Tier III: Leadership Culmination
The Leadership Academy Mission

Student Involvement and Leadership Development’s (SILD) Leadership Academy provides leadership skill development opportunities focused on learning and self-reflection through a series of workshops, activities and interactions that will empower students to become leaders at NIU and beyond.

The Leadership Academy Program Goals

The Leadership Academy is committed to:

- Enhancing students’ self-awareness
- Preparing students to have a positive impact at NIU and the greater community
- Developing students’ leadership skills to enhance their future personal and career success
- Fostering connections between students and the University

Overview of the Leadership Academy

The Leadership Academy is a three-tiered, self-paced leadership program. In the Leadership Academy, students have the opportunity to join organizations, attend workshops, write reflections, present their learnings to others and much more.

Tier I: Personal Leadership: Tier I is an introductory leadership tier that allows students to learn more about their personal leadership style and what it means to be a “leader”.

Tier II: Campus and Community Leadership: Tier II provides students with the opportunity to develop their individualized leadership styles in the NIU and DeKalb community. At the conclusion of Tier II, students will earn a leadership certificate.

Tier III: Leadership Culmination: Tier III allows student leaders to formally summarize and reflect on leadership skills they have gained throughout the Leadership Academy. At the end of Tier III, students will receive the honor of Leadership Academy Distinguished Leader. Students who receive the Distinguished Leader honor will be recognized during SILD’s Kevin D. Knight Leadership Awards Ceremony and will receive a graduation cord to wear during their graduation ceremony.

The Leadership Academy is open to all NIU undergraduate students. Students can begin the Leadership Academy at any time by completing an application on Huskie Link.
Leadership Framework

Activities for the Leadership Academy are based on the Social Change Model of Leadership Development, which provides opportunities for students to enhance their learning and facilitate positive social change. By participating in the Leadership Academy, students will be able to understand and apply the 7 C’s of leadership: consciousness of self, congruence, commitment, collaboration, common purpose, controversy with civility and citizenship (Komives and Wagner, 2009).

Tier III: Leadership Culmination

At this point in the Leadership Academy, students have been involved in a variety of personal, campus and community leadership activities. The purpose of Tier III is for students to reflect on the leadership skills they have developed and the activities they have completed. Students in this Tier will be able to formally present their experiences in addition to attending workshops and completing their final Leadership Skills Self-Assessment.
