REMINDER: APPLYING BENEFITS AT NIU

If you would like to apply your military benefits at NIU, please follow these steps!

Complete the Enrollment Certification Form for each semester after enrolling in classes. Filling out the form is important as it lets us know you are using benefits for that semester. You can find the form on our website at www.niu.edu/military-veteran/certify/. Next, you will need to make sure you have provided us a copy of your Certificate of Eligibility for each benefit you are using. You will only need to do this once unless told otherwise. For example, all Illinois Guard Grant (ING) recipients must provide an updated copy of their letter of eligibility each year. That is, if you are applying your benefits at NIU. If you are still waiting for a certification, please check your email in case we have requested any documents.

The Rockford Vet Center is reaching out!

We will be providing office hours starting on Wednesday 2/14 from 0830-1230 hrs.

At the Campus Life Building room 160

Who We Are

Vet Centers are community-based counseling centers that provide a wide-range of social and psychological services, including professional readjustment counseling to eligible Veterans, active-duty service members, including National Guard and Reserve components, and their families. Readjustment counseling is offered to make a successful transition from military to civilian life or after a traumatic event experienced in the military. Individual, group, marriage and family counseling is offered in addition to referral and connection to other VA or community benefits and services. Vet Center counselors and outreach staff, many of whom are Veterans themselves, are experienced and prepared to discuss the tragedies of war, loss, grief, and transition after trauma.
GIVE US YOUR FEEDBACK!

To ensure this newsletter is tailored to your wants and needs — send us your feedback on this issue! Questions to consider:

1. Is there anything else I’d like to see included in the newsletter?
2. Did I think information provided was relevant to me?
3. Will this be something I read through in the future?
4. Can I provide any suggestions on improving the newsletter?
5. Do I want to have my club, event, project included?

Sending Newsletter Feedback:

Contact MSS@NIU.EDU and in the subject line of your email, put Newsletter Feedback. Note: This is also the main email for the department, so your feedback will be seen and saved by the staff. Although any benefits-related questions should not have the same subject line in case the staff sorts feedback and does not see the benefits question.

**About the MAVRC Book Club**

To truly recognize the military and veteran community is to be informed of the various and complex histories, experiences, and narratives of military culture and veteran knowledge. The MAVRC Book Club, organized by the Military and Veteran Resource Center (MAVRC) at Southern Illinois University Edwardsville (SIUE), will present a series of readings and discussions to better comprehend and interpret the policies and procedures that developed the United States Armed Forces, and make sense of the terrain and bureaucracy that military personnel and veterans navigate daily. Hosting such a book club will cultivate conversations with the purpose of dismantling stereotypes and the romanticism on the meaning of service. Through its diverse readings, the book club aims to highlight the contributions of its veterans, dissect the policies and procedures that have shaped military and veteran life, and to gain a worldly perspective on the conflicts that the United States Armed Forces has engaged in since its formal establishment.

All book club meetings are open virtually via Zoom to the public.
On Tuesday, April 2nd, as part of Sexual Assault Awareness Month, the Military and Veteran Resource Center at Southern Illinois University in Edwardsville, will be hosting a virtual discussion on Military Sexual Trauma (MST), and the destruction this act of violence causes to the lives of servicemembers and communities. Guest speaker Colonel Lisa Carrington Firmin (Ret., USAF), the award-winning author of “Stories from the Front: Pain, Betrayal, and Resilience on the MST Battlefield,” will be joining the Military and Veteran Resource Center to discuss how MST transforms the lives of servicemembers, and how she found the courage to write about experiences of trauma including her own.

Colonel Carrington Firmin is a combat veteran, writer, and poet, writing about MST, PTSD, trauma, leadership, and advocacy. Her articles and opinion editorials were featured in *Latina Style Magazine, San Antonio Express News, and Military Times*. She has shared her books and poems at the Military Women’s Memorial, Library of Congress, British Embassy, and Dulles Airport in Washington D.C. In 2023, the VA shared her poem, “Invisible Veteran” at their announcement ceremony of a new more inclusive mission statement. In 2024, furthering her own journey to remain visible she was photographed as part of the VA’s national “I Am Not Invisible” campaign.

In addition to Stories from the Front, Colonel Carrington Firmin released a unique autobiography, “Latina Warrior,” in October 2023, which features an anthology of poems, prose, and art that chronicles her life as a Latina woman and combat veteran. Colonel Carrington Firmin was awarded a Bronze Star Medal for her efforts in the Sunni Triangle of Iraq and retired from the United States Air Force as its most senior ranking Latina officer. Following her military career, Colonel Carrington Firmin worked in higher education for over a decade, is the founder of the Veteran and Military Affairs department and the Top Scholar program at the University of Texas at San Antonio. As CEO/Founder of Carrington Firmin LLC, she works as a
On Thursday, April 4th, in honor of the Month of the Military Child, the Military and Veteran Resource Center at Southern Illinois University in Edwardsville, will be hosting a virtual event about the psychological, social and academic impact the permanent change of station (PCS) process has on military-connected children. The PCS process is when a servicemember and their family receives orders to transfer from one military installation to another, which can be within the United States or abroad. The PCS process can be exciting for some, but for many it can cause anxiety, confusion, and loneliness for the entire family, especially the children. Guest Speaker Zandra Moten, educator and the author of “It’s PCS Season and It’s PCS Season Again,” will be joining the Military and Veteran Resource Center in a virtual event to discuss the impact the PCS process has on the military-connected child.

Zandra has worked in the field of education over 25 years as a teacher and school counselor. She was inspired to write and self-publish her two-book series “It’s PCS Season” in hopes of helping military-connected children of all backgrounds cope with the obstacles of change, to encourage discourse about the obstacles of moving with the military, and create awareness of the life of a military child. In March 2023, Zandra’s books “It’s PCS Season” and “Big Dreams, an Inspirational Story of a Journey of Fulfilled Dreams” were featured on the syndicated Tamron Hall Show.

In addition to her role as educator and author, Zandra is the wife of a retired Army officer and the proud mother to two military-connected girls. She earned a bachelor’s in Elementary Education at Alabama A&M University, a master’s in Curriculum and Instruction at National Louis University, and a master’s in School Counseling at the University of West Alabama. She is currently working in the capacity of a school counselor for the Department of Defense Education Activity (DoDEA) school system where she serves military-connected children.

The event is free and open to the public. Students, educators and counselors will be given a free copy of “It’s PCS Season” or “It’s PCS Season Again” while supplies last. The author talk event with Zandra Moten will be hosted online via Zoom.
