shall proceed on the
normal schedule. A meeting shall be scheduled within five business days of the
temporary sanction being issued for the student. The preliminary conference may be
continued by the Student Conduct administrator, if necessary to gather more information,
or to follow up on information presented by the accused student.

4. Students or recognized student organizations receiving a temporary sanction will also
receive simultaneously a copy of the Student Code of Conduct. As soon as possible after
receiving notice of temporary sanction, the student or recognized student organization
shall receive a notice of alleged violation, notice of any incident report(s) and notice of
any other pertinent case information.

5. Students or recognized student organizations receiving a temporary sanction may request
an administrative review of the temporary sanction by submitting their request in writing
to the office of the associate vice president for Student Affairs and dean of students, or
designee.
   a. Requests for administrative review of temporary sanctions must be submitted
      within two business days of receipt of the temporary sanction, in writing.
   b. The student or recognized student organization will be given the opportunity to
      present and justify their grounds for appeal. The associate vice president for
      Student Affairs and dean of students or designee may then ask questions
      regarding the situation.
   c. The associate vice president for Student Affairs and dean of students or designee
      will issue a decision in writing, normally within five business days of completion
      of the administrative review. The decision will be to sustain, lessen, increase or
      remove the temporary sanction(s), and it will be based on the material from the
      review and other germane information (e.g., the student’s or recognized student
      organization’s conduct file). There is no appeal of this decision. This time frame
      may be reasonably extended by the associate vice president for Student Affairs
      and dean of students or designee when appropriate.
d. Any temporary sanction that is either upheld or modified by the associate vice president for Student Affairs and dean of students or designee will remain in effect until the final resolution of the student conduct process and/or NIU Title IX/Sexual Misconduct process.

e. Once issued, temporary sanctions issued by Student Conduct may only be modified or removed by the associate vice president for Student Affairs and dean of students or designee.

f. Student Conduct has the authority to remove any temporary sanction upon final resolution of a case in which any temporary sanction(s) was issued.

H. Possible Sanction Impact

Sanctions imposed in the student conduct process are designed to be educational in nature. Sanctions may be active or passive. The majority of sanctions issued do not involve removal from the residence halls nor from campus. However, the imposition of these sanctions is possible. The issuance of Student Conduct sanctions does not remove the responsibility of a student to complete all academic assignments, as specified by their faculty. The imposition of a fine as a sanction does not cause other charges to be removed from a student’s Bursar’s bill.

Sanctions imposed may have the following impact on a student or recognized student organization:

- Additional money owed the university in the form of fines or restitution.
- A change of residence for on-campus housing.
- Additional assignments due to the Student Conduct Office.
- Removal from the residence hall system.
- Removal from all NIU campus property.
- Loss of student status.
- Loss of ability to receive future financial aid (if 50% of attempted classes are not passed).
- Forfeiture of tuition and fees.
- Forfeiture of Housing and Residential Services fees and the requirement to pay the entire contract.
- Forfeiture of Campus Dining meal plan fees.
Article IV: Student Conduct Procedures (Individual Student and Recognized Student Organization)

NOTE: This section of the Student Code of Conduct applies to both individual students and recognized student organizations. Any reference to “student” or “accused student” in this section may also mean recognized student organization when applicable. Any reference to student conduct board may also mean organizational conduct board when appropriate.

A. Incident Reporting, Notice, and Preliminary Conference

1. Incident Reporting
   Any member of the Northern Illinois University community may file an incident report against a student for alleged violation(s) of the Student Code of Conduct or other applicable university policy. An incident report shall be submitted as soon as possible after the incident has taken place, but normally no more than 30 calendar days from the date of the incident. The director of Student Conduct or designee shall have the authority, for reasonable cause, to extend the deadline for submission of an incident report.

2. Notice of Alleged Violation
   A student is notified that formal charges have been imposed when Student Conduct sends the student a Notice of Alleged Violation. This notice is sent to the student’s NIU (Z-ID) email. The Notice of Alleged Violation contains the following information:
   a. Incident time, date and location information.
   b. Alleged violation(s).
   c. Date, time, location and contact information for the student conduct administrator.
   d. Incident summary information.

3. Meeting with Victim/Survivor
   The victim/survivor will be provided with an opportunity to meet with the Student Conduct administrator in order to share their information about the incident, and for the Student Conduct administrator to provide information and resources to the victim/survivor. Contact between the involved parties will be limited to necessity.

4. Documenting the Conduct Process
   To ensure a fair and equitable process for all students, it is necessary to accurately document all aspects of the case. This documentation takes several forms:
a. Electronic correspondence: (incident reports, letters, forms, written statements, etc.).

b. Submitted electronic documentation: (photographs, videos, screen shots, etc.).

c. Relevant case notes, kept in the case file, by the student conduct administrator.

d. In-person meetings and hearings.

The preferred method to document in-person meetings and hearings is by audio recording. The audio recording provides a verbatim record of the conversation. The recording file is uploaded into the case file, and the student is entitled to a copy of the recording. The audio recording will only be used to identify discrepancies which present themselves during the course of investigation and adjudication of an incident. The Student Conduct administrator will seek permission from the student before audio recording any meeting. A student has the right to decline permission to audio record any meeting without penalty. If a student does not give permission to record the meeting, another staff member will be asked to witness the conversation. No other party may audio record the meeting.

Hearings before any student conduct board or administrative hearing officer are always audio recorded. No request to decline the audio recording of a hearing will be honored. No other person may audio record the hearing.

5. Preliminary Conference

At the preliminary conference, the Student Conduct administrator will perform the following tasks with the accused student:

a. Ensure that the accused student has received all the proper documentation regarding the alleged violation(s).

b. Explain the Northern Illinois University student conduct process to the accused student.

c. Answer any questions of the accused student about the student conduct process.

d. Listen to an accused student’s version of the incident, although the accused student shall not be required to discuss the incident.

e. Engage in a candid discussion of the incident with the accused student.

f. Upon completion of a preliminary conference, the Student Conduct administrator shall determine if the alleged conduct violation(s) against the accused student are
to remain in place, are to be modified or are to be dismissed after listening to the accused student’s version of events. The Student Conduct administrator will complete a case resolution form. The case resolution form will contain a list of alleged conduct violation(s), finding(s) and recommendations for sanctions. The case resolution form will contain the following two options (and may contain up to an additional two options, if applicable):

1. Option I: I ACCEPT responsibility for violating the Student Code of Conduct and ACCEPT the recommended sanction(s).
2. Option II: I request a hearing before either a Student Conduct board or administrative hearing officer.
3. Option III: I ACCEPT responsibility for violating the Student Code of Conduct and I agree to participate in a Restorative Justice conference to resolve my case. I understand that if I do not participate in the conference, or if I do not complete the action(s) agreed to in the conference, my case will revert back to the formal conduct process for sanctioning. Restorative Justice is not available as an option when the university seeks suspension or expulsion as a sanction. I understand that if I resolve my case through the restorative justice conference that this case does not count as a student conduct violation.
4. Option IV: No contest regarding responsibility and ACCEPTANCE of recommended sanctions. (The option for “no contest” is only available to accused students who are facing concurrent criminal charge(s) at the time of their preliminary conference.)

If an accused student selects option I or option IV on the case resolution form, the case shall be considered resolved and the Student Conduct administrator will provide the accused student with all paperwork necessary to complete the imposed sanctions, and will follow up at the appropriate time to ensure completion of the imposed sanctions.

g. Signing the case resolution form:
1. When an accused student is presented with a case resolution form, the accused student shall select an option to resolve the incident, proceed with
a hearing or resolve the matter through a Restorative Justice conference (when applicable).

i. An accused student will have up to five business days to change the resolution initially agreed to on the case resolution form. After five business days from the dated signature on the case resolution form, the decision is final and no change may be made.

ii. Accused students who fail to appear for their preliminary conference after being notified of the violation and preliminary conference will have their case heard before a Student Conduct board or administrative hearing officer.

6. Restorative Justice Conference

In cases where the student acknowledges a violation and where the involved parties have expressed a desire to jointly bring resolution to the incident, the case may be referred to a Restorative Justice conference. The discretion to determine if a matter is appropriate for Restorative Justice lies with the conduct administrator. The following process will be used for the Restorative Justice process:

   a. The Restorative Justice facilitator will coordinate a restorative justice conference with all appropriate parties.

   b. The Restorative Justice facilitator will facilitate the restorative justice conference.

   c. If an agreement between the parties is reached, final correspondence will be sent by the Restorative Justice facilitator to both parties, and the case file will be updated appropriately. There is no appeal of this decision.

   d. If an agreement is not reached between the parties, additional correspondence will be sent by the Restorative Justice facilitator and the case will revert back to a preliminary conference for sanctioning. The case file will be appropriately updated.

   e. If a case is resolved through a Restorative Justice conference, that the case does not count as a Student Conduct violation.

7. Nonparticipation in the Conduct Process

It is expected that students will monitor their email and choose to participate in the student conduct process. The Student Conduct administrator will continue to send all
correspondence to the student via email (Z-ID) and will take reasonable efforts to contact the student via other communication methods when contact information is available. It is the student’s decision as to how much they choose to participate in the conduct process. Ultimately, the student conduct process will continue with or without student participation.

8. Northern Illinois University reserves the right to initiate additional student conduct action if new information is presented to the university.

9. The decision of whether any case will be heard before a Student Conduct board or a hearing officer rests with the student, if the student participates in the conduct process. If the student does not participate in the process, the decision about assigning a case to a hearing entity rests with the director of Student Conduct or designee. During periods such as summer semester, Student Conduct boards may not be available. In all cases, conduct boards have the following parameters:
   a. Availability of trained Student Conduct board members – trained members may not be available during the beginning and conclusion of the semester as well as peak student involvements periods.
   b. Incidents covered under Title IX of the Education Amendments of 1972 will be heard by an administrative hearing officer hearing.
   c. If a student conduct case involves multiple accused students and the accused students cannot agree on a hearing entity, the case shall heard before a Student Conduct board.
   d. Student Conduct Boards are not available for matters adjudicated through Housing and Residential Services.

B. Student Conduct Board Hearings

1. Selection of individuals to serve in the pool as Student Conduct board members and administrative hearing officers.
   a. Supportive professional staff and operating staff members recommended by the associate vice president for Student Affairs and dean of students and appointed by the Faculty Senate.
   b. Students (graduate and undergraduate) who apply for, are accepted for service, and are in good standing with the institution.
c. Faculty as appointed by the process outlined by the NIU University Council or as appointed by the associate vice president for Student Affairs and dean of students.

d. Staff members appointed by the associate vice president for Student Affairs and dean of students or designee.

7. **Advisors**

The accused student, complainant, victim/survivor and university presenter may be accompanied by an advisor in a Student Conduct board hearing. Any person may serve as an advisor. The advisor need not be affiliated with the Northern Illinois University community. If a student elects to have an advisor, it is highly recommended that an advisor is chosen from the list of trained advisors that is maintained by the Student
Conduct Office. An advisor will only be allowed to confer with their advisee. The advisor will not be allowed to participate in the student conduct process on behalf of their advisee. It is the sole discretion of the Student Conduct board chair to determine if an advisor is disrupting the hearing and may ask the advisor to leave the hearing.

If the victim is deceased, the Student Conduct Office shall notify the victim’s next of kin, upon written request by the next of kin. The decision shall include the finding(s) and the sanction(s).

14. **Nonattendance of an Accused Student at a Student Conduct Board Hearing**

   It is the responsibility of an accused student and complainant to attend the scheduled hearing. The Student Conduct board hearing will proceed without the accused student or complainant if proof of delivery is held of the notice of hearing.

If a student elects to have an advisor, it is highly recommended that an advisor is chosen from the list of trained advisors that is maintained by the Student Conduct Office. An advisor will only be allowed to confer with their advisee. The advisor will not be allowed to participate in the student conduct process on behalf of their advisee. It is the sole discretion of the administrative hearing officer to determine if an advisor is disrupting the hearing and may ask the advisor to leave the hearing.

12. Notification of Decision
Student Conduct shall notify all appropriate parties, of the decision, in writing, within two business days after the decision has been reached.

1. **Academic Misconduct Jurisdiction**
   A faculty member has original jurisdiction over any instance(s) of academic misconduct that occurs in a course that the faculty member teaches.

2. **Departmental Level Resolution of Academic Misconduct**
   The accused student shall be given the opportunity to resolve the alleged incident in a meeting with the faculty member, and if requested the department chair. If the facts of the incident are not disputed by the accused student, the faculty member may elect to resolve the matter at the departmental level by levying a sanction no greater than an F for that course. If resolution of the incident is achieved at the departmental level, the faculty member shall notify the accused student in writing or via email of the resolution, and Student Conduct shall receive a copy of the academic misconduct incident report and all supporting material indicating the final disposition of the case. This report shall be placed into the accused student’s Student Conduct file. The accused student shall be given an opportunity to view the completed academic misconduct incident report.
   Regardless of resolution between a faculty member and a student about an allegation of academic misconduct, if a student is found responsible or accepts responsibility for more than one instance of academic misconduct during their time as a student at Northern Illinois University, Student Conduct reserves the right to levy a charge of academic misconduct against the student. A finding of “responsible” for this charge may carry additional nonacademic sanctions against the student. The accused student has the right to utilize the academic misconduct process laid out in this Code.

An advisor will only be allowed to confer with their advisee. The advisor will not be allowed to participate in the student conduct process on behalf of their advisee. The decision shall include the finding(s) and the sanction(s).

20. **Records of Academic Conduct board Hearings**

E. **Appeals Process**

1. **To Whom and How to Appeal**
   a. A decision reached by an administrative hearing officer (for an incident adjudicated through Student Conduct) or Student Conduct board may be appealed by the accused student/appellant within five business days of the date the decision
notice is delivered to the student’s mailbox or email account. The appeal must be in writing and submitted online through the appropriate form on the Student Conduct website. **This appeal process does not apply to incidents which fall under the auspices of Title IX of the Higher Education Act of 1972. Refer to the appeal process outlined in the NIU Sexual Misconduct/Title IX Policy for the appeal process for those specific incidents.** The written appeal request must include:

i. What is being appealed (decision and/or sanctions).

ii. The reasons for the appeal.

b. A decision reached by the residence hall administrative hearing officer (for an incident adjudicated through Housing and Residential Services) may be appealed by the accused student/appellant to an administrative review within five business days of the date the decision notice is delivered to the student’s mailbox or email account (documentation for proof of delivery is required). The appeal must be in writing and be delivered to the Director of Housing and Residential Services or designee. The written appeal request must include what is being appealed (decision and/or sanctions). Additionally, the written appeal request must include the reasons for the appeal.

2. **Grounds for Appeal**

   Appeals shall be limited to the following:

a. Did the administrative hearing officer or Conduct Board follow the procedure outlined in the **Student Code of Conduct** and provide a fair hearing for all parties?

b. Did the administrative hearing officer or Conduct Board apply the standard of preponderance of the evidence correctly to the evidence and ultimately reach an appropriate decision?

c. Was the sanction(s) imposed appropriate for the violation of the **Student Code of Conduct**?

d. Is there new information sufficient to alter a decision or other relevant facts not brought out in the original hearing because such information and/or facts were not known to the person appealing at the time of the original administrative or Conduct Board hearing?
e. No sanction may be appealed solely on the basis that minimum sanctions imposed were not appropriate.

3. Preliminary Determination of Sufficiency of Merit of Appeal

Once the dean of students or designee receives a written appeal request, the following process occurs:

The dean of students or designee will consider all information related to the appeal request and make a determination about whether the appeal request contains sufficient merit for an appeal hearing. Merit is determined by examining if the appeal request raises an appealable issue and if the information provided by the accused student demonstrates clear error in the decision or a compelling justification to alter the finding or sanction(s). If the dean of students or designee does not find sufficient merit to grant the appeal, the dean of students or designee shall notify all parties of that decision.

If the dean of students or designee determines the appeal request has sufficient merit, a hearing will be held. At the hearing the appeal board will consider all relevant information, and the board may call or recall any witnesses. The chair of the appeal board will determine what, if any, information shall be considered for the appeal. The appeal board will be comprised of the chair (associate vice president and dean of students or designee, one (1) faculty or staff member, and one (1) student. All members of the appeal board may vote. All decisions are decided by majority vote.

The dean of students or designee shall notify the accused student of the decision of the Appeal Board in writing within two business days after the decision is reached.

The decision of an Appeal Board hearing shall be final. The decision shall include the finding(s) and the sanction(s).

For appeal requests submitted to the senior director of Housing and Residential Services or designee, the senior director of Housing and Residential Services, or designee, will decide whether the request has sufficient merit.
F. Incidents Falling Under Title IX of the Education Amendments of 1972 (Title IX/Sexual Misconduct Policy)

For information related to how incidents falling under the auspices of Title IX of the Educational Amendments of 1972 are investigated and adjudicated, see the NIU Title IX/Sexual Misconduct Policy, located online at https://niu.edu/ethics-compliance/_pdf/title-ix-policy.pdf

G. Amnesty

Northern Illinois University maintains a policy of amnesty for students who attempt to seek help for themselves and/or other students or nonstudents in need of medical attention due to alcohol or drug use. The director of Student Conduct or designee shall determine if a student or recognized student organization is eligible for amnesty under this provision. An organizational member or the student organization president or designee from a recognized student organization must attend the preliminary conference in order to request amnesty. If a student’s or recognized student organization’s actions furthered or facilitated the situation, no amnesty will be granted.

Amnesty aims to remove the barriers that may prevent an individual from reporting an incident of sexual misconduct. If an individual reports an incident of sexual misconduct in good faith, the reporting party will not receive disciplinary action for a separate university policy violation, such as underage drinking, that is revealed in the course of the report. However, if the separate violation was egregious, including but not limited to an action that places the health or safety of any other person at risk, amnesty may be not afforded.

Glossary of Definitions for the Student Conduct Process

Academic Conduct board: Any persons authorized by the associate vice president for Student Affairs and dean of students or designee to determine whether an accused student has violated the Student Code of Conduct and other policies, and who may impose sanctions when an accused student is found to be responsible for misconduct under the Student Code of Conduct.

Academic Conduct Board Chair: A university staff member who is a voting member of the board, and who facilitates the hearing. The Academic Conduct board chair is ultimately responsible for ensuring that proper procedure is followed during a Student Conduct board hearing, and who will write the rationale for the decision and findings on behalf of the board.

Academic Day: Any day during the calendar year in which regularly scheduled classes are in session, including fall, spring and summer semesters.

Accused Student: A current student of Northern Illinois University who is facing allegations of violating Northern Illinois University policy.

Administrative Hearing Officer: A Northern Illinois University staff member who is trained in the student conduct process and is authorized by the associate vice president for Student Affairs and dean of students, or designee, to determine if a violation of university policy has occurred and to issue sanctions accordingly.

Advisor: Any person who may assist an accused student, recognized student organization, complainant or the university presenter through the student conduct process. The advisor need not be affiliated with the Northern Illinois University community. A list of advisors who have received training in the Northern Illinois University student conduct system shall be available from Student Conduct. An advisor will only be allowed to confer with their advisee. The advisor will not be allowed to participate in the student conduct process on behalf of their advisee.
Appeal Board: Any persons authorized by the associate vice president for Student Affairs and dean of students or designee who has the authority to uphold, modify or reverse a decision imposed by an Academic Misconduct board, administrative hearing officer or Student Conduct board.

Business Day: Any day the university is in operation. This is not intended to cover Saturday, Sunday, university-observed holidays and administrative closures.

Claimant: The student, employee or third party who suffers sex-based misconduct by the conduct of another.

Complainant: A Northern Illinois University community member who completes an incident report about a particular incident or set of incidents and alleges that a current student or recognized student organization violated Northern Illinois University policy.

Consent: A clear, unambiguous, informed and voluntary agreement between all participants to knowingly engage in sexual activity. Consent must be mutually understandable by words or actions (i.e., a reasonable person would consider the words or actions to indicate mutual agreement to engage in the sexual activity). Consent is active, and cannot be based on the absence of an affirmative statement or act of denial. Silence or lack of resistance does not constitute consent.

- Seeking and receiving consent is the responsibility of the person(s) initiating the sexual act or acts regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.
- Consent to any sexual act or prior consensual sexual activity between or with any party does not in and of itself constitute consent to any other sexual act.
- Consent may be initially given, but withdrawn at any time. Consent cannot be given when a person is incapacitated (including but not limited to a person or someone with a physical or mental disability that causes impairment resulting in incapacitation) or a person who is intoxicated. Consent cannot be given when it is the result of coercion, intimidation, force or threat of harm. The university prohibits any sexual activity that does not involve the consent of each individual.
Consent must be given to engage in the act of sexual activity, and consent should also be given to any person who records or photographs any aspect of the sexual encounter as well as third parties who wish to view the sexual activity either in person or via any electronic equipment, methods or devices. Any of these acts will be deemed to be sexual exploitation. Sexual exploitation includes but is not limited to the following acts:

- Sexual voyeurism or allowing others to witness or observe the sexual or intimate activity of another person without that person’s full knowledge and consent.
- Indecent or lewd exposure or inducing another person to expose themselves when consent is not present.
- Recording any person engaged in sexual or intimate activity in a private space without that person’s full knowledge and consent, even if the person recording the sexual or intimate activity is also engaged in the consented-to sexual activity.
- Distributing sexual or intimate information, images or recordings about another person without that person’s full knowledge and consent.
- Recruiting, harboring, transporting, providing or obtaining another person for the purpose of sexual exploitation.
- Inducing incapacitation in another person with the intent to engage in sexual conduct, regardless of whether prohibited sexual conduct actually occurs.

The definition of consent does not vary based upon a participant’s sex, sexual orientation, gender identity or gender expression.

**Constructive Possession:** Occurs where a person has knowledge of an object, plus the ability to control the object, even if the person has no physical contact with it (*United States v. Delrose*, 74 F.3d 1177 [11th Cir. 1996]).

**Faculty Member:** Any person hired by the university to conduct classroom or teaching activities or who is otherwise considered by the university to be a member of its faculty.

**Fine/Administrative Fee:** A fine or fee requires a student to pay a sum of money (not to exceed $200). An administrative fee of $25.00 (minimally) is automatically assessed to any student found responsible for violating the *Student Code of Conduct* each time they are involved in an incident. Fines and fees assist with costs associated with educational workshops and programs,
as well as the daily operations of Student Conduct. The conduct body shall determine the amount of the fine. Fines may be imposed separately or in addition to any other sanction(s).

**Good Standing** (with the institution): A student or recognized student organization is in good standing with the institution when the student or organization is not on university or organizational disciplinary probation.

**Incident**: An incident occurs during a defined period of time, at a given location, regarding a specific situation. A Student Conduct administrator may combine multiple incidents into a single case, with the permission of the director of Student Conduct or designee.

**Member of the University Community**: Any person who is a student, faculty member or staff member of Northern Illinois University. A person’s status in a particular situation shall be determined by the director of Student Conduct or designee.

**No Contest**: Response to a violation when an accused student does not challenge the information contained in the written incident report, but accepts the sanctions recommended by the Student Conduct administrator. The option for “no contest” is only available to accused students who are facing concurrent criminal charge(s) at the time of their preliminary conference.

**Observer**: A person who attends a Student Conduct board hearing at the request of either a complainant, accused student or recognized student organization. The observer shall not participate in the hearing in any manner.

**Organizational Disciplinary Probation**: The sanction of organizational disciplinary probation takes a recognized student organization out of good standing with the institution. Organizational disciplinary probation does not affect the ability of an organization to hold social events.

**Policy**: The written regulations of Northern Illinois University.

**Preponderance of the Evidence**: The standard of evidence used in all hearings whereby it is determined that it is more likely than not that the accused student or recognized student organization committed the alleged violation of the *Student Code of Conduct* based on all the evidence and testimony presented in the case.
**Proceeding:** All activities related to a noncriminal resolution of an institutional disciplinary complaint including but not limited to fact-finding investigations, formal or informal meetings, and hearings.

**Respondent:** The alleged offender/accused; a person alleged to have engaged in any of the conduct prohibited by the Title IX Policy and Procedures.

**Self-defense:** A person uses only sufficient force to repel or stop an attack by another person. When presented with an opportunity to remove oneself from the situation, the person engaging in self-defense shall take advantage of said opportunity. Engaging in further physical contact with a person after an opportunity to remove oneself from the physical altercation shall invalidate a claim of self-defense.

**Shall or Will:** Terms in the *Student Code of Conduct* that do not provide for a choice for an accused student, recognized student organization or complainant as to how to proceed.

**Student:** All persons admitted to Northern Illinois University and/or enrolled in any course (for credit or not for credit), or who are on campus for the purpose of enrolling in any course. Persons who withdraw from the institution after allegedly violating the *Student Code of Conduct* shall be subject to the *Student Code of Conduct*.

**Student Conduct Administrator:** A university official authorized by the associate vice president for Student Affairs and dean of students or designee to investigate an incident upon receipt of an incident report, and to meet and discuss the incident with an accused student or recognized student organization. The official may recommend sanctions against an accused student or recognized student organization who admits responsibility for violating the *Student Code of Conduct*.

**Student Conduct Board:** Any persons authorized by the associate vice president for Student Affairs and dean of students or designee to determine whether an accused student has violated
the Student Code of Conduct and other policies, and who may impose sanctions when an accused student is found to be responsible for misconduct under the Student Code of Conduct.

**Student Conduct Board Chair:** A university staff member who is a voting member of the board and who facilitates the hearing. The Student Conduct board chair is ultimately responsible for ensuring that proper procedure is followed during a Student Conduct board hearing, and who will write the rationale for the decision and findings on behalf of the board.

**University Disciplinary Probation:** The sanction of university disciplinary probation takes a student out of good standing with the institution. Students who are on university disciplinary probation continue as students, but are restricted from participating in certain university-sponsored events including but not limited to study abroad programs, serving as an officer in a recognized student organization, and traveling with the university on sponsored trips.
