

NIU Department of Physics MS Progress Review Report

Date: _____

Student: _____

Thesis Title: _____

Advisor: _____

Members: _____

Members: _____

Members: _____

Members: _____

Satisfactory: _____ Unsatisfactory: _____

Notes: 1) An unsatisfactory review places the student on probation, and must be accompanied by a report in writing detailing what items need to be accomplished before the next review. 2) A satisfactory result does not require anything formal to be communicated to the student aside from the result itself. 3) Reviews should take place every ~12 months after they first start. This form is to be filled out by all progress review committee members and is to be sent with any extra material to both the DGS and the department
