BOT  Other Catalog Change  Page 120, 2018-19 Undergraduate Catalog

Minor in Counseling

The counseling minor is appropriate for undergraduate students who may be interested in a wide range of careers, including school counseling, rehabilitation counseling or mental health counseling, counseling psychology, clinical psychology, social work or related fields.

Communication and interpersonal skills are essential components across disciplines. The counseling minor provides both the academic and experiential preparation for the student planning a career working with...
diverse populations in various fields. The courses in the minor will present an overview of the counselingprofession, exploration of multiculturalism and diversity, development of communication skills and introductory helping skills, and career preparation. The minor is designed to complement a wide range of academic majors and to provide students with the knowledge and skills necessary for professional and personal success post-graduation. Students who successfully complete the minor in counseling will be prepared to work in social services, mental health agencies, and virtually any business setting in which strong communication or interpersonal skills are needed. This minor also prepares students for graduate studies in counseling, psychology, social work, or related helping professions.

Students must complete 18 semester hours for this minor. Elective courses for the minor are chosen to complement the student’s background, interests, and career plans.

**Required Courses (12)**
- CAHC 211 - Career Planning (3)
- CAHC 400 - Exploration in the Counseling Profession (3)
- CAHC 425 - Human Relation Skills and Strategies (3)
  OR REHB 493 - Counseling in Rehabilitation Services (3)
- SCL 100 - Foundation of Social Change Leadership (3)

**Elective Courses (6)**
- CAHC 490 - Workshop in Counseling (1-3)
- CAHC 493 - Crisis Counseling Intervention in the Helping Professions (3)
- *HDFS 230 - Child Development (3)
- *HDFS 280 - Human Development, the family, Family, and society, Society (3)
- HDFS 284 - Introduction to Family Relationships (3)
- HDFS 477 - Domestic Violence and Trauma in the Family (3)
- HDFS 487 - Overview of Marriage and Family Therapy (3)
- *PSYC 102 - Introduction to Psychology (3)
- *PSYC 225 - Lifespan development, Development, Childhood Through Adulthood (3)
- *REHB 200 - Disability in Society (3)
- REHB 300 - Psychiatric Disability in Society (3)
- REHB 327 - Introduction to Rehabilitation Services (3)
- REHB 493 - Counseling in Rehabilitation Services (3)

Additional relevant courses may be used to satisfy elective requirements upon approval by the counseling minor coordinator.

Department of Special and Early Education

Major in Early Childhood Education (B.S.)
Total Hours for Professional Educator License with Early Childhood Education Endorsement and Preschool Special Education Approval: 109

Emphasis 1. Early Childhood Education, Professional Services Provider

The early childhood professional services provider emphasis prepares candidates to work with young children and families in agencies, service organizations, private school settings, and provide home-based services. This program does not lead to professional educator licensure in the State of Illinois. As part of early childhood professional service provider requirements, candidates must earn a grade of C or better in GEOG 202 or GEOG 204; HDFS 230; #HIST 260 or #HIST 261; #LTIC 301; LTIC 400; LTIC 420; LTIC 435; LTIC 445; LTIC 447; LTLA 305; LTLA 361; LTE 309; MATH 201; POLS 100; PSYC 102; SEEC 230; SEEC 300; SEEC 340; ^SEEC 343; SEEC 401 ^SEEC 403; SEEC 412; SEEC 425; SEEC 430; SESE 240; SESE 423; SESE 424; and SESE 426.

Candidates must earn a grade of C or better in one life science course, one earth/space science course, one physical science course, and two elective courses. Also, candidates must earn a grade of S in all early field experience and internship courses (SEEC 282, SEEC 382, SEEC 489).

Total hours for Emphasis 1, Professional Services Provider emphasis: 99
Major in Special Education (B.S.Ed.)

In the B.S. Ed. in Special Education, candidates focus their studies in one emphasis: Learning Behavior Specialist I (LBS I), Visual Impairments, Vision Rehabilitation Therapy (VRT), or Special Populations. The LBS I cross-categorical emphasis prepares candidates to obtain an Illinois professional educator license (PEL) with entitlement as a Learning Behavior Specialist I (Pre-K - age 21). The emphasis in Visual Impairments prepares candidates to obtain and Illinois educator license (PEL) with entitlement in the area of Teacher of Students Who Are Blind or Visually Impaired (Pre-K - age 21). The VRT emphasis prepares candidates to obtain national licensure as rehabilitation teachers from the Association for the Education and Rehabilitation of the Blind and Visually Impaired. Candidates in the VRT emphasis prepare to teach independent living skills to individuals with visual impairments. The VRT program does not lead to a PEL in the State of Illinois. The Special Populations emphasis prepares candidates to work with individuals with a range of disabilities across the lifespan in settings such as group homes, private agencies, and community organizations. The Special Populations emphasis does not lead to a PEL in the State of Illinois.

Entrance and Retention in the LBS I and Visual Impairments Program Emphases with Professional Educator Licensure

Transfer Students

Individuals who have earned the Associate of Arts in Teaching (A.A.T.) in Special Education may apply to transfer into the professional licensure program in either the Learning Behavior Specialist I (LBS I) or the Visual Impairments emphasis. Transfer students must provide evidence of having met the current Illinois requirements for passing the TAP, the ACT with writing, or SAT, have a minimum transfer GPA of 2.50, and have grades of C or better in A.A.T. professional special education courses. The LBS I … endorsement.

Transfer students seeking entrance into the Special Populations or VRT emphases must meet all NIU transfer requirements.

Emphasis 1. Learning Behavior Specialist I with PEL

Candidates in the LBS I with PEL program emphasis must earn a C or better … …

Emphasis 2. Visual Impairments with PEL

Emphasis 3. Vision Rehabilitation Therapy
This program prepares candidates to teach independent living skills to individuals with visual impairments. Program requirements allow candidates to obtain national licensure from the Association for the Education and Rehabilitation of the Blind and Visually Impaired as a rehabilitation teacher. This program does not qualify candidates for professional educator licensure in the State of Illinois.

Candidates in the Vision Rehabilitation Therapy major must maintain an NIU GPA of 2.50 and earn a grade of C or better in SESE and SEVI courses, or a grade of S in courses with S/U grading. Candidates who do not meet these requirements must retake the course(s). Transfer students must meet all NIU requirements for admission to the university.

**Requirements in Department (45-51)**

- SESE 240 - Introduction to Special Education (3)
- SEVI 410 - Anatomy, Pathology, and Functioning of the Eye (3)
- SEVI 420 - Literary Braille (3)
- SEVI 430 - Basic Orientation and Mobility for Teachers of Persons with Visual Impairments (3)
- SEVI 440 - Communication Systems Used by Persons with Visual Impairments (3)
- SEVI 441 - Instructional Systems for Use of Low Vision in Educational Settings (3)
- SEVI 443 - Teaching Activities of Daily Living to Persons with Visual Impairments and Multiple Disabilities (3)
- SEVI 445 - Home Management for Persons with Visual Impairments and Multiple Disabilities (3)
- SEVI 447 - Collaboration Among School Professionals Working with Students with Visual and Multiple Impairments (3)
- SEVI 450 - Assistive Technology for Individuals with Visual Impairments (3)
- SEVI 451 - Assistive Technology for Individuals with Visual Impairments: Advanced Topics (3)
- SEVI 460 - Rehabilitation of Adults with Visual Impairments (3)
- SEVI 481 - Practicum in Rehabilitation Teaching of Persons with Visual Impairments (3)
- SEVI 489 - Internship in Rehabilitation of Persons with Visual Impairments (6-12)

**Other course requirements (33)**

Candidates are encouraged to pursue a minor in a related field to attain sufficient credit hours for NIU graduation.

**Total Hours for Vision Rehabilitation Therapy: (78-84)**

**Emphasis 4: Special Populations**

This emphasis prepares candidates to work with individuals with a range of disabilities in private organizations, community settings, agencies, and other settings outside of public schools. Candidates are prepared to work with individuals with disabilities across the lifespan. This program does not entitle candidates for professional educator licensure in the State of Illinois.

Candidates in the special populations major must maintain an NIU GPA of 2.50 or better and earn a C or
better in all SESE courses, or a grade of S in courses with S/U grading. Candidates who do not meet these requirements must retake the course(s). Candidates must fulfill NIU requirements for general education, human diversity, and writing infused course work. Transfer students must meet all NIU requirements for admission to the university.

Requirements in Department (54-60)
SESE 230 - Exploring the Special Education Major (1)

This certificate is designed to meet the standards for the Illinois ECE (Levels 2-5) of the Illinois Network of Child Care Resource and Referral Agencies (INCCRA). The ECE Credential Levels 2-5 is recognized by the National Association for the Education of Young Children’s (NAEYC) teachers’ criteria for NAEYC Accreditation and by ExceleRate Illinois for quality recognition among early learning providers. Upon successful completion of the required credential course work, students will be eligible to apply for the ECE Levels 2-5 from INCCRA.

Applicants for the ECE certificate levels 2-5 must major in Child Development and must meet INCCRA ECE credential requirements for levels 2-5. To earn the certificate, students must maintain a good academic standing in the university, achieve a minimum grade of C in each certificate course, achieve a

Freeman/BOT

Note: Only the two majors are new proposals. The minors and the certificate are being moved from the Department of Mathematical Sciences.

Department of Statistics and Actuarial Science (STAT, ACSC)

The Department of Statistics and Actuarial Science offers B.S. degrees with a major in statistics and actuarial science.

The department also offers minors in statistics, and actuarial science. These minors should be of interest to students majoring in the physical or social sciences or in business. In addition, the department offers an honors program in statistics and actuarial science and participates in the University Honors Program.
Several of the department’s courses partially fulfill the university quantitative literacy foundational studies requirement, and others can be used by non-majors toward fulfilling the nature and technology knowledge domain requirement in the university’s general education program. In addition, several of its courses are included as requirements for other programs.

**Department Regulations**

For all majors in the department, the GPA in the major is calculated by using only those statistics and actuarial science courses numbered 300 or above which are available for credit toward the major.

**Department Requirements**

Students majoring or minoring in statistics or actuarial science must obtain a minimum GPA of 2.00 in those STAT/ACSC and mathematics and professional education courses applicable to their major or minor.

All majors are required to have a satisfactory portfolio of work done during their undergraduate studies on file in the Department of Statistics and Actuarial Science. The contents of the portfolio are to be used to assess the department’s program and are to be accumulated largely through course work assignments and examinations; students are expected to cooperate with instructors as these items are collected. In addition, each student must submit in his or her senior year a 250-300 word typed essay describing the student’s experience in the major, including comments on the connections of statistics with other disciplines. Details on the submission of materials and approval of the portfolio should be obtained from the student’s adviser in the Department of Statistics and Actuarial Science.

With department permission, students are allowed to complete one major and one minor in the department. For the minor, the student must earn at least 6 semester hours in STAT/ACSC courses that are not counted in fulfillment of the major in the department. The major and the minor may not be in the same area.

**Proficiency Examination Policy**

Ordinarily students will not be allowed to attempt a proficiency examination for a course if they have received credit for a higher numbered course (for exceptions, consult the department).

**Major in Statistics (B.S.)**

The student learning outcomes for this degree are located at [www.niu.edu/assessment/clearinghouse/outcomes/index.shtml](http://www.niu.edu/assessment/clearinghouse/outcomes/index.shtml).

**Requirements in Department (30-32)**

- STAT 300 - Introduction to Probability and Statistics (3)
- STAT 400 - Probability (3)
- OR ACSC 400X - Probability (3)
- STAT 410 - Mathematical Statistics I (3)
- STAT 415 - Computational Methods in Statistics (3)
- STAT 435 - Applied Regression Analysis (3)
SECTION B – Recorded, but further approval needed before inclusion in the Undergraduate Catalog

STAT 437 - Categorical Data Analysis (3)
OR ACSC 437 - Categorical Data Analysis (3)

At least 6 additional semester hours of STAT courses numbered 400 or higher, C-courses that are
crosslisted with a STAT course may be counted towards this requirement (6-8)

At least 6 additional semester hours of STAT/ACSC/MATH courses numbered 400 or higher (6)

**Requirements outside Department (20)**
CSCI 240 - Computer Programming in C++ (4)
*MATH 229 - Calculus I (4)
MATH 230 - Calculus II (4)
MATH 232 - Calculus III (4)
MATH 240 - Linear Algebra and Applications (4)

**Total Hours for a Major in Statistics: 50-52 (B.S.)**

**Recommendations for Statistics Students**
A minor in a discipline that uses Statistics is highly recommended.

Internship opportunities in statistics are available with many employers, including pharmaceutical
companies, insurance companies, manufacturing companies, and government agencies.

**Major in Actuarial Science (B.S.)**
The student learning outcomes for this degree are located at

This major prepares students for careers in the actuarial profession and helps them learn material included
in the Exams P / 1 (Probability), FM / 2 (Financial Mathematics), and Statistics and Risk Modeling of the
Society of Actuaries (SOA) / Casualty Actuarial Society (CAS). A few courses relevant to Exam C / 4
(Construction and Evaluation of Actuarial Models) of the SOA / CAS, and to Exam MLC (Models for Life
Contingencies) of the SOA are also available to actuarial students. The major also provides the Validation
by Educational Experience (VEE) required by the societies if the students complete those courses with a
grade of B or better.

**Requirements in Department (40)**
ACSC 417X - Applied Statistical Learning (3)
OR STAT 417 - Applied Statistical Learning (3)
ACSC 350 - Theory of Interest (4)
ACSC 400X - Probability (3)
OR STAT 400 - Probability (3)
ACSC 405 - Quantitative Methods for Actuaries (3)
ACSC 450 - Life Contingencies and Payment Models I (3)
STAT 300 - Introduction to Probability and Statistics (3)
STAT 410 - Introduction to Mathematical Statistics I (3)
STAT 415 - Computational Methods in Statistics (3)

At least 12 additional semester hours of ACSC courses numbered 400 or higher or STAT 411. Courses that are crosslisted with an ACSC course may be counted towards this requirement (12).

At least 3 additional semester hours of STAT/ACSC courses numbered 400 or higher (3)

Requirements outside Department (32)
ACCY 288 - Fundamentals of Accounting (3)
CSCI 240 - Computer Programming in C++ (4)
ECON 260 - Principles of Microeconomics (3)
ECON 261 - Principles of Macroeconomics (3)
FINA 320 - Principles of Finance (3)
MATH 229 - Calculus I (4)
MATH 230 - Calculus II (4)
MATH 232 - Calculus III (4)
MATH 240 - Linear Algebra and Applications (4)

Total Hours for a Major in Actuarial Science: 72 (B.S.)

Recommendations for Actuarial Students
A minor in Computer Science is highly recommended.

Degree with Honors
The Department of Statistics and Actuarial Science offers the exceptional student an opportunity to earn a degree with honors in any of the two majors. Any statistics or actuarial student may become a candidate for an honors degree at the end of the sophomore year provided the student has a 3.00 or higher overall GPA and has a 3.50 or higher GPA in all STAT/ACSC courses completed.

A student with these qualifications who wishes to become an honors degree candidate should go to the Department of Statistics and Actuarial Science to fill out a candidacy form and be assigned an honors adviser. After the end of the sophomore year, a student showing exceptional talent may also become an honors degree candidate by obtaining consent from the department.

Most 300-level and 400-level statistics and actuarial courses may be taken as honors courses.

Requirements
Maintain a 3.00 or higher overall GPA.
SECTION B – Recorded, but further approval needed before inclusion in the Undergraduate Catalog

Maintain a 3.50 or higher GPA for STAT/ACSC courses numbered 300 and above.

Take at least four STAT/ACSC honors courses numbered 300 or higher. In one of the 400-level honors courses, prepare and submit an independent study paper on a suitable topic. The paper must be approved by the instructor of the course and by the honors degree adviser.

Minor in Statistics (21-23)
*MATH 229 - Calculus I (4)
MATH 230 - Calculus II (4)
MATH 232 - Calculus III (4)
STAT 300 - Introduction to Probability and Statistics (3)
Two STAT courses numbered 400 or above, courses that are crosslisted with a STAT course may be counted towards this requirement (6-8)

Six or more semester hours in the minor must be taken at NIU.

Minor in Actuarial Science (29)
This minor is designed to provide preparatory study in actuarial science. Specifically, students completing the required course work can take the professional Exams P/1 (Probability) and FM/2 (Financial Mathematics) of the Society of Actuaries/Casualty Actuarial Society.

ACSC 350 - Theory of Interest (4)
ACSC 400X - Probability (3)
   OR STAT 400 - Probability (3)
ACSC 405 - Quantitative Methods for Actuaries (3)
*MATH 229 - Calculus I (4)
MATH 230 - Calculus II (4)
MATH 232 - Calculus III (4)
MATH 240 - Linear Algebra and Applications (4)
STAT 300 - Introduction to Probability and Statistics (3)

Ten or more semester hours in the minor must be taken at NIU.
