PHYS 181 SYLLABUS Spring/2014

COURSE: Acoustics Lab PHYS 181

TEXT/Materials: ALL course information is posted on BlackBoard, And, can be refered to "*Why You Hear What You Hear*", Eric J. Heller, Princeton

Course Description:

An experimental lab designed to be taken concurrently with the lecture course (PHYS 180), which is an elementary study of acoustics designed especially for students with an interest in music, speech and hearing, the theatre, or sound recording. Topics include the waves and vibrations, perception and measurement of sound, acoustics of musical instruments, speech and singing, and the acoustics of rooms. Credits: 1

Course Objectives: Experiments will cover analysis of the properties of sound waves including interference, refraction, dispersion, standing waves, frequency spectrum. Specialized computer based software (Virtin's multimeter) will be used for several experiments to give students familiarity with waveform analysis, oscilloscope, signal generation and frequency analysis, and *make your own instrument and test it!*

Remarks: *PHYS 181 Lab course is not required to pass this PHYS 180 course, which* is independent of this course in terms of credits. However, some programs/departments may elect PHYS 181 as required. Please check with your own department. And, PHYS 181 requires PHYS 180 to register.

The most ESSENTIAL in this class is: COMMUNICATION!

CLASS MEETING	S: <u>Lab</u> Fridays 10:00 – 11:50, Faraday 105	
Instructor:	Yasuo Ito, La Tourette (former FW) 218; 815-753-6477	
TA:	Laxman Raju Thoutam	
Office Hours:	Tuesdays, Thursdays, and Fridays, 2.00 - 3:00; or by appointment	
Email:	<u>yito@niu.edu</u>	

GRADING:

Course grades will be based on Attendance and Lab Reports completed by each student. *Reports for all labs, including full reports for 3 selected labs (TBA).* Most experiments will be done in small groups, where lab partners will have the same data, but each student will prepare their own lab report.

At the end of each lab session, each group has to show their results to Dr. Ito or TA, and has a short discussion.

Lab schedules will be updated throughout the semester. See the "P181 Lab Information" document for more information on lab experiments and lab reports.

From this semester, a new grading system with "-" and "+" will be introduced.* A (4.00), A- (3.67), B+ (3.33), B (3.00), B- (2.67), C+ (2.33), C (2.00), D (1.00), and F (0.00)]

Scale:	
А	$90 \le x \le 100$
A-	$85 \le x < 90$
B+	$80 \le x < 85$
В	$75 \le x < 80$
B-	$70 \le x < 75$
C+	$65 \le x < 70$
С	$60 \le x < 65$
D	$50 \le x < 60$
F	x < 50

If you know your absence prior to the class, please let me know at that point. Otherwise, please let me know by email within 2 days from your absent day(s). In case of medical absence, it is the best for you to present me a doctor's note when you contact me.

Make up lab time can be arranged up to 3 sessions during no lab Fridays by appointment.

COURSE POLICIES INCLUDE:

- 1. Be respectful of each other (this applies to Instructors, TA's and students).
- 2. Be aware of the policies and procedures regarding your rights as well as responsibilities that are published in the NIU Student Code of Conduct. It is available on line at http://www.stuaff.niu.edu/judicial/24430jo(body).
- 3. If you feel there was an error in the grading of a lab report, submit a written request within 48 hours to the Instructor's mail box in Faraday West 202. Your entire lab report will be re-graded and returned to you.

(Tentative schedule) to be finalized

Week	Dates (Fridays)
1	1/17 Orientation. Lab#1 assignment: Graph problem solving lab. Given on-line through Blackboard
2	1/24 Lab #2 Analyzing Sound Waves I
3	1/31 Lab #3 Analyzing Sound Waves II
4	2/7 Lab #4 Simple Harmonic Motion
5	2/14 Lab #5 Analyzing Sound Waves III
6	2/21 Lab #6 Interference and Sound Waves I
7	2/28 Lab #7 Speed of Sound - Resonance
8	3/7 Makeup labs
9	3/14 Spring break
10	3/21 Lab #8 Reflection of Sound Waves
11	3/28 Lab #9a Make and test your musical instrument
12	4/4 Lab #9b Make and test your musical instrument
13	4/11 Makeup labs
14	4/18 Makeup labs
15	4/25 Makeup labs
16	5/2 No class
