Insufficient Enrollment: We'd like all of our courses to run for the participants involved, but we must make decisions based on finances in order to offer quality instruction, materials, comfortable sites, and good food. In addition, our courses need to offer the attendee interaction you expect from a quality provider. Our lead time begins three weeks from the start date, at which time we look at enrollment numbers, where people are traveling from, and other variables. If most of the people are local, we might wait another week or even two until a run or no-run decision is made. For host sites that cater to local audiences (no plane travelers), we may make decisions only 7 days from the start date. If we notify you or your company representative that the course is canceled, we will be sure to offer two choices: a) transfer without any penalty fee, or b) full refund of payment. Please encourage your colleagues to register early and please give at least two methods for contact on your initial registration form (Phone, cell phone, email, fax) For those planning travel, call us at any time for enrollment updates and be sure to book a refundable plane ticket.
