Huskies, come on you Huskies, and make a score or two.

Huskies, you’re Northern Huskies, the team to pull us through.

Forward, together forward there’s victory in view.

Come on you Huskies, Fight on you Huskies and win for N.I.U.

H-U-S-K-I-E-S... Go Huskies!
Welcome from President Freeman

I’m very proud to be NIU’s president and thrilled to welcome you to our Huskie family.

All of us at NIU recognize that this has been an incredible year of change and challenges for you because of COVID-19. We hope you’ll see that while there are still many uncertainties in the world, your time at NIU is a new beginning and opportunity to learn, grow and build relationships that will support you for a lifetime. I want you to know that when you’re a Huskie, we’ll be with you every step of the way and beyond.

As an NIU student, you’ll find our world-class faculty and staff excited to help you explore your interests, find your passions and develop your talents so that you can be successful and stand out. I encourage you to seek out the many ways to get involved — whether through faculty-mentored research and artistry, community service or through our more than 320 student organizations. We provide all students a welcoming home to develop your voice, contribute new ideas and have fun.

Most importantly, each of you has access to multiple resources to support your diverse academic, social and emotional needs. Huskies are known for working hard and not being afraid to ask for help, so please don’t hesitate to let us know what we can do to support you.

Your bright future at NIU begins now.

Go Huskies,

Lisa Freeman
President,
Northern Illinois University
Welcome from Dean of Students

Welcome, Huskies!

My name is Kelly Wesener Michael, and I have the privilege of serving as your dean of students. So what does a dean of students do?

I am:

• Part of the university’s senior leadership team, where I advocate for your needs and provide the student perspective.
• Your problem-solver. Together with my staff, we help you address issues that involve multiple offices or departments on campus.
• Your support, referral agent and resource.

As your dean of students, I am also responsible for the Division of Student Affairs where our purpose is to make a difference in your life as you chart your path to success.

As we welcome you into our community, we celebrate your participation in our Northern Pact and the elements of community that it represents. As a member of the Huskie family, we expect you to be:

• PURPOSEFUL in your education.
• JUST in your actions and relationships.
• CARING in your interactions with others.
• OPEN to new opportunities, ideas and diverse perspectives.
• DISCIPLINED in your education and attitude.
• CELEBRATIVE about your university, classmates and life.

Community is important to us and we take every opportunity we can to help you be successful.

• We watch out for each other.
• We ask for help when we need it.
• We get you connected to the many resources and people we have here to help you.

As our newest Huskies, I want to make sure you know that we take our Huskie Pride seriously. You can show your #HuskiePride by wearing red and black every Friday.

Welcome to NIU and have a great semester!

Forward Together,

Kelly Wesener Michael, Ed.D.  
Associate Vice President for Student Affairs,  
Chief Student Affairs Officer and Dean of Students
Welcome to Northern Illinois University!

We’re so glad you’re part of our NIU family! You’re going to find that we’re a community that truly cares about your success both in and out of the classroom. That’s why you received this OneBook — to help you transition to life at NIU.

In this book, you’ll be introduced to some of our many departments and resources. These departments and resources are here for YOU — to help you be successful from your very first day all the way to graduation. So, read the OneBook very carefully — and hang on to it — you’ll definitely refer to it over the next few years.

At the end of each chapter, you’ll see a list of tips and reminders. These tips and reminders are things you should know and understand as you enter into NIU. And they really work — so please read them carefully!

Let’s just get started. Go ahead and take a look at your first set of tips for success.

Tips for Success — Using the OneBook

1. Save the link to this PDF in case you want to reference it during your Orientation and Advising session, or throughout your time at NIU.
2. Be sure to share this with your family so they too have an opportunity to look through the OneBook. There’s lots of information inside that will be helpful for them to know.
3. The OneBook is available to everyone on the NIU website. This way you’ll always have access to it no matter where you are on or off campus. You’ll find it at niu.edu/orientation.

Content in this book is accurate as of May 2020. Information is subject to change without notice. For the most up-to-date information visit niu.edu.
Your Future. Our Focus.
Learning at NIU

No matter what you choose to study, our focus is to help you achieve your goals. The NIU baccalaureate degree experience enables graduates to think critically, create and communicate by participating in an engaged learning environment to prepare for success in a diverse, global society.
Understanding Your Curriculum

As an undergraduate student, you’re going to be working to earn either a Bachelor of Arts (B.A.), a Bachelor of Science (B.S.), a Bachelor of Science in Education (B.S.Ed.), a Bachelor of Fine Arts (B.F.A.), a Bachelor of General Studies (B.G.S.), or a Bachelor of Music (B.M.) degree. The difference has to do with the types of courses you’ll take.

Don’t worry, your advisor will help you along the way to make sure you complete the right courses. Just know you’re going to need to complete at least 120 credit hours to graduate. However, some majors might require more. You’ll earn these credit hours by taking classes in your major along with general education courses. It’s a good idea for you to get familiar with the Undergraduate Catalog (catalog.niu.edu). The catalog will outline what classes and requirements you’ll need to earn your degree.

What are Credit Hours?

You’ll hear advisors and students refer to something called “credits” or “credit hours.” Credit hours are tied to each class you take at NIU. For example, English 103 is three credit hours. Credit hours roughly refer to the number of hours per week you spend in class.
What are My Major Requirements?
Your major requirement courses are specific to your individual major or program of study. You'll take courses that will give you major-specific detailed knowledge, such as foundational understanding of concepts, terms and processes. Major requirements include not only courses within your given discipline but also necessary courses in other disciplines. Again, your advisor and Undergraduate Catalog will outline what's needed to complete your degree.

What are General Education Requirements?
The Progressive Learning in Undergraduate Studies (PLUS) General Education Program at NIU provides you foundational skills and a breadth of knowledge through study in a variety of different topics. You'll take two types of coursework to fulfill your PLUS General Education Program requirements.

1. Foundational Studies courses help you develop competencies to succeed academically and personally. The types of classes you'll take to complete this requirement include English, Oral Communication and Math.

2. Knowledge Domain courses will help you continue to develop the foundational competencies as well as expose you to broad ideas, disciplines and ways of thinking critically about information. The Knowledge Domains are: Creativity and Critical Analysis, Nature and Technology, and Society and Culture. You'll take courses in each of these Knowledge Domains.

Your academic advisor will help you track your progress toward this important requirement. For more information about the types of courses you'll take, visit catalog.niu.edu.
CHANCE Program

As an NIU student admitted through the McKinley “Deacon” Davis CHANCE Program, you’re continuing a proud history of student success and excellence. CHANCE has a history of identifying, recruiting, preparing and graduating students who will continue to engage in lifelong learning, and demonstrate academic competence and a commitment to civic involvement.

CHANCE-admitted students benefit from the diverse, supportive and empowering services during their NIU Huskie career. CHANCE services include:

• Individual and group academic, personal and career counseling.
• Financial aid counseling.
• Academic monitoring and follow-up throughout your undergraduate career.
• Tutorial assistance.
• Academic skills-enhancement courses.
• An introductory university experience course taught by a CHANCE counselor.
• Peer mentoring for first-year and transfer students.
• Leadership conferences.

The CHANCE program office is located in Campus Life Building 240. Call 815-753-0201 for more information about the program.
Registering for Classes

Things to Do First:
Check your enrollment appointment. Log in to MyNIU and click on Student Center. Click on Enrollment Date to find the exact time you can register. Typically, the more credit hours you have, the sooner you can register.

In the Student Center, you can also check if you have a registration hold. A hold might be placed on your account for a variety of reasons, mainly to make sure you take care of a requirement or obligation critical to your success at NIU. Make sure to contact the office that placed a hold to learn more.

Adding Classes in MyNIU (a Basic Overview)
1. After logging in to MyNIU, click on Student Center.
2. Select the Enroll link.
3. Click the Search button to search for a class, or enter the class number in the Enter Class Nbr box and click Enter.
4. Find the course and click on Class Details. (See below example for what you might see.)
5. If you believe this course is correct, click on Select Class.
6. Click Next to continue with the enrollment process.
7. To add more classes repeat the steps above.
8. When finished adding classes, click Proceed to Step 2 of 3 in bottom right-hand corner.
9. Click the Finish Enrolling button to complete the 3-step process. If you don’t click Finish Enrolling, you won’t be enrolled in the classes you’ve selected.

To view your class schedule click the My Class Schedule button.

This gives more information about the class, including description, prerequisites (PRQ), corequisites (CRQ) and class notes. If a class requires a permit, it will say who is allowed to take the class. A PRQ must be taken before the class you want to enroll in, a CRQ can be taken before or during the same term.

LEC is a course lecture. Some lectures may also require you take a recitation (REC) and/or a lab (LAB). If that’s the case, you must enroll in these components when you register for the course or you will not be able to register.

A link to the NIU Bookstore where current textbook and prices will be available. Not generally available until the month before classes begin.

If you see a P, H or T listed in the section number, the course is reserved for certain groups.

P = Permit required. Contact the department offering the course on how to get a permit.

H = Honors section. Reserved for honors students only.

T = Themed Learning Community (TLC). Reserved for first-semester new first-year students only and must be taken with other specific TLC courses.
Schedule Sample

The schedule below shows a student registered for 16 credit hours. Remember, that for every one credit hour you register, you’ll need to spend two to three hours outside of class studying each week. For example, if you register for 16 credit hours, you’ll need to budget at least 32 hours of study time outside of class during the week. This is important to remember if you have a job or are planning on joining a student organization.

Dates and Deadlines

Make sure you’re aware of important academic dates and deadlines including course withdrawal/add deadlines and university holidays by checking the Undergraduate Catalog (catalog.niu.edu). Just click on Academic Calendar.

Buying Your Books

1. Visit go.niu.edu/niubookstore. Have your schedule ready — you’ll need the semester, department where your class is taught, course and section number.
2. Don’t be afraid to compare prices with other online retailers. Just be very careful you’re selecting the correct book. Choose the retailer and price that’s right for you and your budget.
3. Check out! You can pick up your books during move-in weekend or at your convenience.

Can I Rent Books?

That depends. Not all books are available to rent. If your textbook is available to rent, the option will appear when you shop online at go.niu.edu/niubookstore. Most rental books will be half the price of a new or used textbook.

Can I use my Financial Aid to pay for my books?

If you have financial aid available, you sure can. You can charge up to $700 to your Bursar’s account from the bookstore. This is called your Book Charge account.
Your very first week of classes at NIU is always exciting. You’ll find that the first day of each class is similar for all your classes. Your professor or instructor will share the expectations they have for you in their class, discuss what you’re going to learn, explain the importance of participation/attendance and share how grades are determined.
Your professors or instructors should give you a course syllabus too. This syllabus will include the most important information about the class. You’ll find course objectives, expectations, assignments, dates of exams/quizzes, university requirements and faculty contact information. It’s a good idea to put all important dates from the course syllabus in your planner right away. This will help with planning your time later in the semester.

**Instructor Information:** This section includes important contact information for your instructor. You’ll see their office location, phone number and email. Your instructor also lists office hours, which are times they set aside each week to meet with you. So make sure to take advantage of them and visit your instructor to ask for help and get questions answered.

**Course Description:** This section includes an in-depth description of what you’re going to learn in this class. It also points out if you need any prerequisites (PRQ), a requirement that must be fulfilled before you enroll in a desired class, or corequisites (CRQ), a course you would take at the same time. When you enroll in a class via MyNIU, you’ll see if you’ve met the PRQ or need to take a CRQ.

**Required Readings.** Every syllabus outlines what course materials you’ll need. Some may be required, some may be optional. You’ll find items such as books you’ll have to buy/rent, or items you can find in Blackboard or on reserve at the library. Read carefully and ask questions of your instructor if you need help finding the appropriate class materials.

**Grades and Grading Policies.** Within this section are things you need to do or goals you need to meet to be successful. Professors and instructors all do this differently, so it’s important to see how assignments/tests are weighted.

**Academic Integrity.** This is a very important policy to read and, if not followed, can have a major impact on your grade and/or future in your class and at NIU. For more information on this policy visit, the Student Code of Conduct at go.niu.edu/studentcodeofconduct.

---

**Instructor Info**

**Instructor:** Professor Victor E. Huskie  
**Office Location:** Barsema Hall, Room 101  
**Office Phone:** 815-753-0213  
**Email:** name at niu dot edu  
**Office Hours:** 12:30 – 2 p.m. Mondays and Wednesdays or by appointment

**Course Description**

This course is designed to help students explore career opportunities in marketing, successfully job hunt and become acquainted with the marketing business environment. Topics include job search strategies, setting career goals, business ethics, business communication skills, networking and business etiquette. Open only to marketing majors or by consent of department.

"Career Marketing" is a hands-on course where students will assess their professional goals and actively engage in all aspects of the job search process. At the end of the eight-week session you will be able to demonstrate the following career planning skills:

- Self-assessment and goal setting.
- Résumé and cover letter writing.
- Job search and interview preparation.
- Professionalism and communication.

**Prerequisites**

To register/main registered for this course, you must have taken and passed one of the following courses:

- MKTG 310: Principles of Marketing
- UBUS 310: Business Core: Lecture

If you have not taken one of the following courses you should speak with the staff in Barsema 200 immediately. They will be able to assist with all registration issues regarding this course.

**Required Readings**

3. All other course readings will be made available via PDFs on Blackboard.

**Grades and Grading Policies**

All assignments should be submitted PRIOR TO class on the day they are due as noted in the syllabus. Grades will be based on the following course components and points:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>90-100</td>
</tr>
<tr>
<td>A-</td>
<td>86-89</td>
</tr>
<tr>
<td>B+</td>
<td>83-85</td>
</tr>
<tr>
<td>B</td>
<td>80-82</td>
</tr>
<tr>
<td>B-</td>
<td>77-79</td>
</tr>
<tr>
<td>C+</td>
<td>76-79</td>
</tr>
<tr>
<td>C</td>
<td>70-75</td>
</tr>
<tr>
<td>C-</td>
<td>60-69</td>
</tr>
<tr>
<td>D</td>
<td>50-59</td>
</tr>
<tr>
<td>F</td>
<td>0-49</td>
</tr>
</tbody>
</table>

**Academic Integrity**

There is a zero-tolerance policy for plagiarism (i.e., copying someone else’s work, self-plagiarism, etc.) in this classroom. Students found to be plagiarizing will receive a “F” for the assignment. The instructor reserves the right to pursue further disciplinary actions in accordance with the NIU Catalog Policies.

Good academic work must be based on honesty. The attempt of any student to present as his or her own work data which he or she has not produced is regarded by the faculty and administration as a serious offense. Students are considered to have cheated if they copy the work of another during an examination or turn in a paper or an assignment written, in whole or in part, by someone else. Students are responsible for plagiarism, intentional or not, if they copy material from books, magazines, or other sources without identifying and acknowledging these sources or if they paraphrase ideas from such sources without acknowledging them. Students responsible for, or assisting others in, either cheating or plagiarism on an assignment, quiz, or examination may receive a grade of F for the course involved and may be suspended or dismissed from the university. (NIU Catalog).
Blackboard

Blackboard is a course management system that allows professors or instructors to add and organize course resources for you to access online. To access Blackboard, just visit webcourses.niu.edu. You’re going to need your Z-ID and password to log in.

Once you log in to Blackboard, you’ll see your courses listed under the My Courses tab on the left-hand side of the page. You can also click on the Courses tab at the upper left-hand corner of the page to get a listing of the courses you have registered for that have a Blackboard course website.

Now, most professors or instructors do use Blackboard, however, some don’t. Or some professors or instructors won’t update Blackboard until after the semester starts. Refer to your syllabus. Most professors or instructors will indicate if they’re going to use Blackboard.

Blackboard is a great tool to help monitor your class performance. Your professors or instructors will put grades for assignments in your Blackboard. However, your official final grade for classes and GPA are always found in MyNIU.

Accommodations for Students with Disabilities:
This policy is on every syllabus. See Page 22 to learn more about receiving an accommodation through the Disability Resource Center.

Help: Within this section, your instructor will share information about how to get help in their class. See Page 22 for more information on tutoring assistance.

Course Schedule and Assignments: This last section outlines your assignments, quizzes and exams. Use this section and put all of your due dates into your planner. It’ll help you later on.

Accommodations for Students with Disabilities
Northern Illinois University is committed to providing an accessible educational environment in collaboration with the Disability Resource Center (DRC). Any student requiring an academic accommodation due to a disability should let his or her faculty member know as soon as possible. Students who need academic accommodations based on the impact of a disability will be encouraged to contact the DRC if they have not done so already. The DRC is located in the Campus Life Building, suite 180 and can be reached at 815-753-1303 (V) or drc@niu.edu.

Help
Instructor
If you are having troubles with the course material come to my office during office hours where I will be able to give you my undivided attention. Be sure to seek help early to avoid falling behind. I hope to see you in person so that I can assist you with any difficulties.

ACCESS Tutoring and Support Services
ACCESS provides walk-in tutoring services, one-on-one tutoring services, study groups and supplemental instruction for some specific courses, and other support services for students who require academic assistance to be successful in their chosen courses and majors.

 Academic Advising

Academic advisors help you translate your goals and interests into an effective and successful educational experience. They help you understand and navigate academic requirements, policies and procedures while guiding you in course selection.

Think of your advisor as a tour guide. You wouldn’t go on a tour alone in a foreign country; don’t try to go it alone in your education. Advisors have vast insight and provide immeasurable perspective and assistance. Make a point to see them at least once each semester.

Your advisor will:
- Encourage you to become engaged in your education and meet your goals.
- Help you understand the academic and administrative processes of NIU.
- Provide correct information needed to plan your academic path.
- Provide necessary referrals to campus resources.
- Monitor your progress toward completion of your degree.

To make the most of your advising experience, you should do the following:
- To make the most of your advising experience, you should prepare to do the following” and/or, in the parenthesis of what they’re referring to, instead say “(by October for Spring/March for Fall).
- Take proactive steps to learn about the policies, procedures and rules of NIU and your academic college at catalog.niu.edu.
- Make sure you’re aware of important academic dates and deadlines including withdrawal (course or university), add/drop and university holidays by checking the Undergraduate Catalog (catalog.niu.edu). Just click on Academic Calendar.
- Understand university, general education and your major’s and/or minor’s requirements.
- Seek out information and make decisions regarding your academic/career goals.
- Take advantage of campus resources (found throughout this book).

Prepare for your advising appointment by:
- Reviewing your Academic Requirements Report (found in MyNIU).
- Looking at your previous advising meeting materials and the Undergraduate Catalog (catalog.niu.edu).
- Writing down questions you have for your advisor.
- Asking for help.
- Assuming final responsibility for course scheduling, program planning and successful completion of graduation requirements.

Academic Opportunities

Huskies Engage

NIU provides our students with many opportunities to grow as leaders, to prepare for careers and to become engaged community members and citizens who successfully make the transition from the campus to the world. Huskies Engage is your source to find broad experiences that fit your interests, time commitment, and academic major. Learn more about the programs’ categories and search for experiences that interest you at go.niu.edu/huskiesengage.

Study Abroad

Want to experience new cultures, gain global competency, learn a new language, take unique classes, grow as an individual, strengthen your résumé and connect with people from all over the world?

At NIU, you’ll find our Study Abroad Office (niu.edu/studyabroad) has over 300 program options (no matter what your major) in 80 different countries. You can study abroad for a week, a full academic year or anywhere in between.

Programs are led by NIU faculty or through NIU-affiliate partners. Classes you take will be included in your NIU transcript and GPA. The best part is, it’s totally affordable!

Want to learn more? Visit the Study Abroad Office in Williston Hall, Room 417. They have Study Abroad 101 sessions every Wednesday and Thursday at 3:30 p.m. You can also check out the Study Abroad Fair in the fall to help you explore the program options.

Fast Facts:

NIU’s longest running program, NIU at Oxford, has been running since 1969.

France is the top choice for NIU students studying abroad.

About a quarter (26%) of NIU study abroad students are Pell Grant recipients.
Major and Career Planning

Major and career planning can seem overwhelming. You’re not alone though. We have many people and resources designated to help you along the way. We’ve listed a few resources below, but know you can always talk with your advisor or career counselor about major and career planning.

Career Services

Discovering your future begins at Career Services, where you’ll get help establishing your career goals and creating a plan to achieve them. Quick and convenient drop-in services and scheduled appointments are available to support your career path.

**Explore careers.** Career Services can help you connect your major to a career that’s right for you. Their staff will help you identify your interests and priorities through career testing and online tools.

**Build your skills.** To help you become a well-qualified candidate for internships, jobs and graduate school, Career Services staff can show you the skills needed for the occupations you’re considering. Their team will help you put together a plan to gain the experiences and competencies you’ll need for career success.

**Share your story.** Looking for coaching about résumés, cover letters, LinkedIn, interview strategies or networking skills? Want to create a search strategy to find an internship, job or graduate program? Career Services can help you share your qualifications with employers and graduate schools.

**Connect with employers.** Career Services hosts career fairs throughout the year so you can connect to a potential internship or job. Use Huskies Get Hired at go.niu.edu/huskiesgethired, the internship/job posting database for NIU students and alumni, to search for opportunities.

Visit Career Services at the Campus Life Building, Room 220, on the web at CareerServices.niu.edu, or call 815-753-1642.

Academic Advising Center

The Academic Advising Center (niu.edu/advising) is the academic home for students whose major is “Undecided-Any College” and students who choose to explore their options prior to deciding on a major. They assist students in selecting a major that best fits their personal, academic and career goals. The Academic Advising Center is also the home for students whose major is “Undecided Liberal Arts and Sciences.” They provide Pre-Professional Health Advising for those students who are considering pursuing careers in the medical field.

**Majors and Minors Fair**

The Majors and Minors Fair happens every year and offers you the opportunity to learn more about majors and minors and how they connect to various careers. Be on the lookout for when the dates are announced.
Built on 50 years of excellence, the University Honors Program at NIU offers high-achieving and highly motivated students the opportunity to elevate their educational pursuits through curricular and cocurricular endeavors. Specifically, students in the University Honors Program have access to:

- Priority registration for courses.
- Honors-only advising.
- Smaller class sizes taught by award-winning professors.
- Priority spots for admittance into graduate programs and courses.
- Externship program to job-shadow NIU alumni.
- Honors-only scholarships, grants and fellowships.
- An Honors Living-Learning Community in New Hall.
- Honors-only computer lab with free printing.
- Honors Preferred Program providing discounts for Honors students at local businesses.

If you’re a part of the University Honors Program and complete either Associate University Honors or Full University Honors, you’ll also receive regalia to wear during commencement and an official notation on your transcript upon graduation from NIU.

For more information on requirements and to apply, visit niu.edu/honors.
Orientation and First Year Programs

Orientation and First Year Programs (OFP) is an office on campus dedicated to supporting you in your first year. Focusing on helping you build community and ensuring that you feel welcomed and at home is a priority in your first year.

This office collaborates with departments and offices across campus to ensure that you have the opportunity to become deeply engaged and connected, to establish healthy relationships and to gain the knowledge necessary to be successful academically and personally.

To be successful in your first year at NIU:

Attend Week of Welcome (WOW)

WOW is an exclusive experience for all incoming students. The focus is on getting you connected to campus through meetings with your academic college so you can learn about important campus resources, understand what it means to be part of our Huskie community and to celebrate Huskie Pride. Some exciting events to look forward to during this week include:

- RHA Block Party sponsored by Residence Hall Association.
- Glow in the Dark party sponsored by Campus Activities Board.
- Meet the Greeks sponsored by Fraternity and Sorority Life.
- President’s Welcome Back Picnic.

Attend Welcome Days Events

Welcome Days events will take place over the first month of the fall semester and will consist of highly engaging events focusing on building Huskie Pride and welcoming all students back to campus for the new academic year. Find out more at go.niu.edu/welcomedays.

First Year Success Series

The First Year Success Series has been designed to help you reach key milestones in your first year. Through this programming, you’ll be able to participate in activities, programs and workshops that promote academic success and integration into the campus community, as well as receive support through key areas of adjustment. To see our updated schedule of events, visit go.niu.edu/fyss.
Participate in the Common Reading Experience (CRE)

In your first year, it’s likely that you’ll be reading the CRE book, “When They Call You a Terrorist” by Patrisse Khan-Cullors and asha bandele in one of your courses. This book describes the life of Khan-Cullors, her personal story and evolution into an artist and systems-change organizer. Her story brings up complicated issues of relationships, race and gender and identity issues. Get to know the book and plan to attend the exciting First Year Success Series events surrounding the themes of the book at go.niu.edu/CRE.

Make Connections

At NIU, mentors can offer you support, provide you with meaningful advice, help you figure out how to navigate campus and learn about various programs. We have many peer-to-peer mentor programs available to you as early as your first semester. Many of the peer-to-peer programs are connected to a cultural resource center or an academic support program. To learn more about our mentoring programs, visit niu.edu/mentor.

Enroll in UNIV 101/201

This class (101 for first-years and 201 for transfers) is a 16-week, one-credit-hour course designed especially for you. You can only take this course in your first semester at NIU. In this class, you’ll:

- Practice success strategies by collaborating with your peers.
- Learn how to use essential NIU online tools.
- Understand where and when to go for help.
- Gain vital skills in writing, communication and critical thinking.
- Network with faculty, staff and peers while making new and maintaining existing friendships.

Why should I take UNIV 101 or 201?

- You’re more likely to graduate and earn a higher GPA.
- You’ll get to know your faculty/staff educator and make friends with other students in a small class setting.

For more information about UNIV 101/201, go to go.niu.edu/univ101 or go.niu.edu/univ201.
NIU has opportunities that allow you to engage through research and service-learning programs that connect with your interests and major. Start with programs listed below to discover exciting ways of learning beyond the classroom lecture.

**Research Rookies.** Research Rookies allows undergraduates like you (in your first semester at NIU) to learn what research looks like in your field of study. You’ll work alongside a faculty mentor on a small-scale research project for five to 10 hours per week throughout the fall and spring semesters. You’ll receive a $500 stipend upon completion of the program. For more information, visit go.niu.edu/researchrookies.

**Huskie Service Scholars.** A service-learning program that connects eligible students with a supportive network, engages them with local community and provides partial tuition waiver. Learn more on page 69 and at go.niu.edu/hss.

**Huskie Alternative Breaks.** This program facilitates short service-learning trips to communities across the nation through which you learn about social issues we face locally, nationally and globally. Learn more at go.niu.edu/hab.
NIU has lots of academic resources all here for you. Don’t be afraid to ask for help. Not sure where to start? You can always talk with your academic advisor. They’re happy to point you in the right direction.

University Libraries: Vital to Your Success

University Libraries will play an important role in your success. NIU has three libraries that you can use.

- **Founders Memorial Library.** The main library consists of five levels and houses all general collections as well as Government Publications, Rare Books and Special Collections, University Archives and the Regional History Center, and the Southeast Asian Collection. Caribou Coffee & Einstein Bros. Bagels are located on the lower level. OneCard ID Services is located in Room 104.

- **Faraday Library.** This library serves faculty and students in the disciplines of chemistry and physics, and is located in Room 212 of Faraday Hall.

- **Music Library.** This branch library, located on the first floor of the Music Building, supports the programs in the School of Music.

At the main library, you can do more than just check out books:

- Receive research help and library instruction from library faculty. Help is available via phone, chat, email or one-on-one appointments.
- Use the online catalog to search for books and other materials.
- Access thousands of e-books, magazines, journals and newspapers through online databases.
- Request materials not owned or accessible at NIU through interlibrary loan systems.
- Visit the Accessibility Resource Room (ARR), located on the first floor to use assistive technology for students with disabilities.
- Take advantage of the numerous desktop computers or check out a laptop.
- Find some quiet time in individual and group study rooms.
- Print, copy or scan your documents.
- Discover more you can use through the library at library.niu.edu.
Tips for Success: Life in the Classroom

1. **Go to class!** That seems obvious, but it’s important to remember. How can you be successful if you’re not actually in class?

2. **Use a planner.** It’ll be your most important tool. It doesn’t matter if you use your phone or you buy a paper calendar, you’re just going to need a system to organize your class schedule, assignments, deadlines, involvements, jobs and just life in general. Pick whatever works for you — just make sure to use it.

3. **Schedule an appointment with your academic advisor every semester.** Your advisor is one of the most important people you’ll interact with at NIU. Meet with them every semester before you register. This person will make sure you stay on track and meet your ultimate goal: graduation.

4. **Get to know your professors.** They’re people too and can help you if you’re struggling in class or you’re just really interested in the topic they teach. Don’t be afraid to introduce yourself and visit them during their office hours.

5. **Ask for help.** Let’s face it, at some point in the next few years (or months) you’re going to need help with a class or an assignment. Ask the people around you (professor, advisor, community advisor, anyone) where you need to go to get help. You’ll be glad you did.

**ACCESS Tutoring and Support Services**

ACCESS can provide you with free tutoring and other services to enhance your confidence in your learning. Walk-in tutoring, appointment tutoring and study groups for specific courses are all available to you. You can learn more effective ways to study, read textbooks and manage time. For more information, visit tutoring.niu.edu.

**ACCESS/PAL (Peer Assisted Learning)**

The PAL program provides a variety of peer tutoring services. Walk-in PAL tutoring centers are in two locations: Founders Memorial Library (Room 393) and the basement level of New Hall West. These don’t require an appointment. To see what courses available for tutoring and to make a one-on-one appointment with a tutor, you can apply online at go.niu.edu/tutor.

**A+ Program**

The A+ Program provides individual and group academic coaching. The program provides strategies designed to help you master college-level skills in reading, studying, critical thinking, time management and standardized test preparation for pre-nursing and education majors.

**University Writing Center**

NIU has a fantastic Writing Center (niu.edu/uwc) that offers individual training with a writing consultant to improve your writing skills. You can get help with any type of writing: essays, blog posts, résumés, scholarship essays and more. With locations across campus (Founders Memorial Library, Barsema Hall, Nursing School and Gabel Hall), the Writing Center is very popular. Make sure you schedule an appointment at 815-753-6636. Hours vary by location.

**Disability Resource Center (DRC)**

The DRC uses the definition of disability as stated in Section 504 of the Rehabilitation Act, the ADA of 1990 and the ADAAA of 2008. If you had any accommodations in high school or in your previous institution, or you recently acquired a disability but have not had disability-related services in the past, please contact the DRC if you would like to register for services. Such services include but are not limited to testing accommodations (preferred seating, extended testing time), sign language interpreters, note-taking, e-books and assistive technology.

Contact the DRC to set up your initial conversation with the staff. Call 815-753-1303 or visit niu.edu/disability.
How do I get my OneCard?
Submit your picture for your OneCard today. All new students are issued their student ID during their first semester, and submitting your picture online is a great way to avoid long lines at the OneCard office in the fall. Learn more about online photo submissions at go.niu.edu/onecard.

How do I use my OneCard?

⁴ Required for living in residence halls and some academic/administrative building access.
⁵ Selected by the University

What are Huskie Bucks?
The Huskie Bucks program is a prepaid debit account system that you can use both on and off campus. You’ll use Huskie Bucks for printing and copying documents, for laundry services and vending machines, and at any on-campus dining location. Some restaurants in DeKalb even participate in our Huskie Bucks program.

The best part is, any funds left in your Huskie Bucks account at the end of the semester automatically roll over and are available next semester.

Depositing to your Huskie Bucks account is easy. Just visit the OneCard office with cash or a check, or go online at go.niu.edu/hb-deposit with your credit or debit card. NIU accepts American Express, Discover, Mastercard and Visa. All deposits are made in real-time.

Things to Remember:
- You must be enrolled in at least one class to use your OneCard.
- Don’t be in possession of another student’s OneCard.
- Purchases made with your OneCard for books and supplies use the Book Charge account and is separate from Huskie Bucks. The Book Charge account is tied to your financial aid status.
- Visit go.niu.edu/eat for a quick list of all dining locations and restaurants where Huskie Bucks are accepted.
- Download the NIU Mobile App. You’ll be able to check your Huskie Bucks account balance.
Technology is such an important part of achieving success both in and out of the classroom. The cool part is, here at NIU, you don’t even need to own a computer to have access to online resources.
Computer Labs
We have technology labs and study lounges around campus with access to common applications and web browsers. Find a lab that’s open near you and a list of available software by checking out go.niu.edu/labs.

Anywhere Printing
You may bring a small printer for your room, but you can always use ours. All you need is your OneCard and funds in your Huskie Bucks account. Send your print to our cloud and pick it up from any of our cloud-connected printers. Here are a few quick facts about printing on campus:

1. Visit anywhereprints.niu.edu to download the app and to learn more.
2. Printing costs 5 cents (black and white) and 12 cents (color).
3. Mobile printing is available from your smartphone or tablet. Start by sending an email message from your NIU email account to anywhereprints@niu.edu.
   a. They’ll email you back. Make sure you check this return email from an NIU-connected device: either on a device using a wired NIU network port or from NIUwireless (not NIUguest).
   b. Read the instructions in the email and then click the link provided to register your NIU email address.
   c. When prompted, you may need to click Continue to verify your server identity and then enter your NIU Account ID (your Z-ID) and password, then click Log on.
   d. Return to your email and look for a new message titled Confirmation Required. Read the message and click to confirm.

Visit anywhereprints.niu.edu to download the app and discover where the 200-plus AnywherePrinters are located.

NIU Mobile Apps
These apps (for Android or iOS devices) make your life as a student so much easier. What can you do with the apps? Lots!

**NIU App:**
- Access your undergraduate catalog.
- Check out Huskie Link (student organizations).
- View the Huskie Line Bus tracking system.
- Access Blackboard.
- Read NIU Today (campus news).
- Manage your NIU OneCard.
- Keep up with Huskie athletics (schedules, scores, news).

**MyNIU:**
- Check your grades.
- Register for courses.
- View financial aid information.
- Update personal records.

Multi-Factor Authentication (MFA) for Students
We have implemented an MFA as the primary solution to increase the security of your email accounts. The use of MFA has significantly reduced the number of compromised accounts from malicious phishing attempts.

It’s a tool used to secure your information by requiring two factors of authentication prior to access.

**What does this mean for you?**
This means you will use both your password and a code texted to your cell phone to log in. Download the Microsoft Authenticator mobile app for free on either Google Play or the Apple App Store. Be prepared to provide a phone number as a means of authentication prior to login.

For more information, please visit go.niu.edu/multifactor. If you have additional questions or need further assistance, please contact the Service Desk at 815-753-8100 or servicedesk@niu.edu.
Your NIU Email, Calendar and Collaboration Suite

One of the many perks of being an official NIU student is that you automatically receive many helpful tools.

Using Your NIU Email

We know that you know how to use email. We just want to make sure you know how to communicate with NIU in a professional and respectful manner. Writing emails to professors or university officials might be a bit different than what you’re used to — it’s not like texting or tweeting. It’s important that you communicate in a clear and respectful way.

Here’s an example of an email to a professor:

Hello,

My name is NIU Huskie and I’m currently enrolled in your UNIV 101 course on Mondays and Wednesdays from 1-1:50 p.m. I had a few questions about our upcoming assignment and wanted to schedule a time to meet with you individually.

Unfortunately, I have another class during your assigned office hours. Any chance we can find another time that works for both of us? I’m flexible (outside of classes), so let me know what you’d prefer.

Thank you,
NIU Huskie
z1234567

Now this is just an example, but is a good place to start when drafting an email to your professors or other university officials. Trust us, you’re more likely to receive a quick response if you take this approach.

Here are some quick do’s and don’ts when emailing:

Do:
• Say hello.
• Introduce yourself.
• Give them some context regarding how they may know you. Your professor may teach up to four classes.
• Use punctuation.
• Use full sentences.
• Be respectful.
• Provide your name and Z-ID at the end.

Don’t:
• Treat it as a text message.
• Abbreviate words.
• Use emojis.
• Tell them what they need to do.
• Be rude or disrespectful.
• End without signing your name.

Need Help?

Having trouble accessing any of your NIU accounts? Password issues? NIU offers a self-service password reset. View go.niu.edu/sspr for complete details and a link to password.niu.edu to change your password. If you need more assistance, submit a request at it.niu.edu or call the DoIT Service Desk at 815-753-8100.

Questions about technology in the residence halls? See Page 41 for more info.

LinkedIn Learning

As a new student, you’ll get a free subscription to LinkedIn Learning. It’s a part of LinkedIn and a leading online learning platform that can help you learn business, software, technology and creative skills to achieve your goals. What a great resource! You can benefit from what it has to offer, no matter your major. For more information, just visit go.niu.edu/inlearning.

FREE subscription to Microsoft Office

Visit go.niu.edu/365 and download the entire Office application suite. You can install it on your phone, laptop or tablet. When you do, you receive 1TB of storage in OneDrive.

Tips for Success: Technology Use

1. Download the NIU app and the MyNIU app now. You’ll use these apps often.
2. Begin checking your NIU email daily — you never know when you’ll get something that requires a response. You don’t want anything important going overlooked.
3. Remember that as a student you get Office365 for free. Trust us, you’ll use this. Go to go.niu.edu/365 and download before you get to campus. You’ll be glad you did.
Managing Costs

Attending college is a significant financial investment in your future, more so than any other investment you’ve probably ever made. In addition to making sure you get the most out of your investment, we have numerous resources to help you manage your costs.
Financial Aid Timeline

To be eligible for any financial aid, you must complete your Free Application for Federal Student Aid (FAFSA) online at studentaid.gov or the Alternative Application for Illinois Financial Aid at isac.org.

You must apply every year (as soon as possible after Oct. 1 for the following school year). In early spring, you'll be notified through an official financial aid offer notification of your eligibility for grants, scholarships, work-study or loans from federal or state programs. There are five steps you should keep in mind regarding financial aid.

**Step One:**
Complete your FAFSA at studentaid.gov. Some Illinois residents may be eligible to fill out the Alternative Application for Illinois Financial Aid at isac.org. **Timeline:** Complete your FAFSA as soon as possible after Oct. 1 for the following school year.

**Step Two:**
If required, submit additional documents to the Financial Aid and Scholarship Office and consistently check MyNIU for any additional information that may require your attention in your to-do list. **Timeline:** ASAP.

**Step Three:**
Review your financial aid offer notification, which will be sent in paper and electronically. **Timeline:** Beginning mid-March and ongoing.

**Step Four:**
Complete entrance counseling, promissory notes and annual student loan acknowledgment. **Timeline:** Complete before bill is due to avoid late fees associated with the loan amounts.

**Step Five:**
Receive your financial aid funds. **Timeline:** Any accepted financial aid will appear on MyNIU as pending financial aid. Two weeks after classes begin, funds will be applied to your account, and charges and credit balance refunds (if applicable) will begin to be processed.

Have You Checked Your Financial Aid Status?
Just log on to your MyNIU and check your status. If you have financial aid questions, you can always call 815-753-1395 or toll free at 800-892-3050 during university business hours.

Changes in Financial Situation
If your family has had a decrease in income or financial resources as compared to what was reported on your FAFSA, make sure to contact the Financial Aid and Scholarship Office to inquire about a special circumstances appeal.

Types of Financial Aid

**Scholarships/checks**
Merit scholarships are offered at the time of admission based on academic credentials. Scholarships will appear as part of your financial aid package. Scholarships do not have to be repaid.

If you’re receiving a nonuniversity scholarship, checks should be sent to the Financial Aid and Scholarship Office and will be directly applied to your Bursar’s account (your financial account with NIU).

**Work-study**
A work-study offer is a form of financial aid and is not guaranteed. Work-study is earned as wages by working on and off campus with eligible employers. To use the eligibility offered on your offer notification, you must apply for a federal work-study job and be hired.

**Grants**
Grants are gift aid offered based on demonstrated financial need. Grants do not have to be repaid.

**Loans**
Loans are funds that are borrowed to help pay for educational expenses. Loans must be repaid, usually with interest.

Common Questions

What is cost of attendance?
Tuition and fees are charged per credit hour according to your student classification and residency status. Illinois undergraduates are charged also per the term of initial enrollment as required by the truth-in-tuition law. A great tool to help you estimate your cost of attendance is the NIU Planning and Cost Estimator (go.niu.edu/estimatetuition). You’ll be able to estimate tuition costs, mandatory fees, housing and other costs.

Are there any required undergraduate student fees?
Simple answer, yes. There are mandatory general student fees that are charged based on the number of credit hours you take. Check out niu.edu/bursar/tuition to learn more information and read an explanation of the individual fees.

Why was I charged for student health insurance? How do I cancel this policy?
You’re automatically enrolled in the Student Health Insurance (SHI) plan if you’re taking at least nine semester hours, and the fee will appear within 48 hours of registering for classes. If you have comparable health insurance coverage, you may cancel the SHI by submitting a waiver to niu.edu/shi by the 10th day of classes. See Page 59 for additional details.

I’ve received grants and scholarships, but I still don’t have enough to cover my entire bill. What do I do?
Contact the Financial Aid and Scholarship Office to talk through your options. You can call them at 815-753-1395 or toll free at 800-892-3050. Or feel free to stop by Swen Parson Hall, Room 245 to speak with a counselor.

Is there an easy way to look for scholarships?
Yes! You can use MyScholarships which is the campuswide scholarship application system for NIU. In MyScholarships, you can apply for multiple competitive scholarships simultaneously. While the majority of NIU scholarships can be found in MyScholarships, you should check with your academic department to see if they have any other opportunities not available in the system. To start looking for scholarships, visit go.niu.edu/myscholarships. A common deadline is Jan. 31 for the following academic year.

When are payments due?
Payments of all your charges for a term are due on the 28th of the month specified on your account. You can view your term due dates by visiting go.niu.edu/bill. You can pay your full account balance at this time or an amount less than the full amount unless enrolled in the Huskie Installment Plan (see below). If you can’t pay the total amount due by the due date, you’ll be charged a late fee of 1.08% on the remaining unpaid portion, with a minimum late fee charge of $0.50.

What is the Huskie Installment Plan?
The Huskie Installment Plan (HIP) is a payment option designed to provide budgetary assistance in meeting your semester education expenses. Through HIP, instead of making a lump-sum payment at the beginning of each semester, you can spread the payments for your semester over four monthly installments. Participation is based per semester. You’ll need to submit a completed application for each semester you wish to participate in the plan. A nonrefundable participation fee of $50 will be charged to your account and divided among the monthly installments. For more information and to sign up, visit go.niu.edu/hip.

Where can I see my Account Statement?
In your MyNIU account, select the Financial Account tile. Click on the drop-down arrow next to Account Services, then click on View Account Statements. Account Statements are available to view and reprint on the date that they are issued. We encourage you to provide consent to receive your account statement electronically (e-bill). You can do this by visiting your to-do items list in MyNIU. If consent is not provided, your account statement will be mailed to your permanent address on record.

Where can I see the total charges and payments for each semester?
After logging in to MyNIU, select the Financial Account tile. From the left navigation, click on Charges Due. Also in the Financial Account tile, the Term Account
Where do I pay my bill?

1. You can make payments in MyNIU. Once you log in, click on the Financial Account tile. From the left navigation click Make a Payment. When you pay online, you can use an electronic check (no convenience charge) or with a credit/debit card (a convenience fee is charged). NIU accepts American Express, Discover, MasterCard and Visa.
   • If you’re having trouble making an online payment, please contact the DoIT Service Desk at 815-753-8100.
2. Feel free to make a payment in person (Office of the Bursar in Swen Parson Hall, Room 235). Credit card or debit card payments are not accepted in person at the Office of the Bursar.
3. You can also pay via mail. Send payment to:
   Northern Illinois University
   Office of the Bursar
   1425 W. Lincoln Highway
   DeKalb, IL 60115-2828
   Just make sure to include your Z-ID in the memo section of the check you send.
4. You may also use one of the drop boxes. One is located on the wall to the left of the main entrance of the Bursar’s Office in Swen Parson Hall, Room 235. The other is located in the Founders Memorial Library in front of the OneCard Office. For drop box payments, please be sure that your Z-ID is written in the memo section of the check and is in a sealed envelope.
5. If you’re an international student, NIU has partnered with Flywire (go.niu.edu/flywire). Flywire is an innovative and streamlined way to make international tuition payments.

I’ll be getting a refund. What should I do?

To receive a credit balance refund, you must have financial aid or a payment in excess of your charges. Refunds are mailed to your local address and aren’t available for pickup. If your local address isn’t on file, the check will be mailed to your permanent address. For the most timely and reliable delivery of a credit balance refund, we recommend that you sign up for direct deposit (go.niu.edu/direct) to have your refund directly deposited to your personal bank account.

What happens if I don’t pay my entire bill by the due date?

If you pay less than the total amount due by the respective due date, you’ll be assessed a monthly late payment fee of 1.08% on the remaining unpaid portion, with a minimum late fee charge of $0.50.

If I don’t pay my entire bill by the due date, will I be kicked out of classes?

NIU does not kick you out of class for an unpaid bill. However, if you have a past-due balance remaining, in addition to the assessment of late payment fees, you’ll have a hold placed on your records. This hold will prohibit you from obtaining official transcripts and/or registering for future term classes until the account balance is paid in full.

How can my family view and pay my bill?

You can register up to two members of your family for Shared Access (go.niu.edu/shared-access). By signing up, you can select your family to access such information as your academics, financials and/or your to-do list. You’ll just need to log on to MyNIU and find “Share My Information” in the Student Center (select MyNIU Self Service Quick Links icon). Once you do this, your family member will receive information via email on how to finish the Shared Access setup. When this is complete, family members will log on to their portal and click on the “Make a Payment” link in the Finances section.

What is my financial responsibility as a student?

You accept financial responsibility for the cost related to your registration at the university which may include costs related to our residence halls, meal plan or other services. Also understand, in the event your account is past due, late payment fees will be applied to your past-due amount. Continued failure to pay your past-due debt may result in your debt being listed with the State Comptroller’s Offset Program, and, if necessary, referred to a collection agency, credit bureau and/or authorized legal action for the collection of your debt. You’re then responsible for all fees and costs incurred by the university in the collection of your past-due debt, including collection fees and/or attorney’s fees.

Student Privacy

The Registration and Records Office at NIU strictly adheres to the policies governing students’ education records under the Family Educational Rights and Privacy Act (FERPA) of 1974 as amended in 1998. Before you enter college, your parental guardian(s) have access to your education records. Now that you’re taking classes at the college level, that changes. You’re now in charge of your records and you get to determine who will receive what information. For example, who is able to see your financials and grades.

If you’d like to give your family access to your information, you can do so by using Shared Access in MyNIU. It’ll allow you to grant two people access to your student information including admissions, academics, financial statements, financial aid and your to-do list. For more information on FERPA and NIU policies about your student record privacy, visit go.niu.edu/records. For more information on Shared Access, visit go.niu.edu/FERPA.
Finding an On-campus Job

Looking for an on-campus job? Well, at NIU we have lots of opportunities to find on-campus employment regardless of your financial aid status.

NIU has four types of employment opportunities:

- **Regular Student Employment.** These types of jobs are open to all students regardless of your financial aid status.
- **Federal Work-study Employment.** Federal work-study is offered as part of the financial aid package based on demonstrated financial need. If you’re eligible, you can earn up to the amount listed on your financial aid offer notification letter and part of your wages will be subsidized by the federal government. Work-study positions will be noted in the postings. If you’re not eligible for work-study, you can apply for a regular student employment position or internship.
- **Community Service.** NIU offers several off-campus work-study positions in the community or off-campus agencies. These positions require federal work-study and are also posted on the Student Employment website.
- **On-campus Internships.** These internships consist of both regular and work-study opportunities. An internship will provide you with direct experience in a work setting and allows you to apply what you have learned from faculty in the classroom. An internship may or may not offer academic credit. If it does offer credit, you’ll have to complete assignments from a supervising faculty member. Some on-campus internships may be paid and others are volunteer positions.

To search for an on-campus job, start by visiting go.niu.edu/jobs. Here’s where you’ll log in to the Human Resource Student Employment system and create your application.
Military Veterans
Military and Veteran Services provides a wide range of services to military students and their families. To learn more about educational benefits, services and programs, visit niu.edu/mptss, call 815-753-0691 or stop by and visit our office and student lounge in the Campus Life Building, Room 160.

Undocumented Students
NIU’s Office for Undocumented Student Support aims to create a climate of respect for all by addressing emerging and complex issues surrounding undocumented and mixed-status students. The office focuses on increasing access, retention and graduation rates for students affected by immigration status. The office also aims to raise awareness, challenge assumptions, facilitate conversations, influence university policy and create a support network for students and advocates to reduce equity gaps for undocumented and mixed-status students. For more information, contact Sandy López, Coordinator for Undocumented Student Support, slopez1@niu.edu or visit niu.edu/undocumented.

Banking Options on Campus and in DeKalb/Sycamore
You probably already have a bank back in your hometown. NIU has ATMs from various banks located around campus. DeKalb and Sycamore also have numerous banking locations. Make sure to ask your local bank if they have a location in or around NIU.

Tips for Success: Managing College Costs
1. Don’t forget, you can find your billing statement on MyNIU. Financial information will be available as soon as you’ve registered for classes. For billing and payment dates, check out go.niu.edu/bill.
2. Want to sign up for the Huskie Installment Plan (HIP)? This is a great option designed to provide budgetary assistance and spread out your payments throughout the semester. For more information, due dates and to sign up, visit go.niu.edu/hip.
3. Remember to sign up your family for Shared Access at go.niu.edu/shared-access. You’ll be able to give up to two people access to your academics, financials and to-do list. It’s easy to set up.
4. Want a campus job? Visit go.niu.edu/jobs to create your application. We recommend doing this sooner rather than later. Jobs fill up quickly after the start of the semester.
Joining our Huskie Community

In this section
34 Celebrating Diversity
35 Supporting a Diverse Community
36 First In: First Generation
37 Religion and Spirituality

Your new community at NIU celebrates diversity in all its forms including gender, race, ethnicity, ability, spirituality, sexuality, age and all individual identities. We believe that engaging across differences will enrich your learning and personal growth while at NIU.
You’re going to meet lots of other students (both domestic and international) who value the diversity that comprises our community. We want you to celebrate your own culture on campus because we know this will help make your experience here more familiar and successful.

You’ll begin to understand the differences around you by asking questions and engaging with others. Take the challenge to find common ground with others as you connect with them. By learning in an environment filled with students, faculty and staff from a wide range of backgrounds, you’ll find an environment where stereotypes are challenged, experiences are shared and minds are opened. This experience lays the groundwork for preparing to work and live with people from all backgrounds upon graduation.

By giving you the skills you need to understand and accept these differences, we open your mind to new areas of study, open your awareness to the needs of the underserved and give you the tools you need to affect social change.

The Office of Academic Diversity, Equity and Inclusion

The Office of Academic Diversity, Equity and Inclusion (ADEI) is committed to addressing issues of equity, justice and human dignity (niu.edu/diversity). ADEI supports programs, houses the diversity and cultural resource centers, and works with the NIU community to cultivate equity, build an inclusive community, and promote social justice education and awareness. You can participate in social justice retreats and activism programs in Conversations about Diversity and Equity (CODE) educational workshops, and attend Diversity Dialogues and Huskie Conversation Cafés. ADEI is located in Altgeld Hall, Room 215. Contact ADEI at 815-753-8387.

The Northern Pact

The Northern Pact is a way for you to express your commitment to NIU and our values and principles (Purposeful, Just, Caring, Open, Disciplined, Celebrative). The Pact outlines the expectations we have for you and all members of our community. We encourage you to make a commitment to upholding these principles so we all have a collective benefit of a culture of care and sense of connectedness.

You’ll get your Northern Pact T-shirt during the Week of Welcome. See Page 18 for more information. Don’t forget to wear red and black on Fridays to show your commitment to the Pact, Huskie spirit and pride.
Supporting a Diverse Community

We know that student engagement, identity development, cultural exploration and affirming communities are important for all students. You’ll find NIU academic diversity centers located throughout campus that offer minors and certificates. There are also diversity and cultural resource centers and other campus resources to further enrich your experiences.

- The Asian American Resource Center (niu.edu/aac), enhances the quality of life for Asian American students through mentoring programs, academic support and student organization events. The Center for Southeast Asian Studies (niu.edu/cseas) provides academic programs along with the Center for Burma Studies (niu.edu/burma). Additionally, NIU offers an Asian American Studies certificate program. The certificate program is designed to provide interested students with a strong sense of the Asian American experience and its impact on individuals, their communities and this nation. All of these programs give students an opportunity to experience the rich Asian and Asian American heritage through exhibitions, courses, programs and events.
- The Center for Black Studies (niu.edu/blackstudies) plays a significant, essential and unique role in supporting and advocating for African American students at NIU and the DeKalb community. In addition, the Center for Black Studies facilitates social and academic support and exploration of African/African American history and culture through its offerings of events, programming and the Black Studies minor. The Black Studies minor serves as a compliment to any major and provides students the opportunity to learn more about the culture and history of the African diaspora.
- The Disability Resource Center (niu.edu/disability) supports students with disabilities in achieving success through accommodations and other reduction of barriers by creating inclusive spaces within the classroom and other educational experiences.
- The Gender and Sexuality Resource Center (niu.edu/gsrc) serves as a home for all persons, inclusive of sexual and gender identities, and all forms of masculinity and femininity. It’s a central location for resources and support, where acceptance of intersectional identities is encouraged and celebrated. You’ll also find eight academic programs through the Center for the Study of Women, Gender and Sexuality (niu.edu/cswgs).
- International Student and Scholar Services (niu.edu/isfo) advises international students on ways to succeed academically, socially and culturally at NIU. Staff work to keep you informed regarding the federal regulations pertaining to your status as a nonimmigrant in the United States (in F, J, or H status).
- The Latino Resource Center (niu.edu/lrc) is a diversity and cultural resource center under the Office of Academic Diversity, Equity and Inclusion designed to serve the Latino population. It promotes a social justice agenda, as well as fostering an inclusive environment seeking to recruit, retain, empower and advance Latino students. The mission is achieved by offering mentoring and leadership programs, peer support groups, and academic advancement programs. The Center for Latino and Latin American Studies (niu.edu/latinostudies) offers classes and a program minor to learn more about these cultures.
- Center for Student Assistance The Center for Student Assistance (CSA) provides a range of programs and services that supports NIU students, including Commuter and Off-Campus Programs, Military and Veteran Services, Students’ Legal Assistance, Advocacy and Victim Services, Pregnancy Accommodations, as well as Financial Wellness.

Student Organizations

For the latest list of NIU organizations that promote diversity, visit Huskie Link (go.niu.edu/orgs). This resource provides information about all of the organizations on campus, publishes the latest event schedules and keeps track of your involvement. Also, see Page 67 of this book to learn more about being engaged and involved on campus.
First In: First Generation

We know that coming to college for the first time can be an overwhelming and exciting experience. If you’re the first person in your family to go to college, congratulations! Attending college is a major accomplishment and we’re here to help you navigate your new community. It may seem to you that you’re entering a school with its own unspoken rules and culture norms. At NIU, you’ll find a large community of students just like you. In fact, 53% of students who started at NIU in 2017 are considered first generation (first gen) too. You’re considered a first gen if your parents/legal guardians have not completed a bachelor’s degree and/or the highest degree attained was no higher than a high school diploma or equivalent. So, you’re not alone — and you’ll find a community of faculty and staff who are dedicated to helping you succeed.

For more information about being first-gen, visit niu.edu/first-generation.

Tips for Success: Just for First Gens

1. Join Breaking Barriers. Breaking Barriers is a student organization made up of other first gen students. During meetings, you’ll discuss areas of struggle such as seeking out financial aid, time management, career preparedness and networking. You can learn more at go.niu.edu/BreakingBarriers.
2. Sign up for UNIV 101 (see Page 19). It’s a great way to make connections with NIU staff, juniors/seniors and other students.
3. Mentors are so important! NIU has great mentoring programs (see Page 19). Having the support system that a mentor can provide is key.
4. Encourage your family members to stay connected with Family Connections (go.niu.edu/familyconnectionstalk). We’ll send them regular communications with helpful information about NIU.
5. As discussed in the Learning at NIU section, meeting with your advisor every semester is so important. They can connect you to other aspects of campus, too.
6. Apply to become a Huskie Service Scholar. This program provides a partial tuition waiver while it connects you to a supportive peer network engaging in regular service-learning activities on campus and in the community. Learn more at go.niu.edu/hss.

Tips for Success: Your New Community

1. Don’t forget, you can find your billing statement on MyNIU. Financial information will be available as soon as you’ve registered for classes. For billing and payment dates, check out go.niu.edu/bill.
2. College is a great time to learn about others who are different from you. Be open to learning from other students. To do so, you must open your mind to new perspectives first.
3. NIU has lots of programs and opportunities to engage in dialogue about difference. Take advantage of them — these are always free. Nervous about going alone? Bring a friend!
4. Wear red and black on Fridays to express your Huskie spirit while showing support for the Northern Pact.
Religion and Spirituality

We’re a diverse community and we support your spiritual journey.

ACRO is an organization of professional religious leaders (not students) who work intentionally with our students. Visit go.niu.edu/acro or see below for a list of religious organizations around campus.

The NIU OneBook 37
We know that your life at NIU is going to be more than just going to classes. You’re going to be living on or commuting to campus every day. It’s very exciting to be entering a new community, but probably is a bit overwhelming at the same time. We’ve broken it down in this section to help you out.
NIU will provide you with a “MicroFridge.” It’s a microwave and refrigerator combo unit that’s perfect for those late-night snacks once the dining halls have closed. Everything else is simply against the rules. Not sure about something? Just ask or visit go.niu.edu/packing.

Move-In Day

Getting ready to move into your new home can definitely be overwhelming. You probably have tons of questions about what you need, what it’s going to be like and how it all works. Don’t worry, we’ve got you covered.

Don’t forget to bring:
- Towels and shower stuff.
- Pillows and sheets.
- Fan.
- Lamp.
- Your computer.
- TV (Talk with your roommate — you really only need one TV).
- Items to decorate and make it like home.

You’ll want to leave these items at home:
- Refrigerator.
- Microwave.
- Mattresses or large furniture.
- Open-element cooking appliances (like a toaster).
- Candles.
- Halogen lamps.
- Plastic trash can.
- Any animal but a fish.
- Personal routers and access points.

NIU will provide you with a “MicroFridge.” It’s a microwave and refrigerator combo unit that’s perfect for those late-night snacks once the dining halls have closed. Everything else is simply against the rules. Not sure about something? Just ask or visit go.niu.edu/packing.

OK, so now that you know exactly what to bring, you’re probably wondering how Move-In Day actually works. It’s a simple four-step process:

**Step 1:** Pull up.

**Step 2:** Unload with help from your family.

**Step 3:** Pull away and park.

**Step 4:** Unpack all your stuff.

Easy enough, right? Well, maybe it’s a bit more complicated than that. Check out go.niu.edu/moveinday for specific instructions for you to get to your residence hall. There will be plenty of staff around to direct and help you — just listen carefully. We definitely don’t want to see you or your family members end up with an NIU souvenir (the parking ticket will be located on the windshield).
Living in the Halls

Living in the residence halls is an exciting change! In many cases you’re sharing a room, bathroom, floor and building with many new friends. We call this community living at NIU.

For most new students, sharing a community and a room will be a new experience. Along with this comes expectations for how you treat one another, care for the facilities and demonstrate appropriate behavior. The Housing Handbook and Policies (go.niu.edu/housinghandbook) provides most of what you need to know. The Housing Handbook and Policies outline housing procedures, policies, the housing contract terms and conditions, university guidelines and technology support.

Safety and Security

The main entrance and all outside doors to each building are secured 24 hours a day. Only NIU students, faculty and staff can enter residential facilities with the use of their OneCard. In the evenings, you and any guests you’ll have need proper identification in order to gain entry into the residence halls.

- Main Desk staff and Access Control provide security to your hall at night.
- You’ll have to show your NIU OneCard to gain entrance to your hall.

When it comes to the safety of your residence hall, make sure you:

- Don’t ever duplicate your room key or modify your key, Hall Entry Card or OneCard.
- Don’t use anyone else’s room key, Hall Entry Card or OneCard.

Guest Policies

You can have guests stay with you overnight in your residence hall room, but they can only stay for a maximum of 72 hours within a seven-day period. Make sure you’ve received permission from your roommate/clustermate first. You’re responsible for your guest, so make sure they’re with you at all times. Your guest must show proper identification and register with the reception desk in your residence hall. For more information, view the Housing Handbook and Policies information (go.niu.edu/housinghandbook).

Your Community Advisor (CA)

For many of our new students (probably including you), this may be the first time sharing a living space with someone else — or lots of new people. We know that different issues or questions may come up throughout the year, so that’s why we have resources available to support you.

CAs are trained student leaders whose primary responsibility is to support you with whatever you may need and to be a resource. Now here’s the trick — use them!

What would you need them for?

- Building community. Your CA will help you get to know your new community.
- Help finding a building or resource on campus.
- Something isn’t working or is broken in your space.
- You and your roommate/clustermate/suitemate may not be getting along.
- People are being too loud during quiet hours.
- You’re struggling being away from home.
- You need to find tutoring for certain classes.
- And much more. Just ask your CA.
Roommate Agreement
A new roommate/clustermate/suitmate is pretty exciting. You may know who you’re sharing a space with already, or you may not. Regardless, it’s an opportunity to get to know someone else who might be completely different from you.

Whether you know your roommate ahead of time, sharing a space can potentially be challenging at times. We want to make sure you’re communicating with your new roommate and are on the same page (sleeping hours, use of TV, sharing of items, etc.). During your first few days living on campus, you and your roommate will be asked to submit a roommate agreement.

You’ll discuss your roommate agreement with your CA and you can revisit it as often as you need.

Students in the New Residence Hall will complete a mini-suite and cluster agreement form.

Rental and Property Insurance
In an effort to provide peace of mind for you and your family, we encourage you to carry personal property insurance as NIU is not responsible for damage to your property. We recommend reviewing your homeowner’s policies to determine if any coverage gaps exist. If so, it’s best to consult with your insurance agent about purchasing rental insurance. Housing and Residential Services cannot be held responsible for damage to residents’ property.

Important Residence Hall Services

Doing Laundry
• You can only use Huskie Bucks to pay for laundry (see Page 23 for more info on Huskie Bucks). A wash cycle costs $2 and dryers are free.
• Find out which washers and dryers are available before making a trip to the laundry room and sign up for an email notification when your laundry is done at go.niu.edu/yourlaundry.

Technology
You’ll have access to NIU wireless in your room and all public areas in your residence hall. Most rooms also have one Ethernet port for direct connections.

If you’re having issues with your computer, tablet or mobile device, the ResTech Service Desk can help you use technology on campus for free. For more information, visit go.niu.edu/restech.

For campus technology information, see Page 24.

NOTE: Personal routers and access points are not permitted in the residence halls.

You’ve Got Mail
We know that sometimes you just need a care package from home to brighten up your day.

When you live on campus, you can pick up mail 24/7 at your own mailbox (or a shared mailbox if you have a roommate) near your residence hall’s front desk. If you get a package, we’ll let you know through email; then just stop by your front desk anytime with your OneCard to pick it up.

Mail is delivered Monday through Saturday (except holidays) while classes are in session. We only accept mail and packages addressed to current residents. When you move out of the residence halls, we’ll forward mail to your permanent address on MyNIU.

Addressing Mail to Residents
Full Resident Name
Hall and Room Number (Include side A, B, C or D tower/wing)
Street Address
DeKalb, IL 60115

Example
John Doe
New Hall East 114G1
501 North Annie Glidden Road
DeKalb, IL 60115
Living Off Campus and Commuting

Whether you’re commuting from home or you’ve decided to move in with your friends somewhere off campus, NIU still wants to make sure you have what you need to be successful.

The Lounge

Need a space to relax in between classes? Commuter and Off-Campus Programs is located in the Campus Life Building, which includes a lounge located in Room 170. It’s open from 8 a.m. to 6 p.m. during the week. This space comes equipped with just about everything you need. Make sure to check out niu.edu/mptss for more details.

The Lounge includes:
• Couches, tables and chairs.
• Computer lab.
• Full kitchen with full-sized refrigerator.
• 40-inch TV.

You’ll find lots of lounge areas and other great places to study around campus.

Parking

As a commuter student, parking might be one of the most important aspects as you head into a new semester. All students must purchase a parking permit to park on campus. These can be purchased for a discounted rate online at prkapp.niu.edu.

For a more in-depth look at parking on campus and various permit rates, see Page 48.

Carpool Connections

Are you looking to share a ride to campus? Connect with other students using the NIU Carpool Connections Facebook group. To join the Facebook group, please submit an intake form (go.niu.edu/carpool) using a valid Z-ID.

Feel free to post your travel needs and connect with other students by responding to their posts. Please include where you’re traveling from and your typical weekly schedule. It might also be helpful to mention whether you’re willing to drive all or some of the time, or whether you need a lift.
Your Apartment Lease
We definitely recommend you bring your lease to Students’ Legal Assistance before signing it. Check out how to schedule an appointment or other services at go.niu.edu/studentlegal.

Still looking for a place to live? Commuter and Off-Campus Programs can help. Check out their website to find links to various management companies in the surrounding area at niu.edu/mptss/housing.

Bad Weather
This should come as no surprise, but we get snow. Sometimes ice. Or other times it’s just really, really cold. If you’re commuting from outside the DeKalb/Sycamore area, we want to make sure that you’re staying safe on the road. You can always:

• Stay at the Hotel at Holmes.
• Stay with a friend in the area.
• Stay at a local hotel.

If you have class but aren’t sure if the university is closed due to bad weather, use these resources before hitting the road:

• The NIU website. The announcement will be listed on the homepage.
• Emergency text alerts. Sign up by including your cell phone number in MyNIU. Check out go.niu.edu/text for more details.
• Blackboard. Many professors/instructors will post announcements here. (See Page 13.)

NIU’s social media pages:
• @NIULive (Twitter).
• Northern Illinois University (Facebook).
• northern_illinois_university (Instagram).

Tips for Success: Life at NIU
1. If you’re living on campus, connect with your roommate(s) before Move-In Day. That way you’ll figure out who’s bringing what. It’ll make the transition go that much more smoothly.
2. Commuting? Make sure you arrive early to give yourself enough time to find a parking space. You may need to check one or two alternate parking locations. There are many spaces to park, but the ones closest to academic buildings fill up fast.
3. Add funds to your Huskie Bucks account. This account can be used for so many things. Keep in mind that you must have money in this account if you plan to do laundry in the residence halls.
4. Review the Move-in Day policies and procedures at go.niu.edu/moveinday. We know that day might be a bit overwhelming, so knowing the game plan ahead of time can be beneficial.

Child Care Options
The Child Development and Family Center is located on the east side of Annie Glidden Road behind Graham Hall. The CDFC cares for children in two buildings; the main Child Care Center and Gabel Hall Annex. It offers quality care to children ages three months to five years. CDFC is licensed through the state of Illinois and accredited through NAEYC’s Academy of Early Childhood Program Accreditation, which serves as an indicator of a high-quality program.

The Child Development and Family Center is a research center and home to the Child Development practicum experience, and an excellent training site for early childhood professionals. It’s also the home for the Preschool For All Expansion. This program is a kindergarten-readiness program for qualifying four-year-olds and their families. For more information, rates and an application, visit go.niu.edu/cdfc.

Community Coordinated Child Care (4-C) helps parents find reliable child care on and off campus, and will help with financial assistance for child care costs for those who qualify. For help searching for child care providers, visit four-c.org/child-care-referrals. For financial assistance with child care costs, visit four-c.org/apply-child-care.
Eating at NIU

One great perk at NIU is having so many dining options. Whether you live in the residence halls, off campus or you commute, Campus Dining Services has plenty of nutritious dining options across campus.
Eating on Campus

Who’s Hungry?
The NIU campus has so many great options for dining, you’ll work up an appetite just choosing where to eat. And all meal plans are available to any NIU student. Whether you live on campus, off campus or commute, there are plans that ensure you won’t go hungry.

Where Can I Eat?
The question is more like where can’t you eat? Great food is available across campus, including:
- Barsema Hall — Three Sons Bistro.
- Dusable Hall — Sandella's Flat Bread Café.
- Stevenson Towers — Stevenson Retail Dining Center including Erbert and Gerbert®, grill, pizzeria, salad toss and the Dog Pound C-store.
- New Hall, Gilbert Hall and Neptune Hall feature All You Care to Eat dining centers.

Holmes Student Center
The menu of dining options at the Holmes Student Center offer:
- Qdoba
- Starbucks
- The Grill at the Huskie Den
- The Depot C-store.

Enjoy food and drinks across campus with your meal plan, Dining Dollars or Huskie Bucks.

Food by Phone
We are working with GrubHub to set up mobile ordering. It will allow you to conveniently order from any retail location on campus, allowing you to pick up your food on the run or have it delivered to your residence hall or local off-campus housing or apartment.

Meal Plans
If you’re living in a residence hall, the Huskie Block 12 is included in your room and board rate. However, if you are looking for more weekly meals, we also offer the Huskie Block 15 and 19 for an additional charge. All Huskie Block Plans include residential dining, meal exchange, the to-go option and 100 Dining Dollars. With these plans, unused meals expire at the end of the week and Dining Dollars expire at the end of the semester. Huskie Block Plans are great because they allow you to eat where, when and whatever you’d like from all dining locations across campus. More Dining Dollars can be added to any plan at any time.

To sum up Huskie Block Plans, they allow you to sit down at the All You Care to Eat dining centers, as well as take food to-go using a green, reusable container. They also allow you to use a meal exchange at Stevenson Retail Dining Center and the Dog Pound C-store during hours of operation. Meal exchange will also be offered in the Holmes Student Center at The Depot, The Grill at the Huskie Den and Qdoba after 7 p.m. Plus, Huskie Block Plans include Dining Dollars to use at any campus dining retail location.

Are you a big eater, or do you prefer to eat smaller meals more frequently throughout the day? If so, you may want to consider upgrading to the Huskie Classic Plan. The Huskie Classic Plan grants you full access to All You Care to Eat dining centers all semester. If you’d like to expand the variety of your dining options, add Dining Dollars.

We have meal plans and Dining Dollar levels available for off-campus students that provide variety, flexibility, money-saving and the convenience of eating while on campus. If this sounds good, you can select one of the Huskie Block Plans. Each Huskie Block Plan comes with 300 Dining Dollars and 25, 50, 75 or 100 meal swipes. Off-campus Huskie Block Plans are similar to the previously mentioned residential Huskie Block Plans. Dining Dollars can be used at all campus dining locations and more can be added at any time throughout the semester. Meal swipes can be used at all residential dining locations to sit down or take your food to-go. They can also be used for a meal exchange. You can also choose to select the Huskie Classic Plan which grants you full access to All You Care to Eat dining centers. Again, with the option to add Dining Dollars at any time.

For a list of campus dining locations, operating hours and more information visit dining.niu.edu.

Recoup Soup
Feeling under the weather and living in the residence halls? We offer to-go Recoup Soup from October to March. Our soups are free of the top eight allergens, including gluten. Your NIU OneCard must be swiped.

Choose one of the following soups:
- Chicken Noodle
- Vegetable Soup (Vegan)

To order your Recoup Soup, please call:
- New Hall: 815-753-7652
- Gilbert: 815-753-3132
- Neptune: 815-753-0548
- Stevenson: in-person

Visit go.niu.edu/recoup for more information.

The NIU OneBook 45
Healthy Eating

While we know many students enjoy pizza and chicken tenders, that doesn’t mean you can’t eat nutritious meals. We’ve got resources to make healthy eating easy!

MyDining
MyDining provides nutrition and food allergy information to help you make decisions about the foods you choose to fill your plate. For more information, visit go.niu.edu/mydining.

Healthy Huskie Choices
To help you navigate healthy choices within the dining halls, we have identified Healthy Huskie food choices using guidelines developed by our registered dietitian nutritionist. For more information, visit go.niu.edu/nut-well.

MyPaw
To consume a balanced meal, fill your plate with foods from all food groups to resemble the MyPaw plate. Plant-based foods are emphasized with MyPaw and provide the essential vitamins, minerals and disease-fighting nutrients to keep you energized and at your best when you’re pushed to your limits with the college life. Protein and dairy foods provide a feeling of satisfaction when eating and are essential to your strength and stamina. For more information, visit go.niu.edu/nut-well.

Allergies and Food Limitations
If you have a dietary need, food allergies or intolerances, we can help. First, visit go.niu.edu/foodoptions. You’ll find lots of helpful information on this site but we still want to hear from you. Visit go.niu.edu/nutritionquestion and get in touch with our registered dietitian nutritionist.

Tips for Success: Eating in College

1. Your body and brain need fuel throughout the day. Aim to eat a meal or snack about every three to four hours.
2. Store nonperishable foods in your room. These quick options are helpful when you are running to class, headed to the Recreation Center or off to a meeting. Peanut butter, nuts, seeds, dried fruits, oatmeal and whole grain crackers all make great options.
3. Eat mindfully and enjoy your food. Try to avoid eating in front of the TV, mobile device or computer. Set aside time and a comfortable space to eat so you can focus on your food.
At first, campus can seem a bit large. Over time, campus will seem smaller and smaller because you’ll know your way around. This section gives an overview of ways to get around campus.
Parking

We’ll keep it simple for you in case you’re interested in parking anywhere on campus. You’ll need to get a parking permit. You’ll want to buy it online — it’s less expensive than in person. We’ll mail it to you after you purchase it online.

We have a few different kinds of permits:

- **Orange** = If you live in the residence halls.
- **Yellow** = If you commute.
- **Brown** = If you commute, but want to pay a little less.
- **Green** = If you want a free permit and park in Lot C3 by the Convocation Center.

Visit niu.edu/parking to learn more, compare costs and find out what permit is right for you.

Not sure where to park? You’re not alone. Lots do fill up, but there’s always a spot for you somewhere. Check out go.niu.edu/findparking to begin figuring out where it might make the most sense for you to park each day you’re on campus.

Off-campus Parking

Students finalizing off-campus housing plans should make themselves aware of City of DeKalb street parking restrictions. Some landlords include an off-street parking fee in your monthly rent; others may not be able to guarantee an off-street parking space. For more information, please visit cityofdekalb.com.
City of DeKalb Public Transit

If you live in the areas surrounding campus, you probably live by a Huskie Line bus stop. Visit cityofdekalb.com for more information.

The 20 public transit routes that operate in and around the NIU campus and surrounding area include routes that go to the residence halls, routes that travel off campus and routes that go into the surrounding DeKalb community with access to shopping, entertainment and medical facilities. All routes are free to NIU students. Most routes operate between 7 a.m. and midnight. Bus routes can be tracked in real time via the GPS tracking application, ETA Spot. Users can download the application free of charge in the Apple and Android app stores.

Getting Around Outside of DeKalb

Elburn Shuttle-Hotel Desk
What’s great about the NIU location is that we’re very close to the Elburn MetraRail Train Station. We’ve got a shuttle bus that can take you there, too. This service is only offered daily. The bus is identified as the No. 12. Visit NIUTickets.com to purchase your ticket. It costs $4 for students. For information about Metra train fares and schedules, visit MetraRail.com. For the Elburn Shuttle Bus visit go.niu.edu/ElburnBus.

Greyhound Bus Service
The Holmes Student Center is among seven stops on a Greyhound Bus Lines route between Chicago and Davenport, Iowa. The route also includes stops in Rochelle, Dixon and Moline. Greyhound will service all cities on the route four times per day, seven days per week. Tickets can be purchased online through the Greyhound website at greyhound.com or through Greyhound’s mobile app.
More Transportation Resources

Zipcar

Get this — even if you don’t have a car on campus, you can borrow one of ours. Whether it’s for a quick trip to the store, a weekend getaway with friends or you just want to explore the area, you can make it happen.

NIU has partnered with Zipcar to bring self-service, on-demand car sharing to the area. To use Zipcars, simply register as a member, reserve a car online or by phone, use your Zipcard to enter the car and drive away. When you’re done, return the car to the same location where you picked it up.

As a member you get:

• Access to Zipcars 24/7.
• Discounted hourly rates for faculty, staff and students ages 18 and older. Rates start at just $7.50 per hour or $69 per day. These rates are subject to change.
• Free gas, insurance and maintenance.

Interested? Check out go.niu.edu/zip for more information.

Having a Visitor to Campus?

Visitors can go to Campus Parking Services at 121 Normal Road to purchase a visitor permit for the length of time they’ll be on campus. Visitor permits may also be purchased at one of the three pay stations on campus or online at prkapp.niu.edu. These are located at Recreation and Wellness, Campus Life Building and Anderson Hall. The visitor permit allows parking in just about every lot. The daily fee is $5. For more information, visit niu.edu/parking.

Tips for Success: Getting Around NIU

1. Make sure to purchase your parking permit. Remember, it’s less expensive if you order it online.
2. Review the Huskie Line bus schedule — we know it can seem confusing at first, but it’s really not once you get the hang of it. Trust us; it’ll make your life so much easier. Questions? Ask someone.
3. Download ETA SPOT app from the Apple Store or Google Play. ETA SPOT lets you know where Huskie Safe Line and the Huskie Line buses are at all times.
Protecting our Pack

Our No. 1 priority is the safety and security of all students, faculty, staff, guests and community. We’re committed to maintaining a safe campus environment. From late night transportation services to self-defense classes, your safety is our focus.

In this section

52 Our Officers
53 Safety Resources
The NIU Department of Police and Public Safety provides service and protection to the university campus and community. Our police officers have powers of arrest in the state of Illinois and are certified emergency medical technicians. Police operations include proactive patrol, crime prevention, criminal investigation, evidence collection, paramedic services, traffic management and training. Our public safety section includes our telecommunications, security guards and access control.

Collaboration is an important part of our jobs. We work with other organizations on and off campus. For example, our officers attend meetings in sorority houses, fraternity houses and residence halls. We provide dozens of safety education programs and services to help students, faculty, staff, visitors and members of the surrounding communities. We work closely with the DeKalb Police Department and other law enforcement agencies to proactively reduce crime and address quality of life issues in our community.

Follow these tips to help keep yourself and others safe on and off campus:

- Shut and lock your doors when leaving rooms and never leave property unattended.
- Report any criminal behavior to the campus police at 815-753-1212.
- Learn the location of community safety centers and emergency assistance call boxes.
- When walking at night, walk in well-lit areas with companions or take advantage of the Huskie Safe Line Service or Huskie Safe Walk escorts.
- Follow all rules of the road when driving a car, walking, riding a bicycle or using other forms of personal transportation such as rollerblades, skateboards or scooters.
- Make wise decisions regarding alcohol use and other risky behaviors.
- Attend a R.A.D. Women’s Self-Defense Training (go.niu.edu/rad) to learn safety and self-defense techniques. You’ll also learn risk reduction strategies, safety awareness, safety tips, basic stances and hands-on defense training.
- Mark your property so it can be identified if it’s stolen and later recovered.
- Call 815-753-TIPS (8477) to provide information that may help the police solve crimes. Your call will remain anonymous. Tips that result in an arrest or university judicial action are eligible for a cash reward of up to $250.

Keeping Safe and Smart

Here’s the reality: Stuff happens no matter where you live. What’s different about NIU and your hometown, however, is that we’re going to tell you about these incidents as quickly as possible and offer you multiple options for learning how to proactively protect yourself.
Safety Resources

Here are free services designed to help you stay safe or to support you if you’re the victim of a crime.

Huskie Patrol
Between the hours of 8 p.m. and 4 a.m., you can contact the Huskie Patrol at 815-753-9658. Trained patrol members will meet and escort you to residence halls, parking lots or any other destination on campus free of charge.

Huskie Safe Line
Huskie Safe Line (go.niu.edu/safe) is a shuttle service during late night hours after the Huskie Line buses stop running. This free service is available to NIU students, faculty and staff as well as community members with disabilities. The shuttle travels a fixed route with 35 pick-up and drop-off locations.

Motorist Assistance
Having car trouble on campus? Help is only a phone call away. The Department of Police and Public Safety can help if you’ve locked your keys in your car or need to jump-start your car or require help changing a flat tire. For assistance call 815-753-1212.

NIU Safety Bulletins
NIU safety bulletins (go.niu.edu/sb) inform you about crimes that recently occurred on or near campus so you can take appropriate precautions. They also work to prevent similar crimes and assist us in identifying offenders.

Safety bulletins are issued via NIU email, our safety app and our social media channels when an incident occurs that should be brought to the immediate attention of the university community. All NIU email addresses are automatically enrolled in the university’s emergency notification system.

When appropriate, we also notify the community of emergency situations using text messaging, sirens and weather radios, broadcast voicemail messages, in-building public address announcements, broadcast messages, and via internet protocol television (IPTV).

Center for Student Assistance
As part of the Office of the Dean of Students, the Center for Student Assistance houses many services that can help with safety and assist you on the path to graduation. The CSA is home to Students’ Legal Assistance and can provide students support regarding student conflict resolution, advocacy and victim services, pregnancy accommodations as well as food and housing insecurities. For more information visit go.niu.edu/assistance.

Download the NIU Safe App
NIU Safe provides a wide range of new safety features for all students, faculty and staff. These include a Mobile Blue Light, Friend Walk, Virtual Walk, Anonymous Crime Reporting, Campus Maps and Emergency Notification.

Have you ever been concerned about a situation, wanted to help, but didn’t? Attend a 90-minute interactive training session that can help you recognize clues that something may be wrong, enhance the feelings of responsibility to safely intervene, and increase the commitment and sense of empowerment to act. For more information and to sign up, visit go.niu.edu/requestbystander.

Students’ Legal Assistance

Students’ Legal Assistance (SLA) is available to assist current NIU students in understanding and solving their legal problems. Funded through student fees, SLA can provide confidential legal advice, counsel and limited representation for currently enrolled students. Staff can advise or represent students in variety of legal areas including but not limited to tenant disputes, misdemeanors, expungements, traffic violations and small claims consumer disputes. Legal matters the program cannot process are referred to other appropriate resources.

Title IX/Sexual Misconduct

The university’s Title IX/Sexual Misconduct Policy and Procedures (go.niu.edu/titlexipolicies) prohibits students from engaging in sexual misconduct; sexual and gender harassment; sexual assault; sexual abuse; stalking; intimate partner violence; and sex and gender discrimination. If you have questions about our Title IX policy and procedures, titleixcoordinator@niu.edu.

Do You Know?

- The NIU Student Code of Conduct (niu.edu/conduct) establishes academic and behavior standards for all students both on and off campus.
- The most common violations of the student code of conduct include noise violations and underage drinking. Serious violations can result in mandatory education, fines or dismissal from the university.
- Academic misconduct including plagiarism, cheating and fraud may result in lower academic grades or dismissal.
- Any violation of the university’s alcohol or drug policy by someone under the age of 21 includes a notification to the parent/guardian of the violation.
- Remember that as a student you represent yourself, your family and the university. Huskies are active participants in their community and ensure that community standards are followed. It’s on each of us to make NIU a great place to learn and live.

Bias Incident Reporting

NIU expects a high level of responsible behavior by students, faculty and staff on and off campus. If something should happen where you feel that you have been a victim of discrimination based on gender, race, religion, sexual preference or physical ability, you should report it to the appropriate authority.

If you have observed or experienced a bias incident, please report it by using any of the following options:

- Complete the form found at go.niu.edu/form if you wish to remain anonymous.
- Call our Office of Academic Diversity, Equity and Inclusion at 815-753-8387.
- Visit our Office of Academic Diversity, Equity and Inclusion in Altgeld Hall, Room 215.

Tips for Success – Protecting Our Pack

1. Bringing a bike to campus? Make sure to register it with NIU Police. For more information on how to do this, visit go.niu.edu/bike.
2. Bringing an electronic device to campus? You should register it too. For more information on how to do this, visit go.niu.edu/device.
3. What expectations might your family have for you regarding your safety and decisions about alcohol? Talk with them before coming to school so you understand how they feel.
4. Don’t be afraid to speak up! If you see something that doesn’t seem right, tell someone who can help. Now that you’re part of our NIU community, you should be an active bystander.
Being part of the NIU community means being a part of the DeKalb/Sycamore community too. What’s great about living here is the combination of urban, suburban and rural amenities all in one charming community.
Living in DeKalb

The following list is a just a sampling of DeKalb/Sycamore venues. Plus, check out dekalbcountyvb.com, dekalb.org and sycamorechamber.com for events happening in DeKalb, Sycamore and the local businesses.

With the DeKalb (43,862) and Sycamore (17,519) populations, you can always find something going on. One of our biggest community events is DeKalb Corn Fest, during the last week in August, which attracts more than 50,000 visitors! In the late fall, Sycamore hosts the state’s largest autumn festival, Sycamore Pumpkin Festival. In addition to these annual events, the community is full of activities and entertainment venues year-round.

Tips for Success — Living in DeKalb

1. Going to NIU means living in DeKalb too. Explore your surrounding area and experience what the greater community has to offer.
2. DeKalb and Sycamore have lots of chain restaurants, but we encourage you to try some local eats!
3. Make sure to check out Corn Fest (late August), DeKalb Kite Fest (September) and Sycamore Pumpkin Festival (October). There’s always something fun going on in the local community.
Being healthy is an important part of doing well in college. We’ve got lots of resources to help you along the way.
Health Services

Health Services Pharmacy
Got a touch of the flu? A twisted ankle? No need to head home. Northwestern Medicine Health Services at NIU will provide the same level of care and expertise you might expect from your family physician at our clinic right on campus.

All NIU students paying on-campus tuition and fees can receive most clinic services at no cost. Some services may require payment, for which the clinic accepts most major insurance plans, including the NIU Student Health Insurance.

Northwestern Medicine Health Services at NIU, located in the Health Services Building at 385 Wirtz Drive, is open 8 a.m. to 4:30 p.m., Monday through Friday and care is available by appointment or on a walk-in basis.

In addition to primary care services, the clinic offers:
• Laboratory.
• On-site X-ray.
• Preventative medicine.
• Psychiatry.

The clinic also offers on-site pharmacy dispensing. Should you choose to fill your prescription elsewhere, you can find a listing of other pharmacies in DeKalb and Sycamore on Page 56.

Student Health Insurance
You’re automatically enrolled in the Student Health Insurance (SHI) plan if you’re taking at least nine on-campus credit hours. The fee will appear on your Bursar account.

If you have comparable health insurance coverage, you may cancel the SHI, but you must submit a waiver and proof of your coverage. For more information, call 753-0122 or visit go.niu.edu/shi.

Immunizations
If you’re enrolled in on-campus classes at NIU, you’re required by the Illinois College Student Immunization Act (110-ILCS 20) to provide proof of immunity for a variety of vaccines.

Documentation of immunity must be complete and on file at Health Services by Aug. 1 (if you’re enrolling for fall), Jan. 1 (if enrolling for spring) and June 1 (if enrolling for summer).

For more information on what vaccines you need and how to submit documentation, visit go.niu.edu/immunizations or call 753-9585. To review the state required form, visit go.niu.edu/healthforms.

Keep in mind that if you fail to provide the required immunization documentation by the above date, the university will place a hold on your registration.
AlcoholEdu

You’ll find that the NIU community is committed to your health, safety and academic success. Due to this commitment, we’ll require you to participate in an online learning module, AlcoholEdu for College. It’s up to all of us to create a safe community that promotes the well-being of our entire campus.

AlcoholEdu for College is a confidential, personalized and interactive science-based program that educates students on alcohol consumption and the behaviors associated with it.

AlcoholEdu is mandatory for all new students. All you have to do is wait for us to send an email to your official NIU account with instructions and details. You can anticipate this email close to the start of the semester. Part One of AlcoholEdu is due by the deadline stated in the email.

Academic Diversity, Equity and Inclusion

Academic Diversity, Equity and Inclusion (ADEI) is a campus resource that ensures everyone at NIU is free from unfair, unequal and discriminatory treatment. It also helps with situations related to Title IX/sexual misconduct, requests for ADA accommodations, affirmative action complaints, pregnancy discrimination and mediation services. For more information, visit ADEI at niu.edu/diversity.

Tobacco, Alcohol, Cannabis and Other Drugs

NIU provides and maintains an optimally healthy and safe working and living environment for students, faculty, staff and visitors.

Counseling and Consultation Services

College can be one of the most exciting times of your life. It can also be one of the most stressful. NIU Counseling and Consultation Services (CCS) is here to help you maintain good mental health throughout your time on campus.

Perhaps you’re feeling overwhelmed by the transition to college life and all of the new freedoms and responsibilities that come with it. Maybe you’re having relationship trouble (roommates, romantic relationships or friends) or you’re exploring your identity. No matter the issue, our staff of mental health professionals are here to help.

CCS does not turn away any student seeking help, and you can get an initial consultation without appointment between 11 a.m. and 3:30 p.m. every weekday. During that first visit, a counselor will make a preliminary determination on how best to support you. That could mean scheduling a future one-on-one session with a counselor, suggesting some of our group therapy programs or connecting you with a professional in the DeKalb/Sycamore community with the expertise to assist you.

Crisis Care

If you’re experiencing a crisis, you can come to the clinic any time during office hours, or reach us by phone at 815-753-1206, 24/7. CCS can also speak with you confidentially about how to support a friend who you’re concerned about.

Continuing Care

If you’ve benefitted from meeting with a counselor before, please come speak with us for assistance in connecting you with professionals on or near campus who can continue to support you while you’re on campus.

Advocacy Services at CCS

In addition to mental health services, CCS is home to the university’s advocacy coordinator for sexual assault, domestic/dating violence and stalking. If you or a friend are impacted by any of these situations, the advocacy coordinator can provide confidential support to help you navigate the university system, receive assistance for classes and figure out the next best steps for you. Contact the advocacy coordinator at 815-753-1206.
Recreation and Wellness (RecWell)

Have Fun, Live Well, Feel Your Best!

There are so many ways to participate in RecWell activities!
Last year we had:

- **341** Intramural Teams
- **31** Sports Clubs
- **763** Group Fitness Classes
- **430** Personal Training Sessions
- **899** Nutrition Coaching Sessions
- **76** Different Types of Gear Available to Rent
- **73** Different Outdoor Trips and Special Events
- **18** Local, State and National Park Visits
Do you know that NIU students who participated in Recreation and Wellness (RecWell) activities reported increased skills in leadership, time management, problem-solving, ability to multitask, self-confidence, multicultural awareness, communication, concentration, group cooperation, being adventurous, developing friendships and felt a sense of belonging?

Also, students reported increased physical strength, athletic ability, fitness level, ability to handle stress, balance, overall health, weight control, feeling of well-being and ability to get a good night’s sleep.

Participating in RecWell helps you succeed.

Wellness is much more than merely physical health, exercise or nutrition. It is the full integration of states of physical, mental and spiritual well-being.

The wellness model used by our campus

Each of these seven dimensions act and interact in ways that contribute to our own quality of life. Engaging in the wellness process allows you to learn about yourself and gives you the opportunity to make decisions to enhance your well-being. Everyone’s optimal wellness is different, depending on your own needs, experiences, personality and circumstances. Wellness is a conscious, self-directed, dynamic process of trying to achieve your potential.

Steps to Get Started

Come play at RecWell right away! As soon as the semester starts, head on over. Remember, you have to be enrolled in classes at the DeKalb campus to use any RecWell facility, or you can purchase a student membership. Just swipe — your OneCard gets you into all of the RecWell locations.

What you can do:

- Exercise on cardio equipment, jog/run on indoor tracks, strength train, play basketball, volleyball, racquetball, tennis, badminton, pingpong, pickleball, wallyball and more.
- Check out a variety of sport and exercise equipment with your OneCard — most of them are free.
- Store your stuff. Day and rental lockers are available.

All facilities are accessible. For disability-related accommodations, please contact RecWell at 815-753-0231.

RecWell Facilities

Recreation Center (RC). Cardio and strength training, eight multipurpose courts, indoor track, fitness studios, racquetball courts, boxing and plyometric room, and more.

Adventure Center (AC). The headquarters for Outdoor Adventures (located within the RC) is the place to rent outdoor gear, register for adventure trips or get advice on planning your own trip.

Chick Evans Fieldhouse (FH). Includes a more private cardio and strength training room, four multipurpose courts, indoor track and activity rooms.

Gilbert and New Hall Fitness Rooms (GH/NH). Offers a more private workout space with a variety of cardio equipment, and New Hall has a complete line of strength equipment.

Outdoor Recreation Sports Complex (ORSC). Has multipurpose fields that accommodate baseball, flag football, lacrosse, rugby, soccer, softball and Ultimate Frisbee, and are dedicated to intramurals and sport clubs.

Ways to Engage with RecWell

- Drop in and exercise or play a pickup game with friends.
- Join one of 31 sport clubs (go.niu.edu/sportclubs). Sport clubs are a great way to stay healthy, active and compete against other schools.
- Compete in intramural sports (go.niu.edu/intramurals) with two levels of play; competitive or recreational.
- Schedule a nutrition coaching session (go.niu.edu/nutritioncoaching) and learn to eat healthier, improve your focus for class and promote feeling better. Get started with a free 30-minute Meet-the-Nutrition-Coach session.
- Grab some friends and get personalized training (go.niu.edu/smallgroup). You can sign up for a time that’s convenient for you
- Schedule a free equipment orientation with a fitness assistant (go.niu.edu/personaltraining) to learn how
to use the various exercise equipment we offer. You can schedule an equipment orientation for yourself or a group of your friends.

- Schedule a fitness assessment with a personal trainer to create a workout plan that meets your individual needs.
- Go on an Outdoor Adventure trip (go.niu.edu/outdooradventures). Expert staff offer adventure trips, outdoor gear rentals, custom trips, team-building and resources to plan your own adventure.
- Choose from a ton of fitness classes offered weekly. Want to try before you buy? Free weeks are a great way to try out classes. Purchase a semester or annual Fit Pass to continue participating throughout the semester. To find out more and to purchase a semester pass, visit go.niu.edu/fitnessclasses.
- Assess your wellness, visit go.niu.edu/dimensions and discover activities and information to enhance your well-being.

Get Rewarded!

Earn cool stuff! Who doesn’t like a little swag as incentive for a workout?

- **Rec Hall Challenge** (go.niu.edu/win for hours) — Visit our Res Hall Fitness Facilities 25 or more times and win a Prize Pack.
- **35 Class Challenge** (go.niu.edu/35cc1) — Become part of #FITFAM by attending 35 group fitness classes during a semester. Anyone completing the challenge gets an exclusive, free T-shirt. Be sure to check in at the Pass Checker desk before each class.

**Tips for Success: Health and Wellness**

1. Submit all appropriate immunization records before the deadline and opt out of Student Health Insurance (if needed).
2. Complete Part 1 of AlcoholEdu by the deadline stated in your email.
3. Update your emergency and mental health contact information in MyNIU. It’s important that we have this information.
4. Visit RecWell and find out what you’ll want to get involved in. There are endless options and opportunities.

**Stay Informed**

Recreation Wellness’ website provides up-to-date information on hours, field status and the activity details you need to be a part of RecWell.

- Website: niu.edu/recreation
- Facebook: NIU University Recreation and Wellness
- Instagram: niu_recwell
- Twitter: @NIURecWell
One thing’s for sure — NIU students are involved and engaged on campus. We know that students who participate on campus — in addition to just going to class — earn higher grades, graduate in four years, feel at home away from home, feel satisfied with their social life and are more appealing to employers after college.
So what does it mean to be involved? It can mean joining an organization and being a member. It can also mean being a leader in that organization. Being involved on campus is also going to an event (sporting, concert, etc.), working on campus or engaging with your faculty outside of the classroom. Read this section carefully. You’re bound to find something that appeals to you.

Involvement Opportunities

There are so many ways to get involved at NIU! No matter what your interests, you’ll find your fit.

- **313** Recognized Student Organizations
- **428** Student Organization Events in 2019-2020 (through March).
  - That’s an average of 17 events per week.
- **259** Department Events Held in 2019-2020 (through March).
- **7,015** Students Involved in an Organization in 2019-2020
  - That’s over 57% of full-time undergraduates.
Involvement Fair

Make your college years count by getting involved at NIU. With more than 320 student organizations on campus, you’ll be sure to find one (or more) that interests you. The Involvement Fair is an opportunity early on in the fall semester for you to learn more about what numerous student organizations and departments have to offer. You’ll also have an opportunity to meet student organization leaders, NIU staff and faculty members and not-for-profit community agencies.

Campus Activities Board (CAB)

Those 731 events on campus last year? Many of them were hosted by CAB. Don’t spend your weekends traveling home — join CAB for fun events on weeknights and weekends throughout the school year.

CAB events are planned for students by students who do a great job hosting concerts, parties, comedy shows, gaming events and more that students love to attend. Almost all CAB events are free to NIU students. Homecoming week in October has events every day, most planned by the students of CAB. If you love planning events and getting involved, you can be a member of the CAB team too. You can find CAB on the ground floor of the Holmes Student Center, or visit niu.edu/cab.

Student Government Association (SGA)

The SGA (niu.edu/sa) is the primary student government at NIU. Members of SGA serve as the voice of the student body to NIU’s administration and advocate for students within the city of DeKalb and state of Illinois. SGA is responsible for allocating a budget of $1.2 million to student organizations and campus departments.

You can hone your leadership skills by running for a position on the Student Senate. The Senate recognizes new student organizations and has standing committees focused on improving various facets of the campus community. The Senate sets aside seats for incoming students every fall semester so you can get started right away.

Residence Hall Association (RHA)

RHA is the governing body of our residence halls, and is the second largest student-led organization on campus. Operating under the motto of “Voice, Community, Change,” RHA serves as the representative voice for the on-campus population — advocating for positive change and improvements within the residence hall community.

RHA provides social and educational programs throughout the year, which are open to all students living on campus. You can be involved in the planning and shaping of your residence hall events, or just bring your friends down to enjoy the experiences. RHA members create developmental leadership opportunities within Community Council and attend leadership conferences throughout the country where NIU’s delegations have recently won a multitude of state, regional and national awards. RHA also runs two on-campus game rooms: the New York City Lounge located in Grant North, and the New Orleans Room located in the basement of Stevenson C Tower. For more information, visit go.niu.edu/rha.

Environmental Sustainability

NIU has lots of synergy surrounding environmental sustainability. Our students lead the way with active groups such as the Green Paws Environmental Alliance and the Collegiate Association of Unreasonable Social Entrepreneurs. The Student Government Association has the Director of Environmental Affairs work with students and groups to plan events and create opportunities to get involved with environmental initiatives on campus.

The NIU Green Team works with students, faculty and staff to find ways to increase engagement and decrease our collective impact on the environment. Students have been essential in the success of the Green Team — through class projects, internships, independent research and student organization initiatives.

Learn more about environmental sustainability and how you can get involved at NIU at niu.edu/sustainability.
Student Organizations

One of the best ways to get involved in campus life is through a student organization. Joining an organization is a great way of meeting new people, developing critical skills for your career and life, and having fun in college.

NIU has more than 320 student organizations registered with the Student Association. These groups fall within the following categories:

- Academic interest and professional.
- Community service.
- Diversity and cultural.
- Governing bodies.
- Fraternity and sorority.
- Honorary society.
- Military.
- Political.
- Programming and performing.
- Public media and communication.
- Recreational and sports.
- Religious.
- Social justice, advocacy and support.
- Special interest.

You can browse the list of student organizations using Huskie Link found in the Quick Links tab on the NIU homepage. Huskie Link is a portal where each organization has its own webpage and contact information. Use Huskie Link to search for organizations by interest and learn about events the organizations are hosting.

Another great opportunity for connecting with student organizations is the Involvement Fair during the first few weeks of the fall semester. This is the largest gathering of student organizations each year, allowing you to meet student organization leaders, NIU staff and faculty members, and not-for-profit community agencies.

Freedom of Expression

When members of the university community or the public choose to express their thoughts and opinions — be that through words, peaceful actions or visuals — all should expect some form of opposing views. The role of university administration is not to weigh in on the varying perspectives, but rather to foster an environment in which differences can be explored, ideas challenged and society advanced. These points and counterpoints might be contrary to public opinion and NIU's values of civility, collegiality, diversity and inclusiveness, but our First Amendment protects virtually all speech, no matter how unorthodox, offensive or distasteful. For more information, visit go.niu.edu/express.

Study Abroad

Want to experience new cultures, gain global competency, learn a new language, take unique classes, grow as an individual, strengthen your résumé and connect with people from all over the world?

At NIU, you'll find our Study Abroad Office (niu.edu/studyabroad) has over 300 program options (no matter what your major) in 80 different countries. You can study abroad for a week, a full academic year or anywhere in between. Programs are led by NIU faculty or through NIU-affiliate partners, and classes you take will be included in your NIU transcript and GPA.

The best part is, it’s totally affordable.

Want to learn more? Visit the Study Abroad Office in Williston Hall, Room 417. They have Study Abroad 101 sessions every Wednesday and Thursday at 3:30 p.m. You can also check out the Study Abroad Fair in the fall to help you explore the program options.

Northern Star

The Northern Star is the student-produced, independent media at NIU. The Northern Star covers NIU campus news, DeKalb news, NIU Huskie sports and northern Illinois entertainment.

The newspaper has published continuously since 1899. It originally was called the Northern Illinois, until 1954 when it was renamed the Northern Star. The Northern Star Online was launched in 1995.

The newspaper publishes Monday and Thursday during the academic year and weekly during the summer sessions. Exceptions to publication are holidays, semester breaks and exam periods. Pick up a copy or read the Star online at northernstar.info.

Visual and Performing Arts

Support our Visual and Performing Arts programs (niu.edu/cvpa). Want to see one of the world's leading steelpan bands? No problem — they’re Huskies! Partial to theater? No worries — we’ve got a great theater department, too. From art museums to theater and musical performances, there’s always an opportunity to check out the outstanding work of your classmates.

Study Abroad By the Numbers

- 232 Cities
- 80 Countries
- 818 Programs
- 6 Continents
- 90-plus Academic Subjects
- 28 NIU Faculty-led Programs

Want to get involved with Intramurals/Sports Clubs? See Page 62.
Unlike what you see in the media and movies, fraternities and sororities are student organizations founded on three basic pillars:

- Academic excellence.
- Community service/civic engagement.
- Brotherhood/sisterhood.

Fraternity and sorority life provide a chance for students to meet friends with similar integrity and values and create a family away from home. When you join Greek life, you’re holding yourself to a higher standard, living up to values and goals of academic excellence, and giving back to the community around you.

At NIU, over 900 undergraduate students (8%) are part of a fraternity or a sorority. Our Greek system includes:

- Four governing councils.
- 41 chapters.
- 17,500 hours donated to community service in the 2016-2017 school year.
- An all-Greek cumulative GPA of 2.7.
  (The university-wide GPA is 2.886.)
- Various cultures, faiths and backgrounds.

Nationally, students who join fraternities and sororities tend to graduate at higher rates and with higher GPAs than students who do not go Greek. The benefits of joining a fraternity or sorority include:

- Lifelong friendships.
- Social and career networking opportunities during and after college.
- Event planning and marketing experience.
- Charity fundraising events.
- Community service events.
- Social events.
- Leadership opportunities.

Fraternity and sorority members at NIU span all cultures, backgrounds, faiths and interests. Most groups at NIU are national organizations that have a headquarters somewhere in the United States, and have many chapters at colleges and universities across the country and across the world. The Greek chapters at NIU include men’s, women’s and coed organizations.

### How to Join:

Fraternities and sororities belong to one of four councils. Please note that all chapters have a minimum GPA requirement of typically 2.5 or higher for new members to join.

- **Interfraternity Council (IFC)**
  (go.niu.edu/interfraternity) consists of 14 men’s chapters. Recruitment is typically the second week of class in the fall and spring semesters. IFC allows first-semester students to become members.

- **National Pan-Hellenic Council (NPHC, Divine Nine)**
  (go.niu.edu/panhellenic) has eight chapters made up of men’s and women’s organizations. Recruitment will vary by chapter, but you’ll need at least 15 NIU credit hours to be eligible for membership.

- **Panhellenic Association (PHA)**
  (go.niu.edu/panhellenicassociation) consists of eight women’s chapters. Formal recruitment is in September with only five of the eight chapters participating. PHA allows first-semester students to become members.

- **United Greek Council (UGC)**
  (go.niu.edu/unitedgreek) has 15 chapters made up of both men’s and women’s organizations. Recruitment will vary by chapter. Some chapters allow first-semester first-years while others require 15 credit hours.

To learn more about fraternities and sororities, visit go.niu.edu/NIUFSL.
Community Engagement and Volunteerism

Huskie Service Scholars (HSS)

The Huskie Service Scholars (HSS) program connects eligible incoming freshmen and first-year transfer students with community engagement projects on NIU’s campus and in the local community.

Through HSS, students have an opportunity to explore what it means to be an active citizen and make an impact on the NIU/DeKalb community and beyond through reflection, monthly trainings (cohort meetings) and participating in specific volunteer projects with campus and community partners.

As an HSS fellow, you will:

- Make a difference on campus or in our surrounding community.
- Grow your academic, social, and civic knowledge, and vocational skills.
- Attend professional and academic enrichment activities.
- Be required to complete 150 hours on-site service (at the campus and community sites).
- Showcase your work at the annual undergraduate engagement conference.
- Receive $1,200 partial tuition waiver ($600 fall, $600 spring).

For more information visit go.niu.edu/hss.

NIU Cares Day

Every April, we can team up with your fellow students to show the community that we care. Each year 600-plus students volunteer at over 60 sites to complete 3,000 hours of service in one day. For more information, visit go.niu.edu/niucaresday.

Huskie Food Pantry

(Open weekly)

Since 2014, the Huskie Food Pantry has served over 1,400 NIU students experiencing food insecurity. For current hours, volunteer information and policies, please visit go.niu.edu/foodpantry.
Huskie Athletics
H-U-S-K-I-E-S...Go Huskies!

NIU Athletics events are a great way for Huskie students, fans, alumni and the local community to come together throughout the year. Best of all, admission to all NIU Athletics regular season home events is absolutely free for students. For ticketed sports, either provide your OneCard at the door or sign up at NIUStudentTix.com and use your phone for admission.

In addition, you can purchase tickets — at a reduced rate — for family or friends to Huskie football, basketball or volleyball games through NIUStudentTix.com.

Overall, the Huskies field 17 NCAA Division I intercollegiate athletics programs that compete in the Mid-American Conference (MAC).

NIU’s 16 intercollegiate sports are:

• Men’s Basketball
• Baseba ll
• Football
• Men’s Golf
• Men’s Soccer
• Men’s Tennis
• Softball
• Women’s Basketball
• Women’s Cross Country
• Women’s Golf
• Women’s Gymnastics
• Women’s Soccer
• Women’s Tennis
• Women’s Track and Field
• Wrestling
• Volleyball

All NIU home facilities are conveniently located on the West Side of campus. Teams play at Huskie Stadium (football), the NIU Convocation Center (basketball, volleyball, gymnastics, wrestling), Ralph McKinzie Field (baseball), Mary M. Bell Field (softball) and the Huskie Soccer/Track and Field Complex (soccer; track and field).

For more on the Huskies, check out NIUHuskies.com and follow niuhuskies on Instagram and NIUAthletics on Twitter.

2020 Home Football Schedule

Saturday, Sept. 5
vs. Rhode Island
Saturday, Oct. 3
vs. Kent State (Family Weekend)
Saturday, Oct. 10
vs. Central Michigan (114th Homecoming)
Saturday, Oct. 24
vs. BYU (at SeatGeek Stadium, Bridgeview)
Tuesday, Nov. 3
vs. Buffalo
Tuesday, Nov. 17
vs. Toledo
Huskie Traditions and Cheers

While in Huskie Country, you’ll want to make sure that you’re familiar with a handful of the tradition and cheers conducted at various sporting events. It’s another way to showcase your Huskie spirit and provide some energy for our student athletes.

Huskie Kickoff Key Jingle. At football games, when it’s NIU’s turn to kick off, everyone pulls out their keys and jingles them in anticipation of the kick.

Huskie “First Down.” At football games, when NIU achieves a first down the announcer will say, “And that’s good for another Huskie...” then you yell, “FIRST DOWN!”

Red and Black. During sporting events, the cheerleaders will assign sections of the crowd either the color red or black. When they point to your section you scream out your assigned color. It’s a competition to see which color can yell the loudest. Get your voice ready though, this tends to go on for a while.

The Huskie Fight Song. Every student has to learn the Huskie Fight Song. It’s kind of a thing, so you don’t want to be the only one not singing! Check out the inside front cover of this book for the entire song.

Homecoming

Homecoming week takes place each fall semester. It’s a week full of fun, traditions and celebrations. Check out niu.edu/homecoming for date announcements, schedules and information.

Family Weekend

Family Weekend takes place each fall semester. It’s a great time to invite your family to campus so they can learn more about your life as a Huskie. Plus, there are tons of fun events and things to do. Visit go.niu.edu/familyweekend each May for date announcements, registration, schedules and additional information.
NIU values the partnership we have with our students’ families. Families play such an important role in the lives of our students. We encourage you to share the checklist below with your family. These prompts will help to ensure that you have a fulfilling college experience, as well as achieve academic and personal success.

### Transition Checklist

To best help you and your student prepare for the first semester, make sure you keep this OneBook and review the transition checklist below.

#### Staying Connected.
- Discuss expectations on how to stay in touch. Are you going to text or call? How often?
- Talk to your student about expectations regarding academics and safety.
- Discuss Shared Access. What information will your student share with you? go.niu.edu/FERPA.
- Review your student’s class schedule with them and discuss time management and study skills.

#### Paying the bill. (See Page 27.)
- Fall semester bill is first initiated July 20.
- View go.niu.edu/bill for billing and payment due dates.

#### Prepare for move-in.
- Find out what your student needs to bring. go.niu.edu/packing.
- Make sure your student has prepared their laptop or computer prior to move in. go.niu.edu/restech.
- Review move-in procedures and parking information. go.niu.edu/movein.
- Is your student bringing a car to campus? Make sure they order the proper parking permit. prkapp.niu.edu.

#### Prepare for your student’s first semester.
- Have your student add your cell phone number to NIU’s Emergency Notification System for Safety Bulletin Text Messages. Your student can do this in MyNIU. go.niu.edu/MyNIU.
- Your student is automatically enrolled in the Student Health Insurance plan if they are taking at least nine semester hours. If you have comparable health insurance coverage, you may request a waiver of the NIU Student Health Insurance plan. For deadlines and other information, visit niu.edu/shi.
- Your student MUST submit proof of immunity. This is due Aug. 1, 2020. For more information and to submit your form, visit go.niu.edu/immuniz.
- Make sure your student has completed AlcoholEDU for College. Information on taking the module and its deadline will be sent to your student’s NIU email.
- Ask your student to print off their fall schedule. Sometimes over the summer, class locations change.
- After your student has moved into their residence hall, encourage them to find their classrooms before the first day of classes.
- Is your student commuting? Encourage them to do a practice commute and find parking area(s) and classrooms.
- Encourage your student to participate in Welcome Days activities that take place during the first month of classes. niu.edu/welcomedays.

#### Working toward a successful first semester.
- Students who join a club or other involvement usually have a higher GPA.
- Remind your student to make an appointment with their academic advisor (October).
- Coach your student to visit their instructors’ office hours. Faculty are required to list their office hours on your student’s syllabus. Getting to know faculty can help your student feel more comfortable if they are struggling in class.
- Encourage your student to get help if needed.

---

**Your Role**

You know your student best and therefore know when it’s time for them to utilize campus resources. Our goal is to provide you with the information you need to help support your student. Key things to remember:

1. Sign up to stay connected (go.niu.edu/connectfamily) with Family Connections. We’ll send you regular communications with helpful information about NIU.
2. Encourage your student to advocate for themselves. Our staff and faculty are here to help when students reach out, and it’s heartening to see them growing into young adults.
3. Attend campus events. Family Weekend is a great time to come back to campus to learn more about your student’s NIU experience.

After its complete renovation in fall 2019, the Holmes Student Center is once again the beating heart of campus with its many dining options for you and your friends to choose from.

If all you need is a morning pick-me-up, then Starbucks is the place to go. They’re fully licensed and offer a full selection of premium coffee drinks, breakfast sandwiches and pastries. If you’re on the run between classes, you can stop by The Depot C-store for a snack, cold beverage or a freshly prepared deli sandwich. If you’ve got the time, pull up a chair and have a seat at the Grill at the Huskie Den to enjoy half-pound, all-beef burgers, signature entrees, salads, wraps and so much more. In a hurry? No worries! Take it to go. And, for those days you’re craving a burrito with chips and guacamole, you can go south of the border without leaving campus to Qdoba Mexican Eats. All four located on the ground floor of The Holmes Student Center.

These new dining options are definite crowd pleasers that you’ll be sure to enjoy.

Directs to NIU
NIU's main campus in DeKalb, Illinois, is located 1.5 miles north of the Ronald Reagan Memorial (I-88). The city is also accessible via state highways 38 and 23. First-time visitors exiting from the I-88 are advised to use the Annie Glidden exit as this is the most clearly marked approach to the campus.

Exit: Annie Glidden Road
(Second DeKalb exit if traveling from the east, first exit if approaching from the west.)
