Information regarding tuition for the summer session may be obtained from the Bursar’s Office. By University rule, tuition waivers (including those held by Research Assistants) may not be used for summer courses, except for tuition waivers held by Graduate Assistants.

As in recent years, there will be two, non-overlapping summer sessions. The first session will begin on May 20 and end on July 12, but please consult the course descriptions below to ascertain the actual first and last days of class for each course, which will likely be different. The second session will begin on July 15 and end on August 16, though again, consult the course descriptions for the actual first and last days of class.

Students may not be enrolled for more than 7 credit hours at the same time during the summer, and may receive no more than 10 credits total for summer courses.

Summer externships for academic credit are available only to rising 3L students. Students may receive academic credit and fulfill their experiential learning requirement by successfully completing a 3-credit externship and 1-credit classroom component over the summer. Those students may alternatively receive academic credit for an externship without taking the classroom component, but by doing so will not fulfill the experiential learning requirement.

Externship placements require 168 hours of field work. Student externs must work a minimum of 16 hours a week for a minimum period of seven weeks. Thereafter, the student may work as many hours as he or she chooses per week in order to reach the 168-hour requirement, provided that under no circumstances may a student be credited with working more than 40 hours a week as an extern. Work schedules will be determined by agreement among the student, externship instructor, and placement supervisor. Placements may begin no earlier than May 20 and must conclude no later than August 12. Because of the nature of the time commitment, the externship course will necessarily extend over both summer sessions.

To register for an externship, you must contact Professor O’Malley, complete an externship application form, and confirm that you have completed Professional Responsibility and Introduction to Lawyering Skills.

The classroom component for summer externships will meet weekly on a schedule yet to be determined. We anticipate that it will be conducted in an optional remote format in the early evening. Please contact Professor O’Malley for more information.

Clinic Courses

Summer clinic courses are available only to rising 3Ls. Clinic courses will run for 7 weeks, typically from May 20 through July 12 (or as agreed by instructor). Each clinic course requires 24 hours per week of field work (total 168 hours) in addition to attendance at the clinic seminars.

Civil Justice Clinic (LAW 805) (4 credits), Prof. Wendy Vaughn (Room TBD)

Clinic seminars will be scheduled to accommodate the students’ schedules.

Prerequisites: (1) 711 License (requires completion of 45 credit hours and submission of a 711 application form); (2) Lawyering Skills; and (3) Professional Responsibility. Students should plan to work on clinic cases the equivalent of two days per week. At least one full day must be spent in Rockford at the Zeke Giorgi Legal Clinic for students to conduct intakes, to participate in court hearings, and to meet with clients, witnesses, and Professor Vaughn. Given the court's scheduling of hearings, students should plan to spend their full day in Rockford on Tuesdays or Thursdays. The additional clinic time may be another full day or two half days. Students may complete some of their work at
the Clinical Law Center in Swen Parson. Students’ schedules will be arranged in consultation with Professor Vaughn.
