Engage your students in the Stock Market Game!

SMG is not just a game (don’t tell your students), but a fun and engaging way to teach important math and financial literacy skills.

The deadline to register your class (Grades 4-12) is February 20. The spring session runs from January 20 through April 24, 2015.

“Students will have so much fun learning about companies and capital markets, they won’t realize how much math, language arts, social studies, and economics knowledge they’re absorbing along the way.”

It’s fun and easy and geared toward your teaching goals.

Academic Skills: Math, Language, Social Studies, Technology, Economics, Business
