

NEED SCHOLARSHIP POLICY STATEMENT

SELECTION POLICY

Families with a child or children younger than 18 years old are eligible to apply for a need scholarship. Scholarships will be awarded on the basis of the following:

- Need, as demonstrated by family size, income, and extenuating circumstances;
- Teacher evaluation, either from the current CSA teacher for returning applicants or from a classroom teacher (preferably art or music) for new applicants;
- Availability of scholarship funds;
- Applicant's payment history with the community school program.

Important Notes

- Awards are partial and are awarded in the form of discounted registration fees. Please submit one form per family, listing all members requesting funding.
- Those who are new to the program, if funded, are likely to receive a small award as first-time applicants; this may be re-evaluated and increased by the committee in an upcoming semester.
- A family with a gross adjusted income of \$60,000 or more per year is ineligible to apply for a need scholarship.

APPLICATION PROCESS

Applications missing any of the following or submitted after the deadline will not be considered by the committee:

Scholarship Application Form. The scholarship application form must include a photocopy of your most recent federal income tax return. If parents and/or guardians file taxes separately, please include a copy of both statements. If you did not file a tax return, a letter from your employer stating your income or a copy of your W2 form will suffice. A pay stub is not sufficient. If your financial situation has changed since your last filing, you must verify your current status and benefit, in addition to providing your most recent tax return. Include all forms of assistance, i.e. public assistance, child support, alimony, housing allowances, unemployment benefits, etc. A written statement is not sufficient. All income information will be held in the strictest confidence. Applicants are responsible for making their own photocopies.

Program Registration Form and Fee. Applicants must complete a registration form, indicating what lesson, ensemble, or class the student is interested in taking. This form can be found in the back of the program's flyer or on the website at www.csa.niu.edu. The registration form must be accompanied by the \$15.00 program registration fee, which is non-refundable. Final billing arrangements will be made for all scholarship applicants after the awards are allocated.

Teacher Recommendation. This may be either your current community school teacher (preferable) or a classroom teacher. These can be mailed or emailed to the director.

DEADLINES AND AWARD PERIOD

- The deadline for scholarship applications can be found in the current community school flyer and on the website. If you do not have a flyer, call 753-1450 to learn the date. Applications submitted after the deadline dates will not be considered.
- All applicants will be informed of the committee's decision in writing within one week of the application deadline. All those awarded scholarship awards are expected to respond in writing within one week; failure to contact the office to indicate acceptance of the award renders the award null and void and the money will revert to the scholarship pool.
- If a student registers for lessons in fall and spring and is awarded a scholarship, the scholarship will cover both semesters, providing a positive teacher evaluation is received by the office at the end of the fall semester. However, if the student is registering for different and/or additional activities in spring, he/she is expected to submit a new application form in spring.
- A student who registers for one semester only (fall or spring) will be awarded a scholarship for that semester only and will be expected to reapply for funding the following semester. Scholarships are not available for the summer semester.
