Major Changes and Requirements in Title IX
New Regs Overview

How We Got Here

- Title IX prohibits discrimination on the basis of sex
- ED and the courts have interpreted Title IX to prohibit sexual harassment (including sexual assault)
- Among other things, colleges and universities must investigate allegations of sexual harassment and take appropriate disciplinary action WHEN CERTAIN CONDITIONS ARE MET
- Cannot proceed unless those conditions are met

How We Got Here (Cont.)

- Obama-era ED guidance focused on protecting complainants
  - The 2011 “Dear Colleague” letter
  - Mandatory “preponderance of the evidence” standard
- Trump/Devos-era ED has focused on the due process rights of the respondent
  - Rescinded Obama-era guidance
  - Issued informal guidance (including 2017 Q&A)
  - Engaged in formal rulemaking process
Pending Litigation

What Some Members of Congress are Saying:

Not only will this new rule make it harder for victims to come forward and receive help to stay in school, but it will also unduly hinder many schools from responding effectively to many incidents of sexual violence. As such, it is unsurprising that the American public overwhelmingly opposes this rule. When the Department first announced its proposed rule in November 2018, students, school officials, civil rights advocates, and government officials submitted nearly 125,000 comments in response, the vast majority of which strongly opposed the proposal. Still, the Department chose to follow the will of the people and move forward with its plans.

Major Changes Under New Regs

- Jurisdiction
- Definitions
- Responsible employees
- Duty to respond
- Report vs signed formal complaints
- Role of advisor of choice
- Supportive measures
- Separation of duties

1. Definition of Sexual Harassment under Title IX

Sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

1. An employee of the recipient conditioning the provision of an aid, benefit, or service of the recipient on an individual's participation in unwelcome sexual conduct;

2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity;

Not just for students anymore

Expectation that recipients handle **any formal complaint** that occurs through education program or activity in the United States through the grievance process.
2. Dismissal of Formal Complaints

Must Dismiss:
- Behavior does not constitute sexual harassment
- Did not occur in educational program or activity, not in the United States

May Dismiss:
- Complainant withdraws formal complaint
- Respondent no longer enrolled/employed
- Insufficient evidence

Notification and appeal

3. Consolidation of Complaints

- Multiple Respondents
- More than one complaint against one or more respondents
- One party against another party

4. Supportive Measures

Impact of Location & Party

- 2020 Title IX Regulations
  - Conduct that occurs within its ‘education program or activity’
  - Against a person within the United States
  - School must have exercised substantial control over both the respondent and the context in which the sexual harassment occurs
  - Also includes any building owned or controlled by a student organization that is officially recognized by a postsecondary institution
  - Clery Act
    - On campus: on public property within or immediately adjacent to and accessible from the campus, or on non-campus buildings or property that your institution (or a recognized student organization) owns/controls
    - May include some study abroad programs
    - For VAWA crimes, must use processes even if occurs off-campus

Geography versus Jurisdiction

Geography is the defined physical area in which the Clery Act attaches. A crime MUST occur within the institution’s physical Clery geography to be captured.

Jurisdiction generally describes authority to apply law to a certain area and/or to certain persons. For example, under Title IX, an act may not physically occur on campus, but if it occurs within certain programs between certain people, Title IX attaches.

PRONG 2: Hostile Environment +

Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient’s education program or activity.

PRONG 2: The *Davis* Standard

- Hostile Environment +
- First Amendment protections
- Not a “zero tolerance” standard

Holding that “funding recipients are properly held liable in damages only where they are deliberately indifferent to sexual harassment, of which they have actual knowledge, that is so severe, pervasive, and objectively offensive that it can be said to deprive the victims of access to the educational opportunities or benefits provided by the school.”
PRONG 2: Hostile Environment +

Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient’s education program or activity

- Not the same as Title VII “hostile environment” or 2001 Guidance “hostile environment”
- Hostile Environment +
- Adds the “and”
- Adds “equal access”

FIRST AMENDMENT ISSUES

- “Does not punish verbal conduct in a manner that chills and restricts speech and academic freedom”
- “Not held responsible for controlling every stray, offensive remark”
- Only “verbal conduct so serious that it loses First Amendment protection and denies equal access”

NOT ALL UNWELCOME SEXUAL CONDUCT COUNTS

- Not a “zero tolerance” policy banning sexual harassment
- Captures physical and verbal conduct serious enough to warrant the label “abuse”
- School children regularly engage in “insults, banter, teasing, shoving, pushing, and gender-specific conduct that is upsetting” but may not be severe and pervasive.
Hostile Environment +

NO INTENT REQUIREMENT IN DAVIS STANDARD
- “By not imposing an “intent” element into the sexual harassment definition, § 106.30 517 makes clear that sexual harassment under any part of the § 106.30 definition cannot be excused by trying to blame the victim or rationalize the perpetrator’s behavior, tactics pointed to by commenters (and supported by research) as common reasons why victims (particularly women) have often faced dismissiveness, shame, or ridicule when reporting sex-based violence to authorities.”

PRONG 2: Hostile Environment +

ON THE BASIS OF SEX
- Physical touching
- Comments of a gender or sexual nature
- Motivated by complainant’s gender or sexuality
- Sex Stereotyping
- Pregnancy, childbirth, related medical conditions
- Gender Identity, Gender Expression, Sexual Orientation
Gender-based Harassment

- Acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex-stereotyping, but not involving conduct of a sexual nature
- "Includes unwelcome conduct devoid of sexual content that targets a particular sex"

Hostile Environment+

INVESTIGATING UNWELCOME
- Unpack "consent" definition
- Behaviors that by their nature are "unwelcome"
- What was communicated between parties
- Coercion, threats, intimidation
- Who instigated?
- Did the complainant participate?

Hostile Environment+

INVESTIGATION OF SEVERE
- Characteristics of complainant and respondent
- Witnesses, public nature
- Direct vs. second-hand
- Degrading, crude
- Threats
- Physical actions, touching
Hostile Environment +

PERVASIVE
- May “provide supportive measures ... even where the harassment is not pervasive”
- Disseminating “revenge porn” or conspiring to sexually harass people ... may be pervasive particularly where ... conduct involves widespread dissemination of offensive material or multiple people agreeing to potentially victimize others

Hostile Environment +

INVESTIGATION OF PERVERSIVE
- Number of incidents (dates, times)
- Number of witnesses, recipients, participants
- Different types of behaviors

Hostile Environment +

OBJECTIVELY OFFENSIVE/REASONABLE PERSON
- “Whether, standing in the shoes of the complainant, the conduct would be offensive”
- “Turns on both subjectivity (i.e., whether the conduct is unwelcome, according to the complainant) and objectivity (i.e., “objectively offensive”)
- “Different people may reach different conclusions about similar conduct”
INVESTIGATING OBJECTIVELY OFFENSIVE?
- Not for the investigator - but for the decision-maker to determine
- Must confirm, however, that it was offensive to the Complainant

EFFECTIVELY DENIES ... EQUAL ACCESS ...EDUCATION PROGRAM
- “Does not require that a complainant has already suffered loss of education before being able to report”
- Harassment “so undermines and detracts from the victims’ educational experience” that it effectively denies...
- Does not require certain manifestations of trauma
- Can’t turn away a complainant who is “high-functioning,” “not showing particular symptoms,” or “not traumatized enough”
- No requirement for “tangible adverse action or psychological harm”

INVESTIGATING EFFECTIVELY DENIES...
- Skipping class to avoid a harasser
- A decline in a student’s grade point average
- Difficulty concentrating in class
- Dropped out of school
- Failed a class
- Had a panic attack
- Reached a “breaking point”
Prong 2: Case Study

Pat reports feeling uncomfortable in class because of sexually harassing comments and behaviors of other students.

2. Discuss the specifics of the complaint that you are investigating.
3. What types of evidence will you seek to meet the elements?
4. What evidence could be provided that would demonstrate the elements have not been met?

Questions

You can send questions to the chat while you work, and we will discuss them in the reporting out phase.
If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in § 106.30 even if proved, did not occur in the recipient’s education program or activity, or did not occur against a person in the United States, then the recipient must dismiss the formal complaint.  

"education program or activity" includes locations, events, or circumstances over which the recipient exercised substantial control ... and also includes any building owned or controlled by a student organization that is officially recognized by a postsecondary institution."
Party Evidence

- “At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the recipient with which the formal complaint is filed.”
- “locations, events, or circumstances over which the recipient exercised substantial control over both the respondent and the context...”

- Non-disciplinary, non-punitive individualized services
- Offered as appropriate, as reasonably available, and without fee or charge
- To the complainant and/or the respondent
- Before or after the filing of a formal complaint or where no formal complaint has been filed
- Designed to restore or preserve equal access to the recipient’s education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the recipient’s educational environment, or deter sexual harassment
- The recipient must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the recipient to provide the supportive measures
- The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures

Impairment
- The state of being diminished or weakened due to the consumption of alcohol.
- Alcohol is a nervous system depressant.
- Impairment begins as soon as alcohol enters the bloodstream.
- Impairment increases with consumption of alcohol.

Question: Can two initially IMPAIRED people legally have sexual intercourse?

Intoxication
- An act or instance of inebriation; drunkenness.
- Intoxication is legally met when an individual’s blood alcohol level reaches .08 or greater.

The Regs on Evidence

- Any evidence obtained
- directly related to the allegations
  - including the evidence upon which the recipient does not intend to rely in reaching a determination regarding responsibility and
  - inculpatory or exculpatory evidence whether obtained from a party or other source
- So that a party can meaningfully respond
Evidence Collection

Everything Collected

Directly Related

Relevant

Everything BUT…

- Complainant’s sexual predisposition or prior sexual behavior unless:
  - offered to prove that someone other than the respondent committed the conduct alleged or
  - complainant’s prior sexual behavior with respect to the respondent and are offered to prove consent
- Physician, psychiatrist, psychologist records in connection with the provision of treatment to the party
  - unless voluntary, written consent

“Directly Related”: in the comments

- “interpreted using their plain and ordinary meaning”
- We note that “directly related” in § 106.45(b)(5)(vi) aligns with requirements in FERPA, 20 U.S.C. 1232g(a)(4)(A)(i). (“information directly related to a student.”)
- “directly related” may sometimes encompass a broader universe of evidence than evidence that is “relevant.”

CREDIBILITY CHECKLIST

Truthfulness

Ability to remember
Plausibility

Motivation
Bias
Corroborating Evidence

- Physical
- Contemporaneous documentation
- Personal documents
- Admissions
- Eyewitness
- Outcry

Ability to Perceive

- Distance
- Knowledge
- Credentials
- Competence

Ability to Remember

- Passage of time
- Alcohol
- Blackout
- Peripheral details
- History of memory
Bias

- Personal preference
- Impartiality
- Internal Biases

Confirmation Bias
- Confirmed preconceived opinion

Availability Bias
- Most important to the memory immediately recalled

Hindsight Bias
- See things as more predictable than they were

Foresight Bias
- Ability to predict future events

Gender Bias
- More likely to believe one gender over another

Race
- More likely to believe one race over another

Other Factors that Impact Credibility

- Memory and trauma
- Cross-cultural issues
What Does Relevancy Mean?

- Directly related to the issue and helps prove or disprove the issue AND fact must be material to an issue in the case
- Makes something more/less true or more/less false
- The tendency to make a fact more or less probable than the fact would be without the evidence
- Questions are irrelevant when they are not related to the issue at hand

Other Ways to Put It...

- The evidence does not need to be conclusive
- The evidence constitutes a link in the chain of proof
- The evidence, in connection with other evidence, helps “a little”

Relevancy Exceptions

“Questions and evidence about the complainant’s sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant’s prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant’s prior sexual behavior with respect to the respondent and are offered to prove consent.”
Resolutions and Outcomes

Agenda

- Informal resolution
- Formal resolution
- Sanctions and remedies
- Appeals

We are Here...

Intake  Investigation  Resolution
§106.45(b)(9) – Informal Resolution

“However, at any time prior to reaching a determination regarding responsibility the recipient may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication...”
Informal Resolution

Notice
Voluntary
Not allowed for Employee Respondent/Student Complainant

Informal Resolutions – Conduct Conferences

Both parties must agree
Acceptance of Responsibility
Sanctions

Informal Resolution Recordkeeping Considerations

Records subject to subpoena
What happens if it becomes a formal resolution?
Incomplete requirements
Required record keeping
Is it considered "conduct history"?
Single Adjudicator Model

“Combining the investigative and adjudicative functions in a single individual may decrease the accuracy of the determination regarding responsibility, because individuals who perform both roles may have confirmation bias and other prejudices that taint the proceedings, whereas separating those functions helps prevent bias and prejudice from impacting the outcome.”

Formal Resolution – Considerations

- Scheduling
- Decision maker(s)
- Advisors
- In person or virtual

Live Hearings

- Must provide for a live hearing
- At the request of either party, the recipient must provide for a live hearing to occur with the parties located in separate rooms, with technology enabling the decision-maker(s) and parties to simultaneously see and hear the party or the witness answering questions
- Must create an audio recording or transcript and make available.
Advisors

“If a party does not have an advisor present at the live hearing, the recipient must provide without fee or charge to that party, an advisor of the recipient’s choice, who may be, but is not required to be, an attorney, to conduct cross-examination on behalf of that party.”

Cross Examination

“At the live hearing, the decision-maker(s) must permit each party’s advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. Such cross-examination at the live hearing must be conducted directly, orally, and in real time by the party’s advisor of choice and never by a party personally…”

Relevancy

“Only relevant cross-examination and other questions may be asked of a party or witness. Before a complainant, respondent, or witness answers a cross-examination or other question, the decision-maker(s) must first determine whether the question is relevant and explain any decision to exclude a question as not relevant.”
Relevancy

- Prior sexual history
- Privileged information
- Duplicative
- Why are you asking the question?

Participation

"If a party or witness does not submit to cross-examination at the live hearing, the decision-maker(s) must not rely on any statement of that party or witness in reaching a determination regarding responsibility."

Formal Resolution – Making a Finding

- Policy language - Alleged violations
- Weighing the evidence
- Determined behaviors
- Standard of evidence
A recipient may impose disciplinary sanctions upon a respondent after a grievance process that complies with § 106.45.

"The Department does not prescribe whether disciplinary sanctions must be imposed, nor restrict recipient’s discretion in that regard. As the Supreme Court noted, Federal courts should not second guess schools’ disciplinary decision, and the Department likewise believes that disciplinary decisions are best left to the sound discretion of recipients."
Formal Resolution – Remedies

- Make permanent supportive measures
- One-sided no contact orders
- Restrictions from locations
- Restrictions from activities

Written Outcome

- Allegations
- Procedural steps
- Findings of fact
- Conclusion/application
- Rationale for each allegation (determination, sanctions, remedies)
- Appeal procedures

Live Hearing Recording or Transcript

- Recording
- Transcript
Appeals

Must offer

Three bases
- Prejudice
- New evidence
- Conflict or bias

Additional grounds permitted

No other role for appeal officer

Equal opportunity to respond
