

# **STUDENT EMPLOYEES: KNOW WHO TO TELL WHEN YOU'RE UNWELL.**

Your health and well-being remain top priorities for the university, and we are here to support you.

## **If you have been diagnosed with COVID-19:**

- Stay in your place of residence, self-isolate and do not come to your on-campus job.
- Inform your supervisor of your diagnosis. If you have multiple on-campus jobs, inform all of your supervisors.
- Call NIU's COVID-19 Helpline (815-753-0444) and answer a series of screening questions.
- Return to your campus job only after you have been cleared by your health care provider and Human Resource Services.

## **If you are showing symptoms or have been exposed to someone with a lab-confirmed case of COVID-19 and you ARE NOT vaccinated against COVID-19:**

- Self-quarantine and call the Northwestern Medicine Student Health Center at NIU or your health care provider.
- Follow the same guidelines outlined above.

**PROTECT  
the  
PACK.**
