We need participants for a research study: "Evaluation of the Peripheral and Central Vestibular Pathways of the oVEMP in Global Parkinson's Disease"

-----  
Alea Meyer  
712-297-0531

**Description of Project:** We are researching how the vestibular system and cognition are impacted by Parkinson's Disease. Full participation in the study will take approximately 1 hour 30 minutes. We will ask you to complete a case history, cognitive tests, hearing evaluation, and measure your vestibular system.
