Military and Veteran Services

December 2023

Did you know veteran students have priority registration? Veteran and students using military benefits at NIU are among the first group on campus eligible to register for classes. Registration is currently open for the Spring 2024 semester. Register before classes and times fill up. Don't forget to reach out to your academic advisor to ensure you are on track for graduation.

Once you have built your schedule and registered for Spring 2024, don't forget to complete an enrollment certification form, required each semester. The form must be submitted prior the MSS office is able to process your educational benefits. Stop by the MVS office in the campus life building if you need assistance!
