

NORTHERN ILLINOIS UNIVERSITY

College of Health and Human Sciences

Major: Physical Therapy

Degree: D.P.T.

Date Revised: October 1, 2020

Student Learning Outcomes and proposed Methods for collecting data (from assessment plan)

Student Learning Outcomes	
1	Practice in a manner that is culturally competent, is consistent with established legal and professional standards, and it based on current evidence and best practice.
2	Perform physical therapy patient examinations using evidence-based tests and measures and evaluating exam data to make clinical judgments to generate a diagnosis and prognosis that guides patient management.
3	Establish and implement a physical therapy plan of care that is effective, safe, and based on current best evidence of practice, and proficiently modifying throughout the course of intervention.
4	Communicate effectively and professionally in a manner that is congruent with situational demands, while seeking and incorporating feedback from multiple sources.
5	Perform self-evaluation and utilize ongoing feedback from multiple sources, with critical self-reflection to improve clinical practice and professional development.
