

Northern Illinois University

Microplastics Lab Pricing

Please contact Dr. Melissa Lenczewski or Dr. Megan Brown before sending samples

Email: lenczewski@niu.edu, mbrown18@niu.edu

Client	Service Fee (USD \$)	
	Environmental samples (water, soil/sediment, air dust) sample processing, extraction, and LDIR analysis	Extracted samples (ready to run) Sample filtered on 25mm 0.8µm pore size gold coated filter or prepared in ethanol for low e-glass slide for LDIR analysis
Internal NIU, Internal collaborator, and Federal on the grant	\$200	\$50
Internal NIU, Illinois Innovation Network (IIN)	\$250	\$50
External academic, Worldwide academic, and Federal agencies	\$350	\$50
External private industry	\$500	\$100

The above calculation is based on the samples with ≤ 1000 particles. These charges will be increased \$50.00 per 1000 particles. Extra fees may apply if other services are required. For commercial work, add appropriate sales tax.

Please contact the lab for any questions or concerns.
